

Western Riverside Council of Governments Technical Advisory Committee

AGENDA

**Thursday, May 19, 2022
9:30 AM**

**Western Riverside Council of Governments
3390 University Avenue, Suite 200
Riverside, CA 92501**

[Join Zoom Meeting](#)

Meeting ID: 838 8773 8407

Password: 051922

Dial in: (669) 900 9128 U.S.

SPECIAL NOTICE – COVID-19 RELATED PROCEDURES IN EFFECT

Due to the State or local recommendations for social distancing resulting from the threat of Novel Coronavirus (COVID-19), this meeting is being held via Zoom under Assembly Bill 361 (Government Code Section 54953) (AB 361). Pursuant to AB 361, WRCOG does not need to make a physical location available for members of the public to observe a public meeting and offer public comment. AB 361 allows WRCOG to hold Committee meetings via teleconferencing or other electronic means and allows for members of the public to observe and address the committee telephonically or electronically.

In addition to commenting at the Committee meeting, members of the public may also submit written comments before or during the meeting, prior to the close of public comment to snelson@wrcog.us.

Any member of the public requiring a reasonable accommodation to participate in this meeting in light of this announcement shall contact Suzy Nelson 72 hours prior to the meeting at (951) 405-6703 or snelson@wrcog.us. Later requests accommodated to the extent feasible.

The Committee may take any action on any item listed on the agenda, regardless of the Requested Action.

- 1. CALL TO ORDER (Jeff Van Wagenen, Chair)**
- 2. PLEDGE OF ALLEGIANCE**
- 3. ROLL CALL**

4. PUBLIC COMMENTS

At this time members of the public can address the Committee regarding any items within the subject matter jurisdiction of the Committee that are not separately listed on this agenda. Members of the public will have an opportunity to speak on agenda items at the time the item is called for discussion. No action may be taken on items not listed on the agenda unless authorized by law. Whenever possible, lengthy testimony should be presented to the Committee in writing and only pertinent points presented orally.

5. CONSENT CALENDAR

All items listed under the Consent Calendar are considered to be routine and may be enacted by one motion. Prior to the motion to consider any action by the Committee, any public comments on any of the Consent Items will be heard. There will be no separate action unless members of the Committee request specific items be removed from the Consent Calendar.

A. Summary Minutes from the April 21, 2022, Technical Advisory Committee Meeting

Requested Action(s): 1. Approve the Summary Minutes from the April 21, 2022, Technical Advisory Committee meeting.

B. Finance Department Activities Update

Requested Action(s): 1. Receive and file.

C. SCAG Activities Update

Requested Action(s): 1. Receive and file.

D. Approval of Professional Services Agreement with Public Financial Management for Investment Management and Advisory Services

Requested Action(s): 1. Recommend that the Executive Committee approve an agreement with Public Financial Management to provide investment management and advisory services for WRCOG, starting with Fiscal Year 2022/2023, through Fiscal Year 2024/2025, with an option for the Executive Director to extend services for an additional two fiscal years.

6. REPORTS / DISCUSSION

Members of the public will have an opportunity to speak on agenda items at the time the item is called for discussion.

A. Cal Cities Activities Update

Requested Action(s): 1. Receive and file.

B. Appointment to the Riverside County Emergency Medical Care Committee

Requested Action(s): 1. Recommend one representative and one alternate member of the Technical Advisory Committee as the WRCOG representatives to the Riverside County Emergency Medical Care Committee.

C. Committee Discussion on Stormwater Compliance

Requested Action(s): 1. Receive and file.

D. Community Economic Resilience Fund (CERF) Introduction

Requested Action(s): 1. Receive and file.

E. Santa Ana Municipal Separate Storm Sewer System (MS4) Permit Compliance Program Activities Update

Requested Action(s): 1. Receive and file.

F. Fiscal Year 2022/2023 Agency Draft Budget

Requested Action(s): 1. Recommend that the Executive Committee and General Assembly approve the draft Fiscal Year 2022/2023 Agency Budget.

7. REPORT FROM THE EXECUTIVE DIRECTOR

Dr. Kurt Wilson

8. ITEMS FOR FUTURE AGENDAS ~ Members

Members are invited to suggest additional items to be brought forward for discussion at future Committee meetings.

9. GENERAL ANNOUNCEMENTS ~ Members

Members are invited to announce items / activities which may be of general interest to the Committee.

10. NEXT MEETING

The Technical Advisory Committee is **DARK** in the month of June. The next Technical Advisory Committee meeting is scheduled for Thursday, July 21, 2022, at 9:30 a.m., on the Zoom platform with an option for Committee members to attend in-person.

11. ADJOURNMENT

Technical Advisory Committee

Minutes

1. CALL TO ORDER

The meeting of the WRCOG Technical Advisory Committee was called to order by Vice-Chair Rob Johnson at 9:30 a.m. on April 21, 2022, on the Zoom platform.

2. PLEDGE OF ALLEGIANCE

Vice-Chair Johnson led members and guests in the Pledge of Allegiance.

3. ROLL CALL

- City of Beaumont - Christina Taylor
- City of Canyon Lake - Chris Mann
- City of Corona - Jacob Ellis
- City of Eastvale - Marc Donohue
- City of Hemet - Chris Lopez
- City of Jurupa Valley - Rod Butler
- City of Lake Elsinore - Jason Simpson
- City of Menifee - Armando Villa
- City of Moreno Valley - Mike Lee
- City of Murrieta - Kim Summers
- City of Norco - Andy Okoro
- City of San Jacinto - Rob Johnson (Vice-Chair)
- City of Temecula - Aaron Adams
- Eastern Municipal Water District (EMWD) - Danielle Coats*
- Western Municipal Water District (WMWD) - Craig Miller*
- March JPA - Dr. Grace Martin

*Arrived after Roll Call

4. PUBLIC COMMENTS

There were no public comments.

5. CONSENT CALENDAR – (Temecula / Murrieta) 12 yes; 0 no; 2 abstention. Items 5.A through 5.E were approved. The City of Beaumont and Menifee abstained.

A. Summary Minutes from the March 17, 2022, Technical Advisory Committee Meeting

Action:

1. Approved the Summary Minutes from the March 17, 2022, Technical Advisory Committee meeting.

B. Finance Department Activities Update

Action:

1. Received and filed.

C. Single Signature Authority Report

Action:

1. Received and filed.

D. Riverside County Emergency Medical Care Committee Activities Update

Action:

1. Received and filed.

E. Revisions to the Grant Writing Assistance Program Guidelines

Action:

1. Received and filed.

6. REPORTS / DISCUSSION

A. Cal Cities Activities Update

Erin Sasse was unable to attend.

Action:

1. None.

B. Western Riverside County Energy Resilience Plan Activities Update

Daniel Soltero, WRCOG Program Manager, provided an update on the Western Riverside County Energy Resiliency Plan that is being developed to address local energy resiliency against power outage impacts for critical facilities maintained and operated by member agencies. The Plan will assess subregional critical facilities and identify feasibility of implementing future energy resilience improvements to maintain power at the facility during outages.

In November 2021, staff developed a facility prioritization matrix which provides information to staff to assist with selecting three sites across the subregion to receive a technical study. The matrix can also be used by other agencies to identify high opportunity zones and prioritize facilities for energy resilience improvements. The matrix takes into consideration each facility's characteristics and operational needs, climate and environmental hazards of the area, and social vulnerabilities for the local population.

An Advisory Group consisting of representatives from five member agencies was convened to provide feedback and validation on the facility prioritization matrix, as well as to assist staff in selecting the three sites for the technical study. The feedback provided included a desire to select three different facilities that are commonly owned and operated by public agencies, to avoid the duplication of efforts with the

UCR study on water distribution facilities, and to focus on areas of existing inequities and disadvantaged communities. The three sites selected for the technical study include the City of Banning's Wastewater Reclamation Plant, the City of Jurupa Valley's Fire Station 16, and the City of Menifee's Kay Cenicerros Senior Center.

Action:

1. Received and filed.

C. Fiscal Year 2022/2023 Budget Development

Dr. Kurt Wilson, WRCOG Executive Director, provided an update on the current development of the Agency budget. Currently, like most Council of Governments, WRCOG's budget is less descriptive and focuses most exclusively on spending amounts. While this has met the needs in the past, the budget is undergoing a major change that will more clearly reflect priorities, explain WRCOG's function, and share achievements. Staff are currently working through the specific numbers and narratives to provide the reader context while navigating through the budget.

Action:

1. Received and filed.

D. Approval of Professional Services Agreement with Van Lant & Fankhanel for Financial Auditing Services

Andrew Ruiz, WRCOG Chief Financial Officer, presented on the recent Request for Proposal that was released for financial auditing services. The Government Finance Officers Association (GFOA) best practices recommend public agencies enter into multi-year agreements of at least five years in duration when obtaining independent auditor services. In addition, GFOA recommends entities undertake full-scale competitive processes at the end of the term of each audit contract, with the inclusion of the current auditors to endure and augment the process, assuming the current auditor has proven satisfactory. On February 7, 2022, a solicit for proposals was posted on PlanetBids as well as the California Society of Municipal Finance Officers websites. A total of four proposals were received and all were invited to participate in an interview with a panel composed of WRCOG staff, the Director of Finance for March JPA, and two WRCOG Executive Committee members. Upon conclusion, Van Lant & Fankhanel (VLF) was rated as the top firm. VLF was selected for its hands-on approach to performing financial audits, where the audit partners are engaged in the day-to-day of the audit, increasing efficiencies in the audit process, but also providing a higher-level of assurance since the partners are more involved than one would typically expect.

Action:

1. Recommended that the Executive Committee approve an agreement with Van Lant & Fankhanel to conduct financial auditing services for WRCOG, starting with Fiscal Year 2021/2022, in an amount not to exceed \$119,650 through Fiscal Year 2023/2024, with an option to extend services for an additional two fiscal years.

7. REPORT FROM THE EXECUTIVE DIRECTOR

Dr. Kurt Wilson reported that the General Assembly is scheduled for June 23, 2022, at the Pechanga

Resort Casino, featuring Steve Wozniak as the guest speaker. This year's theme is "Innovation is Inland." Additionally, staff is compiling a new member binder that will be given to new Executive Committee members to provide information on the Agency as it pertains to programs and purpose.

8. ITEMS FOR FUTURE AGENDAS

There were no items for future agendas.

9. GENERAL ANNOUNCEMENTS

Committee member Craig Miller provided a water update; the region has had its driest three-month period ever, going into the third year of drought. Governor Newsome signed an executive order directing cities and counties to implement new water conservation measures. The Order requires local water suppliers to move up their water shortage contingency plans, meaning a reduction of 10% - 20% within a district. The California State Water Resources Control Board is evaluating a ban on irrigation on non-functional turf.

The Water Task Force meeting is scheduled for April 22, 2022, virtually, from 7:30 a.m. - 9:30 a.m. For more information please reach out to Chris Gray at cgray@wrcog.us.

Committee member Andy Okoro announced his retirement, effective July 1, 2022.

Vice-Chair Johnson announced that after Tuesday's City Council meeting, the Council directed to move forward on the new development of the City's Civic Center that will revitalize Main Street.

10. NEXT MEETING

The next Technical Advisory Committee meeting is scheduled for Thursday, May 19, 2022, at 9:30 a.m., on the Zoom platform, with the option for Committee members to attend in-person at the WRCOG office.

11. ADJOURNMENT

The meeting of the Technical Advisory Committee adjourned at 10:06 a.m.

Western Riverside Council of Governments Technical Advisory Committee

Staff Report

Subject: Finance Department Activities Update
Contact: Andrew Ruiz, Chief Financial Officer, aruiz@wrcog.us, (951) 405-6740
Date: May 19, 2022

Requested Action(s):

1. Receive and file.

Purpose:

The purpose of this item is to provide an update on the Fiscal Year (FY) 2022/2023 Agency Budget and financials through March 2022.

WRCOG 2022-2027 Strategic Plan Goal:

Goal #3 - Ensure fiscal solvency and stability of the Western Riverside Council of Governments.

Background:

On January 12, 2022, the Executive Committee adopted a new Strategic Plan with specific fiscal-related goals:

1. Maintain sound, responsible fiscal policies.
2. Develop a process to vet fiscal impact(s) and potential risk(s) for all new programs and projects.
3. Provide detailed financial statements for public review online.

As staff begin to work on meeting these goals, they will seek input through WRCOG's Committee structure regarding updates and to ensure these goals are being met.

Agency Budget Development Process

Staff is nearing completion of developing the FY 2022/2023 Agency Budget and has begun presentations to WRCOG committees. Below is a schedule of the committees where the budget has and will be presented to:

April 13, 2022: Administration & Finance Committee
April 21, 2022: Technical Advisory Committee
April 28, 2022: Finance Directors Committee
May 3, 2022: Executive Committee
May 11, 2022: Administration & Finance Committee
May 19, 2022: Technical Advisory Committee

June 6, 2022: Executive Committee

June 23, 2022: General Assembly

A separate item is included on this Agenda where staff will present the draft budget.

Selection of Financial Auditors

On February 7, 2022, staff solicited proposals via a formal Request for Proposal (RFP) process through PlanetBids and the California Society of Municipal Finance Officers' (CSMFO) website. Interviews were conducted and the selection committee made a recommendation to select a new audit firm to conduct WRCOG's audit. On May 3, 2022, the Executive Committee approved a three-year (with an option for two additional years) Professional Services Agreement (PSA) with Van Lant & Fankhanel, starting with the Fiscal Year 2021/2022 audit. The interim audit is expected to begin in early July and the full audit in October 2022.

Selection of Investment Advisors

WRCOG has utilized the services of Public Financial Management (PFM) for investment advisory services for the past five fiscal years. The Government Finance Officers Association (GFOA) recommends that governments review their financial services contracts every five years and use a competitive process for the procurement of financial services. A competitive procurement process provides an opportunity for the government to obtain market competitive rates and negotiate preferable terms and conditions and/or service enhancements in financial service contracts. On February 25, 2022, staff solicited proposals via a formal RFP process through PlanetBids and the CSMFO's website. Interviews were conducted and the selection committee made a recommendation to remain with its existing investment advisors.

Financial Report Summary Through March 2022

The Agency's Financial Report summary through March 2022, a monthly overview of WRCOG's financial statements in the form of combined Agency revenues and costs, is provided as Attachment 1. Please note that the Financial Summary Report will be undergoing a complete change in the coming months, with more detail, in alignment with strategic plan goal #3.

Prior Action(s):

May 11, 2022: The Administration & Finance Committee received and filed.

Fiscal Impact:

This item is for informational purposes only; therefore, there is no fiscal impact.

Staff Report

Subject: SCAG Activities Update

Contact: Arnold San Miguel, Regional Affairs Officer, Southern California Association of Governments, sanmigue@scag.ca.gov, (213) 453-6594

Date: May 19, 2022

Requested Action(s):

1. Receive and file.

Purpose:

The purpose of this item is to provide an update of Southern California Associations of Governments (SCAG) activities.

WRCOG 2022-2027 Strategic Plan Goal:

Goal #1 - Serve as an advocate at the regional, state, and federal level for the Western Riverside subregion.

Background:

Founded in 1965, SCAG is a Joint Powers Authority under California state law, established as an association of local governments and agencies that voluntarily convene as a forum to address regional issues. Under federal law, SCAG is designated as a Metropolitan Planning Organization and under state law as a Regional Transportation Planning Agency and a Council of Governments.

Update

May 2022 SCAG activities summaries are attached to this Staff Report.

Prior Action(s):

None.

Fiscal Impact:

This item is for informational purposes only; therefore, there is no fiscal impact.

HIGHLIGHTS FROM THE GENERAL ASSEMBLY MEETING

ACTION

GENERAL ASSEMBLY ELECTS 2022-23 BOARD OFFICERS

The General Assembly today approved the nominations for the SCAG 2022-23 Board Officers as recommended by the Regional Council. Congratulations to Hon. Jan Harnik (Riverside County Transportation Commission) who will serve as the new SCAG President; Hon. Carmen Ramirez (County of Ventura) who will serve as First Vice President; and Hon. Art Brown (City of Buena Park) who will serve as Second Vice President. Leadership also took time to recognize Hon. Clint Lorimore (City of Eastvale) who served as President for 2021-22 and will continue as a board officer in the role of Immediate Past President.

ACTION

GENERAL ASSEMBLY APPROVES FISCAL YEAR 2022-23 BUDGET, MEMBERSHIP ASSESSMENT SCHEDULE

The General Assembly adopted the General Fund Budget and Membership Assessment Schedule for Fiscal Year 2022-23. The General Fund is the designated financial resource for the operating budget of the Regional Council and supports SCAG activities that are not funded by, or are not allowable charges to, federal or state grant funds. The Fiscal Year 2022-23 General Fund budget is expected to be 20 percent less than the previous year.

ACTION

REGIONAL COUNCIL APPROVES RECOMMENDATIONS FOR 2022 SCHOLARSHIP AWARDS

The Regional Council voted today to approve the Scholarship Committee recommendations for the 2022 SCAG Scholarship Program Awards. SCAG received 100 applications from students across the region. Ten outstanding high school and community college students were chosen for this year's program, representing all six counties in the SCAG region. The scholarship recipients include Karen Gonzalez (El Centro), Alex Paolucci (Rolling Hills Estates), Aghosasere Asemota (Sylmar/Los Angeles), Suraj Pai (Mission Viejo), Avery Ngo (Santa Ana), Alonda Munoz (Norco), Nicholas Lee (Rancho Cucamonga), Drashuna Pilcher (Rancho Cucamonga), Lucy Heine (Simi Valley) and Anushka Shah (Thousand Oaks). Apart from the SCAG-funded awards, the California Transportation Foundation agreed to fund two additional

scholarships for 2022, which will be awarded to Arianna Venegas (Holtville) and Alex Yu (Harbor City/Los Angeles).

The SCAG Scholarship Program provides each awardee with a monetary scholarship of \$4,000. SCAG congratulates these future leaders in Southern California's planning and public service community! Learn more about the SCAG Scholarship Program at scag.ca.gov/scholarship.

NEWS FROM THE PRESIDENT

YEAR IN REVIEW: 2020-2021

President Clint Lorimore closed out his term as SCAG President at the 2022 Regional Conference & General Assembly by sharing a report of SCAG's annual accomplishments for 2021-22. The [Year in Review: 2021-22](#) highlights SCAG's extensive work to identify and address the needs of the region and promote sustainability, prosperity and quality of life improvements for all Southern Californians.

President Lorimore's top priority was to find ways for leadership to work collaboratively to set the strategic direction for the agency. Over the last year, SCAG has had many successes and new developments this past year including the development of Connect SoCal 2024, the next Regional Transportation Plan, and the launch of the Regional Data Platform, a revolutionary system for collaborative data sharing and planning that provides modern tools and best practices to facilitate better planning for local jurisdictions.

Watch the [Year in Review video](#) or read the full [President's Report for 2021-22](#) for a look back at the year's accomplishments under the leadership of President Lorimore.

PRESIDENT LORIMORE ADVOCATES FOR THE SCAG REGION IN SACRAMENTO

President Lorimore was pleased to join the Los Angeles Area Chamber of Commerce for its annual "ACCESS Sacramento" event on Wednesday, April 20 at the State Capitol. A delegation of business, civic, elected, educational and community leaders from Southern California came together to represent the greater Los Angeles region. The delegation met with state legislators to discuss various policy priorities relating to economic growth and job creation. While meeting with legislators, President Lorimore highlighted the Regional Council's Infill Infrastructure Grant budget request and lifted up the Chamber's legislative priorities.

NEWS FROM THE EXECUTIVE DIRECTOR

STATE HOUSING FUNDS AWARDED TO 29 SCAG JURISDICTIONS

The California Department of Housing and Community Development approved another 29 jurisdictions in the SCAG region for \$49.4 million in the second round of funding to support homelessness and affordable housing through the Permanent Local Housing Allocation (PLHA). This brings the total SCAG awards for PLHA's second round to \$121.9 million for 54 jurisdictions. SCAG has provided free PLHA technical assistance to SCAG jurisdictions since Fall 2021 and is gearing up for the next PLHA Formula Notice of Funding Availability, which will be published next month.

The full [Executive Director's Report](#) and past reports will be available on the SCAG website.

Contact: Andrew Ruiz, Chief Financial Officer, aruiz@wrcog.us, (951) 405-6740

Date: May 19, 2022

Requested Action(s):

1. Recommend that the Executive Committee approve an agreement with Public Financial Management to provide investment management and advisory services for WRCOG, starting with Fiscal Year 2022/2023, through Fiscal Year 2024/2025, with an option for the Executive Director to extend services for an additional two fiscal years.

Purpose:

The purpose of this item is to discuss the Request for Proposal (RFP) results and enter into an agreement for investment management and advisory services for WRCOG.

WRCOG 2022-2027 Strategic Plan Goal:

Goal #3 - Ensure fiscal solvency and stability of the Western Riverside Council of Governments.

Background:

Professional investment management and advisory services enhance an Agency's investment function by ensuring the assets of the organization are effectively managed to ensure maximum profitability, are in compliance with applicable laws and regulations, support and enhance Agency priorities and objectives, and ultimately protect the assets of the organization.

WRCOG has utilized the services of Public Financial Management (PFM) for investment advisory services for the past five fiscal years. The Government Finance Officers Association (GFOA) recommends that government entities review their financial services contracts every five years and use a competitive process for the procurement of financial services. A competitive procurement process provides an opportunity for the government entity to obtain market competitive rates and negotiate preferable terms and conditions and/or service enhancements in financial service contracts. It also gives the government entity an opportunity to take advantage of technology enhancements, service changes, or evolution in the market. Identifying a regular schedule for soliciting competitive bids for financial service providers also helps reduce the risk of a government entity becoming too reliant on one vendor.

On February 25, 2022, staff solicited proposals through a formal RFP process through PlanetBids and the California Society of Municipal Finance Officers' website. The proposed term of the engagement with the new firm would be for a minimum of three years, with an optional fourth and fifth year. There were a

total of three RFPs received, which are included as an attachment to this Staff Report.

A panel composed of WRCOG staff (the Chief Financial Officer, Administrative Services Director, and Accounting Manager) as well as the Director of Finance for March JPA, reviewed the proposals for multiple criteria, including experience with governmental clients, regulatory standings, reputation / social responsibility, quality of staff, service capacity, and cost. With this review, all three firms were invited to interview in April. After the interviews were completed, PFM was rated as the top firm.

Between the three firms, Chandler and PFM prepared more responsive, detailed Proposals that clearly distinguished themselves from CitizensTrust's Proposal. Regarding fees, Chandler's fee schedule is 9 basis points for the first \$50 million, while PFM's is 10 basis points for the first \$25 million and 8 basis points for the next \$25 million, making their fees identical for the first \$50 million. CitizensTrust charges 20 basis points for the first \$10 million, 15 basis points for the next \$20 million, and 10 basis points after \$30 million, representing a notable difference in fees. While PFM's fees are slightly higher than Chandler's, staff believes PFM offers greater potential for net return on investments.

Additionally, CitizensTrust only has a handful of clients in the public agency sphere, while Chandler and PFM are in the public sector. Chandler manages approximately \$20 billion worth of funds for public agencies while PFM manages approximately \$177 billion, and approximately \$57 billion in California alone. PFM's answers given during the interview were more responsive, and since PFM is already WRCOG's portfolio manager, its familiarity with the Agency and its priorities was demonstrated. Lastly, PFM's investment arm was also recently acquired by US bank, further enhancing the potential offerings it can provide to the Agency.

Prior Action(s):

May 11, 2022: The Administration & Finance Committee recommended that the Executive Committee approve an agreement with Public Financial Management to provide investment management and advisory services for WRCOG, starting with Fiscal Year 2022/2023, through Fiscal Year 2024/2025, with an option for the Executive Director to extend services for an additional two fiscal years.

Fiscal Impact:

PFM will charge 10 basis points on the first \$25 million managed, 8 basis points on the next \$25 million, and 7 basis points on the next \$50 million, with a minimum annual fee of \$25,000. For example, PFM currently actively manages \$40 million of WRCOG's investment portfolio, which equates to \$3,500 a month or \$42,000 a year.

Professional Services Agreement
Public Financial Management

**WESTERN RIVERSIDE COUNCIL OF GOVERNMENTS
PROFESSIONAL SERVICES AGREEMENT**

1. PARTIES AND DATE.

This Agreement is made and entered into this _____ day of _____, 2022, by and between the Western Riverside Council of Governments, a California public agency ("WRCOG"), and **Public Financial Management Asset Management, LLC** ("Consultant"). WRCOG and Consultant are sometimes individually referred to as "Party" and collectively as "Parties."

2. RECITALS.

2.1 Consultant.

Consultant desires to perform and assume responsibility for the provision of certain professional services required by WRCOG on the terms and conditions set forth in this Agreement. Consultant represents that it is experienced in providing **Investment Management and Advisory Services**, is licensed in the State of California, and is familiar with the plans of WRCOG.

2.2 Project.

WRCOG desires to engage Consultant to render such professional services for investment management and advisory services, as described in the Consultant's Proposal dated March 24, 2022 ("Project") as set forth in this Agreement.

3. TERMS.

3.1 Scope of Services and Term.

3.1.1 General Scope of Services. Consultant promises and agrees to furnish to WRCOG all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply investment management and advisory services as necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference, and which are stated in the proposal to WRCOG and approved by WRCOG's Executive Committee. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be for three fiscal years, beginning with the fiscal year ending June, 30 2023, with the option to renew for an additional two years, unless earlier terminated as provided herein. Consultant shall complete the Services within the term of this Agreement and shall meet any other established schedules and deadlines.

3.2 Responsibilities of Consultant.

3.2.1 Control and Payment of Subordinates; Independent Contractor. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods, and details of performing the Services subject to the requirements of this

Agreement. WRCOG retains Consultant on an independent contractor basis and not as an employee. Consultant retains the right to perform similar or different services for others during the term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Consultant shall also not be employees of WRCOG and shall at all times be under Consultant's exclusive direction and control. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Consultant shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to, social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.2.2 Schedule of Services. Consultant shall perform the Services expeditiously, within the term of this Agreement, and in accordance with the Schedule of Services set forth in Exhibit "B" attached hereto and incorporated herein by reference. Consultant represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Consultant's conformance with the Schedule, WRCOG shall respond to Consultant's submittals in a timely manner. Upon request of WRCOG, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.2.3 Conformance to Applicable Requirements. All work prepared by Consultant shall be subject to the approval of WRCOG.

3.2.4 Substitution of Key Personnel. Consultant has represented to WRCOG that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant shall (i) notify the WRCOG's Representative (as hereinafter defined) of any resulting substitution, (ii) introduce the individual serving as the replacement to the WRCOG's Representative, and (iii) provide the WRCOG's Representative with a résumé and any other information regarding the individual that may be reasonably requested by WRCOG. In the event that WRCOG and Consultant cannot agree as to the substitution of key personnel, WRCOG shall be entitled to terminate this Agreement for convenience. As discussed below, any personnel who fail or refuse to perform the Services in a manner acceptable to WRCOG, or who are determined by the WRCOG to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, or a threat to the safety of persons or property, shall be promptly removed from the Project by the Consultant at the request of the WRCOG. The key personnel for performance of this Agreement are as follows:

Sarah Meacham and Richard Babbe

3.2.4 WRCOG's Representative. WRCOG hereby designates **Andrew Ruiz, Chief Financial Officer**, or his or her designee, to act as its representative for the performance of this Agreement ("WRCOG's Representative"). WRCOG's Representative shall have the power to act on behalf of WRCOG for all purposes under this Contract. Consultant shall not accept direction or orders from any person other than WRCOG's Representative or his or her designee.

3.2.5 Consultant's Representative. Consultant hereby designates **Sarah Meacham**, or his or her designee, to act as its Representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and

procedures, and for the satisfactory coordination of all portions of the Services under this Agreement.

3.2.6 Coordination of Services. Consultant agrees to work closely with WRCOG staff in the performance of Services and shall be available to WRCOG's staff, consultants, and other staff at all reasonable times.

3.2.7 Standard of Care; Performance of Employees. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services. Consultant warrants that all employees and sub- contractors shall have sufficient skill and experience to perform the Services assigned to them. Finally, Consultant represents that it, its employees and sub-contractors have all licenses, permits, qualifications, and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. As provided for in the indemnification provisions of this Agreement, Consultant shall perform, at its own cost and expense, and without reimbursement from WRCOG, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein. Any employee of the Consultant or its sub-consultants who is determined by WRCOG to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to WRCOG, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

3.2.8 Laws and Regulations. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal OSHA requirements, and shall give all notices required by law. Consultant shall be liable for all violations of such laws and regulations in connection with Services. If the Consultant performs any work knowing it to be contrary to such laws, rules, and/or regulations, and without giving written notice to WRCOG, Consultant shall be solely responsible for all costs arising therefrom. Consultant shall defend, indemnify, and hold WRCOG, its Directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

3.2.9 Insurance.

3.2.9.1 Time for Compliance. Consultant shall not commence the Services under this Agreement until it has provided evidence satisfactory to WRCOG that it maintains all insurance required under this section, in a form and with insurance companies acceptable to WRCOG. In addition, Consultant shall not allow any sub-contractor to commence work on any subcontract until it has provided evidence satisfactory to WRCOG that the sub-contractor maintains all insurance required under this section or insurance commensurate with the services they provide.

(A) Minimum Requirements. Consultant shall, at its expense, procure and maintain for the duration of the Agreement, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Agreement by the Consultant, its agents, representatives, employees or sub-contractors. Consultant shall also require all of its sub-contractors to maintain the same insurance or insurance

commensurate with the services they provide for the duration of the Agreement. Such insurance shall meet at least the following minimum levels of coverage:

(B) Minimum Scope of Insurance. Coverage shall be at least as broad as the latest version of the following: (1) *General Liability*: Insurance Services Office Commercial General Liability coverage (occurrence form CG 0001 or exact equivalent); (2) *Automobile Liability*: Insurance Services Office Business Auto Coverage (form CA 0001, code 1 (any auto) or equivalent); and (3) *Workers' Compensation and Employer's Liability*: Workers' Compensation insurance as required by the State of California and Employer's Liability Insurance.

(C) Minimum Limits of Insurance. Consultant shall maintain limits no less than: (1) *General Liability*: \$1,000,000 per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability Insurance or other form with general aggregate limit is used, either the general aggregate limit shall apply separately to this Agreement / location or the general aggregate limit shall be twice the required occurrence limit; (2) *Automobile Liability*: \$1,000,000 per accident for bodily injury and property damage; and (3) *Workers' Compensation and Employer's Liability*: Workers' Compensation limits as required by the Labor Code of the State of California. Employer's Liability limits of \$1,000,000 per accident for bodily injury or disease.

3.2.9.2 Professional Liability. [INCLUDE ONLY IF APPLICABLE - DELETE OTHERWISE] Consultant shall maintain, and require its sub-consultants to maintain (if applicable), for a period of five (5) years following completion of the Services, errors and omissions liability insurance appropriate to their profession. Such insurance shall be in an amount not less than \$2,000,000 per claim. [INCREASE IF NECESSARY - OTHERWISE LEAVE AS IS AND DELETE THIS NOTE] This insurance shall be written on a policy form coverage specifically designed to protect against acts, errors, or omissions of the Consultant. The policy must "pay on behalf of" the insured and must include a provision establishing the insurer's duty to defend.

3.2.9.3 Insurance Endorsements. The insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms supplied or approved by WRCOG to add the following provisions to the insurance policies:

(A) General Liability.

(i) Commercial General Liability Insurance must include coverage for (1) Bodily Injury and Property Damage; (2) Personal Injury / Advertising Injury; (3) Premises / Operations Liability; (4) Products / Completed Operations Liability; (6) Explosion, Collapse and Underground (UCX) exclusion deleted; (7) Contractual Liability with respect to this Agreement; (8) Broad Form Property Damage; and (9) Independent Consultants Coverage.

(i) The policy shall contain no endorsements or provisions limiting coverage for (1) cross liability exclusion for claims or suits by one insured against another.

(ii) The policy shall give WRCOG, its Directors, officials, officers, employees, volunteers and agents insured status using ISO endorsement forms 20 10 01 and 20 37 10 01, or endorsements providing the exact same coverage.

(iii) The additional insured coverage under the policy shall be "primary and non-contributory" and will not seek contribution from WRCOG's insurance or self-insurance and shall be at least as broad as CG 20 01 04 13, or endorsements providing

the exact same coverage.

(B) Automobile Liability.

(i) The automobile liability policy shall be endorsed to state that: (1) WRCOG, its Directors, officials, officers, employees, agents and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired, or borrowed by the Consultant or for which the Consultant is responsible; and (2) the insurance coverage shall be primary insurance as respects WRCOG, its Directors, officials, officers, employees, agents, and volunteers, or if excess, shall stand in an unbroken chain of coverage excess of the Consultant's scheduled underlying coverage. Any insurance or self-insurance maintained by WRCOG, its Directors, officials, officers, employees, agents, and volunteers shall be in excess of the Consultant's insurance and shall not be called upon to contribute with it in any way.

(C) Workers' Compensation and Employers Liability Coverage.

(i) Consultant certifies that he/she is aware of the provisions of Section 3700 of the California Labor Code which requires every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and he/she will comply with such provisions before commencing work under this Agreement.

(ii) The insurer shall agree to waive all rights of subrogation against WRCOG, its Directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of the insurance policy which arise from work performed by the Consultant.

(D) All Coverages. Defense costs shall be payable in addition to the General Liability and Automobile Liability limits set forth hereunder. Requirements of specific coverage or limits contained in this section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance. It shall be a requirement under this Agreement that any available insurance proceeds broader than or in excess of the specified minimum insurance coverage requirements and/or limits set forth herein shall be available to WRCOG, its Directors, officials, officers, employees, volunteers and agents as additional insureds under said policies. Furthermore, the requirements for coverage and limits shall be (1) the minimum coverage and limits specified in this Agreement; or (2) the broader coverage and maximum limits of coverage of any Insurance policy or proceeds available to the named insured; whichever is greater.

(i) The limits of insurance required in this Agreement may be satisfied by a combination of primary and umbrella or excess insurance. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such General Liability or Automobile Liability coverage shall also apply on a primary and non-contributory basis for the benefit of WRCOG (if agreed to in a written contract or agreement) before WRCOG's own insurance or self-insurance shall be called upon to protect it as a named insured. The umbrella / excess policy shall be provided on a "following form" basis with coverage at least as broad as provided on the underlying policy(ies).

(ii) Consultant shall provide WRCOG at least thirty (30) days prior written notice of cancellation of the required General Liability, Automobile Liability and Workers Compensation policies required by this Agreement, except that the Consultant

shall provide at least ten (10) days prior written notice of cancellation of any such policy due to non-payment of premium. If any of the required coverage is cancelled or expires during the term of this Agreement, the Consultant shall deliver renewal certificate(s) including the General Liability Additional Insured Endorsement to WRCOG at least ten (10) days after the effective date of cancellation or expiration.

(iii) For the Professional Liability policy the retroactive date (if any) of each policy is to be no later than the effective date of this Agreement. Consultant shall maintain such coverage continuously for a period of at least three years after the completion of the work under this Agreement. Consultant shall purchase a one (1) year extended reporting period A) if the retroactive date is advanced past the effective date of this Agreement; B) if the policy is cancelled or not renewed; or C) if the policy is replaced by another claims-made policy with a retroactive date subsequent to the effective date of this Agreement.

(iv) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by WRCOG, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(v) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, WRCOG has the right but not the duty to cancel this Agreement.

(vi) Neither WRCOG nor any of its Directors, officials, officers, employees, volunteers or agents shall be personally responsible for any liability arising under or by virtue of this Agreement.

3.2.9.4 Separation of Insureds; No Special Limitations. Except in regard to the Professional Liability insurance, all insurance required by this Section shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to WRCOG, its Directors, officials, officers, employees, agents, and volunteers.

3.2.9.5 Deductibles and Self-Insurance Retentions. Any deductible or self-insured retention is the sole responsibility of the Contractor.

3.2.9.6 Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII, licensed to do business in California, and satisfactory to WRCOG.

3.2.9.7 Verification of Coverage. Consultant shall furnish WRCOG with original certificates of insurance and endorsements effecting coverage required by this Agreement on forms satisfactory to WRCOG. The certificates for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf and shall be on forms provided by WRCOG if requested. All certificates and endorsements must be received and approved by WRCOG before work commences.

3.2.9.8 Sub-consultant Insurance Requirements. Consultant shall not allow any sub-contractors or sub-consultants to commence work on any sub-contract until they have provided evidence satisfactory to WRCOG that they maintain all insurance required

under this section or insurance commensurate with the services they provide. If requested by Consultant, WRCOG may approve different scopes or minimum limits of insurance for particular sub-contractors or sub-consultants.

3.2.10 Safety. Consultant shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Consultant shall at all times be in compliance with all applicable local, state, and federal laws, rules, and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed. Safety precautions as applicable shall include, but shall not be limited to: (A) adequate life protection and life-saving equipment and procedures; (B) instructions in accident prevention for all employees and sub-contractors, such as safe walkways, scaffolds, fall protection ladders, bridges, gang planks, confined space procedures, trenching and shoring, equipment, and other safety devices, equipment and wearing apparel as are necessary or lawfully required to prevent accidents or injuries; and (C) adequate facilities for the proper inspection and maintenance of all safety measures.

3.3 Fees and Payments.

3.3.1 Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation will be based on the total value of the assets being managed, with a minimum annual fee of **\$25,000**. No changes shall occur to the fee structure, without written approval of WRCOG's **Executive Director**. Extra Work may be authorized, which includes the optional two year extension, as described below, and, if authorized, said Extra Work will be compensated at the rates and manner set forth in this Agreement.

3.3.2 Payment of Compensation. Consultant shall submit to WRCOG a monthly itemized statement which indicates work completed by Consultant. The statement shall describe the amount of Services and supplies provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. WRCOG shall, within 45 days of receiving such statement, review the statement and pay all approved charges thereon.

3.3.3 Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by WRCOG.

3.3.4 Extra Work. At any time during the term of this Agreement, WRCOG may request that Consultant perform Extra Work. As used herein, "Extra Work" means any work which is determined by WRCOG to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Consultant shall not perform, nor be compensated for, Extra Work without written authorization from WRCOG's Representative.

3.3.5 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Sections 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and since the total compensation is \$1,000 or more, Consultant agrees to fully comply with such Prevailing Wage

Laws. WRCOG shall provide Consultant with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification, or type of worker needed to execute the Services available to interested parties upon request, and post copies at the Consultant's principal place of business and at the project site. Consultant shall defend, indemnify, and hold WRCOG, its Directors, officials, officers, employees, volunteers, and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.4 Accounting Records.

3.4.1 Maintenance and Inspection. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of WRCOG during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.5 General Provisions.

3.5.1 Termination of Agreement.

3.5.1.1 Grounds for Termination. WRCOG may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least thirty (30) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those services which have been adequately rendered to WRCOG, and Consultant shall be entitled to no further compensation. Consultant may terminate this Agreement for a material breach of its terms by WRCOG upon WRCOG's failure to cure such material breach within thirty (30) days after written notice thereof.

3.5.1.2 Effect of Termination. If this Agreement is terminated as provided herein, WRCOG may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such documents and other information within fifteen (15) days of the request.

3.5.1.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, WRCOG may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.5.2 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective Parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

**Consultant: PFM Asset Management LLC
633 W. 5th Street 25th Floor
Los Angeles, CA 90071
Attn: Sarah Meacham**

**WRCOG: Western Riverside Council of Governments
3390 University Avenue, Suite 200
Riverside, CA 92501
Attn: Andrew Ruiz**

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the Party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.5.3 Ownership of Materials and Confidentiality.

3.5.3.1 Documents & Data; Licensing of Intellectual Property. This Agreement creates a non-exclusive and perpetual license for WRCOG to copy, use, modify, reuse, or sub-license any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings or data magnetically or otherwise recorded on computer diskettes, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents & Data"). Consultant shall require all sub-contractors to agree in writing that WRCOG is granted a non-exclusive and perpetual license for any Documents & Data the sub-contractor prepares under this Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or provided to Consultant by WRCOG. WRCOG shall not be limited in any way in its use of the Documents & Data at any time, provided that any such use not within the purposes intended by this Agreement shall be at WRCOG's sole risk.

3.5.3.2 Intellectual Property. In addition, WRCOG shall have and retain all right, title, and interest (including copyright, patent, trade secret, and other proprietary rights) in all plans, specifications, studies, drawings, estimates, materials, data, computer programs or software and source code, enhancements, documents, and any and all works of authorship fixed in any tangible medium or expression, including but not limited to, physical drawings or other data magnetically or otherwise recorded on computer media ("Intellectual Property") prepared or developed by or on behalf of Consultant under this Agreement as well as any other such Intellectual Property prepared or developed by or on behalf of Consultant under this Agreement.

WRCOG shall have and retain all right, title and interest in Intellectual Property developed or modified under this Agreement whether or not paid for wholly or in part by WRCOG, whether or not developed in conjunction with Consultant, and whether or not developed by Consultant. Consultant will execute separate written assignments of any and all rights to the above referenced Intellectual Property upon request of WRCOG.

Consultant shall also be responsible to obtain in writing separate written assignments from any sub-contractors or agents of Consultant of any and all right to the above referenced Intellectual Property. Should Consultant, either during or following termination of this Agreement, desire to use any of the above-referenced Intellectual Property, it shall first obtain the written approval of the WRCOG.

All materials and documents which were developed or prepared by the Consultant for general use prior to the execution of this Agreement and which are not the copyright

of any other party or publicly available and any other computer applications, shall continue to be the property of the Consultant. However, unless otherwise identified and stated prior to execution of this Agreement, Consultant represents and warrants that it has the right to grant the exclusive and perpetual license for all such Intellectual Property as provided herein.

WRCOG further is granted by Consultant a non-exclusive and perpetual license to copy, use, modify or sub-license any and all Intellectual Property otherwise owned by Consultant which is the basis or foundation for any derivative, collective, insurrectional, or supplemental work created under this Agreement.

3.5.3.3 Confidentiality. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other Documents & Data either created by or provided to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant. Such materials shall not, without the prior written consent of WRCOG, be used by Consultant for any purposes other than the performance of the Services. Nor shall such materials be disclosed to any person or entity not connected with the performance of the Services or the Project, unless such disclosure is required by law or by regulatory or judicial process. Nothing furnished to Consultant which is otherwise known to Consultant or is generally known, or has become known, to the related industry shall be deemed confidential. Consultant shall not use WRCOG's name or insignia, photographs of the Project, or any publicity pertaining to the Services or the Project in any magazine, trade paper, newspaper, television, or radio production or other similar medium without the prior written consent of WRCOG.

3.5.3.4 Infringement Indemnification. Consultant shall defend, indemnify, and hold WRCOG, its Directors, officials, officers, employees, volunteers, and agents free and harmless, pursuant to the indemnification provisions of this Agreement, for any alleged infringement of any patent, copyright, trade secret, trade name, trademark, or any other proprietary right of any person or entity in consequence of the use on the Project by WRCOG of the Documents & Data, including any method, process, product, or concept specified or depicted.

3.5.4 Cooperation; Further Acts. The Parties shall fully cooperate with one another and shall take any additional acts or sign any additional documents as may be necessary, appropriate, or convenient to attain the purposes of this Agreement.

3.5.5 Attorney's Fees. If either Party commences an action against the other Party, either legal, administrative, or otherwise, arising out of or in connection with this Agreement, the prevailing party in such litigation shall be entitled to have and recover from the losing party reasonable attorney's fees and all other costs of such action.

3.5.6 Indemnification. Consultant shall defend, indemnify, and hold WRCOG, its Directors, officials, officers, consultants, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury, in law or equity, to property or persons, including wrongful death, in any manner arising out of or incident to any alleged negligent acts or omissions, or willful misconduct of Consultant, its officials, officers, employees, agents, consultants and contractors, arising out of or in connection with the performance of the Services, the Project or this Agreement, including without limitation the payment of all consequential damages and attorneys' fees and other related costs and expenses. Consultant shall defend, at Consultant's own cost, expense, and risk, any and all such aforesaid suits, actions, or other legal proceedings of every kind that may be brought or instituted against WRCOG, its Directors, officials, officers, consultants, employees, agents or volunteers.

Consultant shall pay and satisfy any judgment, award, or decree that may be rendered against WRCOG or its Directors, officials, officers, consultants, employees, agents, or volunteers, in any such suit, action or other legal proceeding. Consultant shall reimburse WRCOG and its Directors, officials, officers, consultants, employees, agents, or volunteers, for any and all legal expenses and costs, including reasonable attorneys' fees, incurred by each of them in connection therewith or in enforcing the indemnity herein provided. Consultant's obligation to indemnify shall not be restricted to insurance proceeds, if any, received by WRCOG, its Directors, officials, officers, consultants, employees, agents, or volunteers. This section shall survive any expiration or termination of this Agreement. Notwithstanding the foregoing, to the extent Consultant's Services are subject to Civil Code Section 2782.8, the above indemnity shall be limited, to the extent required by Civil Code Section 2782.8, to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant.

3.5.7 Entire Agreement. This Agreement contains the entire Agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements. This Agreement may only be modified by a writing signed by both Parties.

3.5.8 Governing Law. This Agreement shall be governed by the laws of the State of California. Venue shall be in Riverside County.

3.5.9 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.5.10 WRCOG's Right to Employ Other Consultants. WRCOG reserves the right to employ other consultants in connection with this Project.

3.5.11 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the Parties.

3.5.12 Assignment or Transfer. Consultant shall not assign, hypothecate, or transfer, either directly or by operation of law, this Agreement or any interest herein without the prior written consent of WRCOG. Any attempt to do so shall be null and void, and any assignees, hypothecates or transferees shall acquire no right or interest by reason of such attempted assignment, hypothecation or transfer.

3.5.13 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days, or period for performance shall be deemed calendar days and not work days. All references to Consultant include all personnel, employees, agents, and sub-contractors of Consultant, except as otherwise specified in this Agreement. All references to WRCOG include its Directors, officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Agreement.

3.5.14 Amendment; Modification. No supplement, modification, or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.5.15 Waiver. No waiver of any default shall constitute a waiver of any other

default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.

3.5.16 No Third-Party Beneficiaries. There are no intended third-party beneficiaries of any right or obligation assumed by the Parties.

3.5.17 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.5.18 Prohibited Interests. Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Further, Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, WRCOG shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, Director, officer, official, agent volunteer, or employee of WRCOG, during the term of his or her service with WRCOG, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.5.19 Equal Opportunity Employment. Consultant represents that it is an equal opportunity employer, and it shall not discriminate against any sub-contractor, employee, or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex, or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff, or termination. Consultant shall also comply with all relevant provisions of any of WRCOG's Minority Business Enterprise Program, Affirmative Action Plan, or other related programs or guidelines currently in effect or hereinafter enacted.

3.5.20 Labor Certification. By its signature hereunder, Consultant certifies that it is aware of the provisions of Section 3700 of the California Labor Code which requires every employer to be insured against liability for Workers' Compensation, or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.5.21 Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.5.22 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.6 Subcontracting.

3.6.1 Prior Approval Required. Consultant shall not subcontract any portion of the work required by this Agreement, except as expressly stated herein, without prior written approval of WRCOG. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

*A corporation requires the signatures of two corporate officers.

One signature shall be that of the Chairman of Board, the President or any Vice President, and the second signature (on the attest line) shall be that of the Secretary, any Assistant Secretary, the Chief Financial Officer or any Assistant Treasurer of such corporation.

If the above persons are not the intended signators, evidence of signature authority shall be provided to WRCOG.

EXHIBIT “A”

SCOPE OF SERVICES

Agency Parameters	Strategy Development	Portfolio Management
Investment Policy Review ▸ Initial and annual review ▸ Focus on Code and industry best practices Cash Flow Analysis ▸ Analyze patterns ▸ Optimize allocation between liquidity and “core” balances	▸ Prioritize safety, liquidity, return, and diversification ▸ Maintain discipline to a tailored investment strategy that seeks to add value ▸ Select benchmark to measure risk and return of investments	▸ Implement market-driven approach based on quantitative and qualitative analysis of issuers and industries ▸ Develop and implement credit positions, relying on both short-term and long-term views ▸ Actively trade within the portfolio to reflect relative value opportunities among sectors, maturities, and issuers ▸ Monitor compliance before and after trades are executed

EXHIBIT “B”

SCHEDULE OF SERVICES

The following table outlines the various tasks in our engagement with WRCOG and the team members involved. Since we have an existing relationship with WRCOG, the sequential tasks for establishing a new engagement do not apply. Instead, these tasks represent ongoing services in our well-established relationship with WRCOG, many of them happening in tandem.

Task/Event	Responsible Party
1. Provide assurance of portfolio compliance with applicable policies and laws and the Agency's Investment Policy.	▶ Giancarlo Morales-Belletti, Portfolio Management ▶ Leo Karwejna, Compliance Oversight
2. Assist in reviewing and updating the Agency's Investment Policy and make any recommendations that are necessary.	▶ Sarah Meacham, Engagement Oversight ▶ Richard Babbe, CCM, Relationship Manager ▶ Kyle Jones, Portfolio Strategist
3. Develop and implement sound investment strategies that will maximize the portfolio's performance within the parameters of the adopted investment policy and California government codes. Continuously review the investment strategy and make recommendations to adjust portfolio based on changes in market conditions and other relevant factors and/or propose revisions to investment policy.	▶ Sarah Meacham, Engagement Oversight ▶ Richard Babbe, CCM, Relationship Manager ▶ Kyle Jones, Portfolio Strategist
4. Provide technical and fundamental market research including yield curve analysis.	▶ Portfolio Strategies Group

Task/Event	Responsible Party
5. Provide credit analysis of investment instruments in the portfolio.	► Credit Research Group WRCOG will benefit from the combined resources of USBAM and PFAM's credit analyst teams that have been contributed to form into a new Credit Research Group. The Credit Research Group performs fundamental issuer-specific credit research and analysis, prepares, and presents formal credit reviews, makes recommendations for inclusion on various approved lists, and conducts regular monitoring of issuers.
6. At a minimum, attend quarterly Finance Director's Committee meetings to present on the performance of the portfolio and the current state of the economy, financial markets, and other factors that may affect the portfolio and local region.	► Sarah Meacham, Engagement Oversight ► Richard Babbe, CCM, Relationship Manager
7. Provide quarterly investment reports for the portfolio, detailing holdings, composition, sector analysis return, weighted average maturity, and daily transaction activity. Additionally, prepare annual GASB 34 disclosures and other investment-related reports required by the Agency to submit its Annual Comprehensive Financial Report.	► Sarah Meacham, Engagement Oversight ► Richard Babbe, CCM, Relationship Manager ► Karen Jones, CPA Australia, Reporting and Accounting

EXHIBIT “C”

COMPENSATION BILLING RATES

Assets Under Management	Annual Fee
First \$25 million	10 basis points (0.10%)
Next \$25 million	8 basis points (0.08%)
Next \$50 million	7 basis points (0.07%)
Assets in excess of \$100 million	6 basis points (0.06%)

A \$25,000 minimum annual fee applies for all clients.

Mr. Andrew Ruiz
Chief Financial Officer
Western Riverside Council of Governments
3390 University Avenue, Suite 200
Riverside, CA 92501

RE: RFP for Investment Management and Advisory Services

Dear Andrew:

On behalf of PFM Asset Management LLC ("PFMAM"), we are pleased to submit this proposal to continue providing investment management and advisory services to the Western Riverside Council of Governments ("WRCOG").

In addition to over 40 years of experience managing funds for local governments around the country, we have had the privilege of working with WRCOG on its investment program since 2016. We have worked with WRCOG to create strategies tailored to your unique needs and goals and to update your Investment Policy, safely grow your invested assets, serve as a general resource on a range of investment matters, and participate in Finance Director's Committee meetings.

We hope that you, your staff, and the Finance Director's Committee agree that, throughout our tenure, you have continuously experienced the following qualities that make PFMAM a unique and trusted partner:

- ▶ **Extensive resources** supporting WRCOG. Sarah Meacham and Richard Babbe, who together have over 40 years of combined experience assisting California public agencies, will continue to serve as WRCOG's primary relationship team. They are supported by PFMAM's more than 200 professionals experienced in portfolio strategy and management, credit analysis, accounting, client service, and compliance to support WRCOG's scope and needs. As WRCOG knows, one of the benefits of working with PFMAM is the ability to safely access a wider range of investment types, such as corporate notes, negotiable certificates of deposit ("CDs") and asset-backed securities ("ABS"). WRCOG benefits from our disciplined investment approach, depth of market access, diligent credit analysis process, and unblemished record of protecting clients from losses due to default or bankruptcy.
- ▶ **Trustworthy advice and results**, especially during times of uncertainty or market stress such as the COVID-19 pandemic. Together with our extensive resources, WRCOG has felt comfortable diversifying its portfolio across the range of permitted investments under Code while staying in full compliance with the California Government Code and WRCOG's Policy and, since inception, the

portfolio has generated nearly **\$3 million in cumulative earnings**.¹ As the markets enter a rising interest rate environment, we believe PFMAM is the ideal partner to continue with given our focus on risk management and downside protection.

- ▶ **Our primary focus has been serving the public sector** since we began offering investment advisory services in 1980. PFMAM currently manages or advises on **\$177.3 billion** for public agencies and institutions nationwide (as of December 31, 2021). In California alone, we manage or advise on **\$56.8 billion** of assets primarily for public agency funds (as of December 31, 2021). This means we have extensive knowledge of the California Government Code and the investment operations and needs of public agencies. Our resources and tools are focused on evaluating those investments with the risk tolerances, investment horizons, and investment criteria that WRCOG is required to follow.

We hope that our work with you over the past six years, our investment advisory experience, and the established team we continue to commit to this engagement demonstrate why we will continue to be an excellent partner to WRCOG. Thank you for your consideration of our proposal.

Sincerely,

Sarah Meacham
Managing Director

Richard Babbe, CCM
Senior Managing Consultant

I. Proposal Content

Firm Capabilities

A. A track record of providing successful assistance on similar disciplines and tasks highlighted in Section 13.

WRCOG's Scope of Work requires a fiduciary investment manager that understands all aspects of public sector investing. We have been providing investment advisory services to public agencies for **41 years** and for WRCOG for the past six years. PFMAM is a leading provider of independent investment advisory services to public entities and other institutional investors with **\$177.3 billion in total assets**, including \$130.2 billion in discretionary assets under management and \$47.1 billion in non-discretionary assets under advisement, as of December 31, 2021. In California alone, we manage \$31.8 billion in discretionary assets and advise on \$25.0 billion in non-discretionary assets. Since 1989, we have also served as the investment adviser to the California Asset Management ("CAMP®"),² a California joint powers authority that operates a local government investment pool ("LGIP") for California public entities, with fund assets of approximately \$5.2 billion as of February 28, 2022.

We manage operating funds, capital funds, reserve funds, and bond proceeds for governmental and other public entities across the country, and we believe that our professionals' successful management of high-quality assets is evidenced by a number of major accomplishments, including:

- ▶ Pioneering the nation's first grassroots LGIP in 1981
- ▶ Successfully protecting our client assets during the 2007-2008 financial crisis without a loss of principal due to default or bankruptcy
- ▶ Adopting the CFA Institute's Global Investment Performance Standards ("GIPS®") in 2003
- ▶ Actively participating in government organizations like the Government Finance Officers Association ("GFOA"), California Society of Municipal Finance Officers ("CSMFO"), the California Municipal Treasurers Association ("CMTA"), and the California Association of County Treasurers and Tax Collectors ("CACTTC")
- ▶ Helping develop GFOA's Best Practices related to investing public funds through membership on the GFOA's Committee on Treasury and Investment Management
- ▶ Maintaining an unblemished record of ethics and integrity

² CAMP® is a registered trademark and the CAMP logos and designs are trademarks owned by the California Asset Management Trust (Trust). This information is for institutional investor use only, not for further distribution to retail investors, and does not represent an offer to sell or a solicitation of an offer to buy or sell any fund or other security. Investors should consider the Trust's investment objectives, risks, charges and expenses before investing in the Trust. This and other information about the Trust is available in the Trust's current Information Statement, which should be read carefully before investing. A copy of the Trust's Information Statement may be obtained by calling 1-800-729-7665 or is available on the Trust's website at www.camponline.com. While the Trust seeks to maintain a stable net asset value of \$1.00 per share, it is possible to lose money investing in the Trust. An investment in the Trust is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Shares of the Trust are distributed by **PFM Fund Distributors, Inc.**, member Financial Industry Regulatory Authority (FINRA) (www.finra.org) and Securities Investor Protection Corporation (SIPC) (www.sipc.org). PFM Fund Distributors, Inc. is an affiliate of PFM Asset Management LLC.

Our fixed income investment services include:

- ▶ Fixed income portfolio management
- ▶ Cash flow analysis
- ▶ Broker-dealer due diligence and relations
- ▶ Customized strategy development and recommendations
- ▶ Investment education for finance staff and board committee members
- ▶ Monthly and quarterly performance reporting
- ▶ Portfolio compliance tracking
- ▶ Benchmark development and selection
- ▶ Economic and interest rate analysis
- ▶ Formal and informal meetings to review strategy, performance, or market conditions
- ▶ Bond proceeds strategies, including arbitrage rebate services

As we did for WRCOG, PFAM has the experience of helping public agencies craft and update their investment policies. We know and understand all applicable sections of the California Government Code (“Code”) that regulate the investment of funds by California local governments. As active members of the Association of Public Treasurers of the U.S. and Canada (**“APT US&C”**), **CMTA**, and **GFOA**, we incorporate best practices from each of these public sector organizations when developing and reviewing investment policies with our clients. **Sarah Meacham**, Co-Head of our California practice and WRCOG’s engagement manager, serves as a member of **CMTA’s Investment Policy Certification Committee**. We closely monitor changes to Code that may affect our clients and communicate these changes through formal memos or as a part of our investment policy review process. Sarah Meacham, who also serves as Program Administrator for CAMP, presents public investing topics as part of CAMP’s educational offerings, the first topic of which was “Breaking Down the California Government Code & Recent Changes.” A recording and copy of the presentation can be accessed here: <https://www.camponline.com/educational-webinars>.

B. A track record of providing successful services to similar governmental entities.

During PFAM’s 41 years of experience managing fixed-income assets for public entities, we have performed services similar to the WRCOG’s Scope of Work as requested in this RFP.³ In determining our track record for performing these services successfully, we believe WRCOG has first-hand experience of the quality of services we provide as well as their results. Additionally, we have the privilege of working with other **major collective agencies in California**, listed below—experience that supports our specialized knowledge of supporting county-wide, multi-modal systems.

- ▶ **San Bernardino County Transportation Authority (“SBCTA”).** First as the San Bernardino Association of Governments and then later the San Bernardino County Transportation Authority, we

³ These examples are based on factual information from investment advisory services provided by PFAM. It is provided per your request and for general information purposes only as it is not intended to provide specific advice or any specific recommendations. The results of individual clients will vary materially depending upon various factors including, but not limited to, the size and structure of each portfolio, permitted investments, prevailing market conditions and other events or circumstances beyond your control or the control of PFAM. Past performance does not necessarily reflect and is not a guaranty of future results. The information contained in these examples is not an offer to purchase or sell any securities.

have assisted SBCTA with its investment program including short- and longer-term investments, operating funds and bond proceeds, identifying cash flow needs, and providing customized reporting since 2006. **Sarah and Richard** are longstanding members of the SBCTA's engagement team.

- ▶ **San Diego Associated Governments ("SANDAG")**. For more than 20 years, we have assisted SANDAG in managing operating funds and bond proceeds, identifying cash flow needs, formulating investment objectives, and custom GASB 31 reporting on investments. We also manage SANDAG's Section 115 Trust funds. **Sarah and Richard** are longstanding members of SANDAG's engagement team.
- ▶ **Orange County Transportation Authority ("OCTA")**. PFAM has been managing operating funds for OCTA since 2018, with **Sarah and Richard** managing the engagement. We assist them with investment policy recommendations, credit research, and reporting.
- ▶ **San Joaquin Council of Governments ("SJCOG")**. For more than 25 years, PFAM has been managing the investment of the proceeds of the SJCOG's commercial paper program as well as their operating funds and capital reserves portfolio. We also coordinate with SJCOG's financial advisor to identify options to maximize earnings on outstanding and future bond issuances.
- ▶ **Transportation Corridor Agency ("TCA")**. PFAM has been providing comprehensive arbitrage rebate compliance services to TCA, including Foothill/Eastern TCA and San Joaquin Hills TCA, since 2013. TCA has completed several, large refinancings that require complex analysis of cascading transferred proceeds, bond proceeds and revenue-funded reserve funds, active yield restriction monitoring, variable rate yield computations and liability forecasting. We work closely with TCA staff on investment and compliance strategies that seek to maximize retainable earnings and minimize arbitrage rebate liabilities. We also coordinate with TCA's financial advisor to discuss the tax implications of contemplated new bond issuances and refundings.
- ▶ **Golden Gate Bridge, Highway and Transportation District ("District")**. We manage the operating funds and capital reserves for the District, maintaining close contact with relevant personnel to help ensure we remain current on the District's changing expenditure plans and investment needs. We also designed and implemented appropriate investment strategies for the proceeds of a commercial paper program as well as other construction and reserve funds. Lastly, we manage the investments for the District's OPEB Trust.

As WRCOG's existing advisor, we recognize that WRCOG's finances revolve heavily around **programs beyond transportation**, such as those dedicated to energy, environment and recycling, fellowship, health initiatives, and water issues. In California, we are committed to supporting cooperative energy programs similar to WRCOG's Western Riverside Energy Partnership. We work with **Peninsula Clean Energy** as well as other environmentally minded agencies, such as Modesto Irrigation District and Silicon Valley Clean Water.⁴ PFAM is also a proud sponsor of the **California Community Choice Association** ("CalCCA"). Other representative clients include the Cities of Stockton, Rancho Mirage, Lake Elsinore, and Eastvale as well as Jurupa Community Services District.

⁴ Partial client list as of December 31, 2021. Clients included on the list above were selected based on client type and/or other non-performance based criteria to show a list of PFAM's representative clients. A full list is available upon request. This list does not represent an endorsement or testimonial of the services of PFAM.

To demonstrate our track record from a results perspective, next we include a performance summary of PFMAM's 1-3 and 1-5 year fixed income strategies (as of December 31, 2021). The composites that follow comprise portfolios of comparable duration and composition to our public agency clients in California. PFMAM claims GIPS® compliance and has been verified. A copy of our composite presentation is included in the Appendices.

Strategy/Benchmark	Average Annual Total Returns						Duration	Standard Deviation of Returns (gross of fees)	No. of Accounts	Assets (in \$ Millions)
	for periods ended December 31, 2021						(5 years)			
	4Q	1 Year	3 Years	5 Years	7 Years	10 Years				
PFMAM 1-3 Year Fixed Income Composite	-0.52%	-0.43%	2.22%	1.83%	1.57%	1.31%	1.78	0.86%	148	12,753
ICE BofAML 1-3 Treasury Index	-0.53%	-0.55%	2.01%	1.61%	1.35%	1.09%	1.82	1.07%		
PFMAM 1-5 Year Fixed Income Composite	-0.70%	-0.93%	2.66%	2.13%	1.87%	1.63%	2.47	1.28%	146	14,155
ICE BofAML 1-5 Treasury Index	-0.68%	-1.10%	2.42%	1.88%	1.64%	1.34%	2.58	1.53%		
ICE BofAML 1-5 Gov't/Corp, AA or better	-0.69%	-1.06%	2.46%	1.94%	1.69%	1.44%	2.58	1.46%		

The performance data shown represent past performance, which is not a guarantee of future results. Investment returns and principal value will fluctuate. Data shown is prior to the deduction of investment advisory fees. Composite presentations prepared in accordance with GIPS® are provided as an appendix to our proposal. For important disclosure information please visit pfnam.com/disclosures.

Benchmark source: Bloomberg. All benchmarks represent total returns for the noted periods.

Over a three-year period, our **composite** 1-3 year strategy has outperformed the benchmark by 21 basis points (0.21%); however, WRCOG's **customized** 1-3 year strategy has outperformed the benchmark by **24 basis points (0.24%)**. We attribute this to our ability to diversify WRCOG's portfolio across Policy-permitted sectors, including credit, and our ability to actively manage the portfolio to capture opportunities in the market.

Source: Bloomberg Benchmark is the ICE BofAML 1-3 Year U.S Treasury Index. Since inception date is June 30, 2017.

C. **Descriptions of the key staff that will actually be working on the proposed tasks and their experience working on similar issues.**

Sarah Meacham, as Engagement Manager and **Richard Babbe**, as Relationship Manager, who have worked with WRCOG since day one and together have over 40 years of experience working with California public agencies will remain in place so that WRCOG's staff can rely upon PFMAM's institutional knowledge about WRCOG's investment program

In addition, WRCOG will continue to receive the full breadth of our investment advisory resources provided by the firm's more than 250 professionals, including:

- ▶ California Government Code sector specialists on PFMAM's trading desk;
- ▶ credit analysts and our Fixed Income Credit Committee;
- ▶ fixed income researchers from our Portfolio Strategies Group;
- ▶ accounting staff specializing in GASB-compliant reporting;
- ▶ a responsive Client Services Group; and
- ▶ groups dedicated to trade execution, settlement, and compliance systems (our Trading Desk, Investment Services Group, Compliance Group).

Next, we provide short biographies of WRCOG's key staff as well as the investment professionals who will continue to be directly involved in the decision-making process for the portfolio. Complete resumes are included in the Appendices.

Relationship Management

Sarah Meacham

*Managing Director and
Co-Head of California
Practice*

Role: Engagement
Manager

17 Years of Experience | 17 Years with PFMAM

Sarah develops investment strategy for WRCOG in collaboration with the portfolio management team. She possesses expertise in all applicable sections of the Code that regulate the investment activities of California local governments and works with SANDAG and OCTA, among others.⁵

She is a member of CMTA's Investment Policy Certification Committee and the CSMFO Professional Standard's Committee, and also served on the CSMFO 2022 Conference Host Committee.

A frequent speaker, Sarah has presented the following since 2019:

- ▶ For CDIAAC: "Understanding and Managing Risk in Public Investing"
- ▶ For CSMFO: "Cracking the (California) Code" and "When and How to Use Short-Term Investments vs. Bank Accounts"
- ▶ For CAMP®: "Investing 101"
- ▶ For CMTA: "Put a Spin on Those Investments: Embracing Diversification in Your Portfolio"

⁵ Partial client list as of December 31, 2021. Clients included on the list were selected based on client type and/or other non-performance based criteria to show a list of PFMAM's representative clients. A full list is available upon request. This list does not represent an endorsement or testimonial of the services of PFMAM.

Richard Babbe, CCM

Senior Managing Consultant

Role: Day-to-Day Contact

33 Years of Experience | 23 Years with PFMAM

Richard serves as a project manager for our California clients. He serves as a liaison between clients and the trading room, as well as coordinating information about liquidity needs, new funds available for investment and general client needs. He works closely with clients to formulate and implement a customized investment strategy designed to meet their specific investment objectives. He also conducts training sessions for industry groups and clients regarding investment fundamentals and investment management techniques.

Richard is an AFP Certified Cash Manager (“CCM”) and works with San Bernardino County Transportation Authority as well as the Cities of Eastvale, Escondido, Rancho Mirage, Santa Clarita, and Vista, among others.⁵

Sarah and Richard possess significant experience in California, managing relationships with 57 California public entities with more than \$12 billion in assets, including WRCOG, as of December 31, 2021.

Rachael Miller

Client Consultant

Role: Client Service Support

10 Years of Experience | 10 Years with PFMAM

Rachael is a member of our Client Services Group in Harrisburg, PA, and provides WRCOG with day-to-day client service, including statements, transactions, and online reporting. She assists with initial onboarding and ongoing client service support throughout PFMAM’s Western Region.

She is a client advocate, working with the firm’s trading desk, accounting department and client management teams to address our clients’ needs.

Portfolio Management

Giancarlo Morales-Belletti

Senior Portfolio Manager

Role: Lead Portfolio Manager

12 Years of Experience | 11 Years with PFMAM

Giancarlo serves as WRCOG’s lead portfolio manager.

His responsibilities involve managing fixed-income assets and developing customized strategies for clients with operating funds, construction funds, and debt service reserves. He has helped to build the firm’s capabilities in the asset-backed sector and is an active contributor to the fixed income strategy process.

He focuses on the firm’s total return clients and has expertise in California Government Code.

Robert Cheddar, CFA 24 Years of Experience | 17 Years with PFMAM

Managing Director

Role: Portfolio Oversight

Bob oversees the portfolio management, trading, and credit research for WRCOG's engagement and for most of our managed portfolios in California.

As head of portfolio management, he manages client assets in separate portfolios for government agencies. He is a member of the Fixed Income Credit Committee and is responsible for conducting internal credit research and strategy.

Kyle Jones

20 Years of Experience | 10 Years with PFMAM

Managing Director; Head of the Portfolio Strategies Group

Role: Portfolio Strategy

As head of the Portfolio Strategies Group ("PSG"), Kyle leads PSG's efforts in the investment strategy development process for many client relationships. He works primarily with separate account clients by helping to devise customized portfolio strategies designed to meet their specific investment needs.

In addition, Kyle assists in the creation and delivery of our views and strategies to clients, prospects, and third-party consultants.

Kyle is a member of the Fixed Income Investment Committee ("Investment Committee") and the Credit Risk Management Committee.

Gray Lepley

7 Years with PFMAM | 7 Years of Experience

Senior Portfolio Strategist

Role: Portfolio Strategy

Gray works with Kyle, Sarah, and Richard to develop an investment strategy for WRCOG's portfolio.

Gray is a senior member of the PSG. In this role, she provides support for client engagements across the country, regularly presenting market and strategy updates for our California monthly market updates. She also speaks at industry conferences and client seminars, presenting strategy and investment considerations for fixed-income portfolios.

In addition, she provides technical and analytical support including performance analysis and economic research.

Strategy Oversight

Ken Schiebel, CFA

*Managing Director;
Chief Investment Officer*

41 Years of Experience | 28 Years with PFMAM

As CIO, Ken oversees the development of WRCOG's portfolio strategy to help implement a successful investment program.

In his role at PFMAM, Ken develops investment strategies for clients in PFMAM's core areas of state and local governments and affiliated agencies. Ken does not directly manage individuals accounts, but rather provides strategic oversight for all portfolio management activities of the firm, including those in California.

Compliance Oversight

Leo Karwejna

*Managing Director; Chief
Compliance Officer*

23 Years of Experience | 11 Years with PFMAM

Leo oversees all compliance-related services for WRCOG's engagement.

At PFMAM, he is responsible for all regulatory compliance program efforts related to PFMAM's business activities and personnel. He assists firm professionals with specific compliance advisory guidance and leads the Compliance group's efforts to develop, maintain, and monitor firm-wide compliance with appropriate policies, procedures, and regulatory requirements. In addition, he serves as a member of the National Society of Compliance Professionals and the Securities Industry and Financial Markets Association – Compliance and Legal Society.

Accounting Oversight

Karen Jones, CPA Australia

*Managing Director; Head
of Portfolio Accounting*

32 Years of Experience | 3 Years with PFMAM

Karen provides oversight for WRCOG's daily accounting and reporting services. She has overall responsibility for accounting and administration for PFMAM's asset management business, including portfolio accounting, pool accounting, and client billing. She supervises a staff that annually processes more than 100,000 security transactions with an average daily trade volume of nearly \$2 billion.

All Portfolio Management Staff Have Public Sector Experience

We have one of the largest public sector portfolio management teams in the nation, by volume, helping to ensure that WRCOG has access to market opportunities and expertise in investment sectors permitted by Code.

Our dedicated **24-person** fixed-income portfolio management team includes portfolio managers, traders, sector specialists, and the Portfolio Strategies Group (“PSG”).⁶ An **additional five people** comprise our Investment Services Group, which reviews portfolio rules and performs trade settlement.

Each member of the trading desk has a particular sector specialty, focusing on those investment types permitted by WRCOG’s Investment Policy and Code. ***This focus allows our traders and portfolio managers to gain in-depth knowledge that may not be found at smaller firms.***

Our average daily trading volume of \$3.47 billion for 2021 provides purchasing power and economies of scale.

D. If responding as a firm, the ownership, size, and location of the office responsible for providing services to WRCOG.

The Los Angeles office, located at 633 W. 5th Street, 25th Floor, will be responsible for providing services to WRCOG. In total, PFMAM employs 258 individuals nationwide located in 22 office locations (as of December 31, 2021).

In early December 2021, PFMAM became a wholly owned subsidiary of U.S. Bancorp Asset Management (“USBAM”), a subsidiary of U.S. Bank N.A. The press release is included in the Appendices. PFMAM continues to provide investment advice and portfolio management for governmental and not-for-profit organizations, pension funds, and other institutions. As a wholly owned subsidiary of USBAM, PFMAM retains a certain level of autonomy as an independent registered investment advisor and provides new opportunities for clients through a greater level of scale in resources, access to capital and the broad array of U.S. Bank’s products and services, and technology to advance the services it provides to its asset management clients.

E. If responding as a firm, its legal organization (e.g., corporation, partnership) and year of incorporation.

PFMAM is a Delaware corporation formed in 2001. PFMAM’s predecessor firm was founded in 1978, began providing investment advisory services to public entities in 1980, and created PFM Asset Management LLC in 2001 as the entity to provide investment advisory services.

F. If responding as a firm, a description of the firm’s equal employment opportunity and non-discrimination policies.

PFMAM recognizes the value of a diverse workforce and welcomes each employee with their special skills and contributions. In accordance with U.S. Bank’s Equal Employment Opportunity (“EEO”) and Affirmative Action (“AA”) mandates, PFMAM’s policy prohibits discrimination against applicants and employees on the basis of race, color, creed, religion, citizenship status, national origin, gender, sexual orientation, disability, age, marital or civil union status, or status with regard to public assistance. This policy is practiced in all personnel transactions, including recruitment, hiring, training, promotion, demotion, compensation, benefits, transfers, termination, tuition assistance, as well as social and recreational programs. Please see U.S. Bank’s EEO/AA Policy Statement in the Appendices.

⁶ As of December 7, 2021.

Managers are responsible for the implementation and effectiveness of EEO and Affirmative Action within the areas of their responsibilities. All PFMAM employees are required to adhere to this policy and to cooperate in its implementation.

G. If responding as a firm, a summary of the firm's minority and female recruitment efforts and the percentage of minority and female officers, partners, or the equivalent.

PFMAM has a long history of commitment to both the letter and spirit of equal employment by hiring and promoting minorities and women. Not only do we hire minority professionals, but they are also a prominent part of our leadership. Women or minorities made up 46.7% of PFMAM's senior manager level officials and management (our equivalent to officers and partners) as of December 31, 2021.

Several important recruitment strategies have been developed to increase the representation of women at leadership levels and people of color at all levels, which include:

- ▶ Ensuring equitable hiring practices, broadly communicating job openings and building and interviewing candidate slates inclusive of all qualified talent. We require for all job openings diverse candidate slates that include at least one woman and/or person of color when hiring for all roles at all levels of the organization;
- ▶ Partnering with educational institutions and student organizations that serve diverse populations. This includes participating in career fairs and education initiatives and creating internship opportunities, with a special focus on historically Black colleges and universities (HBCU) and localized community internship programs;
- ▶ Participating in conferences, workshops and other events hosted by multicultural professional organizations or those that would otherwise attract diverse populations;
- ▶ Increasing participation in, and partnerships with, internal employee Business Resource Groups as well as community outreach programs; and
- ▶ Providing recruiters and leaders with education, resources, and tools to support diverse, inclusive, and equitable hiring practices. In 2020, U.S. Bank launched an inclusive hiring initiative that includes training designed for our in-house recruiters focused on diverse sourcing methods, behavioral-based interviewing, and unconscious bias training.

Additionally, we have long supported the promotion of emerging, minority, and local managers within our portfolios. For more than 14 years, PFMAM has implemented a successful program of utilizing minority- and women-owned firms. Long before M/WBE participation was a requirement for many clients, we have either included or made good faith efforts to include M/WBE firms in our investment solutions for clients at their request.

H. A statement, in one page or less, of any other relevant factors that should be considered by WRCOG in evaluating the Proposal.

PFMAM's clients benefit from our dedicated, experienced investment professionals who are supported by the exceptional resources we have developed to assist our clients with their investment programs. WRCOG will continue to benefit from:

- ▶ **Highly experienced local professionals.** Sarah and Richard will continue to meet with you regularly to ensure that we are meeting, and hopefully exceeding, your expectations for an investment advisor.

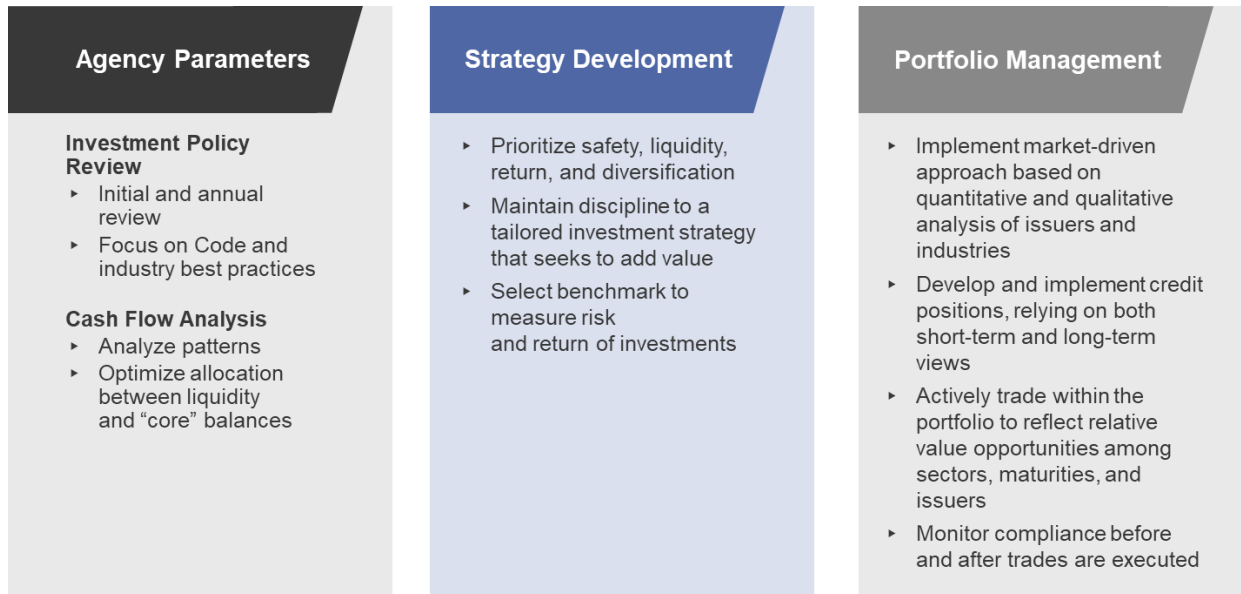

- 
-
- ▶ The **largest public-sector fixed income trading desk**, to our knowledge, comprising sector specialists covering all Code-permitted security types. Their expertise supports our ability to seek securities at the best available price. Our average daily trading volume of \$2 billion provides purchasing power and economies of scale.
 - ▶ **Our Credit Committee**, which has a proven credit review process that has enabled us to keep our clients' investments safe, even during times of financial stress such as the credit crisis of 2007-2008 and the 2020-21 pandemic. We are proud, not only of our own record in the credit area, but also in the role we played in helping our clients avoid problems over the years.
 - ▶ **Robust education and training.** Not only can we provide market and fixed-income education during regular meetings, but we can also provide additional hours of training to staff and elected officials, if desired. We also provide written publications, included in the Appendices, and informative podcasts for clients that are timely to the events of the markets.
 - ▶ **Technology and innovation.** PFMAM believes that innovation is necessary to serve our clients' needs in the best possible manner. Each year, we make significant investments in personnel, equipment, and technology. While many of our technological enhancements are behind the scenes, they have significantly enhanced our ability to manage and add value to client portfolios. Since WRCOG hired us in 2016, these have included:
 - ▶ 2016: Launched an upgraded trading and compliance system, **Bloomberg AIM**.
 - ▶ 2018: Implemented **multi-factor authentication** for online client access.
 - ▶ 2020: Launched the **FIS InvestOne platform**, an industry-leading investment accounting system that supports a full suite of investment accounting and reporting functionality.
 - ▶ 2021: Redesigned quarterly performance reports to provide enhanced reporting capabilities with new data, analytics, and graphics to simplify complex information and updated protocols for data governance, integrity, and security.
 - ▶ 2022: Launched our **next generation online client portal, Connect**, which replaced the Easy Online Network ("EON"). We built Connect from the ground up as our next generation client portal as part of a multi-year effort, investing in technology to improve our client service. Connect will retain all of the existing features of EON, adding intuitive user-friendly features such as a consolidated account dashboard, rates and yield information, daily holdings, and enhanced visualizations.

Approach and Understanding of the Scope of Work Plan

A. **Provide a narrative, which addresses the Scope of Work, and shows understanding of WRCOG's needs and requirements.**

Based on our experience with WRCOG since 2016 and more than four decades of serving public agencies nationwide, we understand public agency staff members wear multiple hats and are best supported when there is a clear plan. PFMAM's services are designed to be comprehensive, yet straightforward.

From the inception of our relationship with WRCOG, we have implemented the following outline, illustrated in the graphic below to help ensure WRCOG's investment program is built upon a strong foundation and follows a disciplined process.

We remain committed to delivering quantifiable added value to WRCOG's investment program. We will continue to leverage our experienced staff, analytical capabilities, accounting and reporting services, and risk management systems to support WRCOG.

Some examples of the work we have performed to enhance return and savings on WRCOG's behalf include:

- ▶ At the beginning of our relationship with WRCOG in 2016, we worked with WRCOG's staff to develop a long-term investment strategy that has provided the framework for all investment decisions. The strategy incorporates WRCOG's Investment Policy, expected cash flow requirements, and risk tolerance and provides flexibility to allow WRCOG to meet realistic performance objectives. As WRCOG's liquidity needs and the market environment changed, we made tactical decisions to enable WRCOG to achieve its investment objectives.
- ▶ Our portfolio strategists proactively helped WRCOG implement a 1-3 year strategy and benchmark to better position the portfolio for rising interest rates. Because PFMAM portfolio managers and traders specialize in one or more sectors and continuously analyze these sectors in detail, we have identified investment opportunities that have **generated an average annual return that is 0.35% higher than that of WRCOG's benchmark since inception in 2016.**⁷ At the same time, our in-depth understanding of the investment markets and our careful monitoring of credit exposure in the portfolio help ensure WRCOG is prudently seeking returns.
- ▶ We helped WRCOG with significant updates to its Investment Policy, including:
 - Updating California Government Code references.

⁷ Inception date is June 30, 2017. Benchmark is ICE BofAML 1-3 year Treasury Index.

- Increasing range of available investments, such as supranationals, placement service deposits, and asset-backed securities (“ABS”).
- Improving clarity and consistency, such as removing procedural items from the Policy, moving descriptions to a glossary, and deleting repetitive or duplicative language.
- Incorporating items allowing an investment advisor to better serve WRCOG, such as allowing the advisor to use their own vetted list of permitted brokers/dealers.
- Maintaining a prudent approach to enhancing returns by incorporating Investment Policy restrictions such as issuer limits that reduce single issuer exposure.

Although we are proud of what we have already accomplished with WRCOG, we will continue to work closely with the staff to evaluate the effectiveness of WRCOG’s investment program in response to changing market conditions and WRCOG’s objectives and preferences. This would include determining an appropriate allocation between short- and longer-term investments, shifting funds between short-term investment options, and re-evaluating WRCOG’s long-term investment strategy.

B. Describe the approach to completing the tasks specified in the Scope of Work. The work plan shall be of such detail to demonstrate the Consultant’s ability to accomplish the project objectives.

We will continue providing services that encompass WRCOG’s requested Scope of Work, detailed below:

1. Provide assurance of portfolio compliance with applicable policies and laws and the Agency’s Investment Policy.

PFMAM has made substantial investments in our compliance practices—both staffing and technology—to help ensure we adhere to clients’ investment policies and state regulations.

WRCOG’s Policy and any other written guidelines are housed in Bloomberg AIM, an automated policy compliance and trade execution system. In addition to this setup in Bloomberg AIM, the other components of PFMAM’s multi-layered compliance oversight and daily practices are described below.

- ▶ **Culture of Compliance.** The PFMAM trading desk also follows a detailed protocol on the execution, confirmation, and settlement of client transactions. These procedures include numerous checks and balances and are designed to minimize and catch any trade errors or failed trades, whether caused by PFMAM, the broker counterparty, or the custody bank. There is also separation of duties between trading and accounting/reporting/reconciliation.
- ▶ **Automated Compliance Monitoring of Trade Activity.** All of our trades are entered through Bloomberg AIM. Bloomberg AIM helps ensure compliance between a client’s investment policy and a pending trade in a real-time environment. Bloomberg AIM also allows our portfolio managers and traders to monitor allocations more easily among individual sectors and issuers within the guidelines set forth by investment policies.
- ▶ **Post-Trade Review.** At the end of each day, Bloomberg AIM is used to conduct a full compliance check on all portfolios. Any exceptions are reported to the Compliance Group for resolution.

- 
-
- ▶ **Transparency.** Lastly, PFMAM maintains a culture of transparency in our reporting and communication with clients. In addition to a variety of periodic comprehensive performance reports, which address portfolio compliance, clients also have access to their portfolios on a daily basis through a secure online system so that they can review their current holdings and transactions at all times.

2. Assist in reviewing and updating the Agency's Investment Policy and make any recommendations that are necessary. Guidelines to include statement of purpose, definition of roles and responsibilities, establish investment objectives and goals, develop asset allocation, establish investment guidelines and portfolio limitations, and define process for performance monitoring and rebalancing.

At the start of and throughout the engagement, we have reviewed WRCOG's Investment Policy and provided recommendations as needed. Our recommendations have included updates to address Code changes, clarification of policy language, edits to increase portfolio safety and diversification, and prudently increase portfolio opportunities. For example, we worked with staff to incorporate supranationals, negotiable certificates of deposit ("CDs"), and asset-backed securities ("ABS"). Earlier we discussed WRCOG's enhanced diversification and sector allocation over the past five years—added value that starts with investment policy discussion and development.

We will continue to work with WRCOG staff to ensure that the Investment Policy remains up to date with current requirements, clearly communicates the Policy's requirements to WRCOG's stakeholders, and enables WRCOG to meet its objectives of safety and liquidity while providing enough flexibility to meet performance objectives.

3. Develop and implement sound investment strategies that will maximize the portfolio's performance within the parameters of the adopted investment policy and California government codes. Continuously review the investment strategy and make recommendations to adjust portfolio based on changes in market conditions and other relevant factors and/or propose revisions to investment policy.

PFMAM is a relative value-based, active manager. We never rest on our laurels. We continuously review holdings in the portfolios we manage, looking for opportunities to safely enhance return.

We believe in 1) selecting **maturities** based on where there is value along the yield curve (within policy guidelines), after ensuring sufficient liquidity; 2) targeting portfolio **duration** based on investment objectives and interest rate trends; 3) diversifying across **investment types** to capture value across a wide range of investment options and manage risk by avoiding over-concentration in any one sector; 4) maintaining a high level of **credit quality** in the portfolio among all issuers through our diligent credit selection and monitoring capabilities; and 5) proactive trading within the portfolio to manage risk and safely seek higher **returns**.

In addition to these specific ideas, our broader investment philosophy views are as follows:

- ▶ **Deeply understand the needs of our clients.** In 2016, we completed a comprehensive review of WRCOG's investment program. Since then, we have worked closely with WRCOG staff to implement continued program enhancements, such as prudent expansion of the Policy, short-term tactical strategies based on market conditions, and disciplined management to the long-term

strategy. Our goal is to develop, implement, and maintain a successful long-term investment program that meets WRCOG's current and future investment needs.

- **Create investment programs that are safe, diversified and have lower volatility relative to comparable market benchmarks.** Our investment approach is based on relative value—the thorough analysis of the relative merits and risks of various investment types, maturities, issue characteristics, and credit quality. At the beginning of our engagement, WRCOG's holdings primarily comprised Federal Agencies, a sector with declining future earnings potential due to reduced supply and narrowing yield spreads. Over the next several years, we restructured the portfolio in a manner consistent with WRCOG's objectives while looking to improve the yield and performance of the portfolio by investing in the full range of investments permitted by the Code and WRCOG's investment policy.

Shown in the following chart, since inception, our team has helped WRCOG incorporate new types of securities into the portfolio in order to diversify away risk and better capture the value available in the market. Also, we introduced a variety of high-quality credit sectors, including Federal Agency CMOs (collateralized mortgage obligations), negotiable CDs, commercial paper, corporate notes, and asset-backed securities.

WRCOG Historical Sector Allocation

These shifts in sector weightings over time—in response to our assessment of value and opportunity—resulted in a high-quality, broadly diversified portfolio that is high performing relative to the benchmark (see chart that follows).

- **Employ a disciplined approach in which duration is positioned to a strategically determined target range.** When we were first engaged by WRCOG, 86% of its portfolio was set to mature within one year. At the start of the engagement, we helped WRCOG select a duration target and benchmark, the 1-3 year U.S. Treasury Index, consistent with its performance objectives and risk tolerance. Shown below, we restructured the portfolio with a more laddered maturity distribution and employed a disciplined duration strategy that seeks consistent

performance over time. Our disciplined approach to duration has enabled the portfolio to generate returns consistently in excess of the benchmark across a range of interest rate environments.

WRCOG's Maturity Distribution

While we employed a disciplined approach to managing the portfolio's duration, we have also discussed using other duration benchmarks, such as a 1-5 year U.S. Treasury index, taking into consideration WRCOG's evolving liquidity needs and preferences.

- ▶ **Approach the management of credit risk from the perspective of a public funds investor.** For that reason, our portfolios are typically of very high quality. We perform quantitative assessments of issuers that encompass fundamental factors such as balance sheet strength, capital adequacy, liquidity, and earnings, but also qualitative factors such as governance, strategic execution, industry trends, and transparency. As a result of our strong credit processes, none of our fixed income clients has ever lost any principal due to default, and, in fact, our preemptive advice helped our clients mitigate the potential losses suffered by other managers during the 2007-2008 credit crisis or during the 2020-2021 COVID-19 pandemic.
- ▶ **Incorporate a proactive, yet low-risk, approach to the ongoing management of the portfolio.** We periodically adjust key portfolio attributes such as duration and sector allocation to reflect emerging market trends. We continually reassess every holding in WRCOG's portfolio and seek opportunities to increase investment earnings by swapping one investment for another that offers higher yields, lower risk, or better quality.

The value of our investment approach was demonstrated when the COVID-19 pandemic hit in early 2020, as the portfolio was well positioned to weather the crisis without credit problems or liquidity issues. Furthermore, we took an active approach to managing the portfolio through the pandemic. When the pandemic first hit, we put all credit purchases on hold as we evaluated all issuers on our approved list during this unprecedented situation. Our Credit Committee met several times each week as we evaluated the market environment, gradually reapproving corporate securities for purchase.

While the safety and liquidity of the portfolio are the primary objectives, performance remains an important measure of investment strategy success. WRCOG's portfolio has, since inception of the engagement with PFMAM, generated nearly **\$3 million in cumulative earnings**.⁸

4. Provide technical and fundamental market research including yield curve analysis.

We will serve as a general resource to WRCOG on investment matters by providing market information, investment analysis, market research, and updates on relevant market activity that might impact WRCOG's investment program. City staff will also have daily access to engagement team members to answer any questions.

PFMAM meticulously monitors market sectors, which helps us to quickly identify new investment opportunities and adapt investment strategies as market conditions change over time. We will communicate our market and economic insights to WRCOG through monthly commentaries, quarterly reports and periodic whitepapers, or special reports.

Sarah and/or Richard will be available to participate in periodic meetings about the investment strategy or market conditions or to answer any questions about the management of the portfolio. Our team will proactively inform WRCOG staff about the state of the portfolio, as well as ongoing market events, and they will have access to all members of the engagement team.

5. Provide credit analysis of investment instruments in the portfolio.

We will monitor the creditworthiness of all investments held in WRCOG's portfolio utilizing our own proprietary credit research as well as the research of Nationally Recognized Statistical Rating Organizations ("NRSROs"). Our credit approval process includes an in-depth financial analysis of issuers, a formal written review, and approval by our Credit Committee. Once approved, an issuer is subject to regular review and updates, although market developments could trigger an immediate review. We will generally seek to reduce risk by diversifying sectors and limiting exposure to each issuer in the portfolio.

6. At a minimum, attend quarterly Finance Director's Committee meetings to present on the performance of the portfolio and the current state of the economy, financial markets, and other factors that may affect the portfolio and local region.

Sarah and/or Richard will attend meetings to review investment activity and portfolio performance and to provide insight on current strategy and economic and market events. At WRCOG's request, we currently only present at the Finance Director's Committee meetings, but we are happy to have a separate meeting with WRCOG staff and/or Board, as needed.

In addition, members of WRCOG's portfolio management team will be available to participate in periodic in-person and virtual meetings about the investment strategy and market conditions or to answer any questions about the management of the portfolio.

7. Provide quarterly investment reports for the portfolio, detailing holdings, composition, sector analysis return, weighted average maturity and daily transaction activity. Additionally, prepare annual GASB 34 disclosures and other investment-

⁸ Source: PFMAM internal data as of December 31, 2021. Earnings are on a market value basis.

related reports required by the Agency to submit its Annual Comprehensive Financial Report.

We will continue to provide WRCOG with comprehensive monthly and quarterly reports to keep staff and policy makers informed of the status of WRCOG's investments and strategy. Our reports detail holdings, transactions, market and amortized values, interest earnings, and performance. They are designed to help City staff easily book earnings and track portfolio activity. WRCOG has online access to month-to-date transactions and a daily listing of portfolio holdings to keep City staff apprised of current investment activity. As requested, we will provide annual portfolio updates and GASB 34 assistance.

Please see an example of the quarterly investment report we prepare for WRCOG and the Finance Director's Committee meetings in the Appendices.

C. Sequentially outline the activities that would be undertaken to complete the tasks and specify who would perform the tasks.

The following table outlines the various tasks in our engagement with WRCOG and the team members involved. Since we have an existing relationship with WRCOG, the sequential tasks for establishing a new engagement do not apply. Instead, these tasks represent ongoing services in our well-established relationship with WRCOG, many of them happening in tandem.

Task/Event	Responsible Party
1. Provide assurance of portfolio compliance with applicable policies and laws and the Agency's Investment Policy.	▶ Giancarlo Morales-Belletti, Portfolio Management ▶ Leo Karwejna, Compliance Oversight
2. Assist in reviewing and updating the Agency's Investment Policy and make any recommendations that are necessary.	▶ Sarah Meacham, Engagement Oversight ▶ Richard Babbe, CCM, Relationship Manager ▶ Kyle Jones, Portfolio Strategist
3. Develop and implement sound investment strategies that will maximize the portfolio's performance within the parameters of the adopted investment policy and California government codes. Continuously review the investment strategy and make recommendations to adjust portfolio based on changes in market conditions and other relevant factors and/or propose revisions to investment policy.	▶ Sarah Meacham, Engagement Oversight ▶ Richard Babbe, CCM, Relationship Manager ▶ Kyle Jones, Portfolio Strategist
4. Provide technical and fundamental market research including yield curve analysis.	▶ Portfolio Strategies Group

Task/Event	Responsible Party
5. Provide credit analysis of investment instruments in the portfolio.	► Credit Research Group WRCOG will benefit from the combined resources of USBAM and PFAM's credit analyst teams that have been contributed to form into a new Credit Research Group. The Credit Research Group performs fundamental issuer-specific credit research and analysis, prepares, and presents formal credit reviews, makes recommendations for inclusion on various approved lists, and conducts regular monitoring of issuers.
6. At a minimum, attend quarterly Finance Director's Committee meetings to present on the performance of the portfolio and the current state of the economy, financial markets, and other factors that may affect the portfolio and local region.	► Sarah Meacham, Engagement Oversight ► Richard Babbe, CCM, Relationship Manager
7. Provide quarterly investment reports for the portfolio, detailing holdings, composition, sector analysis return, weighted average maturity, and daily transaction activity. Additionally, prepare annual GASB 34 disclosures and other investment-related reports required by the Agency to submit its Annual Comprehensive Financial Report.	► Sarah Meacham, Engagement Oversight ► Richard Babbe, CCM, Relationship Manager ► Karen Jones, CPA Australia, Reporting and Accounting

D. Identify any special issues, problems, or risks that are likely to be encountered in this project and how the Proposer would propose to address them.

We believe it is important that WRCOG work with an investment advisor who has the experience and resources that can help WRCOG address whatever issues, problems or risks that maybe encountered over the term of an engagement. As we have worked with public agencies for over 40 years, we have helped our clients safely navigate through a wide range of market conditions and events. In our experience, the two most common issues faced by public agencies are **liquidity** and **risk management**.

With regards to liquidity management, there are both costs and risks to leaving too much liquid or not having sufficient liquidity. PFAM works with our clients to help them understand their liquidity requirements and how they can vary over time. We then help them utilize a range of investment options from short-term pools, like LAIF and CAMP, and short-term securities to longer-term managed portfolios, and then help them optimize their allocation funds among these options depending on liquidity needs and market condition.

With regards to risk management, we have a detailed understanding those investments allowed by Code and how to optimize the risk-return tradeoffs between different investment sectors and issuers. During the past 15 years of volatile markets, we have helped our clients safely navigate a range of market events from the global financial crisis/great recession, zero interest rate environments, a global pandemic, and currently the Russia-Ukraine war.

Detailed and Itemized Pricing

A. Furnish an estimate of hours required to complete the specified tasks along with a total anticipated budget.

As we have demonstrated throughout our current engagement, we will allocate whatever time is needed to support our engagement with WRCOG. We have provided our asset-based fee schedule below with an annual estimation based on WRCOG's managed asset level as of December 31, 2021.

Fees

The proposed fee schedule is outlined in the following table. As a valued client, we are open to discussing our fees with WRCOG as part of any new engagement. Our fee schedule covers all of our normal costs for the services described in this proposal, including travel and out-of-pocket expenses. WRCOG will incur the cost of custody and safekeeping with a third-party custodial bank.*

Assets Under Management	Annual Fee
First \$25 million	10 basis points (0.10%)
Next \$25 million	8 basis points (0.08%)
Next \$50 million	7 basis points (0.07%)
Assets in excess of \$100 million	6 basis points (0.06%)

A \$25,000 minimum annual fee applies for all clients.

Fees are charged monthly in arrears based on the daily net assets under management on an amortized cost basis, including accrued interest, for the month. The fee schedule does not apply to assets held in any LGIP that PFAM administers. No fees would be charged for funds invested in the Local Agency Investment Fund ("LAIF").

We will fix the proposed fee schedule for three years. We would like to retain the option to negotiate a fee adjustment, in line with CPI, after the third year.

PFAM acknowledges that we are not the low-cost provider. We understand that fee differences among advisors are not insignificant to public sector investors like WRCOG. However, we believe in full cost recovery. We strive to produce enhanced earnings, superior performance, and excellent client service. We believe that our difference in cost will be more than offset by what we view as a superior strategy and ability to execute. Since inception, WRCOG's portfolio returned 1.98% which exceeded the Merrill Lynch 1-3 Treasury Benchmark by **35 bps (0.35%)**. This represented **\$595,231 in incremental investment earnings for WRCOG (beyond the benchmark)**. While our fees may be higher compared to other managers, we believe we may offer greater potential for net return on investments and encourage WRCOG to consider cost in this context.

B. Identify methods that consultant will use to ensure quality control as well as budget and schedule control for the project.

Team Approach. PFAM believes that a team approach is the best way provide high-quality client service. Based upon that principle, WRCOG's engagement team will continue to comprise senior-level team members with many years of experience and will be responsible for providing quality service to

WRCOG. Sarah Meacham, Managing Director, will continue to be responsible for overseeing the quality of services provided to WRCOG. In her role providing oversight of the engagement, Sarah will ensure that WRCOG continues to receive the necessary resources and support from our firm. Richard Babbe, Senior Managing Consultant, will continue to serve as the day-to-day contact for WRCOG. He will coordinate communication between WRCOG's staff and our portfolio strategy, accounting, and reporting teams.

Trading Quality Control. Portfolio oversight is provided by our Chief Investment Officer, Ken Schiebel, CFA, and our Compliance Group, headed by our Chief Compliance Officer, Leo Karwejna. In addition, we have automated processes in place to provide an additional measure of oversight, such as Bloomberg AIM, which is used to house client policies and guidelines, and to help ensure that trades comply with those policies/guidelines. Trades must be compliant, suitable, and appropriate to the specific objectives of each client. Compliance personnel are integral to the input and implementation of all client policy limits into Bloomberg AIM and provide an independent review of all rules and documentation before trading can commence.

Every trade initiated by our portfolio management team originates in Bloomberg AIM, which helps ensure both pre-trade and post-trade compliance with portfolio guidelines. We also monitor compliance to the investment mandate through a series of daily and weekly portfolio reports that show detailed holdings, sector allocations, and key performance drivers such as duration. Performance of all accounts is calculated and reviewed weekly relative to market benchmarks, attribution trends are noted and analyzed, and any performance outliers are reviewed. Adherence to the investment mandate and consistency among portfolios with similar mandates are hallmarks of our performance history.

Account Reconciliation. Accounting personnel regularly review WRCOG's accounts to help ensure that funds are deposited and transferred in accordance with WRCOG's policy. Details on securities that are bought and sold are transmitted from our trading personnel to the Accounting Group, which includes accounting personnel that record details of security transactions in our investment accounting systems. Accounting staff also verifies all details of security transactions with custody bank and broker-dealer systems.

Our accounting systems provide all data necessary for internal and external reporting. Internal reporting includes data provided to the Bloomberg AIM compliance system, daily portfolio tools used by our portfolio managers and traders, and analytical and performance tracking systems. The Accounting Group also uses this data to prepare daily reports and month-end statements that are provided to WRCOG through our secure online system and/or mailed.

Fee Arrangement. Because PFAM is focused on the public sector, we are sensitive to helping our clients, who are stewards of public funds, manage cost. As an independent investment advisor, PFAM is compensated by an asset-based management fee only. We will not charge WRCOG per transaction. Not only does this fee structure provide considerable savings when compared to a transaction-based arrangement, but it also provides a high degree of transparency for WRCOG and its stakeholders. PFAM will fully disclose our fees on a monthly invoice sent to WRCOG. Sarah and Richard will coordinate and commit PFAM's resources to ensure WRCOG receives the highest level of service and will review portfolio performance with you on a regular basis.

C. Also, please provide hourly billing rates for staff you are proposing to include on this RFP for services not directly identified in the Scope of Work.

As a discretionary manager and fiduciary, we charge an asset-based fee for our services rather than an hourly billing rate. Given our existing relationship, services not directly identified in the Scope of Work can be discussed with Sarah and Richard and incorporated into your investment program as needed.

**As previously disclosed, PFAM is an indirect subsidiary of U.S. Bank National Association ("U.S. Bank"). U.S. Bank's Global Corporate Trust Services ("GCTS") division provides custody services to governmental entities, such as WRCOG. Were WRCOG to consider engaging PFAM for investment advisory services and GCTS for custody services, both PFAM and GCTS have firewalls and protections in place to safeguard client assets, consistent with guidance and best practices developed by the Government Finance Officers Association ("GFOA"). PFAM and GCTS have separate senior management teams, operations, and compliance policies and procedures. As such, appropriate information barriers relating to data exist to facilitate fully independent and segregated oversight of client assets as custodian, consistent with GFOA recommendations.*

PFAM and GCTS are subject to different regulatory regimes. PFAM is registered as an investment adviser with, and is regulated by, the U.S. Securities and Exchange Commission ("SEC"). GCTS, as a division of U.S. Bank, is regulated primarily by the Office of the Comptroller of the Currency ("OCC"). As a registered investment adviser, PFAM is required to comply with SEC Rule 206(4)-2 (the "Custody Rule"), which addresses the use by an investment advisory client of the investment advisor's affiliated custodian. The Custody Rule provides additional protections to PFAM's investment advisory clients who custody assets with GCTS by requiring compliance with requirements designed to provide appropriate safekeeping protections. We believe the firewalls and protections afforded by the separate operating structures of PFAM and GCTS, together with PFAM's efforts to comply with the Custody Rule, provide the appropriate GFOA-recommended safekeeping protections.

II. Required Appendices

Appendix A: References

Please provide three (3) references, including names and contact information. References should not include any WRCOG staff or WRCOG Committee members.

Client Name	Contact Name/Info	Services Provided
City of Eastvale	Amanda Wells Finance Director 12363 Limonite Ave. Suite 910 Eastvale, CA 91752 951-703-4438 awells@eastvaleca.gov	Discretionary management of operating funds

Appendix B: Project Team Staffing

Please include biographies and relevant experience of key staff who would be assigned to the project. Please describe coverage levels of employees who would be assigned to this project. Affirm that no employees working on the engagement have ever been convicted of a felony.

Detailed biographies are included on the following pages.

PFMAM affirms that no employees working on this engagement have ever been convicted of a felony.

Sarah Meacham

Managing Director

PFM Asset Management LLC

Sarah Meacham joined PFM Asset Management in 2005. She is Co-Manager of the firm's California Asset Management Practice and serves as Program Administrator for the California Asset Management Program (CAMP). Sarah manages client relationships for public agency clients located throughout California, helping cities, counties, special districts and self-insurance authorities with their investment needs. Her responsibilities also include providing a range of investment advisory and consulting services, developing investment policies, and monitoring guidelines and strategy implementation. Sarah provides clients with training, technical and analytical support with respect to their investment portfolios. She is also an active participant in the California Municipal Treasurers Association (CMTA), serving as a member of its Investment Policy Certification Committee, along with serving on the California Society of Municipal Finance Officers (CSMFO) Professional Standard's Committee.

Richard D. Babbe, CCM

Senior Managing Consultant
PFM Asset Management LLC

Richard is a senior managing consultant with the California investment advisory group. He joined PFM Asset Management in 1999 and serves as a project manager for the firm's California clients. His responsibilities include serving as a liaison between clients and the trading room, as well as coordinating information about liquidity needs, new funds available for investment and general client needs. He works closely with clients to formulate and implement a customized investment strategy designed to meet their specific investment objectives. He also conducts training sessions for industry groups and clients regarding investment fundamentals and investment management techniques.

Prior to joining the firm, Richard worked in government banking and public finance with Wells Fargo Bank, First Interstate Bank and Connell and Associates.

Jeremy King

Key Account Manager

PFM Asset Management LLC

Jeremy joined PFM Asset Management in 2013 and is a key account manager in the firm's Client Services Group. In this capacity, he serves as a client advocate providing a "high touch, high value" experience, whatever the client's additional needs may be. Additionally, his responsibilities are to coordinate the efforts of the customer service team in everyday functions such as client administration, onboarding and marketing support.

Previously, Jeremy worked as a brokerage associate providing comprehensive banking services to clients, and as a senior financial manager, working with banks to negotiate and structure contracts in addition to reviewing with customers their contracts and financing options.

Kenneth Schiebel, CFA

Chief Investment Officer

PFM Asset Management LLC

Ken Schiebel is a managing director and the firm's Chief Investment Officer. He was previously co-head of PFM Asset Management's Portfolio Strategies Group, and had led a team of portfolio managers, traders, and research staff, responsible for the management of the fixed-income separate account business. Ken's background in actuarial analysis helped establish the asset management practice as a market leader in managing assets in the insurance and self-insurance industry.

Prior to joining the firm in 1994, Ken spent 13 years at Aetna Life & Casualty. As senior portfolio manager, he managed \$5 billion of corporate operating funds, insurance reserves, and pension fund assets for Aetna and its investment advisory clients. He also was responsible for managing Aetna's short-term debt issuance.

Ken holds the Chartered Financial Analyst (CFA) designation, is a member of the CFA Institute, and is a General Securities Registered Representative holding the Financial Industry Regulatory Authority (FINRA) Series 7 and 63 licenses. He has been a guest lecturer in the University of Connecticut's MBA program, provided expert testimony to the GASB Deposit and Investment Risk Disclosure Task Force, and has spoken at numerous industry conferences, workshops, and seminars. He is a member of the Fixed-Income Investment Committee and Credit Risk Management Committee.

Robert Cheddar, CFA

Managing Director

PFM Asset Management LLC

Bob joined PFM Asset Management (PFMAM) in 2004 as a senior portfolio manager and was promoted to managing director in 2011. He manages client accounts across the country, specializing in high- quality fixed-income assets. He is responsible for the management of client assets in separate portfolios for cities, counties, insurance and self-insurance organizations, school districts, state and local government agencies, public finance authorities, and universities. Assets under management include operating funds, capital reserves, bond proceeds, and other post-employment benefits (OPEB) obligation funds.

Bob is the leader of PFMAM's short- and intermediate-term separate account management team. The team of portfolio managers and traders is responsible for managing separate accounts for PFMAM clients. He serves as the Chairmen of PFMAM's Credit Risk Management Committee and is a member of the Fixed Income Investment Committee.

Giancarlo Morales-Belletti

Senior Portfolio Manager

PFM Asset Management LLC

Giancarlo Morales-Belletti joined PFM Asset Management in 2011 as a member of the firm's fixed income portfolio management team. In his role as a senior portfolio manager, Giancarlo is directly responsible for the management of a significant number of fixed income separate accounts. He is responsible for the development and execution of investment strategies in the portfolios that he manages. Included in these portfolios are operating funds, construction funds and debt service reserves for clients in all parts of the firm's separate account business.

He has helped to build the firm's capabilities in the asset-backed sector while serving as an asset-backed sector specialist and is an active contributor to the fixed income strategy process. Giancarlo is a key member of the Debt Service Reserve Investment Committee and personally manages a significant number of these portfolios.

Before joining the firm, he worked at The Bank of New York Mellon's U.S. Investment Operations division in Pittsburgh.

Giancarlo is fluent in Spanish.

Kyle Jones

Managing Director

PFM Asset Management LLC

Kyle joined PFM Asset Management in 2012 and is the Head of the Portfolio Strategies Group (PSG). He leads PSG's efforts in the investment strategy development process for many large and strategically important client relationships. Kyle works primarily with clients of the separate account business by helping to devise customized portfolio strategies designed to meet their specific investment needs. In addition, he assists in the creation and delivery of our views and strategies to clients, prospects and third-party consultants. Kyle is a member of the Fixed Income Investment Committee and Credit Risk Management Committee.

Prior to joining the firm, Kyle spent 10 years at JPMorgan Chase in a variety of capacities, most recently as an investment specialist for their Institutional Sales business.

Kyle serves on several community related boards and is active in his respective alumni associations. He is a frequent speaker at industry conferences and educational seminars.

Gray Lepley

Portfolio Strategist

PFM Asset Management LLC

Gray joined PFM Asset Management in 2015 and is currently a member of the Portfolio Strategies Group. In this role, Gray provides support for client engagements across the country, regularly presenting market and strategy updates. She also speaks at industry conferences and client seminars, presenting strategy and investment considerations for fixed-income portfolios. In addition, she provides technical and analytical support including performance analysis and economic research.

Gray originally started at the firm as an analyst in the Structured Products Group. In this capacity, she provided technical and quantitative support for various clients, as well as services such as investment analysis, strategy development and implementation of bond proceeds portfolios, such as project funds, debt service funds, debt service reserve funds and surplus funds. She also provided quantitative support on a variety of projects including structured investment terminations/valuations and open-market escrow optimization and procurement.

Gray is a member of the firm's Reserve Fund Committee. She is active in the recruiting process and also conducts training sessions on fixed income portfolio investment strategies, bond proceeds and structured investments for new hires. She has passed Level I of the Chartered Financial Analyst exam.

Leo Karwejna

Managing Director

PFM Asset Management LLC

Leo Karwejna joined PFM Asset Management to head the Compliance Group in 2011 as chief compliance officer and managing director. He has over 22 years of experience providing compliance support to firms in the investment advisory and securities-trading businesses including equity, fixed income, real estate (direct property and REIT securities) and additional alternative investment strategies.

Leo is responsible for all regulatory compliance program efforts related to the firm's business activities and personnel. He assists firm professionals with specific compliance advisory guidance and leads the firm's Compliance team's efforts to develop, maintain and monitor firm-wide compliance with appropriate policies, procedures and regulatory requirements.

Leo's prior experience includes compliance management positions at PFM Financial Advisors, Prudential Financial Inc., Deutsche Asset Management, and RREEF Alternative Investments. He serves as an Arbitrator within the FINRA Dispute Resolution Services program for securities-related issues among the investing public and/or industry participants.

PFMAM 1-3 Year Fixed Income Composite

As of December 31, 2021

IMPORTANT DISCLOSURES

PFM Asset Management LLC claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. PFM Asset Management LLC has been independently verified for the periods 2006 through 2019. The verification report is available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report. GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

FIRM DEFINITION

PFM Asset Management LLC is an investment adviser registered with the U.S. Securities and Exchange Commission and a subsidiary of U.S. Bancorp Asset Management, Inc. ("USBAM"). USBAM is a subsidiary of U.S. Bank National Association ("U.S. Bank"). U.S. Bank is a separate entity and subsidiary of U.S. Bancorp. U.S. Bank is not responsible for and does not guarantee the products, services or performance of PFMAM.

PFM Asset Management LLC was created in 2001; prior to 2001, PFMAM's investment advisory business was operated as part of Public Financial Management, Inc. utilizing the same personnel and investment process. Firm performance includes accounts managed by PFM Asset Management LLC, but which may have been previously managed by Public Financial Management, Inc. Stable value portfolios were managed by Fiduciary Capital Management, Inc. prior to December 15, 2017, when the assets of that firm were acquired by PFM Asset Management LLC. We manage short-term pools and money market funds, investment-grade fixed-income portfolios, stable value portfolios, and multi-asset class portfolios under a variety of individual client mandates. For important disclosure information please go to pfmam.com/disclosures.

COMPOSITE DESCRIPTION

PFMAM 1-3 Year Fixed Income Composite includes all institutional fixed-income portfolios with the majority of their assets in securities with maturities or effective durations between 1 and 3 years, and that are managed against the ICE BofAML 1-3 Year US Treasury Index or an index with a similar effective duration. Accounts typically invest in US dollar denominated, investment-grade fixed-income securities, including US government securities, including bonds and notes of federal agencies, high quality money market, municipal and corporate debt instruments, generally limited to those rated A or better, and agency mortgage-backed securities. Accounts in this composite do not use leverage, complex derivatives, or short positions. Accounts in the composite will typically maintain an overall effective duration similar to that of the ICE BofAML 1-3 Year US Treasury Index, but may vary by plus or minus 25%, or more. Individual accounts may have policies that are more or less restrictive than those described above, in some cases significantly so, and may use specific benchmarks that differ from the composite benchmark used in this presentation.

The composite creation date is September 2003; the composite inception date is January 1, 1998. The minimum portfolio size for inclusion in the composite is \$10 million. Only actual portfolios are included in the composites; the composite contains no simulated, model or non-fee paying portfolios.

PFMAM 1-3 Year Fixed Income Composite

As of December 31, 2021

BENCHMARK DESCRIPTION

Composite performance is compared to the ICE BofAML 1-3 Year US Treasury Index. Benchmark returns are provided to represent the investment environment that existed during the time periods shown. The ICE BofAML 1-3 Year US Treasury Index comprises all US Treasury securities (excluding TIPS and STRIPS) with maturities between 1 and 3 years, and is rebalanced monthly.

Internal dispersion is calculated using the equal-weighted standard deviation of the annual gross returns of those portfolios that were included in the composite for the entire year; for years where there are five or fewer portfolios in the composite for the full annual period, dispersion is not presented, as it is deemed not meaningful. Benchmark returns are presented on a gross basis.

PERFORMANCE CALCULATIONS

Valuations are computed, and performance results and asset values are reported in US dollars. Gross-of-fees returns are presented before management fees, custodial fees and taxes, but after brokerage and other transaction fees, if any. Returns include the reinvestment of income. A client's return will be reduced by advisory fees and other expenses the portfolio may incur. PFMAM's Asset Management standard investment advisory fee schedule is 0.25% per annum on first \$25 million and 0.15% per annum on assets over \$25 million, but actual fees may be higher or lower. Investment advisory fees are described in Part 2 of the firm's Form ADV. Fees have a compounding effect on the net return of a portfolio. As an example, the effect of investment advisory fees on the total value of a client's portfolio assuming (a) a \$1,000,000 initial investment, (b) portfolio return of 4% a year, and (c) 0.25% per annum fee charged monthly, is shown in the following table:

Period	Ending Portfolio Value	
	Without Fees (Gross)	After Fees (Net)
1 Year	\$1,040,742	\$1,038,147
5 Years	\$1,220,997	\$1,205,853
10 Years	\$1,490,833	\$1,454,081

RISK DISCLOSURE

Actual performance results may differ from composite returns, depending on the size of the account, investment guidelines and restrictions, inception date and other factors. Past performance is not indicative of future results. As with any investment vehicle, there is always the potential for gains as well as the possibility of losses. There can be no assurance that a client portfolio will meet its performance objective.

ADDITIONAL INFORMATION

A list of composite descriptions and a list of broad distribution pooled funds are available upon request. Policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request. Requests should be made to Kenneth Schiebel, CFA, at schiebelk@pfmam.com.

IMPORTANT DISCLOSURES

PFM Asset Management LLC claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. PFM Asset Management LLC has been independently verified for the periods 2006 through 2019. The verification report is available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report. GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

FIRM DEFINITION

PFM Asset Management LLC is an investment adviser registered with the U.S. Securities and Exchange Commission and a subsidiary of U.S. Bancorp Asset Management, Inc. ("USBAM"). USBAM is a subsidiary of U.S. Bank National Association ("U.S. Bank"). U.S. Bank is a separate entity and subsidiary of U.S. Bancorp. U.S. Bank is not responsible for and does not guarantee the products, services or performance of PFMAM.

PFM Asset Management LLC was created in 2001; prior to 2001, PFMAM's investment advisory business was operated as part of Public Financial Management, Inc. utilizing the same personnel and investment process. Firm performance includes accounts managed by PFM Asset Management LLC, but which may have been previously managed by Public Financial Management, Inc. Stable value portfolios were managed by Fiduciary Capital Management, Inc. prior to December 15, 2017, when the assets of that firm were acquired by PFM Asset Management LLC. We manage short-term pools and money market funds, investment-grade fixed-income portfolios, stable value portfolios, and multi-asset class portfolios under a variety of individual client mandates. For important disclosure information please go to pfmam.com/disclosures.

COMPOSITE DESCRIPTION

PFMAM 1-5 Year Fixed Income Composite includes all institutional fixed-income portfolios with the majority of their assets in securities with maturities or effective durations between 1 and 5 years, and that are managed against the ICE BofAML 1-5 Year US Treasury Index or an index with a similar effective duration. Accounts typically invest in US dollar denominated, investment-grade fixed-income securities, including US government securities, including bonds and notes of federal agencies, high quality money market, municipal and corporate debt instruments, generally limited to those rated A or better, and agency mortgage-backed securities. Accounts in this composite do not use leverage, complex derivatives, or short positions. Accounts in the composite will typically maintain an overall effective duration similar to that of the ICE BofAML 1-5 Year US Treasury Index, but may vary by plus or minus 25%, or more. Individual accounts may have policies that are more or less restrictive than those described above, in some cases significantly so, and may use specific benchmarks that differ from those used as composite benchmarks in this presentation.

The composite creation date is September 2003; the composite inception date is January 1, 1998. The minimum portfolio size for inclusion in the composite is \$10 million. Only actual portfolios are included in the composites; the composite contains no simulated, model or non-fee paying portfolios.

PFMAM 1-5 Year Fixed Income Composite

As of December 31, 2021

BENCHMARK DESCRIPTION

Composite performance is compared to the ICE BofAML 1-5 Year US Treasury Index and the ICE BofAML 1-5 year AAA-AA US Corporate & Government Index. Benchmark returns are provided to represent the investment environment that existed during the time periods shown. The ICE BofAML 1-5 Year US Treasury Index comprises all US Treasury securities (excluding TIPS and STRIPS) with maturities between 1 and 5 years, and is rebalanced monthly. The ICE BofAML 1-5 year AAA-AA US Corporate & Government Index comprises US dollar denominated investment grade debt publicly issued in the US domestic market, including US Treasury, US agency, certain foreign government and supranational debt, and corporate securities; all that meet common index qualifications, are rated AA3 or better, and have maturities between 1 and 5 years. The index is rebalanced monthly. The ICE BofAML 1-5 year AAA-AA US Corporate & Government Index was added as a second benchmark beginning 2012Q3 and is presented retroactively. The second benchmark was added to provide an additional comparison for those accounts with investment policies that permit a broader range of investments.

PERFORMANCE CALCULATIONS

Valuations are computed, and performance results and asset values are reported in US dollars. Gross-of-fees returns are presented before management fees, custodial fees and taxes, but after brokerage and other transaction fees, if any. Returns include the reinvestment of income. A client's return will be reduced by advisory fees and other expenses the portfolio may incur. PFMAM's asset management standard investment advisory fee schedule is 0.25% per annum on first \$25 million and 0.15% per annum on assets over \$25 million, but actual fees may be higher or lower. Investment advisory fees are described in Part 2 of the firm's Form ADV. Fees have a compounding effect on the net return of a portfolio. As an example, the effect of investment advisory fees on the total value of a client's portfolio assuming (a) a \$1,000,000 initial investment, (b) portfolio return of 4% a year, and (c) 0.25% per annum fee charged monthly, is shown in the following table:

Period	Ending Portfolio Value	
	Without Fees (Gross)	After Fees (Net)
1 Year	\$1,040,742	\$1,038,147
5 Years	\$1,220,997	\$1,205,853
10 Years	\$1,490,833	\$1,454,081

Internal dispersion is calculated using the equal-weighted standard deviation of the annual gross returns of those portfolios that were included in the composite for the entire year; for years where there are five or fewer portfolios in the composite for the full annual period, dispersion is not presented, as it is deemed not meaningful. Benchmark returns are presented on a gross basis.

RISK DISCLOSURE

Actual performance results may differ from composite returns, depending on the size of the account, investment guidelines and restrictions, inception date and other factors. Past performance is not indicative of future results. As with any investment vehicle, there is always the potential for gains as well as the possibility of losses. There can be no assurance that a client portfolio will meet its performance objective.

U.S. Bank/PFMAM Press Release

U.S. Bank Acquires PFM's Asset Management Business

MINNEAPOLIS (July 8, 2021) – U.S. Bank announced today that it has entered into a definitive agreement to purchase PFM Asset Management LLC under its subsidiary, U.S. Bancorp Asset Management. PFM Asset Management will continue to operate as a separate entity. PFM Asset Management and U.S. Bancorp Asset Management had combined assets under management and assets under administration of more than \$325 billion on March 31, 2021.

"PFM Asset Management brings a wide array of client relationships and product offerings, including local government investment pools, outsourced chief investment officer services and separately managed accounts in both fixed income and multi-asset class strategies," said Eric Thole, head of U.S. Bancorp Asset Management. "These services complement U.S. Bank's current book of business and we're thrilled to have the opportunity to increase our presence nationally and solidify U.S. Bank's position as a leading provider of investment solutions."

Thole added, "PFM Asset Management has a great reputation in the public space, and that's a testament to its talent. U.S. Bank is known for working with clients one-on-one to understand their unique needs and delivering customized, proactive solutions to help them meet their objectives. We're excited to put the variety of resources offered by U.S. Bank to work for our new colleagues and clients."

Marty Margolis, head of PFM Asset Management, said, "This sale combines the resources of two organizations who recognize the importance of providing clients with exemplary customer service; our commitment to clients will remain a priority throughout the transition. We're also very pleased that U.S. Bank aligns with our fundamental belief in creating a diverse, inclusive and ethical culture."

PFM's financial advisory business is not part of this acquisition and will continue to operate independently as the nation's leading independent financial advisor in terms of transactions and par amount. For the year ended December 31, 2020, PFM advised on 995 overall transactions totaling more than \$69.7 billion in par amount, according to Ipreo.

"PFM will continue to provide outstanding financial advisory and consulting services to state and local governments and the non-profit sector," said Dan Hartman, who currently leads PFM's financial advisory practice and will lead PFM as its president and CEO after closing.

U.S. Bancorp Asset Management is part of U.S. Bank's Wealth Management and Investment Services division, which has more than \$8.6 trillion in assets under custody and administration and \$244 billion in assets under management, globally. In addition to offering asset management products and services, it also offers global corporate trust and custody services, alternative investment, fund custody and administration services, and wealth management services.

The deal was signed on July 7, 2021 and is expected to close in fourth quarter 2021, subject to regulatory approval and satisfaction of customary closing conditions. Financial terms were not disclosed.

Piper Sandler & Co. served as strategic and financial advisor, and Dechert LLP served as legal counsel to PFM. McCarter & English served as legal counsel to PFM's financial advisory business. Jones Day served as legal counsel to U.S. Bank.

U.S. Bank EEO/AA Policy Statement

Equal Employment Opportunity & Affirmative Action

It is U.S. Bank's policy to prohibit both discrimination against and harassment of any employee or applicant on the basis of race, religion, color, age, sex, creed, national origin or ancestry, citizenship, marital status, sexual orientation, gender identity or expression, genetic information, disability or association with a person with a disability, veteran status, or other factors identified and protected by federal, state and local legislation. We will recruit, hire, train and promote individuals in all job titles and ensure that all other personnel actions are administered without regard to an individual's disability, veteran or other protected status. All employment decisions will be based only on valid job requirements, and extend to all terms, conditions, and privileges of employment including, but not limited to, recruitment, selection, compensation, benefits, training, promotion, and disciplinary actions. U.S. Bank's nondiscrimination and anti-harassment policies are also included in the Code of Ethics and Business Conduct handbook.

U.S. Bank is a federal contractor subject to Executive Order 11246, as amended, as well as Section 503 of the Rehabilitation Act of 1973, as amended, and Section 4212 of the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended. We are committed to equal employment opportunity, and it is our policy to take affirmative action to employ and advance in employment protected veterans (disabled veterans, recently separated veterans, Armed Forces Service Medal veterans, or Active Duty Wartime or Campaign Badge veterans) and individuals with disabilities at all levels of employment, including the executive level. We also will provide reasonable accommodation to the known physical or mental limitations of an otherwise qualified employee or applicant for employment, unless the accommodation would impose undue hardship on the operation of our business. Employees or applicants with a disability or protected veteran status are invited to self-identify and be considered under the affirmative action program at any time. This information is voluntary and refusal to provide it will not subject employees or applicants to adverse treatment. Information disclosed is kept confidential and separate from other personnel records and will not be used in ways inconsistent with the above-mentioned laws.

In accordance with applicable non-retaliation laws, including Section 4212, Section 503, or their implementing regulations, employees and applicants can raise concerns and make reports in good faith related to any federal, state or local equal employment opportunity (EEO) or affirmative action (AA) statute. In addition, employees and applicants shall not be subjected to harassment, intimidation, threats, coercion or discrimination because they have engaged in or may engage in: filing a complaint; assisting or participating in an investigation, compliance evaluation, hearing, or any other activity related to the administration of any EEO law; opposing any act or practice made unlawful by EEO laws; or exercising any other employment right protected by federal, state or local EEO laws or their implementing regulations. EEO complaints may be made directly to us by contacting any Human Resources representative. Complaints may also be filed with local or state human/civil rights agencies.

U.S. Bank takes affirmative action to contract with businesses owned by women, minorities, and other diverse suppliers. We incorporate nondiscrimination regulations into contracts, and notify our subcontractors, vendors and suppliers of EEO/AA policies and obligations through our annual Third Party Code of Conduct process.

We maintain written affirmative action programs which describe our efforts to employ and advance in employment minorities, women, individuals with disabilities and protected veterans, including an audit and reporting system to determine overall compliance with EEO/AA mandates. Requests to view our affirmative action programs or questions regarding these programs, this policy statement, or our invitation to self-identify as an individual with a disability or protected veteran may be directed to any Human Resources representative during normal business hours.

As Chief Executive Officer, I fully support our affirmative action program and am committed to the implementation of the company's equal opportunity and affirmative action policies. I have delegated overall responsibility for these policies to the Chief Human Resources Officer.

Andy Cecere

“Back to the Future: 80s Inflation and Cold War Redux.”

Economic Highlights

► Russia invaded Ukraine after months of military mobilization. Amid the tragic loss of life, war implications further disrupted supply chains, led to a surge in commodity prices, and triggered a sell-off in equity markets. In response, the United States and its Allies imposed sanctions on Russia, which included:

1) restrictions on Russian banks, 2) asset freezes and travel bans, 3) exclusion from the Swift payment system, and 4) blocking access to certain high-tech products. The crisis is also forcing a reassessment of European integration, security, and energy policy and dependencies.

► Consumer inflation climbed to its fastest annual rate since 1982 amid rising energy prices, strong consumer demand and ongoing supply constraints. Price increases were broad-based in the February report with outsized increases in gasoline, food, transportation, clothing and shelter costs. The rising cost of living continues to erode spending power, leading certain measures of consumer sentiment to fall to a new decade low.

► U.S. labor market continued to tighten, with the economy adding a better-than-expected 678,000 jobs in February and the jobless rate falling to 3.8%. The strong February jobs report, coupled with high producer and consumer price increases, adds further impetus for the Federal Reserve (Fed) to raise rates despite escalating geopolitical uncertainty.

► Manufacturing activity accelerated in February, while service sector activity expanded at a much slower pace. Survey commentary centered on strong demand amid logistics issues, while observations about labor shortages were less prominent than in prior reports.

► Fed Chair Jerome Powell testified before the House Financial Services and Senate Banking Committees. The Fed chair voiced his support for a rate hike at the upcoming March meeting but noted that officials could tighten at a faster clip if necessary to combat persistent inflation. Powell also acknowledged that geopolitical tensions have added uncertainty to the outlook, but have not shaken the Fed off its expected course.

Bond Markets

► U.S. Treasury yields continued their ascent higher across, with maturities between one and three years leading the charge, up 0.20% to 0.25%. The yield on the benchmark 2-year Treasury note rose from 1.18% to 1.43%, with momentum to rise further as the Fed nears liftoff.

► Treasury returns remained challenged in February as yields continued to reprice higher. The ICE BofA 1-, 5-, and 10-year constant maturity Treasury indices returned -0.16%, -0.43%, and -0.36%, respectively.

Equity Markets

► Equity markets remained risk-off in February as the Russia and Ukraine conflict intensified. The S&P 500 declined 3.0%, while the Dow Jones Industrial Average and the tech-heavy Nasdaq both fell 3.3%. European stocks were down a bit more, as the Euro Stoxx 50 index fell 6%.

► Commodity prices surged notably over the first week of March, especially those impacted by the Russian invasion of Ukraine. Crude oil prices briefly exceeded \$120 per barrel, the highest level since 2008. In addition, key commodities like corn, wheat, aluminum and iron ore were all up more than 20% YTD.

PFMAM Strategy Recap

► The Russian invasion of Ukraine has created significant geopolitical uncertainty. PFMAM will continue to carefully monitor developments in Ukraine for implications for the global economy, on companies with sales or operations in Russia or Ukraine, and on banks with loan exposure to the region.

► Given the expectation for the Fed to stay the course on the monetary policy tightening plans, we still expect Treasury yields to continue to move higher. As a result, we will maintain a modestly defensive duration bias relative to benchmarks.

► Investment-grade (IG) corporate spreads have widened meaningfully with much of the move attributed to the broad risk-off sentiment. Corporate valuations are now favorable, with increased carry and attractive credit roll-down. Although spreads are not expected to return to historic tightening, the sector could face additional pressure if the conflict between Russia and Ukraine worsens or if the domestic economy begins to slow. Stable corporate fundamentals and favorable financial conditions remain our baseline expectation for now, but inflation, labor shortages and supply chain issues headline important risks.

► Asset-backed securities (ABS) spreads have also widened notably and are now closer to historical averages. Spreads are still subject to general market volatility, but valuations have improved. Cumulative net losses and delinquencies are beginning to tick up, but remain comfortably within expected ranges.

► The mortgage-backed securities (MBS) sector remains under pressure as the impact of Fed balance sheet run-off and taper have largely been the culprit leading to poor performance from the sector. We continue to remain defensive and especially selective.

► In the money market space, short-term rates have moved materially higher, pricing the expected series of rate hikes. Short-term credit spreads also widened, as investors accumulated cash ahead of the March Fed meeting creating some supply/demand imbalances.

Fixed Income Investing: ESG Strategies & Key Considerations for Implementing an ESG Approach

InvestEd | March 2021

In the United States, sustainable investing continues to grow at a healthy pace. According to the 2020 Forum for Sustainable and Responsible Investment (U.S. SIF) report on U.S. Sustainable and Impact Investing Trends, domestic assets that incorporate sustainability into the investment process totaled \$17.1 trillion in 2020, which is a 42% increase since 2018. Incorporating Environmental, Social and Governance (ESG) is the primary sustainable investment approach with \$16.6 trillion of U.S. assets using this strategy to help achieve their sustainable investment objectives. The public sector is leading the way, representing 54% of institutional investor ESG assets.¹

There are several factors driving this substantial growth in ESG investing, including:

- ▶ The alignment of investment objectives with investor values
- ▶ A reduction in the investor impact on the environment, such as climate change and carbon output, pollution, and resource use
- ▶ Concerns about investor impact on social issues, such as community relations, human rights, and labor standards
- ▶ An increased focus on corporate governance
- ▶ Leveraging ESG to evaluate and help mitigate investment risk
- ▶ Addressing concerns raised by stakeholders
- ▶ Seeking to increase investment returns

**Institutional Investor ESG Assets,
by Investor Type, 2020¹**

**Sustainable Investing in
the United States, 2005-2020¹**

¹ U.S. SIF 2020 Report on Sustainable and Impact Investing Trends.

While more common in equity portfolios, ESG strategies may also be incorporated into fixed income portfolios using investments in corporate debt by leveraging a variety of approaches, including:

Top Performers Approach — This broad-based approach is generally referred to as “positive screening.” With this method, investment eligibility is typically based on an issuer’s ESG risk metrics, relative ESG performance within their industry or subindustry group and/or other criteria that the investor deems appropriate. This approach may also incorporate exclusions.

Industry Tilts — This approach is typically more appropriate for a portfolio that seeks to reduce ESG risk while also investing in accordance with an index. The investor adjusts issuer and industry weightings relative to index weightings based on issuer ESG risk metrics. For example, issuers with lower ESG risk would receive higher weightings, while issuers with higher ESG risk would receive lower weightings than the index weightings.

E, S or G Focused — This is a more narrowly focused ESG risk management approach. Implementation typically involves strategies designed to reduce exposure to environmental, social, or governance risks or specific ESG risk drivers, such as carbon output or human capital management. It may also incorporate exclusions.

Hybrid Approach — This is a combination of two or more of the above approaches, with adjustments based upon an investor’s preferences and objectives.

Selecting an Approach: Key Considerations

The appropriate ESG approach will vary by organization and depend on preferences, ESG objectives and other organizational goals. But how does one ultimately choose? We have developed the following process to assist in identifying, developing, and implementing the approach that seeks to meet your organization’s sustainable investment objectives.

Identify Sustainable Investment Priorities & Objectives. An important first step is to determine your organization’s sustainable investment objectives.

Questions to consider include:

- ▶ Is the goal exclusionary in nature? e.g., Is the primary objective to avoid investing in certain types of issuers or industries?
- ▶ Is the interest in sustainable investing driven by the desire to reduce ESG risk exposure? If so, is your organization interested in an inclusionary approach based on an issuer’s management of its material ESG risks?
- ▶ How important is it to align investment objectives with organizational values?
- ▶ Would an approach that combines exclusions and ESG strategies work best?

Review ESG Investment Approach Options. Once sustainable investment priorities and objectives are determined, we suggest identifying potential approaches to help your organization achieve its ESG objectives.

Define ESG Investment Parameters. Next, an investor should develop potential ESG investment parameters, which are the criteria or “rules” that will be applied to determine if an investment is eligible for inclusion in the portfolio. Examples of ESG criteria include ESG risk metric thresholds (e.g., limiting eligibility to issuers with medium or lower ESG risk), relative peer group rankings and industry exclusions.

Evaluate ESG Integration Impact. A critical step involves analyzing the impact of potential ESG investment parameters on the portfolio. For example, it is important to assess how potential ESG investment parameters may impact the universe of permitted investments and the ability to achieve appropriate diversification.

Update the Investment Policy. After finalizing the ESG investment parameters, the Investment Policy should be updated to document ESG investment goals and the approach applied to help achieve these goals. This may be accomplished by incorporating ESG specific language in the Policy or an addendum to the existing Policy.

Integrate ESG into the Investment Process. Once the updated Investment Policy language is approved, the ESG strategy may then be integrated into the investment process.

Monitor Results and Revise Approach as Needed. Monitoring results is important to help ensure that the ESG approach is being executed in accordance with the applicable ESG investment parameters. Monitoring also enables investors to determine if changes to ESG investment parameters are needed to better achieve goals or align the approach with their evolving sustainable investment objectives.

Conclusion

We work hand in hand with clients throughout this process and help them develop and implement ESG investment solutions customized to their sustainable investment objectives. This dynamic approach provides our clients with the flexibility to modify their ESG strategy as their sustainable investment objectives evolve.

For more information about how we can help you incorporate your ESG goals into your investment program, please contact us or your PFM Asset Management representative.

COVID-19 and the Arbitrage Requirements:

Impact for Tax-Exempt Issuers

Special Report | August 2021

Since the onset of the COVID-19 pandemic, many tax-exempt bond issuers are realizing the full extent of the impact the pandemic has had on their projects, plans and budgets. Among the many challenges faced, issuers must maintain compliance with federal tax law requirements — an ongoing and integral part of every tax-exempt financing program.

There have been many questions surrounding available relief from the Internal Revenue Service (IRS) with regard to the arbitrage rebate and yield restriction requirements for tax-exempt bonds found in the Treasury Regulations (the Regulations). There have been no additional extensions for IRS filing deadlines or other arbitrage-related time frames defined in the Regulations. This means:

- ▶ **Spending Exceptions:** Each 6-month benchmark interval from the issue date of the bonds still applies, no extensions of the spending period or change to the required percentage expenditures
- ▶ **Temporary Periods:** Applicable temporary periods to yield restriction for bond proceeds remain in effect, no extensions available
- ▶ **Calculation and Filing Requirements:** Installment arbitrage calculations are required as of every fifth bond year and on the final maturity or redemption date of the bonds; rebate and yield reduction payments to the IRS are due no later than 60 days after the computation date

Unspent Bond Proceeds: What do I do?

While some issuers are facing slower expenditures of bond proceeds and lengthened draw schedules due to the pandemic, others find themselves still sitting on small balances of bond proceeds remaining at the end of a project. Leaving bond proceeds unspent opens the door to unforeseen arbitrage implications since the arbitrage rebate, and yield restriction requirements apply to tax-exempt bonds for the entire life of the issue.

If a project is near or at completion and there is a small sum of bond proceeds remaining, the issuer should exercise due diligence to allocate the proceeds to one or more of the following uses:

- ▶ Identify additional qualified expenditures within the scope of the bond-financed project
- ▶ Allocate proceeds to the debt service fund to pay the interest due on the bonds — not principal
- ▶ Contact the local government investment pool or trustee bank to close out bond proceeds accounts promptly

If there is no other qualified use of the proceeds remaining, contact bond counsel and your financial advisors to consider establishing a defeasance escrow fund to redeem the outstanding principal of the bonds.

The chart below serves as a guide for issuers to monitor unspent bond proceeds balances during these uncertain times. Set a calendar reminder to review each fund prior to and as of the key arbitrage rebate and yield restriction compliance dates. As always, contact your arbitrage rebate consultant, bond counsel and financial advisors with questions!

What to Monitor	When to Monitor	What to do
Costs of Issuance	No later than 6 months after the issue date	Close account, transfer excess to the Project Fund or Debt Service Fund
Project Fund Spending Exception	Prior to 6-month benchmarks	Review spending one month prior to 6-month benchmark (no-catch-up provisions) and compare actual spending percentage to benchmark required percentages
Project Fund Yield Restriction	3 years after the issue date	Review unspent balance 3 months prior to the 3-year anniversary date, develop a plan to spend or reallocate
Debt Service Fund Bona Fide Test	Annually, each bond year	Compute 1/12th of prior year debt service to set target minimum account balance for next bond year, adjust deposits appropriately

Agenda

- Market Summary
- Account Summary
- Portfolio Review

Market Summary

Summary

► In Q4, U.S. economic conditions were characterized by: (1) a surge in COVID cases as the Omicron variant spread widely; (2) a sharply falling unemployment rate, rising wages, and near-record number of job openings; (3) stickier-than-expected inflation as pent-up consumer demand clashed with continued global supply chain disruptions amid a tight labor market and; (4) a pivot by the Fed to remove monetary accommodation more quickly, setting the stage for rate hikes to begin sooner than previously expected.

► The public health situation remained precarious with the emergence of the Omicron variant to COVID-19. The surge in new cases affected small businesses already challenged by labor shortages and rising prices due to supply chain challenges. The labor market continued to recover, with the unemployment rate falling to a cycle low, plentiful job opportunities and rising wages. Although the economy has largely rebounded from the pandemic-induced recession, the massive monetary and fiscal support from the Fed and Congress has triggered a multi-decade surge in inflation.

► While growth is forecast to remain above trend, the real challenge for 2022 is getting inflation down. Mounting inflationary pressures prompted accelerated tapering of bond purchases by the Fed and pulled forward expected rate hikes. Tapering is expected to be complete by mid-March followed by three rate hikes in 2022. The Fed may also let some of its \$8.7 trillion balance sheet roll off sometime later in the year.

Economic Snapshot

► U.S. real GDP growth slowed sharply in Q3 to a modest 2.3%, well below the 6.5% growth rate in the first half of 2021. The lackluster growth reflected a slowdown in consumer spending as the Delta variant dampened confidence and behavior. Personal consumption grew at just 2% compared to the previous quarter's 12%. Nevertheless, economists predict a solid rebound for Q4, with the Atlanta Fed forecasting growth of over 6%.

► The unemployment rate dropped to 3.9% in December, compared to the record low pre-pandemic level of 3.5%. In the past 50 years, unemployment has only been lower during the 22 months prior to the pandemic and for one month in 2000. Although the U.S. economy added a record 6.4 million jobs in 2021, overall employment remains below its pre-pandemic figure largely due to people dropping out of the labor force. This imbalance created a shortage of workers and kept pressure on wages as employers battle to attract and retain workers.

► Inflation was shockingly high, with the CPI reaching 7% year-over-year. Sharply higher prices for gasoline, heating oil and other energy products were most pronounced. New and used cars continued to show large price increases, but inflation became more widespread and persistent.

► Manufacturing and services activity chilled a bit with both the ISM Manufacturing and Non-Manufacturing PMI surveys pulling back at quarter end. Nonetheless, both indices remain well above the 50-point threshold indicating growth.

► Demand for homes remained exceptionally strong, but inventories are lean, leading to even higher prices. Higher prices amid higher mortgage rates will negatively affect affordability and present a headwind to further price increases. Existing home sales rose

by 1.9% to a 6.46 million-unit annual rate in November, marking the third consecutive month of increases, while unseasonably mild weather helped boost housing starts by 12%. Bolstered by near-record-low inventories and high backlogs, home builder confidence is near an all-time high.

Interest Rates

► U.S. Treasury yields generally rose in the quarter and the yield curve flattened, as short- to intermediate-term maturities increased between 30 and 40 bps, led higher by expectations for faster Fed rate hikes. Meanwhile, rate changes were more muted to modestly lower on the longer end of the curve, which reflected expectations for longer-term normalization of inflation and GDP growth. At quarter-end, the yield on a 3-month U.S. Treasury Bill stood at 0.03%, the 2-year note rose to 0.73%, the 5-year note climbed to 1.26%, the 10-year note increased to 1.51%, while the 30-year ended the quarter at 1.90%.

► As a result of yield changes over the quarter, U.S. Treasury returns were largely negative, except for the shortest and longest tenors. For example, the 3-month U.S. Treasury index returned 0.01% for the quarter and the 10-year U.S. Treasury index returned 0.75%. Meanwhile, those indexes representing the "belly" of the curve posted negative returns, with the 2-, 3-, and 5-year Treasury indices returning -0.51%, -0.85%, and -0.90%, respectively.

Sector Performance

► Investment in non-government sectors was a modest detractor to portfolio performance in Q4 as yield spreads on most investment-grade (IG) fixed-income sectors widened off recent rock bottom levels. As a result, most IG spread sectors produced negative excess returns for Q4, underperforming similar-maturity Treasuries.

► Federal agencies were not immune to the broad spread widening experienced in Q4, generating slightly negative excess returns. Although callable yield spreads widened modestly over the quarter due to an uptick in volatility, spreads generally remained low. Non-callable agencies markedly outperformed their optionable counterparts.

► The taxable municipal sector was one of the best performing IG sectors during Q4, generating positive excess returns. Municipals performed well as lean supply was met with robust demand for new issues, ultimately keeping spreads in check.

► IG corporates slightly underperformed in Q4 after consistently being one of the top-performing sectors in prior quarters, as incremental spreads widened due to rising rates and the prospects for reduced monetary support from the Fed. As a result, IG corporates posted negative excess returns, with longer duration issues underperforming shorter ones. Underperformance was generally consistent across the quality ratings spectrum.

► Federal agency-backed mortgage-backed security (MBS) excess returns were generally negative across most collateral and coupon types except 15-year MBS pass-throughs. Conventional 15-year collateral generated modest outperformance, while 30-year collateral MBS and Agency CMBS underperformed. The Fed's announcement of accelerated asset purchase tapering and the looming balance sheet reduction in combination with slowing refinancing activity has weighed on the sector. It is likely to persist for at least the near term.

Important Disclosures

This material is for general information purposes only and is not intended to provide specific advice or a specific recommendation, as it was prepared without regard to any specific objectives or financial circumstances.

Investment advisory services are provided by PFM Asset Management LLC ("PFMAM"), an investment adviser registered with the U.S. Securities and Exchange Commission and a subsidiary of U.S. Bancorp Asset Management, Inc. ("USBAM"). USBAM is a subsidiary of U.S. Bank National Association ("U.S. Bank"). U.S. Bank is a separate entity and subsidiary of U.S. Bancorp. U.S. Bank is not responsible for and does not guarantee the products, services or performance of PFMAM. The information contained is not an offer to purchase or sell any securities. Additional applicable regulatory information is available upon request.

PFMAM professionals have exercised reasonable professional care in the preparation of this performance report. Information in this report is obtained from sources external to PFMAM and is generally believed to be reliable and available to the public; however, we cannot guarantee its accuracy, completeness or suitability. We rely on the client's custodian for security holdings and market values. Transaction dates reported by the custodian may differ from money manager statements. While efforts are made to ensure the data contained herein is accurate and complete, we disclaim all responsibility for any errors that may occur. References to particular issuers are for illustrative purposes only and are not intended to be recommendations or advice regarding such issuers. Fixed income manager and index characteristics are gathered from external sources. When average credit quality is not available, it is estimated by taking the market value weights of individual credit tiers on the portion of the strategy rated by a NRSRO.

It is not possible to invest directly in an index. The index returns shown throughout this material do not represent the results of actual trading of investor assets. Third-party providers maintain the indices shown and calculate the index levels and performance shown or discussed. Index returns do not reflect payment of any sales charges or fees an investor would pay to purchase the securities they represent. The imposition of these fees and charges would cause investment performance to be lower than the performance shown.

The views expressed within this material constitute the perspective and judgment of PFMAM at the time of distribution and are subject to change. Any forecast, projection, or prediction of the market, the economy, economic trends, and equity or fixed-income markets are based upon certain assumptions and current opinion as of the date of issue and are also subject to change. Some, but not all assumptions are noted in the report. Assumptions may or may not be proven correct as actual events occur, and results may depend on events outside of your or our control. Changes in assumptions may have a material effect on results. Opinions and data presented are not necessarily indicative of future events or expected performance.

Important Disclosures

- Market values that include accrued interest are derived from closing bid prices as of the last business day of the month as supplied by Refinitiv, Bloomberg, or Telerate. Where prices are not available from generally recognized sources, the securities are priced using a yield-based matrix system to arrive at an estimated market value.
- In accordance with generally accepted accounting principles, information is presented on a trade date basis; forward settling purchases are included in the monthly balances, and forward settling sales are excluded.
- Performance is presented in accordance with the CFA Institute's Global Investment Performance Standards (GIPS). Unless otherwise noted, performance is shown gross of fees. Quarterly returns are presented on an unannualized basis. Returns for periods greater than one year are presented on an annualized basis. Past performance is not indicative of future returns.
- Bank of America/Merrill Lynch Indices provided by Bloomberg Financial Markets.
- Money market fund/cash balances are included in performance and duration computations.
- Standard & Poor's is the source of the credit ratings. Distribution of credit rating is exclusive of money market fund/LGIP holdings.
- Callable securities in the portfolio are included in the maturity distribution analysis to their stated maturity date, although, they may be called prior to maturity.
- MBS maturities are represented by expected average life.

Glossary

- **Accrued Interest:** Interest that is due on a bond or other fixed income security since the last interest payment was made.
- **Agencies:** Federal agency securities and/or Government-sponsored enterprises.
- **Amortized Cost:** The original cost of the principal of the security is adjusted for the amount of the periodic reduction of any discount or premium from the purchase date until the date of the report. Discount or premium with respect to short-term securities (those with less than one year to maturity at time of issuance) is amortized on a straight line basis. Such discount or premium with respect to longer-term securities is amortized using the constant yield basis.
- **Asset-Backed Security:** A financial instrument collateralized by an underlying pool of assets – usually ones that generate a cash flow from debt, such as loans, leases, credit card balances, and receivables.
- **Bankers' Acceptance:** A draft or bill of exchange accepted by a bank or trust company. The accepting institution guarantees payment of the bill as well as the insurer.
- **Commercial Paper:** An unsecured obligation issued by a corporation or bank to finance its short-term credit needs, such as accounts receivable and inventory.
- **Contribution to Total Return:** The weight of each individual security multiplied by its return, then summed for each sector to determine how much each sector added or subtracted from the overall portfolio performance.
- **Effective Duration:** A measure of the sensitivity of a security's price to a change in interest rates, stated in years.
- **Effective Yield:** The total yield an investor receives in relation to the nominal yield or coupon of a bond. Effective yield takes into account the power of compounding on investment returns, while nominal yield does not.
- **FDIC:** Federal Deposit Insurance Corporation. A federal agency that insures bank deposits to a specified amount.
- **Interest Rate:** Interest per year divided by principal amount and expressed as a percentage.
- **Market Value:** The value that would be received or paid for an investment in an orderly transaction between market participants at the measurement date.
- **Maturity:** The date upon which the principal or stated value of an investment becomes due and payable.
- **Negotiable Certificates of Deposit:** A CD with a very large denomination, usually \$1 million or more, that can be traded in secondary markets.
- **Par Value:** The nominal dollar face amount of a security.
- **Pass-through Security:** A security representing pooled debt obligations that passes income from debtors to its shareholders. The most common type is the mortgage-backed security.

Glossary

- Repurchase Agreements: A holder of securities sells these securities to an investor with an agreement to repurchase them at a fixed price on a fixed date.
- Settle Date: The date on which the transaction is settled and monies/securities are exchanged. If the settle date of the transaction (i.e., coupon payments and maturity proceeds) occurs on a non-business day, the funds are exchanged on the next business day.
- Supranational: A multinational union or association in which member countries cede authority and sovereignty on at least some internal matters to the group, whose decisions are binding on its members.
- Trade Date: The date on which the transaction occurred; however, the final consummation of the security transaction and payment has not yet taken place.
- Unsettled Trade: A trade which has been executed; however, the final consummation of the security transaction and payment has not yet taken place.
- U.S. Treasury: The department of the U.S. government that issues Treasury securities.
- Yield: The rate of return based on the current market value, the annual interest receipts, maturity value, and the time period remaining until maturity, stated as a percentage on an annualized basis.
- YTM at Cost: The yield to maturity at cost is the expected rate of return based on the original cost, the annual interest receipts, maturity value, and the time period from purchase date to maturity, stated as a percentage on an annualized basis.
- YTM at Market: The yield to maturity at market is the rate of return based on the current market value, the annual interest receipts, maturity value, and the time period remaining until maturity, stated as a percentage on an annualized basis.

Exceptions to Professional Services Agreement

Exceptions to Professional Services Agreement

Page 2

3.2.4 Substitution of Key Personnel. Consultant has represented to WRCOG that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant ~~shall (i) notify the WRCOG's Representative (as hereinafter defined) of any resulting substitution, (ii) introduce the individual serving as the replacement to the WRCOG's Representative, and (iii) provide the WRCOG's Representative with a résumé and any other information regarding the individual that may be reasonably requested by WRCOG. may substitute other personnel of at least equal competence upon written approval of WRCOG.~~ In the event that WRCOG and Consultant cannot agree as to the substitution of key personnel, WRCOG shall be entitled to terminate this Agreement for ~~cause~~ convenience. As discussed below, any personnel who fail or refuse to perform the Services in a manner acceptable to WRCOG, or who are determined by the WRCOG to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, or a threat to the safety of persons or property, shall be promptly removed from the Project by the Consultant at the request of the WRCOG. The key personnel for performance of this Agreement are as follows:

***Explanation:** PFM Asset Management LLC (PFMAM) respectfully requests that changes to key personnel be conditioned upon notice to WRCOG. If a key personnel dies, becomes incapacitated or otherwise leaves employment, PFMAM cannot bring a replacement on board until WRCOG provides its written approval of that replacement. Because PFMAM would be monitoring the portfolio on a nondiscretionary basis (it was hard to tell from the RFP whether this would be nondiscretionary), PFMAM is charged with daily monitoring of the portfolio and must be able to respond immediately to changing credit quality of portfolio securities and market conditions (such as those occurring at the onset of the pandemic). If making a replacement or addition is dependent upon WRCOG approval and PFMAM has no control over the timing of that approval process, PFMAM may be precluded from providing uninterrupted monitoring of the portfolio. PFMAM respectfully requests that instead, PFMAM would provide WRCOG prompt notice of any replacement or addition, provide to WRCOG the résumé of the replacement or addition, an opportunity for WRCOG to interview or otherwise meet the individual, and an assurance to WRCOG that the replacement or addition does not have a lesser standard of qualification. If WRCOG is nevertheless dissatisfied with such replacement or addition, WRCOG is always free to terminate the agreement for convenience.*

Page 3

3.2.10 Insurance.

3.2.10.1 Time for Compliance. Consultant shall not commence the Services under this Agreement until it has provided evidence satisfactory to WRCOG that it ~~maintains~~ has secured all insurance required under this section, in a form and with insurance companies acceptable to WRCOG. In addition, Consultant shall not allow any sub-contractor to commence work on any subcontract until it has provided evidence satisfactory to WRCOG that the sub- contractor ~~maintains~~ has secured all insurance required under this section or insurance commensurate with the services they provide.

3.2.10.2 Minimum Requirements. Consultant shall, at its expense, ~~procure and maintain~~ for the duration of the Agreement, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Agreement by the Consultant, its agents, representatives, employees or sub-contractors. Consultant shall also require all of its sub-contractors to ~~procure and maintain~~ the same insurance or insurance commensurate with ~~for~~ the services they provide ~~for duration of~~ the duration of the Agreement. Such insurance shall meet at least the following minimum levels of coverage:

(A) Minimum Scope of Insurance. Coverage shall be at least as broad as the latest version of the following: (1) General Liability: Insurance Services Office

Commercial General Liability coverage (occurrence form CG 0001 or ~~exact~~-equivalent); (2) Automobile Liability: Insurance Services Office Business Auto Coverage (form CA 0001, code 1 (any auto) or ~~exact~~ equivalent); and (3) Workers' Compensation and Employer's Liability: Workers' Compensation insurance as required by the State of California and Employer's Liability Insurance.

Page 4

3.2.10.3 Professional Liability. **[INCLUDE ONLY IF APPLICABLE - DELETE OTHERWISE]** Consultant shall ~~procure and~~ maintain, and require its sub-consultants to ~~procure and~~ maintain ~~(if applicable)~~, for a period of ~~three~~~~five~~ (3) (5) years following completion of the Services, errors and omissions liability insurance appropriate to their profession. Such insurance shall be in an amount not less than \$2,000,000 per claim. **[INCREASE IF NECESSARY - OTHERWISE LEAVE AS IS AND DELETE THIS NOTE]** This insurance shall ~~be endorsed to include contractual liability applicable to this Agreement and shall~~ be written on a policy form coverage specifically designed to protect against acts, errors, or omissions of the Consultant. ~~"Covered Professional Services" as designated in the policy must specifically include work performed under this Agreement.~~ The policy must "pay on behalf of" the insured and must include a provision establishing the insurer's duty to defend.

3.2.10.4 Insurance Endorsements. The insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms supplied or approved by WRCOG to add the following provisions to the insurance policies:

(A) General Liability.

(i) Commercial General Liability Insurance must include coverage for (1) Bodily Injury and Property Damage; (2) Personal Injury / Advertising Injury; (3) Premises / Operations Liability; (4) Products / Completed Operations Liability; ~~(5) Aggregate Limits that Apply per Project;~~ (6) Explosion, Collapse and Underground (UCX) exclusion deleted; (7) Contractual Liability with respect to this Agreement; (8) Broad Form Property Damage; and (9) Independent Consultants Coverage.

(ii) The policy shall contain no endorsements or provisions limiting coverage for ~~(1) contractual liability;~~ (2) cross liability exclusion for claims or suits by one insured against another; ~~or (3) contain any other exclusion contrary to the Agreement.~~

Page 5

(D) All Coverages. Defense costs shall be payable in addition to the General Liability and Automobile Liability limits set forth hereunder. Requirements of specific coverage or limits contained in this section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance. It shall be a requirement under this Agreement that any available insurance proceeds broader than or in excess of the specified minimum insurance coverage requirements and/or limits set forth herein shall be available to WRCOG, its Directors, officials, officers, employees, volunteers and agents as additional insureds under said policies. Furthermore, the requirements for coverage and limits shall be (1) the minimum coverage and limits specified in this Agreement; or (2) the broader coverage and maximum limits of coverage of any Insurance policy or proceeds available to the named insured; whichever is greater.

(i) The limits of insurance required in this Agreement may be satisfied by a combination of primary and umbrella or excess insurance. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such General Liability or Automobile Liability coverage shall also apply on a primary and non-contributory basis for the benefit of WRCOG (if agreed to in a written contract or agreement) before WRCOG's own insurance or self-insurance shall be called upon to protect it as a named insured. The

umbrella / excess policy shall be provided on a "following form" basis with coverage at least as broad as provided on the underlying policy(ies).

(ii) Consultant shall provide WRCOG at least thirty (30) days prior written notice of cancellation of ~~any the required General Liability, Automobile Liability and Workers Compensation policies~~ policy required by this Agreement, except that the Consultant shall provide at least ten (10) days prior written notice of cancellation of any such policy due to non-payment of premium. If any of the required coverage is cancelled or expires during the term of this Agreement, the Consultant shall deliver renewal certificate(s) including the General Liability Additional Insured Endorsement to WRCOG at least ten (10) days ~~after prior to~~ the effective date of cancellation or expiration.

Page 6

(iii) ~~For the policies which are written on a Claims Made basis, the~~ The retroactive date (if any) of each policy is to be no later than the effective date of this Agreement. Consultant shall maintain such coverage continuously for a period of at least three years after the completion of the work under this Agreement. Consultant shall purchase a one (1) year extended reporting period A) if the retroactive date is advanced past the effective date of this Agreement; B) if the policy is cancelled or not renewed; or C) if the policy is replaced by another claims-made policy with a retroactive date subsequent to the effective date of this Agreement.

(v) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, WRCOG has the right but not the duty to ~~obtain the insurance it deems necessary, and any premium paid by WRCOG will be promptly reimbursed by Consultant or WRCOG will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, WRCOG may cancel this Agreement. WRCOG may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.~~

~~(vi) Neither WRCOG nor any of its Directors, officials, officers, employees, volunteers or agents shall be personally responsible for any liability arising under or by virtue of this Agreement.~~

3.2.10.5 Separation of Insureds; No Special Limitations. ~~Except in regard to the Professional Liability insurance, all~~ All insurance required by this Section shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to WRCOG, its Directors, officials, officers, employees, agents, and volunteers.

3.2.10.6 Deductibles and Self-Insurance Retentions. ~~Any deductible or self-insured retention is the sole responsibility of the Contractor. Any deductibles or self-insured retentions must be declared to and approved by WRCOG. Consultant shall guarantee that, at the option of WRCOG, either: (1) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects WRCOG, its Directors, officials, officers, employees, agents, and volunteers; or (2) the Consultant shall procure a bond guaranteeing payment of losses and related investigation costs, claims, and administrative and defense expenses.~~

3.2.10.8 Verification of Coverage. Consultant shall furnish WRCOG with original certificates of insurance and endorsements effecting coverage required by this Agreement on forms satisfactory to WRCOG. The certificates ~~and endorsements~~ for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf and shall be on forms provided by WRCOG if requested. All certificates and endorsements must be received and approved by WRCOG before work commences. ~~WRCOG reserves the right to require complete, certified copies of all required insurance policies, at any time.~~

Page 7

3.2.10.9 Sub-consultant Insurance Requirements. Consultant shall not allow any sub-contractors or sub-consultants to commence work on any sub-contract until they have provided evidence satisfactory to WRCOG that they ~~have secured~~ maintain all insurance required under this section or insurance commensurate with the services they provide. Policies of commercial general liability insurance provided by such sub-contractors or sub-consultants shall be endorsed to name WRCOG as an additional insured using ISO Form CG 20 38 04 13 or an endorsement providing the exact same coverage. If requested by Consultant, WRCOG may approve different scopes or minimum limits of insurance for particular sub-contractors or sub-consultants.

3.3.2 Payment of Compensation. Consultant shall submit to WRCOG a monthly itemized statement which indicates work completed ~~and hours of service rendered~~ by Consultant. The statement shall describe the amount of Services and supplies provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. WRCOG shall, within 45 days of receiving such statement, review the statement and pay all approved charges thereon.

Explanation: PFM Asset Management LLC (PFMAM) respectfully notes that it is proposing a fee which is calculated as a percentage of the value of assets managed. Accordingly, invoices for such fees would not identify hours worked by PFMAM personnel.

Page 8

3.5.1.1 Grounds for Termination. WRCOG may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least ~~thirtyseven (307)~~ days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those services which have been adequately rendered to WRCOG, and Consultant shall be entitled to no further compensation. ~~Consultant may not terminate this Agreement except for cause.~~ Consultant may terminate this Agreement for a material breach of its terms by WRCOG upon WRCOG's failure to cure such material breach within thirty (30) days after written notice thereof.

Explanation: PFM Asset Management LLC (PFMAM) respectfully requests changes to the notice of termination provision to provide sufficient time to transition management of the portfolio securities, and to clarify the manner in which PFMAM may terminate the PSA for cause.

Page 10

3.5.3.3 Confidentiality. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other Documents & Data either created by or provided to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant. Such materials shall not, without the prior written consent of WRCOG, be used by Consultant for any purposes other than the performance of the Services. Nor shall such materials be disclosed to any person or entity not connected with the performance of the Services or the Project, unless such disclosure is required by law or by regulatory or judicial process. Nothing furnished to Consultant which is otherwise known to Consultant or is generally known, or has become known, to the related industry shall be deemed confidential. Consultant shall not use WRCOG's name or insignia, photographs of the Project, or any publicity pertaining to the Services or the Project in any magazine, trade paper, newspaper, television, or radio production or other similar medium without the prior written consent of WRCOG.

Explanation: PFM Asset Management LLC (PFMAM) respectfully requests the opportunity to negotiate the confidentiality language in any resulting agreement to allow PFMAM to disclose confidential information

if PFMAM is required to do so by law or regulatory or judicial process. If PFMAM is served with a subpoena requiring the production of the confidential information, we need to be able to comply with the subpoena, without that compliance constituting a breach of any resulting agreement.

3.5.6 Indemnification. Consultant shall defend, indemnify, and hold WRCOG, its Directors, officials, officers, consultants, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury, in law or equity, to property or persons, including wrongful death, in any manner arising out of or incident to any alleged negligent acts, or omissions, or willful misconduct of Consultant, its officials, officers, employees, agents, consultants and contractors, arising out of or in connection with the performance of the Services, the Project or this Agreement, including without limitation the payment of all consequential damages and attorneys' fees and other related costs and expenses. Consultant shall defend, at Consultant's own cost, expense, and risk, any and all such aforesaid suits, actions, or other legal proceedings of every kind that may be brought or instituted against WRCOG, its Directors, officials, officers, consultants, employees, agents or volunteers. Consultant shall pay and satisfy any judgment, award, or decree that may be rendered against WRCOG or its Directors, officials, officers, consultants, employees, agents, or volunteers, in any such suit, action or other legal proceeding. Consultant shall reimburse WRCOG and its Directors, officials, officers, consultants, employees, agents, or volunteers, for any and all legal expenses and costs, including reasonable attorneys' fees, incurred by each of them in connection therewith or in enforcing the indemnity herein provided. Consultant's obligation to indemnify shall not be restricted to insurance proceeds, if any, received by WRCOG, its Directors, officials, officers, consultants, employees, agents, or volunteers. This section shall survive any expiration or termination of this Agreement. Notwithstanding the foregoing, to the extent Consultant's Services are subject to Civil Code Section 2782.8, the above indemnity shall be limited, to the extent required by Civil Code Section 2782.8, to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant.

Explanation: *PFM Asset Management LLC (PFMAM) respectfully requests the opportunity to negotiate the indemnification language in any resulting agreement so that PFMAM's obligation to indemnify is limited to circumstances in which its performance has been wrongful, which would include negligent acts or omissions or willful misconduct.*

If PFM Asset Management LLC is awarded the engagement, we respectfully request the inclusion of certain provisions in the resulting contract that are driven by our status as an investment advisor registered under the Investment Advisers Act of 1940 (e.g., registered advisor description; conflict of interest provision; our maintenance of books and records; and our brochure and brochure supplement [Form ADV, Parts 2A and 2B]).

Dear WRCOG RFP Committee:

I would like to extend my appreciation for the long standing working relationship between
The Western Riverside Council of Governments and Citizenstrust.

Citizenstrust's Asset Management approach to managing wealth for each client centers on independent, objective, and conflict-free advice. We do not charge commissions nor do we mark-up securities to sell to clients. Among our strengths is a dedicated team of experienced wealth management professionals with expertise across a wide range of investments and assets.

As of December 31, 2021, Citizenstrust Wealth Management had approximately \$3.45 billion in assets under management and administration, including \$2.50 billion in managed assets.

California State and Local Agency relationships are unique in that investment decisions are governed by individual Agency Investment Policy Statements while also adhering to the California Investment Code agency guidelines. WRCOG resolution 44-18 adopting the WRCOG Revised Investment Policy articulates the quality, diversity and allocation parameters essential for the maintenance and compliance of the WRCOG managed asset portfolio.

Citizenstrust RFP response to the WRCOG RFP 22-3 highlights Citizenstrust personnel, policies and procedures in place designed to protect invested funds, generate competitive return and comply with Federal, State and Local laws governing the prudent investment management and advisory service requirements for WRCOG managed assets. Citizenstrust is fully committed to the Mission of WRCOG.

Sincerely,

Stephen Hill

CitizensTrust utilizes stocks, bonds, and other asset classes including real estate to build, manage, and monitor client assets on a systematic and disciplined basis. Portfolio allocations, or the asset mix, is dependent on each client's unique goals, time horizon, and risk appetite.

Client Profile

CITIZENSTRUST GOVERNMENT PORTFOLIO INVESTMENT PROCESS

INVESTMENT PROCESS

INVESTMENT PROCESS

CITIZENSTRUST

3/9/2022

Short-term Yields

	Maturity						
	1 Yr	18 Months	2 Yrs	30 Months	3 Yrs	4 Yrs	5 Yrs
Corporates (A)	1.54	1.94	2.04	2.18	2.33	2.49	2.61
Corporates (BBB)	1.85	2.11	2.37	2.53	2.70	2.89	3.00
Gov't Agency	1.25	1.55	1.95	2.03	2.10	2.25	2.35
Money Market CBB	0.15	0.15	0.15	0.15	0.15	0.15	0.15
Treasury	1.09	1.50	1.65	1.77	1.83	1.85	1.85

CitizensTrust cannot guarantee we can achieve these actual yields.

This represents approximate yields on government agency, corporate, and US Treasury issues as well as money-market yields as of 3/9/2022.

CitizensTrust fixed-income portfolios typically hold bonds of various categories that include both government and non-government issues. This table represents some of these categories but not all.

The yield curve steepens sharply from 1-3 years, and then flattens somewhat after 3 years for government bonds; corporate bonds remain steep out to 10 years. Additionally, 1-year government agencies are typically in short supply and do not yield much more than US Treasuries of comparable maturities. Going to 18-24 months can provide more choices.

Also: Money-market and ultrashort bond yields remain low. However, even these yields have begun to rise in anticipation of the Federal Reserve Board beginning interest-rate increases at next week's meeting.

INVESTMENT PROCESS

REVIEW CALIFORNIA GOVERNMENT CODE ANALYSIS AGAINST WRCOG AGENCY INVESTMENT POLICY STATEMENT TO IDENTIFY MOST RESTRICTIVE PARAMETERS.

IPS AUTHORIZED SUITABLE INVESTMENTS :

US TREASURY INSTRUMENTS UNLIMITED

FEDERAL AGENCY SECURITIES UNLIMITED

SUPRANATIONAL OBLIGATIONS WITH RESTRICTIONS.

MUNICIPAL DEBT WITH RESTRICTIONS.

MEDIUM TERM NOTES WITH RESTRICTIONS.

NEGOTIABLE CD'S WITH RESTRICTIONS.

ASSET BACKED SECURITIES WITH RESTRICTIONS.

COMMERCIAL PAPER WITH MULTIPLE RESTRICTIONS.

LAIF SELF IMPOSED RESTRICTIONS.

LGIP'S INVESTING IN SECURITIES AND OBLIGATIONS SECTION 6509.7

MONEY MARKET FUNDS WITH RESTRICTIONS.

CITIZENSTRUST INVESTMENT PHILOSOPHY TO OFFER SUPERIOR RISK REWARD PORTFOLIOS TO THE CLIENT WHILE MAINTAINING AN OVERALL COST STRUCTURE THAT IS BENEFICIAL TO THE CLIENT. CITIZENSTRUST FOCUS ON A BLEND OF ACTIVE AND PASSIVE MANAGEMENT. WE INVEST ACTIVELY WHERE WE FEEL THERE ARE OPPORTUNITIES TO ADD ALPHA TO A CLIENT PORTFOLIO WITHOUT INCREASING THE OVERALL COST OR RISK. THE APPROACH COMPARES OUR ACTIVE OPTIONS DIRECTLY AGAINST OUR PASSIVE OPTIONS. CITIZENSTRUST PROPRIETARY STRATEGIES DO NOT CARRY ANY ADDITIONAL COSTS FOR CLIENTS, RESULTING IN NO OUTSIDE MANAGER FEES AND MORE CONTROLLABLE TRADING COSTS.

SAMPLE IPS ASSET ALLOCATION

STRATEGY 1 - CONSERVATIVE

NOTE: ALL STRATEGIES COMPLY WITH
CALIFORNIA GOVERNMENT CODE.

STRATEGY 2 – MORE CONSERVATIVE

STRATEGY 3 – MOST CONSERVATIVE

NOTE: ALL STRATEGIES COMPLY WITH

SCOPE OF WORK SUMMARY

FIXED INCOME INVESTING REQUIRES CITIZENSTRUST TAKE A LONG-TERM INVESTMENT APPROACH. CITIZENSTRUST WILL WORK WITH WRCOG TO DETERMINE THE BEST ASSET MIX WITH STRICT ATTENTION TO THE WRCOG INVESTMENT POLICY STATEMENT, MAINTAINING OVERALL PORTFOLIO MANDATES EXPRESSED IN THE WRCOG IPS AND CA. STATE INVESTMENT CODE.

ALL CITIZENSTRUST FIXED INCOME PORTFOLIOS MEET INVESTMENT GRADE STANDARD. CITIZENSTRUST REGULARLY MONITORS THE CREDIT QUALITY OF ALL BONDS IN OUR CLIENT PORTFOLIOS.

THE WRCOG IPS USES NATIONAL STATISTICAL RATINGS ORGANIZATION STANDARDS OF “A” OR BETTER FOR MANY OF THE SUITABLE INVESTMENTS IDENTIFIED ON PAGE 13. IN ADDITION NO MORE THAN 5% OF THE INVESTABLE ASSETS WILL BE INVESTED WITH ANY SINGLE ISSUER, WITH EXCEPTIONS.

MATURITIES WILL BE MANAGED ACCORDING TO WEIGHTED AVERAGE NOT EXCEEDING 3 YEARS, WITH EXCEPTIONS. CITIZENSTRUST WILL COORDINATE WITH WRCOG TO STRATEGICALLY MANAGED LIQUIDITY NEEDS.

THE FOCUS ON MANAGING INTEREST RATE RISK WILL BE PARAMOUNT IN A RISING INTEREST RATE ENVIRONMENT. LADDERING SHORTER MATURITIES IN THE CURRENT INCREASING INTEREST RATE ENVIRONMENT WILL LIMIT EXPOSURE TO BOND PRICE VOLATILITY, INCREASE SHORT TERM MATURITY CAPITAL FOR REINVESTMENT. IMPROVING RATE REINVESTMENT WILL INCREASE THE PORTFOLIO AVERAGE YIELD PROJECTIONS AS YIELDS IMPROVE. IN LINE WITH THE WEIGHTED AVERAGE NOT EXCEEDING 3 YEARS.

WRCOG BENCH MARK HAS NOT BEEN DETERMINED, NOTED IN WRCOG IPS. CITIZENSTRUST GOVERNMENT ACCOUNT BENCHMARK:

90% BLOOMBERG U. S. GOVERNMENT 1-3 YEARS.

10% BOFA US TREASURY 3 MONTH.

WRCOG PERFORMANCE STANDARD ARTICULATES A COMMITMENT TO ACTIVE MANAGEMENT. CITIZENSTRUST MANAGEMENT TEAM IDENTIFIED THAT A SIGNIFICANT COMMITMENT TO PORTFOLIO PRE PLANNING, ASSET EVALUATION, ASSET DIVERSITY, 3 YEAR WEIGHTED AVERAGE PORTFOLIO MATURITY AND REGULAR PORTFOLIO MEETINGS WILL SIGNIFICANTLY REDUCE THE PROBABILITY OF PORTFOLIO LIQUIDATIONS PRIOR TO MATURITY.

WRCOG is interested in obtaining the following services which Citizenstrust will provide.

1. Provide assurance of portfolio compliance with applicable policies and laws and the Agency's Investment Policy.
2. Assist in reviewing and updating the Agency's Investment Policy and make any recommendations that are necessary. Guidelines to include statement of purpose, definition of roles and responsibilities, establish investment objectives and goals, develop asset allocation, establish investment guidelines and portfolio limitations, and define process for performance monitoring and rebalancing.
3. Develop and implement sound investment strategies that will maximize the portfolio's performance within the parameters of the adopted investment policy and California government codes. Continuously review the investment strategy and make recommendations to adjust portfolio based on changes in market conditions and other relevant factors and/or propose revisions to investment policy.
4. Provide technical and fundamental market research including yield curve analysis.
5. Provide credit analysis of investment instruments in the portfolio.
6. At a minimum, attend quarterly Finance Director's Committee meetings to present on the performance of the portfolio and the current state of the economy, financial markets, and other factors that may affect the portfolio and local region.
7. Provide quarterly investment reports for the portfolio, detailing holdings, composition, sector analysis return, weighted average maturity and daily transaction activity. Additionally, prepare annual GASB 34 disclosures and other investment-related reports required by the Agency to submit its Annual Comprehensive Financial Report

BUDGET -FEES

CITIZENSTRUST™

Schedule of Fees

Liquidity Management (6803)

On first \$10 million.....	0.20%
On next \$20 million	0.15%
On the balance.....	0.10%

Minimum Fee.....\$10,000

- Fees are subject to change at any time.
- Fees for certain other services, including tax services, are quoted in separate fee schedules.
- Reasonable fees for extraordinary services, which are provided beyond those considered to be ordinary or customary, are charged in an amount commensurate with the services rendered.
- Certain types of investments, such as mutual funds, international instruments, and the use of sub-advisors, may incur additional expenses. These costs vary by fund, instrument and sub-advisor.
- Fees typically are charged monthly in arrears on a pro-rated scale based on the most recently available market data.

CITIZENSTRUST™

RFP Stated BUDGET PARAMETERS:

Currently WRCOG pays between 5 to 10 basis points on the actively managed portion of its portfolio. It does not pay basis points on accounts held with LAIF, CAMP, etc. Fees have been reduced at times to assist in achieving the portfolio's goals.

Based on the continuity of the WRCOG portfolio Citizenstrust will provide all Investment Management services mentioned in this RFP and additional support as needed for a fee exception of 10 basis points.

The adjacent attached fee agreement will be discounted.

Note: the fees are charged monthly, if at anytime there is a change in the agreed upon fee structure Citizenstrust will seek WRCOG approval prior to any fee change.

Mr. Andrew Ruiz, Chief Financial Officer
Western Riverside Council of Governments
3390 University Avenue, Suite 200
Riverside, CA 92501

Sent via: <https://pbsystem.planetbids.com/portal/>

RE: Request for Proposal; Investment Management and Advisory Services;
Chandler Asset Management, Inc.

Dear Mr. Ruiz,

On behalf of *Chandler Asset Management, Inc.* ("Chandler"), we are pleased to submit our firm's proposal and present our qualifications to provide investment management and advisory services for **Western Riverside Council of Governments ("WRCOG")**. Chandler is a Southern California headquartered firm that has been providing investment advisory and management services for local governments in our home state of California for over three decades. Our deep expertise and experience in managing public funds in support of an agency's broader financial management uniquely qualifies us to assist WRCOG and its staff with the range of investment services it seeks. As a Southern California-based investment adviser with offices in San Diego and Ventura County, Chandler serves 129 public agencies in within the State of California, including over 50 in Southern California and 16 in the Inland Empire. We proudly provide our services to 8 of WRCOG's member agencies and would be privileged to partner with Western Riverside Council of Government as a local, neighboring entity.

Since 1988, Chandler has assisted public agencies in fulfilling their fiduciary duty to their constituents by providing high quality fixed income portfolios in a prudent investment framework. We utilize investment strategies that conform to all applicable federal laws and California Government Codes regarding qualified investments for public entities. WRCOG will benefit from direct access to their assigned team members that are fully committed to not only meeting but exceeding your expectations for investment management of WRCOG's funds as a fiduciary as well as for client service during the engagement. We will be proactive in our communication with you and your staff and look forward to attending frequent, in-person meetings with WRCOG's finance staff, Council, and additional stakeholders.

Our commitment to providing personalized client service is equal to our commitment to meeting investment objectives, and is reflected in the following:

We understand your investment perspective. Since its inception, Chandler's foundations have been rooted in the public sector. The firm's founder and Chief Executive Officer served as investment officers of large California public agencies with the same objectives for their investment programs that guide our firm today. We understand that the investment program must support WRCOG's financial goals while enhancing safety and liquidity within a framework of legal conformity. Chandler's significant expertise in safeguarding our clients' funds while generating compelling risk-adjusted returns over many market cycles highly qualifies us to meet the needs of this engagement.

We are experts in California public agency investing. Chandler's investment professionals are experts in all applicable federal laws and California Government Code as they pertain to the investment of public funds. WRCOG's proposed investment team, **Scott Prickett, CTP**, and **William Dennehy, II, CFA**, have decades of public sector investment experience and are active in organizations relevant to public fund investment best practices, including the Government Finance Officers Association (GFOA), the California Society of Municipal Finance Officers (CSMFO), the California Debt and Investment Advisory Commission (CDIAC), and the California Municipal Treasurers Association (CMTA). Our staff members are highly regarded industry experts and frequent participants, speakers, and sponsors at industry conferences and events across California as well as nationwide.

We are committed to client success. We are dedicated to our duty as fiduciaries to our clients and understand the public role that your investment staff has in the stewardship of taxpayer funds. The firm invests in best-in-class technology and resources

that assist our investment professionals to develop both long-term and short-term strategies that are significant to the overall financial program. Our reports provide transparency of the entire investment program, and we commit the full resources of the firm to ensure your success. We are immensely proud of our client retention record, which we attribute to our belief that *“if we do what is right for our clients, our own success will follow.”*

As the firm’s President, I am authorized to bind the firm and to act in this capacity, as well as to confirm our intent to bid on all sections of WRCOG’s *Scope of Work*. I certify that the information provided in our proposal is accurate, firm, and irrevocable, and shall be valid for a period of 90 days from March 24, 2022. We have reviewed the WRCOG’s *Professional Services Agreement* and do not have any exception to the proposed terms or conditions stated within the document. We respectfully request that WRCOG consider some additional provisions that relate specifically to Chandler’s status as an SEC-registered investment adviser. We have included our *Proposed Additional Terms Specific to Investment Management Relationship* in the Appendix.

We look forward to discussing our qualifications with you in person. If you have any questions during the proposal evaluation period, please do not hesitate to contact **Mia Corral Brown**, *Senior Relationship Manager*, directly at (858) 768-5970, toll free (800) 317-4747, or via email at mcorral@chandlerasset.com.

Sincerely,

CHANDLER ASSET MANAGEMENT, INC.

President

FIRM CAPABILITIES

All Proposals must provide a comprehensive, yet concise description of the Proposer's(s') individuals' capabilities including the following:

A. A Track record of providing successful assistance on similar disciplines and tasks highlighted in Section 14.

1. Provide assurance of portfolio compliance with applicable policies and laws and the Agency's Investment Policy.

Chandler uses robust order management ("OMS") and portfolio compliance software from **Bloomberg AIM** for ensuring compliance with client objectives, policies and legal requirements on a pre-trade, post-trade and end-of-day basis. At the inception of an engagement, a compliance officer codes each element of the investment policy and guidelines into the Bloomberg system. Since each trade originates in the system, pre-trade compliance testing is generated each time a portfolio manager prepares to execute a transaction. The system prohibits execution of the trade if it does not comply with your investment policy. If an "alert" is triggered for non-compliance, it cannot be overridden by an investment manager, and is escalated for review by compliance professionals.

Oversight of portfolio compliance and trade order management is conducted by Chandler's dedicated Compliance Department, headed by the firms' CCO, and which functions separately from the portfolio management team under the appropriate segregation of duties. As a part of our regular process of policy and guideline monitoring, we provide clients with a monthly detailed Statement of Compliance, based on our complete review of our clients' investments. This report details adherence to requirements such as permitted investments, minimum credit quality, maximum maturities, and concentration limits. This Statement also serves as an effective means of reporting compliance to the governing body.

In the event of a compliance violation, the details and actions taken to correct the violation would be detailed in this report.

Further procedures to ensure compliance with state laws, your investment policy, objectives, and directives include:

- A daily reconciliation of transactions and cash balances with custodian information.
- A month-end review of the portfolio to confirm compliance with the Investment Policy.
- A comprehensive weekly process to ensure credit quality meets your policy standards as well as our strict quality requirements.
- A portfolio structure that satisfies liquidity objectives with short-maturity securities and return objectives with higher duration investments.
- Frequent communication between our team and yours to help us stay informed of any new developments that may modify your objectives.
- Meetings with your staff as frequently as you choose to provide additional opportunities to review portfolio composition and performance at a high level.

Through Bloomberg AIM's integration, Chandler optimizes its workflow automation and improves synchronicity with our clients' internal accounting and portfolio management systems for more centralized and efficient operations. The Bloomberg AIM system provides seamless data integration that improves trading and compliance, as well as post-trade automation such as trade and security master file (SMF) data automatically sent to our accounting system. Its compliance monitoring features calculates and monitors asset class exposure, as well as issuer size and concentration limits, as well as compliance with WRCOG's investment guidelines and legal requirements.

2. Assist in reviewing and updating the Agency's Investment Policy and make any recommendations that are necessary. Guidelines to include statement of purpose, definition of roles and responsibilities, establish investment objectives and goals, develop asset allocation, establish investment guidelines and portfolio limitations, and define process for performance monitoring and rebalancing.

At the onset of the engagement, we will conduct an extensive review of your Investment Policy, as well as consult with you to fully understand and quantify your investment objectives, risk profile, and expected outcomes. Once the investment policy is approved, it becomes the operating guideline for the portfolio. In addition, we will perform a formal review of WRCOG's investment policy annually to ensure that it is updated to reflect the latest changes to California government codes, as well as

incorporate your objectives and cash flow needs that may change over time. Recommendations are meant to incorporate best practices that *provide clarification, increase return potential, and improve risk management* within the policies.

Within our review of WRCOG's policy, we can ensure that we will collaborate with you and your staff to effectively reflect internal controls to reflect your investment goals, asset allocation, guidelines and limitations for specific security types and limitations in a clear and concise manner. We will establish benchmarks for performance measurement and rebalancing to meet your near and longer-term investment goals. We will also establish expectations for rebalancing within your investment policy and chosen strategy.

We have worked with many local government clients to submit their investment policy for certification to the Association of Public Treasurers of the US and Canada, and the California Municipal Treasurer's Association Program certification by one of these industry groups promotes transparency of WRCOG's investment practices and increases trust and credibility that the investment policy has been reviewed by a professional organization.

3. Develop and implement sound investment strategies that will maximize the portfolio's performance within the parameters of the adopted investment policy and California government codes. Continuously review the investment strategy and make recommendations to adjust portfolio based on changes in market conditions and other relevant factors and/or propose revisions to investment policy.

Chandler will provide full-time investment advisory services for WRCOG pursuant to the prudent expert standard of care required as a fiduciary. We will develop specific objectives and constraints for the specially purposed Short Term and Long-Term portfolios through a collaborative process with your staff. We will work with WRCOG's finance staff to implement, monitor, and evaluate investments in the portfolios within the scope of a comprehensive strategy to ensure safety, meet liquidity needs, and enhance return within the current investment environment. Chandler will actively advise and provide diligent monitoring as to the optimal structure of the investments, ensuring that they are broadly exposed to all permitted investment types where value is identified, and closely monitoring duration compared to appropriate market benchmarks to mitigate interest rate risk. We utilize proprietary methods to conduct cash flow analyses and forecast investment program balances using a statistical approach to effectively structure a portfolio that ensures liquidity is available when needed. Funds not needed for immediate liquidity are then identified as available for investment in WRCOG's longer-duration strategy that is designed to enhance both interest income and fair value appreciation. Our objective is to assist WRCOG with the availability of as much as six to twelve months of liquidity for operations and liabilities, and at the same time reduce the costly effect of maintaining too much liquidity in shorter-maturity investments with lower yields and lower return potential.

4. Provide technical and fundamental market research including yield curve analysis.

Chandler will provide technical and fundamental market research including yield curve analysis. Chandler devotes considerable resources to enhancing our own in-house capabilities and evaluating research from outside sources, which we incorporate into our own proprietary processes. Aided by inputs from the different investment committees, decisions are made by the investment team regarding duration positioning, sector allocation, term structure, and issue selection within the firm's macro view of the economic environment and broad-based view on interest rates and leading economic indicators. The investment team then incorporates these decisions as they apply to each individual portfolio. As our primary focus is on the management of fixed income securities for public agencies, the firm's analytical rigor is dedicated to the investment types we purchase on behalf of our clients – US Treasuries, Federal Agencies, corporate bonds, commercial paper, negotiable CDs, and asset-backed/mortgage-backed securities, as well as the value identified between sectors and individual issuers.

5. Provide credit analysis of investment instruments in the portfolio.

The investment management team continually conducts rigorous, multi-level credit analysis on securities we consider for purchase in clients' portfolios to assure they meet our high standards of credit quality. Chandler employs an in-house, proprietary credit research process with the objective of identifying stable and improving credits to include in client portfolios. The dynamic nature of the process also provides the team with the ability to detect weak and deteriorating credits, which may be removed from client portfolios and Chandler's approved issuer list. In determining the suitability of a particular credit security, the Credit Committee analyzes company fundamentals with a particular focus on relative balance sheet strength and

the overall earnings outlook of the issuer, paired with Chandler's view of the forward-looking macro-economic environment. After the fundamental outlook of a particular issuer has been ascertained, the Credit Committee focuses on the relative value of current and historical spreads of both the issuer and its industry sector.

Although the Nationally Recognized Statistical Rating Organizations ("NRSROs") typically determine the initial eligibility of a particular security, Chandler does not rely on these ratings to determine whether a security is suitable for a Chandler portfolio. Chandler's Credit Committee, with input from the entire investment team further vets the suitability of an investment based on our own internal research and a thorough understanding of each client's investment objectives and risk tolerances. This combination of qualitative and quantitative analysis enables the team to identify and invest in securities consistent with our clients' objectives of safety, liquidity, and return.

Chandler's internal credit process is designed to identify and evaluate changing fundamentals and the current relative value of issuers versus sector peers. The Credit Committee meets weekly to rank corporate issuers into three tiers and categorizes those securities based on individual client risk tolerance and policy guidelines.

Chandler utilizes several outside research providers to enhance our internal processes, including CreditSights, Egan-Jones, BCA Research, Stone and McCarthy, and ITR Economics. However, in all cases, the overall investment conclusion is based on the internal, proprietary evaluation of the particular issuer by the investment team's expertise and professional judgment. Each sector and issuer is reviewed at a minimum of once per quarter, or four times per year. The goal is to be proactive in identifying and investing in stable and improving credits, and in avoiding deteriorating credits.

In addition to the formal weekly Credit Committee meetings, all credits are monitored on a continuous basis. The Credit Committee monitors the overall news flow on each issuer on our approved list (i.e., earnings, press releases, management presentation or conferences, ratings changes, etc.). The gathered information is distributed to the entire investment management team on a daily basis. In the event the fundamentals of the underlying security change, the Credit Committee may act to add or remove the issuer from our approved credit list or move it within the appropriate tier.

6. At a minimum, attend quarterly Finance Director's Committee meetings to present on the performance of the portfolio and the current state of the economy, financial markets, and other factors that may affect the portfolio and local region.

We will develop a regular schedule of in-person client meetings that meets your preferences. Typically, our clients request them on a quarterly or semi-annual basis. We will prepare presentations for these meetings, which include market information, current and proposed investment strategies, portfolio characteristics, performance, and expectations for the coming quarter. This format is designed to promote discussion between our team and your staff. A senior member of the investment management team as well as your relationship manager will attend these meetings. Chandler's professionals excel at the type of communication required to provide full transparency of your investment portfolio, assisting with translating the details of the entire investment program efficiently and effectively to the board, committees and public at large.

As a local provider, the Chandler team maintains the flexibility to attend any ad-hoc meetings with WRCOG's staff or Board. Further, clients can expect direct access to senior investment personnel and relationship managers well-versed in their portfolio at any time during business hours via phone or email.

We recommend meeting at least quarterly to review the portfolio's progress and current market conditions. We are committed to keeping you fully informed of local issues, investment strategies, market conditions and developments that are relevant to your investment program and that could potentially impact you from a risk, opportunity, operational and statutory perspective. Mia Corral Brown and additional individuals from the firm's investment management team will regularly meet with you to present the investment portfolio to WRCOG's finance staff and additional stakeholders. Chandler's professionals excel at the type of communication required to provide full transparency of your investment portfolio, assisting with translating the details of the entire investment program efficiently and effectively.

In addition, we communicate regularly via email to our clients with updates which include:

- Weekly economic updates provide a concise summary of economic and market news of the current week, key economic indicators, as well as topics for the next weeks' economic data releases. The update is sent via email to clients and interested parties each Friday;
- Monthly newsletter that includes a market summary, treasury yield curve graph and monthly percent changes, as well as economic data and statistics; and
- Ad hoc emails and communication such as Fed rate news, education pieces, white papers, technology, and product updates.

7. Provide quarterly investment reports for the portfolio, detailing holdings, composition, sector analysis return, weighted average maturity and daily transaction activity. Additionally, prepare annual GASB 34 disclosures and other investment-related reports required by the Agency to submit its Annual Comprehensive Financial Report.

Reports will be prepared in accordance with state law and the Governmental Accounting Standards Board (GASB) and are compiled to meet your specific needs. Chandler Asset Management claims compliance with the Global Investment Performance Standards (GIPS®) and prepares and presents its performance in compliance with these standards. Chandler is independently verified by ACA Performance Services for firm-wide GIPS® compliance.

Chandler utilizes the software of *PAM® for Investments* ("PAM"), a State Street Company to perform investment accounting and reporting. Using PAM as the investment book of record for our clients, we generate comprehensive monthly statements and performance reports, which clients receive no later than the third business day following month end.

Chandler measures portfolio performance monthly and quarterly on a total return basis, providing a complete snapshot of the outcomes resulting from investment decisions since total return measures the percent change in the value of a portfolio over a defined historical period. The total return of the portfolio is compared to carefully selected benchmarks which have been selected in collaboration with clients as the appropriate metric for assessing performance relative to their risk tolerances and investment objectives.

Our standard reports currently include purchase yields and portfolio total rate of return compared to the benchmark return for periods of one month, the most recent quarter, year to date, one year, three years, five years, ten years and since inception.

To ensure integrity, we receive daily pricing of securities from Interactive Data Corporation, Inc. (IDC). In the rare instance that a security is not priced by IDC, we use an alternative pricing source, such as TRACE, Bloomberg, custodian valuation, etc., to determine reasonable fair market value. Our operations team also performs daily reconciliation of transactions and cash balances with our clients' custodians.

The reports that Chandler provides to you will provide transparency of your portfolio, and will assist your staff with their accounting duties, alleviating and even eliminating intermediary steps required to compile internal reports. We can provide comprehensive reporting that is tailored to meet WRCOG's unique needs, as well as meet the competitive demand of the marketplace.

Online Client Portal: Chandler's *Client Portal* is the custom computer-based analytical tool that provides clients with secure access to a variety of digital files, including customized reports, trade tickets and documents, as well as the ability to download daily transactions and holdings, historical monthly statements, and quarterly reports. The *Portal* offers online access and is also designed to be viewed on mobile devices. Reports can be downloaded in Excel format and easily mapped and integrated into your internal reporting requirements, aggregating your data for effective analysis, and improving your operational efficiencies. Access to the *Chandler Client Portal* is available to individual contacts selected by the client, and is accessible 24 hours a day, 7 days a week.

Monthly Statements: We provide monthly portfolio accounting and performance statements as part of our regular services. Each monthly statement begins with a one-page management summary of portfolio characteristics that provides a thorough overview of the portfolio, including performance relative to the selected benchmark(s), followed by a statement of compliance. A detailed asset listing, including cost, book, and market values, a transaction ledger, an earned interest report, and a cash flow report follow the summary page.

Monthly statements are accessible on the *Chandler Client Portal*. Clients receive an email notification stating that the statement is available for download no later than the third business day following month-end.

Quarterly Reports: We also provide quarterly investment reports in a format designed to facilitate discussion between Chandler investment professionals and WRCOG's staff. The report presents portfolio characteristics, return, compliance, and a summary of accounts under management using graphs, charts, and illustrations in a format that is effective for management, elected officials and interested members of the public. We provide this report for our regular meetings with WRCOG.

Reports will be prepared in accordance with state law and the Governmental Accounting Standards Board (GASB) and are compiled to meet your specific needs. Chandler Asset Management claims compliance with the Global Investment Performance Standards (GIPS®) and prepares and presents its performance in compliance with these standards. Chandler is independently verified by ACA Performance Services for firm-wide GIPS® compliance.

Chandler provides monthly portfolio accounting and performance statements as well as mark-to-market fair value pricing for securities in accordance with GASB 31. We provide a GASB 40 report to all governmental clients, which provides the information needed to prepare the required fiscal year-end portfolio risk assessment, and we will be able to assist WRCOG in drafting the narratives for GASB notes.

We have developed a GASB 72 report which is available by fiscal yearend. The GASB 72, Fair Value Measurement and Application, issued in February of 2015, requires government investments to be measured at fair market value. It also requires disclosures regarding how fair value was measured, what hierarchy the investment fits into and any special valuation processes used.

Chandler's investment and operations professionals remain dedicated to staying in front of all GASB pronouncements, interpretations, and implementation guidelines as they affect our government clients from a reporting and compliance perspective.

Please see Chandler's *Sample Monthly Statement and Quarterly Report* in the **Appendix**.

Minimum Qualifications

We have reviewed the Request for Proposal, and ensure we meet and/or exceed the minimum qualifications you have for your investment adviser.

B. A track record of providing successful services to similar governmental entities.

Chandler Asset Management was founded in 1988, by Kay Chandler in response to the pressing need she observed within the public sector, based on her own experiences serving as the Investment Officer for the County of San Diego for eight years, and for the City of San Diego for another two years. Kay recognized that public agencies with limited time and resources could benefit from external professional expertise and technological resources to help manage their investment programs. In 1991, Marty Cassell, Kay's successor on the investment staff of the City of San Diego, joined the firm. Marty now serves as the firm's CEO.

The firm manages \$25.8 billion as of December 31, 2021, including \$20.8 billion in separately managed accounts for 175 public agencies. Their experience as investment officers within large public agencies shaped their perspectives in leading a firm whose sole purpose is to manage public funds and assist in fulfilling their fiduciary duty. Kay and Marty have carefully assembled a team of professionals well versed in portfolio management, regulatory guidelines, and reporting requirements to meet the specialized needs of public agencies.

As a co-fiduciary, we work with clients on every aspect of their investment program, including cash flow analysis and forecasting; investment policy development and review; and analysis of risk and return. We recommend market benchmarks for performance analysis that mirror each client's profile, provide regular performance reporting, and offer education and training of each client's staff when requested. Not only investment management, but also investment operations, reporting, client service, and compliance are implemented in a team environment to integrate all aspects of your investment program efficiently and effectively. The result is an investment approach grounded in the management of risk that is customizable for

each of our client's specific objectives and constraints and has resulted in successful investment programs for entities similar in size and scope to WRCOG.

One of the firm's guiding principles is participation in the development of best practices in the management of public funds. Chandler participates in programs and seminars provided by the Government Finance Officers Association (GFOA), the California Society of Municipal Finance Officers (CSMFO) and the CFA Institute. In addition, Marty Cassell previously served on the GFOA's Committee on Treasury and Investment Management. This committee tracks new developments in cash management and develops best practices for government officials at all levels.

C. Descriptions of the key staff that will actually be working on the proposed tasks and their experience working on similar issues.

Chandler believes in a customized approach with direct, in-person access to the portfolio management team members responsible for the investment program. Drawing from their collective expertise, the Investment Management Team develops and implements strategies based on a thorough, well-rounded analysis of investment ideas—especially with respect to your specific investment objectives. **William Dennehy II, CFA, Co-Chief Investment Officer**, will lead the efforts to employ our research-based methods to structure investment solutions that address WRCOG's needs for its investment program.

All of Chandler's portfolio managers have earned the designation of Chartered Financial Analyst ("CFA") and average over two decades of industry experience. The CFA charter signifies command of a wide body of investment knowledge, as well as a commitment to ethical behavior, placing client interests above all others. Our investment professionals work closely with our client service, operations, and compliance teams in an optimal combination for the greatest chance of our clients' success. Chandler's full team of investment professionals for WRCOG are listed in the following table.

Chandler Professionals for Western Riverside Council of Governments

Investment Management Professionals

Drawing from their collective expertise, the Investment Management Team develops and implements strategies for WRCOG based on a thorough, well-rounded analysis of investment ideas that are specific to the strategy and your investment objectives.

William ("Bill") Dennehy II (CFA), Co-Chief Investment Officer, will serve as primary portfolio manager for WRCOG. Bill also serves as a member of the firm's Executive Committee and is Co-Chair of the firm's *Economic and Market Analysis Committee* and *Credit Committee*.

Portfolio Strategist. Scott Prickett is *Co-Chief Investment Officer* at Chandler Asset Management. He is responsible for building and maintaining client relationships with a focus upon developing and enhancing client investment programs. Scott actively participates in the portfolio management process and meets with clients on a regular basis to review their accounts, portfolio activity, portfolio strategy and financial markets. Scott has over 30 years of investment industry experience focused on managing short-term fixed income strategies for governmental and institutional non-profit clients. Scott serves as Co-Chair of the firm's *Economic and Market Analysis Committee*. As investment team members with senior stature within the firm, Bill and Scott oversee investment management activities for many of the firm's top California client relationships as measured by assets under management, as well as municipal client engagements in Southern California. Bill and Scott will be available for in-person meetings and as local resources.

Relationship Management and Client Service

Mia Corral Brown, Senior Relationship Manager will serve as WRCOG's client service contact, and will provide guidance regarding onboarding, custodian selection, reporting set-up, client portal training and ensure that your objectives for services are exceeded on an ongoing basis. She will develop a schedule of regular in-person client meetings, as well as attend in-person meetings to provide additional transparency. Mia has significant experience working with local neighboring agencies in Riverside County and the Inland Empire and understands the local climate and constituency that you serve. **Kara Raynor-Sanchez** leads a team of client service professionals who will provide reporting and support of deliverables to meet all requirements. As part of your engagement team, Mia will meet with your staff regularly along with your assigned investment professionals.

Compliance and Oversight

Martin D. Cassell, CFA, CEO is the principal in charge of all aspects of the firm, including ensuring that our staff not only meets, but also exceeds expectations for investment management and service delivery. The firm's President, **Nicole Dragoo, JD,**

IACCP, oversees the compliance and operations departments and the contracting/onboarding process of new client accounts. **Joseph Kolinsky**, *Chief Compliance Officer*, leads the day-to-day compliance requirements and regulatory filings for the firm.

All the above professionals are supported by Chandler's *Investment Management, Client Service, Marketing, and Operations Teams* in ensuring the robustness of our service delivery.

Biographies for the above listed investment professionals are included in the **Appendix**. In addition to the firm's SEC registration, the below members of Chandler's Investment Management Team are registered representatives:

Chandler Registered Representatives

Investment Adviser Representative	CRD Number
Martin D. Cassell, CFA	4330905
Kay Chandler, CFA	2276868

Julie K. Hughes	5397196
Genevieve C. Lynkiewicz, CFA	4462193
Christopher McCarry, AIF	4472441
Carlos Oblites	5350645
Ted J. Piorkowski, CFA	1857510
Scott D. Prickett, CTP	1901448
Jayson Schmitt, CFA	4892847

D. If responding as a firm, the ownership, size, and location of the office responsible for providing services to WRCOG.

Chandler remains committed to our principles of conservative fixed income management as the firm continues to evolve in response to our clients' needs and to the public investment climate. As a result of our significant growth and in support of our objectives, we serve our clients from six other offices besides our San Diego headquarters, located in Denver, Colorado; Orlando, Florida; Ventura, California; Walnut Creek, California; Marin County, California; and Seattle, Washington. The firm's professional staff currently totals thirty-six (37) individuals and includes eleven (12) investment team members. Firm Structure and Ownership Chandler is an independent and 100% employee-owned California corporation. In 2017, Chandler's key shareholders and Executive Management Team introduced an Employee Stock Ownership Plan ("ESOP") that aligns with the firm's values and culture of shared success. Every employee is an owner through the ESOP Trust, which owns 68% of the firm and is the primary shareholder. Key employees from the Executive Management Team remain as individual owners. We believe that this structure contributes to our ability to attract and retain the highest quality investment professionals as well as to sustain growth, promote accountability, and best serve current and prospective clients well into the future.

Now in its third decade, Chandler remains committed to our principles of conservative fixed income management as the firm continues to evolve in response to our clients' needs and to the public investment climate. The firm has seven offices located in San Diego, California (headquarters), Novato, California; Ventura, California; Walnut Creek, California; Denver, Colorado; Orlando, Florida; and Seattle, Washington to serve clients nationwide.

The engagement will be managed from the firm's corporate headquarters in San Diego. The Executive Management Team, portfolio management professionals, operations, compliance, sales and marketing, and client service will all serve WRCOG's staff from this location as follows as a neighboring entity:

Chandler Asset Management – Corporate Headquarters

6225 Lusk Boulevard, San Diego, California 92121

Main: (858) 546-3737 | Toll Free: (800) 317-4747

info@chandlerasset.com | www.chandlerasset.com

Mia Corral Brown, *Senior Relationship Manager* will serve as WRCOG's primary client contact during the proposal evaluation period. Her full contact details are as follows:

Mia Corral Brown

mcorral@chandlerasset.com

E. If responding as a firm, its legal organization (e.g., corporation, partnership) and year of incorporation.

Chandler Asset Management incorporated in 1993.

F. If responding as a firm, a description of the firm's equal employment opportunity and non-discrimination policies.

Chandler is proud to be an equal opportunity employer. Our Firm's policy is to comply with all state and federal regulations relative to nondiscrimination in employment. Chandler provides equal opportunity to all applicable employees and applicants. Chandler does not discriminate in compensation or conditions of employment, including recruitment, hiring, promotion, benefits, demotion, training, transfer, discipline, or discharge, of any applicant or employee on the basis of race, citizenship, color, national origin, ancestry, religion, sex, age, medical condition, mental or physical disability, pregnancy, childbirth, marital status, registered domestic partner status, sexual orientation, transgender, gender identity, gender expression, U.S. veteran status, genetic characteristics, or any other consideration made unlawful by federal, state or local law. All such discrimination is unlawful, as well as contrary to Chandler's values.

To ensure equal employment opportunities for qualified applicants or employees with a disability, Chandler will make reasonable accommodations for the known physical or mental limitation unless undue business hardship would result. An applicant or employee who requires an accommodation to perform the job's essential functions should contact Firm Management and request such accommodation. The individual with the disability should specify what accommodation he or she needs to perform his or her job. If the accommodation is reasonable and will not impose an undue business hardship, Chandler will make the necessary change.

Chandler is committed to complying with all applicable laws providing equal employment opportunities. This commitment applies to all persons involved in the operations of Chandler and prohibits unlawful discrimination by any employee of Chandler. Anyone found to be engaging in any type of unlawful discrimination will be subject to disciplinary action, up to and including termination of employment. Any employee who believes they have been subjected to any form of unlawful discrimination should notify their supervisor, Human Resources, or any member of the Management Team. The complaint should be specific and should include the names of the individuals involved and the names of any witnesses. Chandler will immediately undertake an effective, thorough, and objective investigation and attempt to resolve the situation.

If Chandler determines that unlawful discrimination has occurred, effective remedial action will be taken commensurate with the severity of the offense. Appropriate action also will be taken to deter any future discrimination. Chandler will not retaliate against any employee filing a complaint and will not knowingly permit retaliation by management, employees, or co-workers.

Chandler aggressively recruits to attract top-caliber individuals to all levels of the organization. Vacant or new positions may be filled by either transfer or promotion of existing employees or by newly recruited or applied employees. Recruitment may be conducted through advertising, employment agencies, schools, employee referrals, or technical and trade referrals. Supervisors/managers will consider the most appropriate method of recruitment. All recruitment will be conducted in an ethical, professional, and non-discriminatory manner. Chandler provides equal opportunity to all applicants based on demonstrated ability, experience, and training in accordance with the company's Equal Employment Opportunity Policy.

G. If responding as firm, a summary of the firm's minority and female recruitment efforts and the percentage of minority and female officers, partners, or the equivalent.

Chandler values diversity and equality and we place importance in our recruiting efforts to continue to have a diverse workforce. We share job openings with affinity groups and organizations such as Women in Public Finance. We are also a company that was founded by a woman and our President is also a woman. Our current workforce is 46% female.

Chandler is committed to fostering a diverse workforce and maintaining an equitable, inclusive, and safe workplace for all employees. From recruiting practices to pay and benefits, promotions, and all other employment aspects, an environment of equity is of the utmost importance.

We recognize that our employees, comprise a wide range of backgrounds and characteristics, but we believe those differences should be celebrated and valued. Whether it's race, religion, gender, national origin, ancestry, color, language, age, marital status, sexual orientation, gender identity, gender expression, physical or mental disability, medical condition, genetic information/characteristics, veteran status, political affiliation or any other characteristic, these are parts of each of you that contribute to your experiences as humans and ultimately to the knowledge and expertise that make you a valuable asset to the Company.

Chandler is committed and determined that there is access, opportunity, and advancement for all individuals. We are always looking for ways in which we can cultivate an inclusive work environment, strengthen our cultural competency, and train our managers and employees to provide opportunities for growth and development.

It is our intention that all our employees, regardless of any particular background or characteristic, are always treated with respect and dignity. Likewise, we expect that as our employees, you treat your coworkers, supervisors, and other team members with the same dignity and respect at all times.

Disrespect, inappropriate behavior, or conduct toward others will not be tolerated and may subject an employee to disciplinary action, up to and including termination.

H. A statement, in one page or less, of any other relevant factors that should be considered by WRCOG in evaluating the Proposal.

Why Chandler is Best Qualified as WRCOG's Investment Adviser

Leveraging resources from across the firm, we provide advice and investment manager analysis while bringing clients a personalized and local perspective. We are an investment management firm founded by former public finance officials, providing our clients with a depth and context in our ability to understand your unique needs and how a successful investment program adds value to your entity's bottom line. In addition, Chandler distinguishes itself from its competition in several ways, and in all aspects of the relationship with its clients, not limited to its investment management capabilities.

➤ **Deep history and experience.** Chandler's founder, CEO and other key investment professionals have worked as investment officers and finance directors of public agencies and have in-depth experience and knowledge of the issues public entities face in managing their assets effectively. Chandler has both the depth (experience) and breadth (service capabilities) as an investment manager and is particularly qualified to meet WRCOG's investment needs because of our decades of experience in safeguarding our clients' funds and structuring them optimally to meet all objectives. Importantly, we are an independent firm that is 100% employee owned. We do not maintain any ties to brokerage, banking, or Financial Advisory Services, we remain focused on serving our clients and committed to effectively managing their portfolios as a Fiduciary.

➤ **Access to portfolio managers.** Chandler offers its clients direct access to the investment team members who are responsible for making the decisions for your portfolio, allowing for customization and flexibility to changes in your program. Your key investment contacts as well as the rest of the investment management team will have a significant understanding of not only your investment portfolio, but also of where it fits in the overall program and its future objectives.

- **Corporate Headquarters in California.** Chandler has been headquartered in San Diego since its inception and has regional offices in Ventura to serve WRCOG. Our investment professionals are experts in California's investment landscape and possess significant expertise in structuring portfolios that adhere to California Government Code. Investment professionals are in the same time zone as WRCOG and will provide timely updates to changes in legislature and best investment practices for California public agencies.
- **Resources.** Chandler's clients count on our extensive research and analytical capabilities used to identify opportunities and minimize risk. Our access to market information in conjunction with our proprietary credit review process makes our services of significant value. Additionally, our independent compliance team will ensure that all trades conform to California Government Code, WRCOG's investment policy, and the customized investment strategy that we will co-develop with WRCOG's staff.
- **Commitment to client success.** We are dedicated to our role as fiduciaries to our clients and strive to ease the responsibility and operational requirements needed to effectively invest WRCOG's assets. Our comprehensive services include transparency, excellent client service, and successful investment program outcomes. We commit the full resources of the firm to ensure your success

APPROACH AND UNDERSTANDING OF THE SCOPE OF WORK PLAN

Provide a narrative, which addresses the Scope of Work, and shows understanding of WRCOG’s needs and requirements.

- Describe the approach to completing the tasks specified in the Scope of Work. The work plan shall be of such detail to demonstrate the Consultant’s ability to accomplish the project objectives.
- Sequentially outline the activities that would be undertaken to complete the tasks and specify who would perform the tasks.

We believe that through effective risk management, we can enhance the potential for higher **total returns** for risk-conscious clients, while maintaining their shared primary objectives of **safety** and **liquidity**. Our approach utilizes investment processes and strategies we have developed over 30 years, and focuses on:

- Safety of principal¹;
- Appropriate levels of liquidity;
- Diversification of risk;
- Compliance with policies, legal requirements, and risk/return objectives; and
- Active management to generate investment income and total return.

We implement this philosophy by structuring investment portfolios with the goal of achieving performance that consistently exceeds the returns of a selected market benchmark, while always maintaining each client’s risk profile. We reduce exposure to market risk by diversifying the portfolio by issuer and security type, and by establishing and maintaining a target portfolio duration that is consistent with each client’s risk profile and investment objectives.

The key tasks that can be expected during the engagement with Chandler are as follows:

Key Engagement Tasks

Task	Frequency
Conduct Kick-off Meeting	At inception
Investment Policy review	At inception, Annually, or as needed
Bond Indenture review	At inception/As needed
Cash flow analysis	At inception/ongoing
Establish benchmarks/strategies	At inception
Invest initial funds	At inception
Conduct investment research	Daily
Reinvest funds	Ongoing (as needed)
Review compliance	Daily
Provide monthly reports	Monthly (by 3 rd business day)
Provide quarterly reports	Quarterly (by 20 th business day)
In-person presentations	Quarterly/as needed
Financial analysis of gains/losses	Monthly/as needed
Review cash flow forecasts	Ongoing
Ad hoc educational presentations	As needed
Maintain proactive communication	Daily

We are committed to ensuring that WRCOG’s objectives are prioritized and quantified during this period. An in-person meeting will be scheduled to “kick-off” the relationship, gain an understanding of your investment objectives and constraints, and

¹ While our conservative investment approach promotes safety, investing in securities carries varying degrees of risk and we cannot guarantee safety of principal.

encapsulate the goals for your overall program. We will conduct detailed reviews of the Investment Policy as well as the current portfolio to gain an understanding of cash flow needs, risk tolerances, permitted securities, credit profile, duration targets, and current maturity structure. We will confirm that the Investment Policy provides for WRCOG's primary objectives of safety, liquidity, and return, and incorporates all aspects of California Government Code related to investing public funds and may make recommendations to achieve these goals. We conduct a benchmark study that analyzes the risk/return characteristics of different investment approaches and their associated benchmarks for your consideration that align with WRCOG's investment goals. The result of these discussions will be a management directive governing the investment of funds as well as additional services that may be required to support staff and treasury management operations.

Chandler's singular focus stems from the investment philosophy of our clients that prioritizes safety and liquidity above chasing returns that may put their principal at increased risk. We realize that there is no "one size fits all" strategy for our clients and we work individually with clients to customize the investment objectives and constraints after an extensive review and thorough understanding of the investment policy, risk tolerances, and current and expected mandates of WRCOG, and its stakeholders.

Chandler's pro-active portfolio management, diligent security analysis, and prudent attention to cash flow needs add value to client portfolios and enhance the consistent returns generated over time. Our approach to structuring the portfolios is designed to fulfill WRCOG's requirements in a way that addresses specific investment needs, and focuses on the following key elements:

- **Duration Management** — We strive to maintain duration (the portfolio's price sensitivity to changes in interest rates) within a defined range that reflects v's return requirements and acceptable volatility as indicated by a benchmark that reflects the risk parameters and expected return. Duration is the greatest determinant of risk and return. We attempt to minimize the impact of the duration decision on return volatility by limiting duration to within a +/- 20% duration band around the target (benchmark) duration.
- **Sector Allocation** — Our sector allocation process is based on the belief that portfolios are more robust and prepared for unforeseen events if they have a well-diversified exposure to high quality fixed income securities. Using the output of the Sector Committee, we will determine the allocation to asset classes that we believe will provide the best economic opportunities and protection for the portfolio. We can add considerable value through rotating sectors as market conditions evolve and our outlook changes, thus identifying best relative value at time of purchase to capitalize on current market opportunities.
- **Term Structure** — Utilizing the output from the Economic and Market Analysis Committee in conjunction with the *Horizon Analysis Model*, the term structure for the portfolio is determined with the objective of finding a structure that prioritizes the protection of the portfolio and performs well under both anticipated and unanticipated yield curve shifts over a six-month horizon. Given the constantly evolving market dynamics and changing interest rates, the portfolio may have a "laddered" structure, with equal allocations across permitted maturities; a "barbell" structure, with maturities concentrated in short and long maturities; or a "bullet" structure, with maturities concentrated around the target duration. As interest rates evolve, the Chandler team alters the maturity distribution of the portfolio based on the prevailing market conditions.
- **Security Selection** — Once the team has determined the percentage of the portfolio in any duration range or security type, individual securities are purchased to complete the portfolio structure. Securities are subjected to a rigorous review process, including fundamental credit analysis, as well as quantitative analysis using proprietary tools. Our *Credit Committee* seeks to identify both improving and deteriorating credits so we can work to reposition client portfolios by seeking favorable and avoiding detrimental factors not yet understood by most market participants. Analyzing the credit worthiness of individual issuers to enhance portfolio yields while minimizing exposure to credit and downgrade risk is a key element in mitigating risk and adding value in our clients' portfolios.
- **Active Management of Individual Securities** - To maintain the optimal structure and the objective of safety of principal and risk-adjusted returns over a market cycle, Chandler utilizes active management of the investment portfolio. With this approach, a security may be sold or replaced prior to maturity to take advantage of market conditions, generate liquidity, mitigate risk, or to enhance the return of the portfolio. We are also able to take advantage of the repricing into the current higher interest rate environment. The net economic benefit to WRCOG is the sole consideration for purchasing/swapping/

selling securities for the portfolio.

- **Competitive Execution.** We recognize our duty to provide value to our clients and ensure the quality of our services as a fiduciary. We provide our clients with efficiencies in trading costs by broadening the network of broker-dealers that are utilized when we execute trades. WRCOG's staff is assured that through Chandler's best execution practices, it is receiving competitive, institutional pricing on transactions, as the firm seeks a minimum of three quotes per trade. The practice of competitively bidding for transactions results in an incremental net financial advantage for our clients over time. This competitive process can be evidenced on daily trade tickets viewable on the *Chandler Client Portal*.

Investment Policy Review. We will conduct an initial review of the Investment Policy to confirm that it provides for WRCOG's primary objectives of safety, liquidity, and return, and incorporates all aspects of California Government Code related to investing public funds and may make recommendations to achieve these goals. We will also review the investment policy annually to ensure that it is updated to reflect the latest changes to California Government Code, as well as incorporate your objectives and cash flow needs that may change over time. Recommendations are meant to incorporate best practices that *provide clarification, increase return potential, and improve risk management*.

We reviewed the investment policy statement and issued financial statements provided by WRCOG and we recommend adding language to enhance the risk management of the Investment Policy. Below are some other considerations to contemplate.

- The investment policy statement does not consider into account Assembly Bill No. 1770.
- We will work with WRCOG to understand and define cash flow via cash flow analysis.
- We will collaborate to optimize the assets invested in investment pools.

We can assist your staff with a complete review and possible revision, consistent with your preferences and prioritized management items. Our policy reviews and recommendations will conform to:

- California Government Code
- Specific District Directives and management preferences
- Industry best practices as identified by the GFOA, CDIAC, CMTA and APT of US&C
- Chandler's Best Practices

As needed, we provide our clients education on new products, changing regulations, relevant events in public finance, and changing trends in the capital markets. We stay in front of all developments in California Government Code affecting public agency investments and advise our clients as to revisions that may be relevant to include in their investment policy.

Cash Flow Analysis and Forecasting. We acknowledge that recent events have impacted the economy and have left public agencies with a greater deal of uncertainty than they have experienced in the past. Combined with the prolonged low-yield environment most affecting short-term interest rates, current challenges make a cash flow analysis and tactical investing in the cash markets of paramount importance. We intend to optimally structure WRCOG's portfolios to put its cash to work, ensure cash available as needed, and at the same time reduce the costly effect of maintaining too much liquidity in shorter-maturity investments with lower yields and lower return potential. This structure is intended to provide liquidity from maturing securities as well as the potential for higher yields through ownership of individual securities structured further out the yield curve.

We will work closely with your staff to review and assess current cashflow models and make revisions where needed. We utilize proprietary methods to conduct cash flow analyses and forecast investment program balances using a statistical approach as an initial step and on an ongoing basis that ensures liquidity is embedded in the portfolio's maturity structure. As in the example below, we will identify the funds that are needed in the short term, as well as those that may be unnecessarily kept liquid. To ensure liquidity, we will present a structure that could include using investment pools or segregation into a portfolio of short-duration securities where funds are invested to a short-duration target or to a known cash flow date. Funds not needed for liquidity purposes are identified and can be structured to safely enhance earnings and long-term capital appreciation through investments in high quality longer-maturity investments.

Sample Cash Flow Analysis

*This sample illustration is being provided to demonstrate the tools we use to analyze cash balances. Please see important disclosures in the **Appendix**.*

We consider the variable nature of cash flows, continually review prospective cash activity, and adjust course accordingly. Communication is essential in the management of cash and optimal structuring of a portfolio designed to meet cash obligations, and the investment team will regularly check in with WRCOG to inquire about both cash needs, as well as funds available for investment in the longer-term reserve strategy. Chandler's approach to structuring portfolios is designed to be flexible to changes in your investment program or cash flow needs.

Total Return Benchmarks for Performance Measurement. The ultimate benchmark will depend on WRCOG's immediate investment objectives, but at the inception of our engagement, Chandler's team will work with WRCOG's finance staff to identify benchmarks that appropriately demonstrate the portfolio's progress relative to its objectives and risk profile. We make decisions on portfolio duration, term structure, and sector weightings relative to the selected benchmarks. In addition, we monitor and report on portfolio performance relative to the benchmark's performance. The benchmark's performance is reported monthly, along with portfolio performance.

Benchmarks that some of our other public agency clients have selected, which may also be appropriate for WRCOG include California's *Local Agency Investment Fund (LAIF)*, the *ICE BofA 1-3 Year US Treasury Index*, and the *ICE BofA 1-5 Year US Treasury & Agency Index*². Our analysis and recommendation for appropriate benchmarks and performance measurement will be ongoing with WRCOG as the interest rate environment and shape of the yield curve changes over time. We strive for superior risk-adjusted returns across market environments relative to our clients' chosen benchmarks in all of our strategies by focusing on the philosophies of safety of principal³, appropriate levels of liquidity, and low volatility of return.

Best in Class Resources for Research, Portfolio Management, and Decision-Making

Chandler conducts 100% of its research in-house. Our research capabilities include the Horizon Analysis Model as the quantitative foundation for the portfolio construction process, and our credit review/security selection process. In addition, the investment management team subscribes to a variety of private research providers including BCA Research, Oxford Economics, Egan Jones, and CreditSights to augment the overall research efforts of the firm. The team keeps abreast of sell-side research from a broad group of domestic and international investment banks. Chandler's professionals also conduct

² Please see important disclosures in the Appendix

³ While our conservative investment approach promotes safety, investing in securities carries varying degrees of risk and we cannot guarantee safety of principal.

research projects on an ad hoc basis on issues concerning our industry and our clients, such as changes in the brokerage world, studies on how legislative changes impact our clients, and research on new sectors or investment structures as appropriate for our clients' portfolios.

Investment Strategy Analysis and Design. Chandler takes a team approach to portfolio management. The Investment Management Committee continuously formulates and reviews our fixed income strategy. We employ a committee system for effective analysis, decision-making and communication. Individuals may generate ideas through their independent research to bring to the entire Investment Management Team or their committee meetings, or one of our committees may collectively source an idea or theme through discussion.

Economic and Market Analysis Committee	Credit Committee	Quantitative Analysis Committee	Sector Committee	Multi-Asset Class Committee
- Economic Outlook - Market Analysis - Develops Interest Rate Scenario Inputs for Horizon Analysis Model (HAM)	- Fundamental Credit Analysis - Security Relative Value Analysis - Maintains Approved List	- Reviews Committee Data - Produces HAM Analysis - Improves Model Methodology	- Sector Valuation - New Sector Analysis - Develop Valuation Inputs	- Reviews Global Markets and outlook - Sets Capital Market Expectations - Reviews and Enhances Investment Vehicles

The **Economic and Market Analysis Committee** focuses on the development of economic inputs and interest rate scenarios for the Horizon Analysis Model, the proprietary tool we employ to develop portfolio structure. It also sets the macro-economic tone and investment strategy for our fixed-income investments and structuring of client portfolios given the current market climate. The **Sector Committee** is tasked with sector valuation methodology and evaluation of new instruments and sectors for suitability. The **Credit Committee** is responsible for evaluating issuers for inclusion, monitoring, and possible removal from the *Approved Issuer List*. The **Quantitative Analysis Committee** develops and sets the structure for the Horizon Analysis Model and evaluates the Model's process for improved technology and methods.

Aided by inputs from the different investment committees, decisions are made by the investment team regarding duration positioning, sector allocation, term structure, and issue selection within the firm's macro view of the economic environment and broad-based view on interest rates and leading economic indicators. The investment team then incorporates these decisions as they apply to each individual portfolio. Internally developed, proprietary tools such as our **Horizon Analysis**

Model, credit review/security selection, and cash flow analysis and forecasting provide a quantitative foundation for Chandler's portfolio construction process.

Our analysis of current macro-economic conditions, including the factors that impact interest rates, provides inputs into the *Horizon Analysis Model*, the quantitative tool used in our portfolio construction process. Chandler's **Economic and Market Analysis Committee** focuses on the development of economic inputs and interest rate scenarios for the Horizon Analysis Model. It also sets the macro-economic tone and investment strategy for our fixed-income investments and structuring of client portfolios given the current market climate. Chandler runs scenario analysis on nine different interest rate scenarios that may occur over a six-month horizon date. We then structure portfolios that we expect will outperform the portfolio's benchmark over a wide range of possible future interest rate movements.

Chandler's proprietary **Horizon Analysis Model** is the quantitative foundation for the portfolio construction process. The Model enables our portfolio management team to integrate their research into the portfolio management process in a disciplined and repeatable way. Inputs to the Model include *current yields on Treasury, agency, and corporate securities; specific client constraints, such as maturity restrictions and maximum sector exposure; and nine different probability-weighted forecasted interest rate scenarios* that may occur at the six-month horizon date. Our analysis of current macroeconomic conditions is one of the factors we consider as we develop the nine scenarios that comprise the third input to the Model.

Through an iterative process, the Model generates the "optimal portfolio structure" (duration, maturity distribution, and sector allocation), which we define as the portfolio that achieves a return greater than the benchmark in each of the nine scenarios. That is, the Model generates a portfolio structure that we expect will outperform the portfolio's benchmark over a wide range of possible future interest rate movements. The Investment Team then evaluates the optimal portfolio structure and using their expertise and judgement, may adjust as they begin the construction of the portfolio. This combination of a rigorous quantitative structure and experienced qualitative oversight is a hallmark of all Chandler's portfolio management activities.

Chandler's Investment Process

The *Horizon Analysis Model* is run monthly or whenever the market environment may warrant and provides the portfolio management team the basis for rebalancing portfolios to their desired characteristics. Initial analysis and ongoing reviews of WRCOG's asset allocation is an important and continuous aspect of the services we provide.

Credit Review Process of Issuers. Chandler conducts credit research in a team environment comprised of investment professionals as part of the firm's *Credit Committee*. The firm's proprietary credit research process identifies stable and improving credits to include in client portfolios. Although the NRSROs typically determine the initial eligibility of a security, Chandler does not rely on these ratings to determine whether a security is suitable for a Chandler portfolio. Chandler's *Credit Committee*, with input from the entire investment team further vets the suitability of an investment based on our own internal research and a thorough understanding of each client's investment objectives and risk tolerances. This combination of

qualitative and quantitative analysis enables the team to identify and invest in securities consistent with our clients' objectives of safety, liquidity, and return.

The dynamic nature of the process also provides the team with the ability to detect weak and deteriorating credits, which may be removed from client portfolios and Chandler's *Approved Issuer List*. In determining the suitability of a security, the *Credit Committee* analyzes company fundamentals with a focus on relative balance sheet strength and the overall earnings outlook of the issuer, paired with Chandler's view of the forward-looking macro-economic environment. After the fundamental outlook of an issuer has been ascertained, the *Credit Committee* focuses on the relative value of current and historical spreads of both the issuer and its industry sector. Chandler's internal credit process is designed to identify and evaluate changing fundamentals and the current relative value of issuers versus sector peers.

The *Credit Committee* meets weekly to rank corporate issuers into three tiers and categorizes those securities based on individual client risk tolerance and policy guidelines. Each sector and issuer are reviewed at a minimum of once per quarter, or four times per year. The goal is to be proactive in identifying and investing in stable and improving credits, and in avoiding deteriorating credits.

Chandler's Credit Review Process

In addition to the formal weekly Credit Committee meetings, all credits are monitored on a continuous basis. The Credit Committee monitors the overall news flow on each issuer on our approved list (i.e., earnings, press releases, management presentations or conferences, ratings changes, etc.). The gathered information is distributed to the entire investment management team daily. In the event the fundamentals of the underlying security change, the Credit Committee may act to add or remove the issuer from our approved credit list or move it within the appropriate tier.

External Research Tools. Some of the external research sources our team uses for diverse market perspectives and for raw data for our proprietary analytical systems include the following industry-leading tools:

- **Bloomberg** (real-time market activity, security prices, execution, research database)
- **Oxford Economics** (macroeconomic analysis, market commentary, sector analysis)
- **BCA Research** (macroeconomic analysis, research)
- **Rating Agencies** (Moody's, Fitch, Standard and Poor's)
- **Egan Jones** (ratings organization, ratio analysis, quantitative credit metrics)
- **Credit Sights** (fundamental credit research and analysis, relative valuation)
- **ITR Economics** (economic and industry analysis)
- **ICE BofA Fixed Income Indices**⁴

⁴ Please see ICE B of A disclosures in the Appendix for further details.

Periodic Rebalancing

With the passage of time, portfolio characteristics tend to drift away from the desired structure. For that reason, the team reruns the *Horizon Analysis Model* monthly, reevaluates the optimal portfolio structure and rebalances as market conditions and portfolio characteristics change. We will also rebalance when we find securities of higher value in terms of higher expected return or reduced risk or adjust the credit quality of a holding or the portfolio.

Investment Styles and Performance

Chandler manages portfolios that are comprised of asset classes in the U.S. fixed income universe that align with our clients' objectives of safety, liquidity, and return. In California, these are assets that are permitted by California Government Code 53601 and 53635. The composition of Chandler's portfolios includes high quality, short-term investment-grade, U.S. dollar denominated securities including but not limited to *U.S. Treasuries, Federal Agencies, municipal bonds, negotiable CDs, Corporate notes, Supranational securities, asset-backed securities, mortgage-backed securities, and commercial paper.*

We have included performance and characteristics below through December 31, 2021, for Chandler's **Ultra Short-Term Bond Strategy**, a 0–1-year strategy, **Limited Maturity Strategy**, a 1–3-year strategy and for the **Short-Term Bond Strategy**, a 1–5-year strategy. Chandler's Limited Maturity and Short-Term Bond strategy composites are comprised of individually managed accounts with an average modified duration approximately equal to the modified duration of the *ICE B of A 1-3 Year US Treasury Index* and the *ICE B of A 1-5 Year US Treasury & Agency Index*⁵, respectively, and a final stated maturity of individual securities of five years.

Chandler Composite Performance – Gross and Net of Fees

<i>As of December 31, 2021</i>	One Year	Three Years	Five Years	Ten Years	Since Inception
Chandler Ultra Short (gross) <i>(inception: 12/31/88)</i>	-0.16%	1.73%	1.63%	1.11%	3.89%
Chandler Ultra Short (net)	-0.24%	1.65%	1.55%	1.03%	3.81%
<i>ICE BofA 0-3 Year US Treasury Index</i>	-0.17%	1.48%	1.38%	0.86%	3.46%
Chandler Limited Maturity (gross) <i>(inception: 9/30/88)</i>	-0.48%	2.20%	1.83%	1.33%	4.39%
Chandler Limited Maturity (net)	-0.56%	2.12%	1.75%	1.25%	4.31%
<i>ICE BofA 1-3 Year US Treasury Index</i>	-0.55%	2.02%	1.61%	1.09%	4.10%
Chandler Short Term Bond (gross) <i>(inception: 9/30/95)</i>	-0.93%	2.65%	2.11%	1.62%	3.89%
Chandler Short Term Bond (net)	-1.01%	2.57%	2.03%	1.54%	3.81%
<i>ICE BofA 1-5 Year US Treasury & Agency Index</i>	-1.09%	2.41%	1.89%	1.35%	3.62%

Based on Chandler's Limited Maturity, and Short-Term Bond composites as of 12/31/2021. Performance results are presented gross and net of fees. Net returns are for a sample 8 basis points (0.08 of 1%) proposed for a \$77 million account and are hypothetical and not based on an actual client's account. The performance has been calculated using historical composite performance. Gross performance does not reflect payment of advisory fees and other expenses which will reduce performance. Past performance is not a guarantee of future results. All investment strategies have the potential for profit or loss. Market conditions or economic factors may alter the performance and results of a portfolio. Investment advisory fees are disclosed in the firm's form ADV Part 2A. Performance for periods greater than one year is annualized. Please see GIPS Composite Reports and important disclosures in the Appendix. For one-on-one presentation only.

⁵ Please see important disclosures in the Appendix

Chandler develops and implements portfolio strategies that we tailor to meet the exact needs of each client. We group portfolios with similar characteristics into composites for the purpose of computing and reporting GIPS®-compliant

performance results. GIPS® represent an industry wide standard for performance calculation and reporting which facilitates comparison among investment firms. Chandler Asset Management claims compliance with the Global Investment Performance Standards (GIPS®) and prepares and presents its performance in compliance with these standards. Chandler is independently verified by ACA Performance Services for firm-wide GIPS® compliance. A copy of the firm's most recent GIPS® Verification Letter is included in the **Appendix**.

Oversight and Portfolio Compliance

Portfolio managers use robust order management ("OMS") and portfolio compliance software from **Bloomberg AIM** for monitoring compliance with your objectives, policies and legal requirements on a pre-trade, post-trade, and end-of-day basis. At the inception of the relationship, a compliance officer codes each element of the investment policy and guidelines into the Bloomberg system. Since each trade originates in the system, pre-trade compliance testing is generated each time a portfolio manager prepares to execute a transaction. The system prohibits execution of the trade if it does not comply with the imputed guidelines. If an issue of non-compliance is identified through the system, it cannot be overridden by an investment team member and is escalated for review by a member of the Compliance Team. A detailed *Statement of Compliance* with your investment policy is included in Chandler's monthly statements. This report details adherence to requirements such as permitted investments, minimum credit quality, maximum maturities, and concentration limits, and demonstrates to stakeholders that WRCOG and its investment adviser take seriously their fiduciary duty to protect taxpayer dollars.

Commitment to Best Execution of Transactions

Chandler executes approved securities transactions on a transparent and highly competitive basis in accordance with our commitment to best execution. As part of this process, we seek a broad range of security broker-dealers that provide a high level of market liquidity and product inventory. A minimum of three quotations are sought and reported at the time of execution. Documentation of our competitive bidding procedures and daily investment transactions are available the same day that trades occur via the *Chandler Client Portal*.

In seeking best execution, we "block" trades for clients, where possible, and then allocate the trades to individual portfolios, using an allocation process designed to treat all clients fairly in the transaction. Our competitive bid process results in an incremental net financial advantage for WRCOG over time and is an additional source of value in retaining Chandler as investment manager.

Broker-Dealer Due Diligence

The Investment Management Team maintains an active, productive relationship with the broker-dealer community to promote an ongoing flow of market information and to execute trades for our clients at competitive prices. This advantage provides our clients with market access that they would not be able to achieve on their own. On a given day, various factors may combine to generate the best price for a given transaction, including current dealer inventories, dealer profit/loss positions, and individual dealer sentiments about the market. No one dealer will consistently provide best execution. For that reason, we consistently place several dealers in competition and continuously monitor and compare inventories and prices. We review the credentials and regulatory background of each broker-dealer firm and their employees with whom we trade using FINRA's online BrokerCheck System.

Custodian Bank/Safekeeping Review and Selection

As part of our services, we can assist you in reviewing custodial and safekeeping arrangements. Your Relationship Manager will review your current custodial arrangement, including contractual arrangement, services provided, your satisfaction with the services and their cost. We can make recommendations for revisions in your existing relationship or assist you in selecting a new custodian that best facilitates your needs.

Reconciliation with Custodian Records and Settlement

Chandler's operations team performs daily reconciliations of cash balances and positions in all accounts and invests in best-in-class tools and technology to support the portfolio management process and simplify investment reporting and compliance. This reconciliation discloses any contribution/withdrawals of cash, whether interest or maturities were posted correctly and whether trades were settled on the appropriate settlement date.

Comprehensive, Timely Reports and Proactive Communication

Chandler Client Portal – Our industry-leading *Client Portal* is one of the tools Chandler offers to its clients to assist them in their fiduciary duty, providing transparency of their portfolio and the ability to integrate data into their own internal reporting systems. The secure client portal offers online access and the ability to download daily transactions and holdings, as well as historical monthly and quarterly statements and reports. Reports can be downloaded from the *Client Portal* in Excel format which can then be mapped to your internal reporting requirements. Access to the *Client Portal* is available to individuals selected by WRCOG during the onboarding process.

Client Reporting. Chandler provides monthly portfolio accounting and performance statements as well as mark-to-market fair value pricing for securities in accordance with GASB 31. We provide a GASB 40 report to all governmental clients, which provides the information needed to prepare the required fiscal year-end portfolio risk assessment, and we can assist WRCOG in drafting the narratives for GASB notes and financial notes included in WRCOG's *Comprehensive Annual Financial Report*. We have developed a GASB 72 report which is available by fiscal yearend. The GASB 72, Fair Value Measurement and Application requires government investments to be measured at fair market value. It also requires disclosures regarding how fair value was measured, what hierarchy the investment fits into and any special valuation processes used.

Monthly Statement. We will provide monthly portfolio accounting and performance statements to you as part of our regular services. Each monthly report begins with a one-page management summary of portfolio characteristics that provides an excellent overview of the portfolio, including performance relative to your selected benchmark(s), followed by a statement of compliance. A detailed asset listing, including cost, book, and market values, a transaction ledger, an earned interest report, and a cash flow report follow the summary page.

Monthly reports are accessible on the *Chandler Client Portal*. You will receive an email notification stating that the statement is available for download no later than the third business day following month-end.

Quarterly Reports. We will also provide quarterly investment reports in a format designed to facilitate discussion between our investment professionals and your staff. The reports present portfolio characteristics, return, and compliance using graphs, charts, and illustrations in a format that is effective for your financial staff, Board of Directors, and additional stakeholders.

Please see our *Sample Client Monthly Performance Statement, Quarterly Investment Report and GASB 40 and 72 Reports* in the **Appendix**.

Excellence in Communication. Chandler's professionals excel at the type of communication required to provide full transparency of your investment portfolio, assisting with translating the details of the entire investment program efficiently and effectively. We will keep you fully informed of investment strategies, market conditions and developments that are relevant to your investment program. Comprehensive reports and statements as well as the two-way dialogue at meetings to review the investment program translates the broad market and economic environment into the specifics of what we are doing for the portfolio, and why. On a quarterly basis, we will meet with you to discuss your portfolio as well as the current and proposed investment strategies, portfolio characteristics, performance, expectations for the coming quarter, the shape of the yield curve, and Chandler's forward-looking view of the marketplace and economic conditions. Your key investment management contacts as well as your relationship manager will attend these meetings.

- **Furnish an estimate of hours required to complete the specified tasks along with a total anticipated budget.**

We have estimated that in a typical week, 10 hours will be required of the various team members in servicing WRCOG's engagement. Because of the holistic approach and team environment in which Chandler will manage the assets, it is difficult to attribute hours separately to each team member who will be performing the management and advisory tasks. All aspects

of WRCOG's investment program are developed from the firm's collective professional expertise and are coupled with their knowledge of your specific objectives and requirements. Chandler's full-time management services are robust, and your staff will be well served through its direct access to investment, operations, compliance, and client service staff. You will receive prompt and thorough responses to any inquiries or requests.

Some of the specific tasks provided on a daily/weekly/monthly basis include:

PORTFOLIO STRUCTURE AND INVESTMENT ANALYSIS - Chandler regularly communicates with WRCOG's staff to ensure we understand your goals and are aware of any changes to your current requirements. - Chandler establishes the optimal portfolio structure using the collective investment expertise of our entire Investment Management Team guided by our observations and outlook for financial market conditions in conjunction with the results from our Horizon Analysis Model. - Chandler's committee system generates and discusses investment ideas and themes and applies them to the prevailing market conditions. - The Credit Committee uses our credit research tools to analyze and discuss credits with the entire team to ensure the strategies achieve their goals. - Final approval of issuers/credits are made by Martin Cassell and CEO.
SECURITY CHOICE AND RECOMMENDATIONS - With an approved list of issuers, Chandler evaluates WRCOG's portfolio based on the outputs of the Horizon Analysis Model. - Chandler identifies securities that are appropriate, taking into consideration portfolio structure, cash flow needs and investment policy guidelines.
TRADE EXECUTION - Chandler sets up the trade in Bloomberg AIM, our trade order management system (OMS). - The OMS runs pre-trade compliance on the transaction, which evaluates whether securities comply with WRCOG's guidelines applied in the system. - Chandler best execution practices seek a minimum of three quotes. - If the trade complies with investment guidelines and is authorized by WRCOG, Chandler executes the transaction at the most favorable level.
SETTLEMENT AND ACCOUNTING - Trade details are sent from the OMS to our portfolio accounting software, PAM for investments (PAM). - Chandler's procedures and processes ensure data integrity between the OMS and PAM for accounting, reporting and portfolio analytics. - The OMS trade allocation files are sent to the OASYS system to verify the broker has the instructions to deliver the securities. - Trade allocations are sent to the broker via the OMGEO secured network. - The broker matches or rejects the trade details. If it matches the system a confirmation is issued assuming no further reconciliation is required.
SAFEKEEPING, CUSTODY AND REPORTING - After confirmation, trade tickets are available for internal review and posted to the <i>Chandler Client Portal</i>. - Custodial trade ticket distributions are sent out via secure email or fax with authorized trade signatures. - Custodial trade summary reports are sent to custodians as an added reference for verification. - Trade ticket viewing notification emails are sent to WRCOG and viewable on the <i>Chandler Client Portal</i>. - Chandler provides monthly statements and quarterly reports to WRCOG.

We confirm that we have full and adequate labor resources to implement WRCOG's funds into our care and do not believe that there are any "key" or "critical" issues that will be encountered on the Project or impede our ability to begin the project in a timely fashion.

A. Identify methods that consultant will use to ensure quality control as well as budget and schedule control for the project.

To measure our success at achieving client objectives within the appropriate risk profile and client constraints, we report performance, compared to the client's selected benchmarks, each month. Chandler measures portfolio performance monthly and quarterly on a total return basis, providing a complete snapshot of the outcomes resulting from investment decisions since total return measures the percent change in the value of a portfolio over a defined historical period. The total return of the portfolio is compared to carefully selected benchmarks which have been selected in collaboration with clients as the appropriate metric for assessing performance relative to their risk tolerances and investment objectives.

The firm will employ a host of resources to ensure quality work and cost control for the engagement with the Western Riverside Council of Governments. These include our:

- Dedicated compliance team that ensures our recommendations meet the requirements of California Government Code and encompass industry best practices;
- Proven investment process and models, which will be utilized to identify opportunities and quantify risk;
- Operations team which controls the quality of client data; detailed accounting, and performance reports each month that have been checked for accuracy and quality by Chandler's operations staff. Reports are compared to external custodian's records, and Chandler provides a reconciliation of transactions and balances for congruency, and;
- Competitive execution practices based on the firm's expertise, industry contacts, and transparent shopping process which can incrementally add value through savings over time.

On a qualitative basis, we measure our performance by our client's satisfaction with our service. We encourage ongoing discussions with our clients to ensure that the investment strategy remains consistent with the understood goals and objectives yet remain flexible enough to propose creative solutions when your needs evolve. In the past, we have engaged independent third parties to survey our clients to gauge their satisfaction and to find ways to improve our service.

B. Identify any special issues, problems, or risks that are likely to be encountered in this project and how the Proposer would propose to address them.

Chandler's Relationship Managers and Client Service Team have successfully onboarded over 80 new clients over the last five years. In a rare occurrence, delays can occur if a prospective client requires a signature from an Authorized Individual who may be out of the office or on vacation. Another event that may slow the onboarding process would be a change of the existing custody provider or the establishment of a new custody relationship. That change may add an additional 7-10 days to the onboarding process.

With over three decades of experience serving California public agencies, we are well-versed in the California Government Code (or state legal requirements) as it applies to public agency investing and are actively involved with associations that develop recommended best investment practices, including the California Society of Municipal Finance Officers (CSMFO), the California Municipal Treasurers Association (CMTA) and the Government Finance Officers Association (GFOA). In reviewing investment policies, we look for clearly defined portfolio objectives and constraints.

At the start of the engagement, we will consult with you to understand and quantify your investment objectives, risk profile, and expected outcomes. We will then document what we have learned. In that way, our strategy and your policy complement each other. Once the investment policy is approved, it becomes the operating guideline for the portfolio. In addition, we will review your investment policy annually to ensure that your policy is updated as your objectives and cash flow requirements change over time. The policies we draft state in clear, unambiguous language the risks that are acceptable to a client and the investment strategies that we may undertake to achieve the client's goals.

Our policy review includes, at a minimum, the following areas:

- Scope of the policy that defines which funds are covered by the policy
- Investment objectives that clearly define how safety, liquidity, and return will be attained
- Standard of care (Prudent Expert)
- Delegation of authority
- Ethics and conflicts of interest
- Authorized investments
- Management of market and credit risk
- Safekeeping and custody of securities
- Reporting requirements
- Performance standards

DETAILED AND ITEMIZED PRICING

Chandler is pleased to provide comprehensive, full time discretionary investment management and advisory services to WRCOG as described herein Chandler's proposal and in WRCOG's *Scope of Services* in accordance with the following fee schedule:

Proposed Fee Schedule for Western Riverside Council of Governments

Assets Under Management	Annual Asset Management Fee
First \$50 million	0.09 of 1% (9 basis points)
Next \$50 million	0.06 of 1% (6 basis points)
Assets over \$100 million	0.04 of 1% (4 basis points)

Our proposed fee schedule is all-inclusive for the services that Chandler provides, including full time investment advisory and portfolio management services, technological resources, onboarding and implementation, online access to the *Chandler Client Portal*, comprehensive reporting, meetings, personal visits, educational offerings for your staff, as well as the additional treasury support services described herein in Chandler's proposal. Chandler does not charge fees on funds held in Local Government Investment Pools. Fees are firm for the entire initial contract term and WRCOG will not be subject to any increases during this period.

Our fee schedule does not include charges that WRCOG would incur for third party custodial services, which, as an important control in the investment process, is not provided by Chandler.

Examples of the fees assessed to WRCOG at different asset levels according to the above proposed tiered fee schedule are as follows:

Fee Examples at Different Asset Levels

Total Assets Under Management	Annual Fee in Basis Points	Annual Fee in \$ dollars
\$77 million	7.95 bps	\$61,200
\$100 million	7.50 bps	\$75,000
\$125 million	6.80 bps	\$85,000

Fees are based on the amount of assets under management and are not based on transaction volume. Management fees will accrue if there are assets in the portfolio, even if there is no activity during the period. Since the firm calculates fees based on the average balance of assets under our direct management (market value including accrued interest), they will fluctuate based on portfolio value. The examples above are based on sample account sizes and should not be considered a "not to exceed" fee. Fees are charged monthly in arrears and can be debited directly from your third-party custody account.

At Chandler Asset Management we pride ourselves on providing a comprehensive level of service that exceeds our client's expectations. If in the unlikely scenario the scope of work were to go beyond the proposed scope of service our hourly fee schedule would be as follows:

Hourly Rates

Responsibility	Hourly Rate (\$)
CIO/President	550
Senior Portfolio Manager/Strategist	450
Portfolio Manager/Analyst	350
Senior Relationship Manager	225
Operations Specialist/Client Service Manager	175
Clerical/Data entry	125

Appendix B

Project Team Staffing

APPENDIX B – PROJECT TEAM STAFFING**Investment Management**

Martin Cassell, CFA
CEO

Martin Cassell is the *Chief Executive Officer* at Chandler Asset Management and is a principal of the firm. He is responsible for defining, planning, and directing company programs. Martin heads implementation of the firm's investment strategies and portfolio risk management. He designed the proprietary quantitative models that drive our investment process, establishing duration, structure, and asset allocation throughout client portfolios.

Martin joined Chandler in 1991 from the City of San Diego where he managed a \$1 billion fixed income portfolio. He began his investment career in 1987 managing portfolios at World Savings and Loan.

Martin received his B.S. in finance from California State University, Hayward. He is a member of the CFA Society of San Diego and holds the designation of Chartered Financial Analyst. Martin is also a member of the Government Finance Officers Association (GFOA) Treasury and Investment Committee (TIM) and the California Association of Joint Power Authorities (CAJPA) finance committee.

William Dennehy II, CFA
Co-Chief Investment Officer

William Dennehy is *Co-Chief Investment Officer* at Chandler Asset Management. He is responsible for implementing portfolio strategy and securities trading in client accounts and serves as Co-Chair of the firm's Economic and Market Analysis Committee and Credit Committee.

Prior to joining Chandler in 2011, Bill worked at Northern Trust Global Investments in Chicago, most recently as senior portfolio manager and vice president, with a wide range of responsibilities in asset allocation, quantitative and qualitative analysis.

Bill earned his B.S. in business administration, option in finance, at California State University, Chico. He holds the designation of Chartered Financial Analyst.

Scott Prickett, CTP
Co-Chief Investment Officer

Scott Prickett is *Co-Chief Investment Officer*. He is responsible for building and maintaining client relationships with a focus upon developing and enhancing client investment programs. Scott actively participates in the portfolio management process and meets with clients on a regular basis to review their accounts, portfolio activity, portfolio strategy and financial markets. Scott has over 30 years of investment industry experience focused largely on managing short-term fixed income strategies for governmental and institutional non-profit clients. Scott serves as Co-Chair of the firm's *Economic and Market Analysis Committee*.

Prior to joining Chandler, Scott was Managing Director and Portfolio Manager at Davidson Fixed Income Management. Scott was directly responsible for managing over \$750 million in client assets and had management responsibilities over multiple business units with combined total assets of over \$5 billion. These included taxable and tax-exempt SMA programs, a Local Government Investment Pool (LGIP) and SeaCap Investment Advisors. At ALPS Mutual Fund Services, Scott played a key role in developing two SEC registered mutual funds. Scott also spent two years at Pacific Investment Management Company (PIMCO) as a fixed income Portfolio Specialist for over \$1.4 billion in assets.

Scott is a graduate of the University of Northern Colorado with a degree in business administration with an emphasis in finance. Scott has earned the Association of Financial Professionals designation as a Certified Treasury Professional (CTP) and is a frequent speaker for various local and national organizations.

Jayson Schmitt, CFA
Co-Chief Investment Officer

Jayson Schmitt is *Co-Chief Investment Officer*. Jayson is instrumental in the development and integration of quantitative analytic tools for the portfolio management process and provides full-time oversight of the entire investment management team and the implementation of the firm's strategies. He serves on the firm's Executive Committee, as well as Co-Chair of the *Quantitative Analysis Committee, Sector Committee, and Multi Asset Class Committee*.

Prior to joining Chandler in 1995, Jayson was employed as a Financial Analyst with USA Federal Credit Union in San Diego, managing a \$100 million liquidity book. His responsibilities there also included asset/liability management.

Jayson earned his B.A. in economics from San Diego State University. He is a member of the CFA Society of San Diego and holds the designation of Chartered Financial Analyst. Jayson also is a member of the City of San Diego Investment Advisory Committee. The committee assists the City with its investment program by providing regular policy and portfolio reviews.

Daniel Delaney, CFA
Senior Portfolio Manager

Daniel (Dan) Delaney is *Senior Portfolio Manager* at Chandler Asset Management. He is responsible for implementing portfolio strategy and securities trading in client accounts.

Prior to joining Chandler in 2021, Dan was a Senior Portfolio Manager with Allianz Global Investors, based in New York, responsible for managing Global Credit mandates. Dan also spent ten years as a Global Credit Analyst and Portfolio Manager with Rogge Global Partners, both in London and New York.

Daniel earned a Bachelor of Arts (Honors) degree in Business Economics from the University of Exeter, UK. He holds the designation of Chartered Financial Analyst.

**Julie Hughes***Senior Portfolio Strategist*

Julie Hughes is *Senior Portfolio Strategist* at Chandler Asset Management. She is responsible for building and maintaining client relationships with public agencies along with participating actively in the portfolio management process. Julie has over 25 years of finance, strategy, and client relationship management experience.

Prior to joining Chandler, Julie was a Portfolio Manager at Davidson Fixed Income Management, where she managed short-term fixed income portfolios for government and non-profit clients. Julie also has deep expertise in the investment of tax-exempt bond proceeds and hedging interest rate risk for municipal debt. Prior to 2004, she held positions in corporate strategy and management consulting.

Julie earned an MBA from the Wharton School of the University of Pennsylvania and a BBA in Marketing from the University of Texas at Austin.

**Christopher McCarry, AIF***Senior Portfolio Strategist*

Christopher McCarry joined Chandler Asset Management in 2013 and is *Senior Portfolio Strategist*. Chris is a member of the Investment Management Team and participates actively in the portfolio management process as well as builds and maintains client relationships. As a portfolio strategist, Chris focuses on identifying and communicating key investment related themes and trends for implementation into fixed income strategies for local government and institutional clients. Prior to joining the Investment Management Team in 2019, Chris was an Investment Consultant for the Client Services Team at Chandler. Chris has worked in the investment industry since 2001 with a diverse background in financial services. In his most recent role prior to Chandler, he was the Regional Vice President for Zack's Investment Management focusing on retail sales for the West Coast Territory. Other roles include an Advisory Consultant at LPL Financial and he began his career at Penn Mutual Life.

Chris is a graduate of Bucknell University with his BA in both International Relations (Latin America Focus) and Spanish. He holds his Accredited Investment Fiduciary (AIF®) designation.

**Carlos Oblites***Senior Portfolio Strategist*

Carlos Oblites is *Senior Portfolio Strategist*. He is responsible for building and maintaining client relationships with public agencies along with participating actively in the portfolio management process. Carlos has over 25 years of investment and financial experience, focused largely on managing short-term fixed income and pension strategies for governmental and institutional non-profit clients. Carlos currently serves as Co-Chair of the firm's Multi Asset Class Committee. He also serves as a member of the Government Finance Officers Association's (GFOA) Committee on Retirement and Benefits Administration (CORBA), which tracks new industry practices, regulatory and legislative developments, and issues best practices to assist public pension and personnel officers effectively manage state and local retirement funds and employee benefits.

Prior to joining Chandler, Carlos served as the Administrative Services Manager at Central Marin Sanitation Agency (CMSA) and was responsible for all aspects of the Agency's financial, human resources, administrative

support, and information systems activities. He also has significant expertise in serving California public agencies, healthcare, and insurance clients through his roles as Director at PFM Asset Management, and as a Principal at Wells Capital Management. Previous responsibilities include managing a variety of institutional client relationships and developing, implementing, and monitoring customized investment strategies for operating funds, bond proceeds, pension, and post-retirement funds. Carlos has also worked as a teacher for the Long Beach Unified School District.

Carlos holds a Bachelor of Arts degree in History from the University of California, Santa Barbara, and earned a Master's degree in Business Administration from San Francisco State University.

**Ted Piorkowski, CFA***Senior Portfolio Manager*

Ted Piorkowski is a *Senior Portfolio Manager* at Chandler Asset Management. In addition to his duties as a portfolio manager, he oversees daily trading and is responsible for implementing portfolio strategy. Ted leads the Economic and Market Analysis Committee, as well as the Sector Committee.

Prior to joining Chandler in 1999, Ted served as a Vice President and Fund Manager for Sefton Capital Management. He was responsible for the management of over \$300 million in both mutual fund vehicles and individually managed institutional portfolios. From 1988 through 1994, Ted managed money market and enhanced money market funds for San Diego Trust and Savings Bank and its successor, San Diego Financial Capital Management.

Ted earned both his B.S. and M.B.A. in finance from San Diego State University. He is a member of the CFA Society of San Diego and holds the designation of Chartered Financial Analyst.

**Genny Lynkiewicz, CFA***Senior Portfolio Manager*

Genny Lynkiewicz is *Senior Portfolio Manager* at Chandler Asset Management. She is responsible for implementing portfolio strategy and securities trading in client accounts, and currently serves as Co-Chair of the firm's *Sector Committee*. Prior to joining Chandler in 2015, Genny worked at BMO Asset Management in Chicago where she managed over \$8 billion in taxable money market funds, securities lending portfolios and separately managed accounts.

Genny earned a B.B.A. in Finance, Investment & Banking and a Certificate in International Business from the University of Wisconsin, Madison. She holds the designation of Chartered Financial Analyst.

**Charlotte Powell***Associate Portfolio Manager*

Charlotte Powell is Associate Portfolio Manager at Chandler Asset Management. She is responsible for supporting the investment management team with portfolio and fixed income research as well as assisting with trading and reporting issues. Charlotte joined the firm in 2021.

Previously, Charlotte worked as an Investment Analyst at Lingerfelt Commonwealth Partners where she was

responsible for asset valuations and analyzing fund performance. Prior to working at Lingerfelt, she spent a summer at Morgan Stanley working on their Institutional Equity Client Coverage team. Charlotte graduated from Virginia Tech in 2019 with B.S. in Finance. While at Virginia Tech, she was a Financial Sector analyst for the Student-managed Endowment for Educational Development, which managed over \$5 million of the University's endowment long-only in equities. Charlotte is currently pursuing the Chartered Financial Analyst® designation.

Photo
Coming
Soon**Stephen Church***Assistant Portfolio Manager*

Stephen Church joined Chandler Asset Management in 2022 as an Assistant Portfolio Manager. He is responsible for supporting the investment management team with portfolio and fixed income research as well as assisting with trading and reporting issues.

Previously, Stephen worked as an Associate Portfolio Manager at Hearthstone Wealth Management where he provided research on economic and market conditions, trends, asset classes, individual investments, and investment strategies as well as assisted in investment model construction, implementation, management, and maintenance. Stephen graduated from the University of Arizona in 2012 with a B.S. in Business Administration. Stephen currently pursuing the Chartered Financial Analyst® designation.

Relationship Management and Client Service**Mia Corral Brown***Senior Relationship Manager*

Mia Corral Brown is a *Senior Relationship Manager*. She joined the firm in 2004 and has 22 years of experience providing service to institutional clients. Mia's area of focus is on the development of client relationships in the public sector, and she serves as a relationship manager for existing clients throughout Southern California.

Prior to joining Chandler, Mia was employed at Nicholas Applegate Capital Management as an Assistant Marketing Manager. Mia is an active member of the California Society of Municipal Finance Officers, the Government Finance Officers Association, the California Municipal Treasurers Association, and the California Association of Joint Power Authorities. She is also a past member of the Board of Directors for the San Diego Chapter of Women in Public Finance.

Mia is a graduate of San Diego State University where she earned her B.A. in speech communication with an emphasis in business communications.

**Kara Raynor-Sanchez***Client Service Director*

Kara Raynor-Sanchez is *Client Service Director* and oversees the daily responsibilities of the Client Service team including client communication, client reporting and review/processing of client requested account activity. Kara collaborates with all departments at Chandler to respond to account-related questions and changes, as well as coordinates the onboarding process of new client accounts. She assumed the role of Client Service Director in 2019.

Kara joined Chandler as an administrative associate in 2012. She graduated with her B.A. in communication, emphasis in public relations from University of the Pacific and earned her M.A. in communication from San Diego State University. Kara earned the CFA Institute's Investment Foundations Certificate (formerly Claritas Investment Certificate) in 2013.

**Ryan Tauber***Managing Director, Business Development*

Ryan Tauber joined Chandler Asset Management in 2020 and is *Managing Director, Business Development*. In his role, he is responsible for leading business development which includes the sales and marketing functions for the firm, as well as leveraging our past successes to expand our client base into other institutional and public agency opportunities.

Ryan brings 22 years of experience in the financial services industry. Prior to joining Chandler, Ryan held roles with Morgan Stanley, Bank of America, and Union Bank where in addition to business development, his responsibilities included directing both strategy and risk related functions. Ryan is a graduate of the University of Southern California where he received his degree in Finance from the Marshall School of Business. In addition, he received his M.B.A. from Pepperdine University.

Firm Administration, Compliance, Administration and Operations**Nicole Dragoo, JD, IAACP***President*

Nicole Dragoo serves as *President* of Chandler Asset Management. She joined the firm in December 2001 in an operations role and served as COO and Chief Compliance Officer from January 2008 to March 2021. Nicole currently oversees firm operations as well as the legal, compliance and administrative functions.

Nicole has held various roles working in and managing operations prior to accepting the responsibilities of COO and CCO. Before joining Chandler, Nicole served as a Trading Associate on the institutional fixed income sales desk at Merrill Lynch.

Nicole earned her B.A. from the University of San Diego in business economics and her J.D. from the University of San Diego School of Law. She is a member of the State Bar of California, the San Diego County Bar Association, the Southern California Compliance Group, and the Women in Institutional Investments Network. She has also been an active member of Vistage International participating in various key groups since January of 2010. Additionally, Nicole holds the designation of Investment Adviser Certified Compliance Professional (IACCP) and was awarded the 2017 Governance Professional of the Year (small to mid-cap) by Corporate Secretary.

**Joseph Kolinsky***Chief Compliance Officer*

Joseph Kolinsky joined Chandler Asset Management in January 2020 and assumed the role of *Chief Compliance Officer* in April 2021. He provides day-to-day guidance and compliance monitoring of the firm's regulatory environment and the legal framework governing SEC-registered investment advisors. Joseph also assists the firm's President with the oversight functions within the firm and administering all aspects of the compliance program.

Joseph has 29 years of investment management experience, with 22 of these years being in internal audit and investment company / investment advisory compliance positions. Prior roles include Chief Compliance Officer and Head of Operations with 13D Management in New York City, and Director of Fund Compliance for Pacific Life.

Joseph earned his B.A. in Economics from Iona College.

**Michael Ramos***Operations Director*

Michael Ramos is *Operations Director* at Chandler Asset Management. He is responsible for leading the Investment Operations team and manages the firm's financial systems. Mike oversees trade processing, trade settlements, investment accounting, account reconciliation, market data, data integrity, systems administration, and client reporting. He joined Chandler Asset Management in 2004 as an Operations Associate. His previous experience includes financial accounting and reporting.

Mike earned his B.S. in business administration with a specialization in finance from California State University, San Marcos in 2003. In 2009, he received his M.B.A. in finance from National University.

Insurance Coverage Levels

Chandler maintains a comprehensive, full-coverage insurance program with the relevant coverages provided by firms rated “Excellent” or better by AM Best Rating, including the following:

EO/DO (professional liability)	\$30 million (\$200,000 retention)
Fidelity Bond/Employee Dishonesty:	\$10 million/\$100,000 deductible
Commercial General Liability:	\$2,000,000 per occurrence/\$4,000,000 aggregate
Umbrella Liability:	\$10,000,000 per occurrence/\$10,000,000 aggregate
Cybersecurity:	\$4,000,000
Automobile Liability:	\$1,000,000 combined single limit

In addition, each ERISA plan is insured to 10% of the plan’s asset values, not to exceed \$500,000 per insured plan. We have included a copy of our *ACORD Certificate of Liability* in **Appendix E**.

Affirmation

Chandler affirms that no employees working on the engagement have ever been convicted of a felony.

ZIP+4/Postal Code:

Yes No

I. Do you have one or more websites or accounts on publicly available social media platforms (including, but not limited to, Twitter, Facebook and LinkedIn)? ☒ ☐

If "yes," list all firm website addresses and the address for each of the firm's accounts on publicly available social media platforms on Section 1.I. of Schedule D. If a website address serves as a portal through which to access other information you have published on the web, you may list the portal without listing addresses for all of the other information. You may need to list more than one portal address. Do not provide the addresses of websites or accounts on publicly available social media platforms where you do not control the content. Do not provide the individual electronic mail (e-mail) addresses of employees or the addresses of employee accounts on publicly available social media platforms.

J. Chief Compliance Officer

(1) Provide the name and contact information of your Chief Compliance Officer. If you are an exempt reporting adviser, you must provide the contact information for your Chief Compliance Officer, if you have one. If not, you must complete Item 1.K. below.

Name:

JOSEPH R. KOLINSKY

Other titles, if any:

CHIEF COMPLIANCE OFFICER

Telephone number:

858.546.3737

Facsimile number, if any:

858.546.3741

Number and Street 1:

6225 LUSK BOULEVARD

Number and Street 2:

City:

SAN DIEGO

State:

California

Country:

United States

ZIP+4/Postal Code:

92121-2796

Electronic mail (e-mail) address, if Chief Compliance Officer has one:

JKOLINSKY@CHANDLERASSET.COM

(2) If your Chief Compliance Officer is compensated or employed by any person other than you, a related person or an investment 250

company registered under the Investment Company Act of 1940 that you advise for providing chief compliance officer services to you, provide the *person's* name and IRS Employer Identification Number (if any):

Name:

IRS Employer Identification Number:

- K. Additional Regulatory Contact Person: If a person other than the Chief Compliance Officer is authorized to receive information and respond to questions about this Form ADV, you may provide that information here.

Name:

NICOLE M. DRAGOO

Telephone number:

858.546.3737

Number and Street 1:

6225 LUSK BOULEVARD

City:

SAN DIEGO

State:

California

Titles:

PRESIDENT

Facsimile number, if any:

858.546.3741

Number and Street 2:

Country:

United States

ZIP+4/Postal Code:

92121-2796

Electronic mail (e-mail) address, if contact person has one:

NDRAGOO@CHANDLERASSET.COM

- L. Do you maintain some or all of the books and records you are required to keep under Section 204 of the Advisers Act, or similar state law, somewhere other than your *principal office and place of business*? Yes No

If "yes," complete Section 1.L. of Schedule D.

- M. Are you registered with a *foreign financial regulatory authority*? Yes No

Answer "no" if you are not registered with a foreign financial regulatory authority, even if you have an affiliate that is registered with a foreign financial regulatory authority. If "yes," complete Section 1.M. of Schedule D.

- N. Are you a public reporting company under Sections 12 or 15(d) of the Securities Exchange Act of 1934? Yes No

- O. Did you have \$1 billion or more in assets on the last day of your most recent fiscal year? Yes No

If yes, what is the approximate amount of your assets:

- ☐ \$1 billion to less than \$10 billion
- ☐ \$10 billion to less than \$50 billion
- ☐ \$50 billion or more

For purposes of Item 1.O. only, "assets" refers to your total assets, rather than the assets you manage on behalf of clients. Determine your total assets using the total assets shown on the balance sheet for your most recent fiscal year end.

- P. Provide your *Legal Entity Identifier* if you have one:
254900E9BJWINIZ90E91

A legal entity identifier is a unique number that companies use to identify each other in the financial marketplace. You may not have a legal entity identifier.

SECTION 1.B. Other Business Names

No Information Filed

SECTION 1.F. Other Offices

COMPLIANCE DOCUMENTATION AND OUR COMPLIANCE CALENDAR

SECTION 1.M. Registration with Foreign Financial Regulatory Authorities

No Information Filed

Item 2 SEC Registration/Reporting

Responses to this Item help us (and you) determine whether you are eligible to register with the SEC. Complete this Item 2.A. only if you are applying for SEC registration or submitting an *annual updating amendment* to your SEC registration. If you are filing an *umbrella registration*, the information in Item 2 should be provided for the *filing adviser* only.

A. To register (or remain registered) with the SEC, you must check **at least one** of the Items 2.A.(1) through 2.A.(12), below. If you are submitting an *annual updating amendment* to your SEC registration and you are no longer eligible to register with the SEC, check Item 2.A.(13). Part 1A Instruction 2 provides information to help you determine whether you may affirmatively respond to each of these items. You (the adviser):

- ☒ (1) are a **large advisory firm** that either:
- (a) has regulatory assets under management of \$100 million (in U.S. dollars) or more; or
 - (b) has regulatory assets under management of \$90 million (in U.S. dollars) or more at the time of filing its most recent *annual updating amendment* and is registered with the SEC;
- ☐ (2) are a **mid-sized advisory firm** that has regulatory assets under management of \$25 million (in U.S. dollars) or more but less than \$100 million (in U.S. dollars) and you are either:
- (a) not required to be registered as an adviser with the *state securities authority* of the state where you maintain your *principal office and place of business*; or
 - (b) not subject to examination by the *state securities authority* of the state where you maintain your *principal office and place of business*;
- Click [HERE](#) for a list of states in which an investment adviser, if registered, would not be subject to examination by the state securities authority.*
- (3) Reserved
- ☐ (4) have your *principal office and place of business* **outside the United States**;
- ☐ (5) are an **investment adviser (or subadviser) to an investment company** registered under the Investment Company Act of 1940;
- ☐ (6) are an **investment adviser to a company which has elected to be a business development company** pursuant to section 54 of the Investment Company Act of 1940 and has not withdrawn the election, and you have at least \$25 million of regulatory assets under management;
- ☐ (7) are a **pension consultant** with respect to assets of plans having an aggregate value of at least \$200,000,000 that qualifies for the exemption in rule 203A-2(a);
- ☐ (8) are a **related adviser** under rule 203A-2(b) that *controls*, is *controlled* by, or is under common *control* with, an investment adviser that is registered with the SEC, and your *principal office and place of business* is the same as the registered adviser;
- If you check this box, complete Section 2.A.(8) of Schedule D.*
- ☐ (9) are an **adviser** relying on rule 203A-2(c) because you **expect to be eligible for SEC registration within 120 days**;
- If you check this box, complete Section 2.A.(9) of Schedule D.*
- ☐ (10) are a **multi-state adviser** that is required to register in 15 or more states and is relying on rule 203A-2(d);
- If you check this box, complete Section 2.A.(10) of Schedule D.*
- ☐ (11) are an **Internet adviser** relying on rule 203A-2(e);
- ☐ (12) have **received an SEC order** exempting you from the prohibition against registration with the SEC;
- If you check this box, complete Section 2.A.(12) of Schedule D.*
- ☐ (13) are **no longer eligible** to remain registered with the SEC.

State Securities Authority Notice Filings and State Reporting by Exempt Reporting Advisers

C. Under state laws, SEC-registered advisers may be required to provide to *state securities authorities* a copy of the Form ADV and any amendments they file with the SEC. These are called *notice filings*. In addition, *exempt reporting advisers* may be required to provide *state securities authorities* with a copy of reports and any amendments they file with the SEC. If this is an initial application or report, check the box(es) next to the state(s) that you would like to receive notice of this and all subsequent filings or reports you submit to the SEC. If this is an amendment to direct your *notice filings* or reports to additional state(s), check the box(es) next to the state(s) that you would like to receive notice of this and all subsequent filings or reports you submit to the SEC. If this is an amendment to your

registration to stop your *notice filings* or reports from going to state(s) that currently receive them, uncheck the box(es) next to those state(s).

Jurisdictions

☒ AL	☒ IL	☒ NE	☒ SC
☒ AK	☒ IN	☒ NV	☐ SD
☒ AZ	☐ IA	☒ NH	☒ TN
☒ AR	☒ KS	☒ NJ	☒ TX
☒ CA	☐ KY	☒ NM	☒ UT
☒ CO	☒ LA	☒ NY	☐ VT
☒ CT	☒ ME	☒ NC	☐ VI
☒ DE	☒ MD	☐ ND	☒ VA

☒ FL	☒ MI	☒ OK	☒ WV
☒ GA	☒ MN	☒ OR	☒ WI
☐ GU	☐ MS	☒ PA	☐ WY
☒ HI	☒ MO	☐ PR	
☒ ID	☐ MT	☒ RI	

If you are amending your registration to stop your *notice filings* or reports from going to a state that currently receives them and you do not want to pay that state's notice filing or report filing fee for the coming year, your amendment must be filed before the end of the year (December 31).

SECTION 2.A.(8) Related Adviser

If you are relying on the exemption in rule 203A-2(b) from the prohibition on registration because you *control*, are *controlled* by, or are under common *control* with an investment adviser that is registered with the SEC and your *principal office and place of business* is the same as that of the registered adviser, provide the following information:

Name of Registered Investment Adviser

CRD Number of Registered Investment Adviser

SEC Number of Registered Investment Adviser

-

SECTION 2.A.(9) Investment Adviser Expecting to be Eligible for Commission Registration within 120 Days

If you are relying on rule 203A-2(c), the exemption from the prohibition on registration available to an adviser that expects to be eligible for SEC registration within 120 days, you are required to make certain representations about your eligibility for SEC registration. By checking the appropriate boxes, you will be deemed to have made the required representations. You must make both of these representations:

- ☐ I am not registered or required to be registered with the SEC or a *state securities authority* and I have a reasonable expectation that I will be eligible to register with the SEC within 120 days after the date my registration with the SEC becomes effective.
- ☐ I undertake to withdraw from SEC registration if, on the 120th day after my registration with the SEC becomes effective, I would be prohibited by Section 203A(a) of the Advisers Act from registering with the SEC.

SECTION 2.A.(10) Multi-State Adviser

If you are relying on rule 203A-2(d), the multi-state adviser exemption from the prohibition on registration, you are required to make certain representations about your eligibility for SEC registration. By checking the appropriate boxes, you will be deemed to have made the required representations.

If you are applying for registration as an investment adviser with the SEC, you must make both of these representations:

- ☐ I have reviewed the applicable state and federal laws and have concluded that I am required by the laws of 15 or more states to register as an investment adviser with the *state securities authorities* in those states.
- ☐ I undertake to withdraw from SEC registration if I file an amendment to this registration indicating that I would be required by the laws of fewer than 15 states to register as an investment adviser with the *state securities authorities* of those states.

If you are submitting your *annual updating amendment*, you must make this representation:

- ☐ Within 90 days prior to the date of filing this amendment, I have reviewed the applicable state and federal laws and have concluded that I am required by the laws of at least 15 states to register as an investment adviser with the *state securities authorities* in those states.

SECTION 2.A.(12) SEC Exemptive Order

If you are relying upon an SEC *order* exempting you from the prohibition on registration, provide the following information:

Application Number:

803-

Date of *order*:

Item 3 Form of Organization

If you are filing an *umbrella registration*, the information in Item 3 should be provided for the *filing adviser* only.

A. How are you organized?

- ☒ Corporation
- ☐ Sole Proprietorship
- ☐ Limited Liability Partnership (LLP)
- ☐ Partnership
- ☐ Limited Liability Company (LLC)
- ☐ Limited Partnership (LP)
- ☐ Other (specify):

If you are changing your response to this Item, see Part 1A Instruction 4.

B. In what month does your fiscal year end each year?

DECEMBER

C. Under the laws of what state or country are you organized?

State	Country
California	United States

If you are a partnership, provide the name of the state or country under whose laws your partnership was formed. If you are a sole proprietor, provide the name of the state or country where you reside.

If you are changing your response to this Item, see Part 1A Instruction 4.

Item 4 Successions

Yes No

A. Are you, at the time of this filing, succeeding to the business of a registered investment adviser, including, for example, a change of your structure or legal status (e.g., form of organization or state of incorporation)?

☐ ☒

If "yes", complete Item 4.B. and Section 4 of Schedule D.

B. Date of Succession: (MM/DD/YYYY)

If you have already reported this succession on a previous Form ADV filing, do not report the succession again. Instead, check "No." See Part 1A Instruction 4.

SECTION 4 Successions

No Information Filed

Item 5 Information About Your Advisory Business - Employees, Clients, and Compensation

Responses to this Item help us understand your business, assist us in preparing for on-site examinations, and provide us with data we use when making regulatory policy. Part 1A Instruction 5.a. provides additional guidance to newly formed advisers for completing this Item 5.

Employees

If you are organized as a sole proprietorship, include yourself as an employee in your responses to Item 5.A. and Items 5.B.(1), (2), (3), (4), and (5). If an employee performs more than one function, you should count that employee in each of your responses to Items 5.B.(1), (2), (3), (4), and (5).

- A. Approximately how many *employees* do you have? Include full- and part-time *employees* but do not include any clerical workers.
32
- B. (1) Approximately how many of the *employees* reported in 5.A. perform investment advisory functions (including research)?
15
- (2) Approximately how many of the *employees* reported in 5.A. are registered representatives of a broker-dealer?
0
- (3) Approximately how many of the *employees* reported in 5.A. are registered with one or more *state securities authorities* as *investment adviser representatives*?
15
- (4) Approximately how many of the *employees* reported in 5.A. are registered with one or more *state securities authorities* as *investment adviser representatives* for an investment adviser other than you?
0
- (5) Approximately how many of the *employees* reported in 5.A. are licensed agents of an insurance company or agency?
0
- (6) Approximately how many firms or other *persons* solicit advisory *clients* on your behalf?
0

In your response to Item 5.B.(6), do not count any of your employees and count a firm only once – do not count each of the firm's employees that solicit on your behalf.

Clients

In your responses to Items 5.C. and 5.D. do not include as "clients" the investors in a private fund you advise, unless you have a separate advisory relationship with those investors.

- C. (1) To approximately how many *clients* for whom you do not have regulatory assets under management did you provide investment advisory services during your most recently completed fiscal year?
1
- (2) Approximately what percentage of your *clients* are non-United States persons?
0%
- D. *For purposes of this Item 5.D., the category "individuals" includes trusts, estates, and 401(k) plans and IRAs of individuals and their family members, but does not include businesses organized as sole proprietorships.*
The category "business development companies" consists of companies that have made an election pursuant to section 54 of the Investment Company Act of 1940. Unless you provide advisory services pursuant to an investment advisory contract to an investment company registered under the Investment Company Act of 1940, do not answer (d)(1) or (d)(3) below.

Indicate the approximate number of your *clients* and amount of your total regulatory assets under management (reported in Item 5.F. below) attributable to each of the following type of *client*. If you have fewer than 5 *clients* in a particular category (other than (d), (e), and (f)) you may check Item 5.D.(2) rather than respond to Item 5.D.(1).

The aggregate amount of regulatory assets under management reported in Item 5.D.(3) should equal the total amount of regulatory assets under management reported in Item 5.F.(2)(c) below.

If a *client* fits into more than one category, select one category that most accurately represents the *client* to avoid double counting *clients* and assets. If you advise a registered investment company, business development company, or pooled investment vehicle, report those assets in categories (d), (e), and (f) as applicable.

Type of <i>Client</i>	(1) Number of <i>Client(s)</i>	(2) Fewer than 5 <i>Clients</i>	(3) Amount of Regulatory Assets under Management
(a) Individuals (other than <i>high net worth individuals</i>)	488	☐	\$ 255,961,120
(b) <i>High net worth individuals</i>	212	☐	\$ 141,339,494
(c) Banking or thrift institutions	1	☒	\$ 578,432
(d) Investment companies	0		\$ 0
(e) Business development companies	0		\$ 0
(f) Pooled investment vehicles (other than investment companies and business development companies)	0		\$ 0
(g) Pension and profit sharing plans (but not the plan participants or government pension plans)	2	☒	\$ 20,501,956
(h) Charitable organizations	21	☐	\$ 153,045,509
(i) State or municipal <i>government entities</i> (including government pension plans)	161	☐	\$ 17,737,195,532
(j) Other investment advisers	0	☐	\$ 0
(k) Insurance companies	0	☐	\$ 0
(l) Sovereign wealth funds and foreign official institutions	0	☐	\$ 0
(m) Corporations or other businesses not listed above	13	☐	\$ 45,551,455
(n) Other: HOSPITALS	6	☐	\$ 3,926,272,714

Compensation Arrangements

E. You are compensated for your investment advisory services by (check all that apply):

- ☒ (1) A percentage of assets under your management
- ☒ (2) Hourly charges
- ☐ (3) Subscription fees (for a newsletter or periodical)
- ☒ (4) Fixed fees (other than subscription fees)
- ☐ (5) Commissions
- ☐ (6) *Performance-based fees*
- ☐ (7) Other (specify):

Item 5 Information About Your Advisory Business - Regulatory Assets Under Management

Regulatory Assets Under Management

Yes No

F. (1) Do you provide continuous and regular supervisory or management services to securities portfolios? ☒ Yes ☐ No

(2) If yes, what is the amount of your regulatory assets under management and total number of accounts?

U.S. Dollar Amount

Total Number of Accounts

Discretionary: (a) \$ 19,144,505,152

(d) 1,032

Non-Discretionary: (b) \$ 3,135,941,060

(e) 63

Total: (c) \$ 22,280,446,212

(f) 1,095

Part 1A Instruction 5.b. explains how to calculate your regulatory assets under management. You must follow these instructions carefully when completing this Item.

(3) What is the approximate amount of your total regulatory assets under management (reported in Item 5.F.(2)(c) above) attributable to *clients* who are non-*United States persons*?

\$ 0

Advisory Activities

G. What type(s) of advisory services do you provide? Check all that apply.

- ☐ (1) Financial planning services
- ☒ (2) Portfolio management for individuals and/or small businesses
- ☐ (3) Portfolio management for investment companies (as well as "business development companies" that have made an election pursuant to section 54 of the Investment Company Act of 1940)
- ☐ (4) Portfolio management for pooled investment vehicles (other than investment companies)
- ☒ (5) Portfolio management for businesses (other than small businesses) or institutional *clients* (other than registered investment companies and other pooled investment vehicles)
- ☐ (6) Pension consulting services
- ☐ (7) Selection of other advisers (including *private fund* managers)
- ☐ (8) Publication of periodicals or newsletters
- ☐ (9) Security ratings or pricing services
- ☐ (10) Market timing services
- ☐ (11) Educational seminars/workshops
- ☒ (12) Other(specify): CONSULTING

Do not check Item 5.G.(3) unless you provide advisory services pursuant to an investment advisory contract to an investment company registered under the Investment Company Act of 1940, including as a subadviser. If you check Item 5.G.(3), report the 811 or 814 number of the investment company or investment companies to which you provide advice in Section 5.G.(3) of Schedule D.

H. If you provide financial planning services, to how many *clients* did you provide these services during your last fiscal year?

- ☐ 0
- ☐ 1 - 10
- ☐ 11 - 25
- ☐ 26 - 50
- ☐ 51 - 100
- ☐ 101 - 250
- ☐ 251 - 500
- ☐ More than 500

If more than 500, how many?
(round to the nearest 500)

In your responses to this Item 5.H., do not include as "clients" the investors in a private fund you advise, unless you have a separate advisory relationship with those investors.

I. (1) Do you participate in a *wrap fee program*?

Yes No

☒ ☐

(2) If you participate in a *wrap fee program*, what is the amount of your regulatory assets under management attributable to acting as:

(a) *sponsor* to a *wrap fee program*

\$ 0

(b) *portfolio manager* for a *wrap fee program*?

\$ 184,865,929

(c) *sponsor* to and *portfolio manager* for the same *wrap fee program*?

\$ 0

If you report an amount in Item 5.I.(2)(c), do not report that amount in Item 5.I.(2)(a) or Item 5.I.(2)(b).

If you are a portfolio manager for a wrap fee program, list the names of the programs, their sponsors and related information in Section 5.I.(2) of Schedule D.

If your involvement in a wrap fee program is limited to recommending wrap fee programs to your clients, or you advise a mutual fund that is offered through a wrap fee program, do not check Item 5.I.(1) or enter any amounts in response to Item 5.I.(2).

Yes No

J. (1) In response to Item 4.B. of Part 2A of Form ADV, do you indicate that you provide investment advice only with respect to

265

limited types of investments?

(2) Do you report *client* assets in Item 4.E. of Part 2A that are computed using a different method than the method used to compute your regulatory assets under management?

☐ ☒

K. Separately Managed Account *Clients*

Yes No

(1) Do you have regulatory assets under management attributable to *clients* other than those listed in Item 5.D.(3)(d)-(f) (separately managed account *clients*)?

☒ ☐

If yes, complete Section 5.K.(1) of Schedule D.

(2) Do you engage in borrowing transactions on behalf of any of the separately managed account *clients* that you advise?

☐ ☒

If yes, complete Section 5.K.(2) of Schedule D.

(3) Do you engage in derivative transactions on behalf of any of the separately managed account *clients* that you advise?

☐ ☒

If yes, complete Section 5.K.(2) of Schedule D.

(4) After subtracting the amounts in Item 5.D.(3)(d)-(f) above from your total regulatory assets under management, does any custodian hold ten percent or more of this remaining amount of regulatory assets under management?

☒ ☐

If yes, complete Section 5.K.(3) of Schedule D for each custodian.

L. Marketing Activities

Yes No

(1) Do any of your *advertisements* include:

(a) Performance results?

☐ ☐

(b) A reference to specific investment advice provided by you (as that phrase is used in rule 206(4)-1(a)(5))?

☐ ☐

(c) *Testimonials* (other than those that satisfy rule 206(4)-1(b)(4)(ii))?

☐ ☐

(d) *Endorsements* (other than those that satisfy rule 206(4)-1(b)(4)(ii))?

☐ ☐

(e) *Third-party ratings*?

☐ ☐

(2) If you answer "yes" to L(1)(c), (d), or (e) above, do you pay or otherwise provide cash or non-cash compensation, directly or indirectly, in connection with the use of *testimonials*, *endorsements*, or *third-party ratings*?

☐ ☐

(3) Do any of your *advertisements* include *hypothetical performance* ?

☐ ☐

(4) Do any of your *advertisements* include *predecessor performance* ?

☐ ☐

SECTION 5.G.(3) Advisers to Registered Investment Companies and Business Development Companies

No Information Filed

SECTION 5.I.(2) Wrap Fee Programs

If you are a portfolio manager for one or more *wrap fee programs*, list the name of each program and its *sponsor*. You must complete a separate Schedule D Section 5.I.(2) for each *wrap fee program* for which you are a portfolio manager.

Name of *Wrap Fee Program*
MANAGED ACCOUNTS SELECT

Name of *Sponsor*
CHARLES SCHWAB & CO., INC.

Sponsor's SEC File Number (if any) (e.g., 801-, 8-, 866-, 802-):
801 - 29938

Sponsor's CRD Number (if any):
5393

Name of *Wrap Fee Program*
SEPARATELY MANAGED ACCOUNTS (SMA) PROGRAM

Name of *Sponsor*
ENVESTNET PMC

Sponsor's SEC File Number (if any) (e.g., 801-, 8-, 866-, 802-):
801 - 57260

Sponsor's CRD Number (if any):
111694

Name of *Wrap Fee Program*
UNIFIED MANAGED ACCOUNTS ("UMA") PROGRAM

Name of *Sponsor*
ENVESTNET PMC

Sponsor's SEC File Number (if any) (e.g., 801-, 8-, 866-, 802-):
801 - 57260

Sponsor's CRD Number (if any):
111694

SECTION 5.K.(1) Separately Managed Accounts

After subtracting the amounts reported in Item 5.D.(3)(d)-(f) from your total regulatory assets under management, indicate the approximate percentage of this remaining amount attributable to each of the following categories of assets. If the remaining amount is at least \$10 billion in regulatory assets under management, complete Question (a). If the remaining amount is less than \$10 billion in regulatory assets under management, complete Question (b).

Any regulatory assets under management reported in Item 5.D.(3)(d), (e), and (f) should not be reported below.

If you are a subadviser to a separately managed account, you should only provide information with respect to the portion of the account that you subadvise.

End of year refers to the date used to calculate your regulatory assets under management for purposes of your *annual updating amendment* . Mid-year is the date six months before the end of year date. Each column should add up to 100% and numbers should be rounded to the **267**

nearest percent.

Investments in derivatives, registered investment companies, business development companies, and pooled investment vehicles should be reported in those categories. Do not report those investments based on related or underlying portfolio assets. Cash equivalents include bank deposits, certificates of deposit, bankers' acceptances and similar bank instruments.

Some assets could be classified into more than one category or require discretion about which category applies. You may use your own internal methodologies and the conventions of your service providers in determining how to categorize assets, so long as the methodologies or conventions are consistently applied and consistent with information you report internally and to current and prospective clients. However, you should not double count assets, and your responses must be consistent with any instructions or other guidance relating to this Section.

(a)

Asset Type	Mid-year	End of year
(i) Exchange-Traded Equity Securities	0 %	0 %
(ii) Non Exchange-Traded Equity Securities	0 %	0 %
(iii) U.S. Government/Agency Bonds	60 %	60 %
(iv) U.S. State and Local Bonds	0 %	0 %
(v) <i>Sovereign Bonds</i>	0 %	0 %
(vi) Investment Grade Corporate Bonds	16 %	15 %
(vii) Non-Investment Grade Corporate Bonds	3 %	3 %
(viii) Derivatives	0 %	0 %
(ix) Securities Issued by Registered Investment Companies or Business Development Companies	9 %	11 %
(x) Securities Issued by Pooled Investment Vehicles (other than Registered Investment Companies or Business Development Companies)	0 %	0 %
(xi) Cash and Cash Equivalents	5 %	5 %
(xii) Other	6 %	6 %

Generally describe any assets included in "Other"
MORTGAGE-BACKED SECURITIES (MBS), ASSET-BACKED SECURITIES (ABS), COLLATERALIZED MORTGAGE OBLIGATIONS (CMOS) AND SUPRANATIONALS

(b)

Asset Type	End of year
(i) Exchange-Traded Equity Securities	%
(ii) Non Exchange-Traded Equity Securities	%
(iii) U.S. Government/Agency Bonds	%
(iv) U.S. State and Local Bonds	%
(v) <i>Sovereign Bonds</i>	%
(vi) Investment Grade Corporate Bonds	%
(vii) Non-Investment Grade Corporate Bonds	%
(viii) Derivatives	%
(ix) Securities Issued by Registered Investment Companies or Business Development Companies	%
(x) Securities Issued by Pooled Investment Vehicles (other than Registered Investment Companies or Business Development Companies)	%
(xi) Cash and Cash Equivalents	%
(xii) Other	%

Generally describe any assets included in "Other"

SECTION 5.K.(2) Separately Managed Accounts - Use of Borrowingsand Derivatives

☐ No information is required to be reported in this Section 5.K.(2) per the instructions of this Section 5.K.(2)

If your regulatory assets under management attributable to separately managed accounts are at least \$10 billion, you should complete Question (a). If your regulatory assets under management attributable to separately managed accounts are at least \$500 million but less than \$10 billion, you should complete Question (b).

(a) In the table below, provide the following information regarding the separately managed accounts you advise. If you are a subadviser to a separately managed account, you should only provide information with respect to the portion of the account that you subadvise. End of year refers to the date used to calculate your regulatory assets under management for purposes of your *annual updating amendment*. Mid-year is the date six months before the end of year date.

In column 1, indicate the regulatory assets under management attributable to separately managed accounts associated with each level of gross notional exposure. For purposes of this table, the gross notional exposure of an account is the percentage obtained by dividing (i) the sum of (a) the dollar amount of any *borrowings* and (b) the *gross notional value* of all derivatives, by (ii) the regulatory assets under management of the account.

In column 2, provide the dollar amount of *borrowings* for the accounts included in column 1.

In column 3, provide aggregate *gross notional value* of derivatives divided by the aggregate regulatory assets under management of the accounts included in column 1 with respect to each category of derivatives specified in 3(a) through (f).

You may, but are not required to, complete the table with respect to any separately managed account with regulatory assets under management of less than \$10,000,000.

Any regulatory assets under management reported in Item 5.D.(3)(d), (e), and (f) should not be reported below.

(i) Mid-Year

Gross Notional Exposure	(1) Regulatory Assets Under Management	(2) Borrowings	(3) Derivative Exposures					
			(a) Interest Rate Derivative	(b) Foreign Exchange Derivative	(c) Credit Derivative	(d) Equity Derivative	(e) Commodity Derivative	(f) Other Derivative
Less than 10%	\$	\$	%	%	%	%	%	%
10-149%	\$	\$	%	%	%	%	%	%
150% or more	\$	\$	%	%	%	%	%	%

Optional: Use the space below to provide a narrative description of the strategies and/or manner in which *borrowings* and derivatives are used in the management of the separately managed accounts that you advise.

(ii) End of Year

Gross Notional Exposure	(1) Regulatory Assets Under Management	(2) Borrowings	(3) Derivative Exposures					
			(a) Interest Rate Derivative	(b) Foreign Exchange Derivative	(c) Credit Derivative	(d) Equity Derivative	(e) Commodity Derivative	(f) Other Derivative
Less than 10%	\$	\$	%	%	%	%	%	%
10-149%	\$	\$	%	%	%	%	%	%
150% or more	\$	\$	%	%	%	%	%	%

Optional: Use the space below to provide a narrative description of the strategies and/or manner in which *borrowings* and derivatives are used in the management of the separately managed accounts that you advise.

(b) In the table below, provide the following information regarding the separately managed accounts you advise as of the date used to calculate your regulatory assets under management for purposes of your *annual updating amendment*. If you are a subadviser to a separately managed account, you should only provide information with respect to the portion of the account that you subadvise.

In column 1, indicate the regulatory assets under management attributable to separately managed accounts associated with each level of gross notional exposure. For purposes of this table, the gross notional exposure of an account is the percentage obtained by dividing (i) the sum of (a) the dollar amount of any *borrowings* and (b) the *gross notional value* of all derivatives, by (ii) the regulatory assets under management of the account.

In column 2, provide the dollar amount of *borrowings* for the accounts included in column 1.

You may, but are not required to, complete the table with respect to any separately managed accounts with regulatory assets under management of less than \$10,000,000.

Any regulatory assets under management reported in Item 5.D.(3)(d), (e), and (f) should not be reported below.

Gross Notional Exposure	(1) Regulatory Assets Under Management	(2) Borrowings
Less than 10%	\$	\$
10-149%	\$	\$
150% or more	\$	\$

Optional: Use the space below to provide a narrative description of the strategies and/or manner in which *borrowings* and derivatives are used in the management of the separately managed accounts that you advise.

SECTION 5.K.(3) Custodians for Separately Managed Accounts

Complete a separate Schedule D Section 5.K.(3) for each custodian that holds ten percent or more of your aggregate separately managed account regulatory assets under management.

(a) Legal name of custodian:
THE BANK OF NEW YORK MELLON CORPORATION

(b) Primary business name of custodian:
BNY MELLON

(c) The location(s) of the custodian's office(s) responsible for *custody* of the assets :

City:	State:	Country:
JACKSONVILLE	Florida	United States

Yes No

(d) Is the custodian a *related person* of your firm? ☐ ☒

(e) If the custodian is a broker-dealer, provide its SEC registration number (if any)
-

(f) If the custodian is not a broker-dealer, or is a broker-dealer but does not have an SEC registration number, provide its *legal entity identifier* (if any)
WFLPEPC7FZXENRZV188

(g) What amount of your regulatory assets under management attributable to separately managed accounts is held at the custodian?
\$ 4,298,762,757

(a) Legal name of custodian:
WELLS FARGO BANK N.A.O

(b) Primary business name of custodian:

WELLS FARGO

(c) The location(s) of the custodian's office(s) responsible for *custody* of the assets :

City:

MINNEAPOLIS

State:

Minnesota

Country:

United States

Yes No

(d) Is the custodian a *related person* of your firm?

☐ ☒

(e) If the custodian is a broker-dealer, provide its SEC registration number (if any)

-

(f) If the custodian is not a broker-dealer, or is a broker-dealer but does not have an SEC registration number, provide its *legal entity identifier* (if any)

PBLD0EJDB5FWOLXP3B76

(g) What amount of your regulatory assets under management attributable to separately managed accounts is held at the custodian?

\$ 6,000,583,452

(a) Legal name of custodian:

U.S. BANK, NA

(b) Primary business name of custodian:

US BANK, NA

(c) The location(s) of the custodian's office(s) responsible for *custody* of the assets :

City:

CINCINNATI

State:

Ohio

Country:

United States

Yes No

(d) Is the custodian a *related person* of your firm?

☐ ☒

(e) If the custodian is a broker-dealer, provide its SEC registration number (if any)

-

(f) If the custodian is not a broker-dealer, or is a broker-dealer but does not have an SEC registration number, provide its *legal entity identifier* (if any)

6BYL5QZYBDK8S7L73M02

(g) What amount of your regulatory assets under management attributable to separately managed accounts is held at the custodian?

\$ 6,490,752,268

(a) Legal name of custodian:

MUFG UNION BANK, N.A

(b) Primary business name of custodian:

MUFG UNION BANK, N.A

(c) The location(s) of the custodian's office(s) responsible for *custody* of the assets :

City:

SAN DIEGO

State:

California

Country:

United States

Yes No

(d) Is the custodian a *related person* of your firm?

☐ ☒

(e) If the custodian is a broker-dealer, provide its SEC registration number (if any)

-

(f) If the custodian is not a broker-dealer, or is a broker-dealer but does not have an SEC registration number, provide its *legal entity identifier* (if any)

OX3PU53ZLPQKJ4700D47

(g) What amount of your regulatory assets under management attributable to separately managed accounts is held at the custodian?
\$ 2,412,579,690

Item 6 Other Business Activities

In this Item, we request information about your firm's other business activities.

A. You are actively engaged in business as a (check all that apply):

- ☐ (1) broker-dealer (registered or unregistered)
- ☐ (2) registered representative of a broker-dealer
- ☐ (3) commodity pool operator or commodity trading advisor (whether registered or exempt from registration)
- ☐ (4) futures commission merchant
- ☐ (5) real estate broker, dealer, or agent
- ☐ (6) insurance broker or agent
- ☐ (7) bank (including a separately identifiable department or division of a bank)
- ☐ (8) trust company
- ☐ (9) registered municipal advisor
- ☐ (10) registered security-based swap dealer
- ☐ (11) major security-based swap participant
- ☐ (12) accountant or accounting firm
- ☐ (13) lawyer or law firm
- ☐ (14) other financial product salesperson (specify):

If you engage in other business using a name that is different from the names reported in Items 1.A. or 1.B.(1), complete Section 6.A. of Schedule D.

Yes No

B. (1) Are you actively engaged in any other business not listed in Item 6.A. (other than giving investment advice)?

☐ ☒

(2) If yes, is this other business your primary business?

☐ ☐

If "yes," describe this other business on Section 6.B.(2) of Schedule D, and if you engage in this business under a different name, provide that name.

Yes No

(3) Do you sell products or provide services other than investment advice to your advisory *clients*?

☐ ☒

If "yes," describe this other business on Section 6.B.(3) of Schedule D, and if you engage in this business under a different name, provide that name.

SECTION 6.A. Names of Your Other Businesses

No Information Filed

SECTION 6.B.(2) Description of Primary Business

Describe your primary business (not your investment advisory business):

If you engage in that business under a different name, provide that name:

SECTION 6.B.(3) Description of Other Products and Services

Describe other products or services you sell to your *client*. You may omit products and services that you listed in Section 6.B.(2) above.

If you engage in that business under a different name, provide that name:

Item 7 Financial Industry Affiliations

In this Item, we request information about your financial industry affiliations and activities. This information identifies areas in which conflicts of interest may occur between you and your clients.

A. This part of Item 7 requires you to provide information about you and your related persons, including foreign affiliates. Your related persons are all of your advisory affiliates and any person that is under common control with you.

You have a related person that is a (check all that apply):

- ☐ (1) broker-dealer, municipal securities dealer, or government securities broker or dealer (registered or unregistered)
- ☐ (2) other investment adviser (including financial planners)
- ☐ (3) registered municipal advisor
- ☐ (4) registered security-based swap dealer
- ☐ (5) major security-based swap participant
- ☐ (6) commodity pool operator or commodity trading advisor (whether registered or exempt from registration)
- ☐ (7) futures commission merchant
- ☐ (8) banking or thrift institution
- ☐ (9) trust company
- ☐ (10) accountant or accounting firm
- ☐ (11) lawyer or law firm
- ☐ (12) insurance company or agency
- ☐ (13) pension consultant
- ☐ (14) real estate broker or dealer
- ☐ (15) sponsor or syndicator of limited partnerships (or equivalent), excluding pooled investment vehicles
- ☐ (16) sponsor, general partner, managing member (or equivalent) of pooled investment vehicles

Note that Item 7.A. should not be used to disclose that some of your employees perform investment advisory functions or are registered representatives of a broker-dealer. The number of your firm's employees who perform investment advisory functions should be disclosed under Item 5.B.(1). The number of your firm's employees who are registered representatives of a broker-dealer should be disclosed under Item 5.B.(2).

Note that if you are filing an umbrella registration, you should not check Item 7.A.(2) with respect to your relying advisers, and you do not have to complete Section 7.A. in Schedule D for your relying advisers. You should complete a Schedule R for each relying adviser.

For each related person, including foreign affiliates that may not be registered or required to be registered in the United States, complete Section 7.A. of Schedule D.

You do not need to complete Section 7.A. of Schedule D for any related person if: (1) you have no business dealings with the related person in connection with advisory services you provide to your clients; (2) you do not conduct shared operations with the related person; (3) you do not refer clients or business to the related person, and the related person does not refer prospective clients or business to you; (4) you do not share supervised persons or premises with the related person; and (5) you have no reason to believe that your relationship with the related person otherwise creates a conflict of interest with your clients.

You must complete Section 7.A. of Schedule D for each related person acting as qualified custodian in connection with advisory services you provide to your clients (other than any mutual fund transfer agent pursuant to rule 206(4)-2(b)(1)), regardless of whether you have determined the related person to be operationally independent under rule 206(4)-2 of the Advisers Act.

SECTION 7.A. Financial Industry Affiliations

No Information Filed

Item 7 Private Fund Reporting

Yes No

B. Are you an adviser to any private fund?

☐ ☒

If "yes," then for each private fund that you advise, you must complete a Section 7.B.(1) of Schedule D, except in certain circumstances described in the next sentence and in Instruction 6 of the Instructions to Part 1A. If you are registered or applying for registration with the SEC or reporting as an SEC exempt reporting adviser, and another SEC-registered adviser or SEC exempt reporting adviser reports this information with respect to any such private fund in Section 7.B.(1) of Schedule D of its Form ADV (e.g., if you are a subadviser), do not complete Section 7.B.(1) of Schedule D with respect to that private fund. You must, instead, complete Section 7.B.(2) of Schedule D.

In either case, if you seek to preserve the anonymity of a private fund client by maintaining its identity in your books and records in numerical or alphabetical code, or similar designation, pursuant to rule 204-2(d), you may identify the private fund in Section 7.B.(1) or 7.B.(2) of Schedule D using the same code or designation in place of the fund's name.

SECTION 7.B.(1) Private Fund Reporting

No Information Filed

SECTION 7.B.(2) Private Fund Reporting

No Information Filed

Item 8 Participation or Interest in *Client* Transactions

In this Item, we request information about your participation and interest in your *clients'* transactions. This information identifies additional areas in which conflicts of interest may occur between you and your *clients*. Newly-formed advisers should base responses to these questions on the types of participation and interest that you expect to engage in during the next year.

Like Item 7, Item 8 requires you to provide information about you and your *related persons*, including foreign affiliates.

Proprietary Interest in *Client* Transactions

- | | Yes | No |
|--|----------------------------------|----------------------------------|
| A. Do you or any <i>related person</i> : | | |
| (1) buy securities for yourself from advisory <i>clients</i> , or sell securities you own to advisory <i>clients</i> (principal transactions)? | ☐ | ☒ |
| (2) buy or sell for yourself securities (other than shares of mutual funds) that you also recommend to advisory <i>clients</i> ? | ☒ | ☐ |
| (3) recommend securities (or other investment products) to advisory <i>clients</i> in which you or any <i>related person</i> has some other proprietary (ownership) interest (other than those mentioned in Items 8.A.(1) or (2))? | ☐ | ☒ |

Sales Interest in *Client* Transactions

- | | Yes | No |
|--|-----------------------|----------------------------------|
| B. Do you or any <i>related person</i> : | | |
| (1) as a broker-dealer or registered representative of a broker-dealer, execute securities trades for brokerage customers in which advisory <i>client</i> securities are sold to or bought from the brokerage customer (agency cross transactions)? | ☐ | ☒ |
| (2) recommend to advisory <i>clients</i> , or act as a purchaser representative for advisory <i>clients</i> with respect to, the purchase of securities for which you or any <i>related person</i> serves as underwriter or general or managing partner? | ☐ | ☒ |
| (3) recommend purchase or sale of securities to advisory <i>clients</i> for which you or any <i>related person</i> has any other sales interest (other than the receipt of sales commissions as a broker or registered representative of a broker-dealer)? | ☐ | ☒ |

Investment or Brokerage Discretion

- | | Yes | No |
|---|----------------------------------|----------------------------------|
| C. Do you or any <i>related person</i> have <i>discretionary authority</i> to determine the: | | |
| (1) securities to be bought or sold for a <i>client's</i> account? | ☒ | ☐ |
| (2) amount of securities to be bought or sold for a <i>client's</i> account? | ☒ | ☐ |
| (3) broker or dealer to be used for a purchase or sale of securities for a <i>client's</i> account? | ☒ | ☐ |
| (4) commission rates to be paid to a broker or dealer for a <i>client's</i> securities transactions? | ☒ | ☐ |
| D. If you answer "yes" to C.(3) above, are any of the brokers or dealers <i>related persons</i> ? | ☐ | ☒ |
| E. Do you or any <i>related person</i> recommend brokers or dealers to <i>clients</i> ? | ☒ | ☐ |
| F. If you answer "yes" to E. above, are any of the brokers or dealers <i>related persons</i> ? | ☐ | ☒ |
| G. (1) Do you or any <i>related person</i> receive research or other products or services other than execution from a broker-dealer or a third party ("soft dollar benefits") in connection with <i>client</i> securities transactions? | ☐ | ☒ |
| (2) If "yes" to G.(1) above, are all the "soft dollar benefits" you or any <i>related persons</i> receive eligible "research or brokerage services" under section 28(e) of the Securities Exchange Act of 1934? | ☐ | ☐ |
| H. (1) Do you or any <i>related person</i> , directly or indirectly, compensate any <i>person</i> that is not an <i>employee</i> for <i>client</i> referrals? | ☐ | ☒ |
| (2) Do you or any <i>related person</i> , directly or indirectly, provide any <i>employee</i> compensation that is specifically related to obtaining <i>clients</i> for the firm (cash or non-cash compensation in addition to the <i>employee's</i> regular salary)? | ☒ | ☐ |
| I. Do you or any <i>related person</i> , including any <i>employee</i> , directly or indirectly, receive compensation from any <i>person</i> (other than you or any <i>related person</i>) for <i>client</i> referrals? | ☐ | ☒ |

In your response to Item 8.I., do not include the regular salary you pay to an employee.

In responding to Items 8.H. and 8.I., consider all cash and non-cash compensation that you or a related person gave to (in answering Item 8.H.) or received from (in answering Item 8.I.) any person in exchange for client referrals, including any bonus that is based, at least in part, on the number or amount of client referrals.

Item 9 Custody

In this Item, we ask you whether you or a *related person* has *custody* of *client* (other than *clients* that are investment companies registered under the Investment Company Act of 1940) assets and about your custodial practices.

- A. (1) Do you have *custody* of any advisory *clients*': **Yes No**
- (a) cash or bank accounts? ☐ ☒
- (b) securities? ☐ ☒

If you are registering or registered with the SEC, answer "No" to Item 9.A.(1)(a) and (b) if you have custody solely because (i) you deduct your advisory fees directly from your clients' accounts, or (ii) a related person has custody of client assets in connection with advisory services you provide to clients, but you have overcome the presumption that you are not operationally independent (pursuant to Advisers Act rule 206(4)-2(d)(5)) from the related person.

- (2) If you checked "yes" to Item 9.A.(1)(a) or (b), what is the approximate amount of *client* funds and securities and total number of *clients* for which you have *custody*:

U.S. Dollar Amount	Total Number of <i>Clients</i>
(a) \$	(b)

If you are registering or registered with the SEC and you have custody solely because you deduct your advisory fees directly from your clients' accounts, do not include the amount of those assets and the number of those clients in your response to Item 9.A.(2). If your related person has custody of client assets in connection with advisory services you provide to clients, do not include the amount of those assets and number of those clients in your response to 9.A.(2). Instead, include that information in your response to Item 9.B.(2).

- B. (1) In connection with advisory services you provide to *clients*, do any of your *related persons* have *custody* of any of your advisory *clients*': **Yes No**
- (a) cash or bank accounts? ☐ ☒
- (b) securities? ☐ ☒

You are required to answer this item regardless of how you answered Item 9.A.(1)(a) or (b).

- (2) If you checked "yes" to Item 9.B.(1)(a) or (b), what is the approximate amount of *client* funds and securities and total number of *clients* for which your *related persons* have *custody*:

U.S. Dollar Amount	Total Number of <i>Clients</i>
(a) \$	(b)

- C. If you or your *related persons* have *custody* of *client* funds or securities in connection with advisory services you provide to *clients*, check all the following that apply:

- (1) A qualified custodian(s) sends account statements at least quarterly to the investors in the pooled investment vehicle(s) you manage. ☐
- (2) An *independent public accountant* audits annually the pooled investment vehicle(s) that you manage and the audited financial statements are distributed to the investors in the pools. ☐
- (3) An *independent public accountant* conducts an annual surprise examination of *client* funds and securities. ☐
- (4) An *independent public accountant* prepares an internal control report with respect to custodial services when you or your *related persons* are qualified custodians for *client* funds and securities. ☐

If you checked Item 9.C.(2), C.(3) or C.(4), list in Section 9.C. of Schedule D the accountants that are engaged to perform the audit or examination or prepare an internal control report. (If you checked Item 9.C.(2), you do not have to list auditor information in Section 9.C. of Schedule D if you already provided this information with respect to the private funds you advise in Section 7.B.(1) of Schedule D).

- D. Do you or your *related person(s)* act as qualified custodians for your *clients* in connection with advisory services you provide to *clients*? **Yes No**
- (1) you act as a qualified custodian ☐ ☒
- (2) your *related person(s)* act as qualified custodian(s) ☐ ☒

If you checked "yes" to Item 9.D.(2), all related persons that act as qualified custodians (other than any mutual fund transfer agent pursuant to rule 206(4)-2(b)(1)) must be identified in Section 7.A. of Schedule D, regardless of whether you have determined the related person to be operationally independent under rule 206(4)-2 of the Advisers Act.

- E. If you are filing your *annual updating amendment* and you were subject to a surprise examination by an *independent public accountant* during your last fiscal year, provide the date (MM/YYYY) the examination commenced:
- F. If you or your *related persons* have *custody* of *client* funds or securities, how many *persons*, including, but not limited to, you and your *related persons*, act as qualified custodians for your *clients* in connection with advisory services you provide to *clients*?
- 22

SECTION 9.C. Independent Public Accountant

No Information Filed

Item 10 Control Persons

In this Item, we ask you to identify every *person* that, directly or indirectly, *controls* you. If you are filing an *umbrella registration*, the information in Item 10 should be provided for the *filing adviser* only.

If you are submitting an initial application or report, you must complete Schedule A and Schedule B. Schedule A asks for information about your direct owners and executive officers. Schedule B asks for information about your indirect owners. If this is an amendment and you are updating information you reported on either Schedule A or Schedule B (or both) that you filed with your initial application or report, you must complete Schedule C.

Yes No

A. Does any *person* not named in Item 1.A. or Schedules A, B, or C, directly or indirectly, *control* your management or policies?

☐ ☒

If yes, complete Section 10.A. of Schedule D.

B. If any *person* named in Schedules A, B, or C or in Section 10.A. of Schedule D is a public reporting company under Sections 12 or 15(d) of the Securities Exchange Act of 1934, please complete Section 10.B. of Schedule D.

SECTION 10.A. Control Persons

No Information Filed

SECTION 10.B. Control Person Public Reporting Companies

No Information Filed

Item 11 Disclosure Information

In this Item, we ask for information about your disciplinary history and the disciplinary history of all your *advisory affiliates*. We use this information to determine whether to grant your application for registration, to decide whether to revoke your registration or to place limitations on your activities as an investment adviser, and to identify potential problem areas to focus on during our on-site examinations. One event may result in "yes" answers to more than one of the questions below. In accordance with General Instruction 5 to Form ADV, "you" and "your" include the *filing adviser* and all *relying advisers* under an *umbrella registration*.

Your *advisory affiliates* are: (1) all of your current *employees* (other than *employees* performing only clerical, administrative, support or similar functions); (2) all of your officers, partners, or directors (or any *person* performing similar functions); and (3) all *persons* directly or indirectly *controlling* you or *controlled* by you. If you are a "separately identifiable department or division" (SID) of a bank, see the Glossary of Terms to determine who your *advisory affiliates* are.

If you are registered or registering with the SEC or if you are an exempt reporting adviser, you may limit your disclosure of any event listed in Item 11 to ten years following the date of the event. If you are registered or registering with a state, you must respond to the questions as posed; you may, therefore, limit your disclosure to ten years following the date of an event only in responding to Items 11.A.(1), 11.A.(2), 11.B.(1), 11.B.(2), 11.D.(4), and 11.H.(1)(a). For purposes of calculating this ten-year period, the date of an event is the date the final order, judgment, or decree was entered, or the date any rights of appeal from preliminary orders, judgments, or decrees lapsed.

You must complete the appropriate Disclosure Reporting Page ("DRP") for "yes" answers to the questions in this Item 11.

	Yes	No
Do any of the events below involve you or any of your <i>supervised persons</i> ?	☐	☐

For "yes" answers to the following questions, complete a Criminal Action DRP:

A. In the past ten years, have you or any <i>advisory affiliate</i> :	Yes	No
(1) been convicted of or pled guilty or nolo contendere ("no contest") in a domestic, foreign, or military court to any <i>felony</i> ?	☐	☐
(2) been <i>charged</i> with any <i>felony</i> ?	☐	☐

If you are registered or registering with the SEC, or if you are reporting as an exempt reporting adviser, you may limit your response to Item 11.A.(2) to charges that are currently pending.

B. In the past ten years, have you or any <i>advisory affiliate</i> :		
(1) been convicted of or pled guilty or nolo contendere ("no contest") in a domestic, foreign, or military court to a <i>misdemeanor</i> involving: investments or an <i>investment-related</i> business, or any fraud, false statements, or omissions, wrongful taking of property, bribery, perjury, forgery, counterfeiting, extortion, or a conspiracy to commit any of these offenses?	☐	☐
(2) been <i>charged</i> with a <i>misdemeanor</i> listed in Item 11.B.(1)?	☐	☐

If you are registered or registering with the SEC, or if you are reporting as an exempt reporting adviser, you may limit your response to Item 11.B.(2) to charges that are currently pending.

For "yes" answers to the following questions, complete a Regulatory Action DRP:

C. Has the SEC or the Commodity Futures Trading Commission (CFTC) ever:	Yes	No
(1) <i>found</i> you or any <i>advisory affiliate</i> to have made a false statement or omission?	☐	☐
(2) <i>found</i> you or any <i>advisory affiliate</i> to have been <i>involved</i> in a violation of SEC or CFTC regulations or statutes?	☐	☐
(3) <i>found</i> you or any <i>advisory affiliate</i> to have been a cause of an <i>investment-related</i> business having its authorization to do business denied, suspended, revoked, or restricted?	☐	☐
(4) entered an <i>order</i> against you or any <i>advisory affiliate</i> in connection with <i>investment-related</i> activity?	☐	☐
(5) imposed a civil money penalty on you or any <i>advisory affiliate</i> , or <i>ordered</i> you or any <i>advisory affiliate</i> to cease and desist from any activity?	☐	☐

D. Has any other federal regulatory agency, any state regulatory agency, or any <i>foreign financial regulatory authority</i> :		
(1) ever <i>found</i> you or any <i>advisory affiliate</i> to have made a false statement or omission, or been dishonest, unfair, or unethical?	☐	☐
(2) ever <i>found</i> you or any <i>advisory affiliate</i> to have been <i>involved</i> in a violation of <i>investment-related</i> regulations or statutes?	☐	☐
(3) ever <i>found</i> you or any <i>advisory affiliate</i> to have been a cause of an <i>investment-related</i> business having its authorization to do business denied, suspended, revoked, or restricted?	☐	☐
(4) in the past ten years, entered an <i>order</i> against you or any <i>advisory affiliate</i> in connection with an <i>investment-related</i> activity?		

(5) ever denied, suspended, or revoked your or any *advisory affiliate's* registration or license, or otherwise prevented you or any *advisory affiliate*, by order, from associating with an *investment-related* business or restricted your or any *advisory affiliate's* activity? ☐ ☒

E. Has any *self-regulatory organization* or commodities exchange ever:

(1) *found* you or any *advisory affiliate* to have made a false statement or omission? ☐ ☒

(2) *found* you or any *advisory affiliate* to have been *involved* in a violation of its rules (other than a violation designated as a "minor rule violation" under a plan approved by the SEC)? ☐ ☒

(3) *found* you or any *advisory affiliate* to have been the cause of an *investment-related* business having its authorization to do business denied, suspended, revoked, or restricted? ☐ ☒

(4) disciplined you or any *advisory affiliate* by expelling or suspending you or the *advisory affiliate* from membership, barring or suspending you or the *advisory affiliate* from association with other members, or otherwise restricting your or the *advisory affiliate's* activities? ☐ ☒

F. Has an authorization to act as an attorney, accountant, or federal contractor granted to you or any *advisory affiliate* ever been revoked or suspended? ☐ ☒

G. Are you or any *advisory affiliate* now the subject of any regulatory *proceeding* that could result in a "yes" answer to any part of Item 11.C., 11.D., or 11.E.? ☐ ☒

For "yes" answers to the following questions, complete a Civil Judicial Action DRP:

H. (1) Has any domestic or foreign court: **Yes No**

(a) in the past ten years, *enjoined* you or any *advisory affiliate* in connection with any *investment-related* activity? ☐ ☒

(b) ever *found* that you or any *advisory affiliate* were *involved* in a violation of *investment-related* statutes or regulations? ☐ ☒

(c) ever dismissed, pursuant to a settlement agreement, an *investment-related* civil action brought against you or any *advisory affiliate* by a state or foreign financial regulatory authority? ☐ ☒

(2) Are you or any *advisory affiliate* now the subject of any civil *proceeding* that could result in a "yes" answer to any part of Item 11.H.(1)? ☐ ☒

Item 12 Small Businesses

The SEC is required by the Regulatory Flexibility Act to consider the effect of its regulations on small entities. In order to do this, we need to determine whether you meet the definition of "small business" or "small organization" under rule 0-7.

Answer this Item 12 only if you are registered or registering with the SEC **and** you indicated in response to Item 5.F.(2)(c) that you have regulatory assets under management of less than \$25 million. You are not required to answer this Item 12 if you are filing for initial registration as a state adviser, amending a current state registration, or switching from SEC to state registration.

For purposes of this Item 12 only:

- Total Assets refers to the total assets of a firm, rather than the assets managed on behalf of *clients*. In determining your or another *person's* total assets, you may use the total assets shown on a current balance sheet (but use total assets reported on a consolidated balance sheet with subsidiaries included, if that amount is larger).
- *Control* means the power to direct or cause the direction of the management or policies of a *person*, whether through ownership of securities, by contract, or otherwise. Any *person* that directly or indirectly has the right to vote 25 percent or more of the voting securities, or is entitled to 25 percent or more of the profits, of another *person* is presumed to *control* the other *person*.

Yes No

A. Did you have total assets of \$5 million or more on the last day of your most recent fiscal year?

☐ ☐

If "yes," you do not need to answer Items 12.B. and 12.C.

B. Do you:

(1) *control* another investment adviser that had regulatory assets under management (calculated in response to Item 5.F.(2)(c) of Form ADV) of \$25 million or more on the last day of its most recent fiscal year?

☐ ☐

(2) *control* another *person* (other than a natural person) that had total assets of \$5 million or more on the last day of its most recent fiscal year?

☐ ☐

C. Are you:

(1) *controlled* by or under common *control* with another investment adviser that had regulatory assets under management (calculated in response to Item 5.F.(2)(c) of Form ADV) of \$25 million or more on the last day of its most recent fiscal year?

☐ ☐

(2) *controlled* by or under common *control* with another *person* (other than a natural person) that had total assets of \$5 million or more on the last day of its most recent fiscal year?

☐ ☐

Schedule A**Direct Owners and Executive Officers**

1. Complete Schedule A only if you are submitting an initial application or report. Schedule A asks for information about your direct owners and executive officers. Use Schedule C to amend this information.
2. Direct Owners and Executive Officers. List below the names of:
 - (a) each Chief Executive Officer, Chief Financial Officer, Chief Operations Officer, Chief Legal Officer, Chief Compliance Officer (Chief Compliance Officer is required if you are registered or applying for registration and cannot be more than one individual), director, and any other individuals with similar status or functions;
 - (b) if you are organized as a corporation, each shareholder that is a direct owner of 5% or more of a class of your voting securities, unless you are a public reporting company (a company subject to Section 12 or 15(d) of the Exchange Act);
Direct owners include any *person* that owns, beneficially owns, has the right to vote, or has the power to sell or direct the sale of, 5% or more of a class of your voting securities. For purposes of this Schedule, a *person* beneficially owns any securities: (i) owned by his/her child, stepchild, grandchild, parent, stepparent, grandparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, sharing the same residence; or (ii) that he/she has the right to acquire, within 60 days, through the exercise of any option, warrant, or right to purchase the security.
 - (c) if you are organized as a partnership, all general partners and those limited and special partners that have the right to receive upon dissolution, or have contributed, 5% or more of your capital;
 - (d) in the case of a trust that directly owns 5% or more of a class of your voting securities, or that has the right to receive upon dissolution, or has contributed, 5% or more of your capital, the trust and each trustee; and
 - (e) if you are organized as a limited liability company ("LLC"), (i) those members that have the right to receive upon dissolution, or have contributed, 5% or more of your capital, and (ii) if managed by elected managers, all elected managers.
3. Do you have any indirect owners to be reported on Schedule B? ☒ Yes ☐ No
4. In the DE/FE/I column below, enter "DE" if the owner is a domestic entity, "FE" if the owner is an entity incorporated or domiciled in a foreign country, or "I" if the owner or executive officer is an individual.
5. Complete the Title or Status column by entering board/management titles; status as partner, trustee, sole proprietor, elected manager, shareholder, or member; and for shareholders or members, the class of securities owned (if more than one is issued).
6. Ownership codes are: NA - less than 5% B - 10% but less than 25% D - 50% but less than 75%
A - 5% but less than 10% C - 25% but less than 50% E - 75% or more
7. (a) In the *Control Person* column, enter "Yes" if the *person* has *control* as defined in the Glossary of Terms to Form ADV, and enter "No" if the *person* does not have *control*. Note that under this definition, most executive officers and all 25% owners, general partners, elected managers, and trustees are *control persons*.
(b) In the PR column, enter "PR" if the owner is a public reporting company under Sections 12 or 15(d) of the Exchange Act.
(c) Complete each column.

FULL LEGAL NAME (Individuals: Last Name, First Name, Middle Name)	DE/FE/I	Title or Status	Date Title or Status Acquired MM/YYYY	Ownership Code	Control Person	PR	CRD No. If None: S.S. No. and Date of Birth, IRS Tax No. or Employer ID No.

TAUBER, RYAN, EDWARD	I	MANAGING DIRECTOR OF	07/2020	NA	N	N	4007762

Schedule B**Indirect Owners**

1. Complete Schedule B only if you are submitting an initial application or report. Schedule B asks for information about your indirect owners; you must first complete Schedule A, which asks for information about your direct owners. Use Schedule C to amend this information.
2. Indirect Owners. With respect to each owner listed on Schedule A (except individual owners), list below:
 - (a) in the case of an owner that is a corporation, each of its shareholders that beneficially owns, has the right to vote, or has the power to sell or direct the sale of, 25% or more of a class of a voting security of that corporation;

For purposes of this Schedule, a *person* beneficially owns any securities: (i) owned by his/her child, stepchild, grandchild, parent, stepparent, grandparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, sharing the same residence; or (ii) that he/she has the right to acquire, within 60 days, through the exercise of any option, warrant, or right to purchase the security.

 - (b) in the case of an owner that is a partnership, all general partners and those limited and special partners that have the right to receive upon dissolution, or have contributed, 25% or more of the partnership's capital;
 - (c) in the case of an owner that is a trust, the trust and each trustee; and
 - (d) in the case of an owner that is a limited liability company ("LLC"), (i) those members that have the right to receive upon dissolution, or have contributed, 25% or more of the LLC's capital, and (ii) if managed by elected managers, all elected managers.
3. Continue up the chain of ownership listing all 25% owners at each level. Once a public reporting company (a company subject to Sections 12 or 15(d) of the Exchange Act) is reached, no further ownership information need be given.
4. In the DE/FE/I column below, enter "DE" if the owner is a domestic entity, "FE" if the owner is an entity incorporated or domiciled in a foreign country, or "I" if the owner is an individual.
5. Complete the Status column by entering the owner's status as partner, trustee, elected manager, shareholder, or member; and for shareholders or members, the class of securities owned (if more than one is issued).
6. Ownership codes are: C - 25% but less than 50% E - 75% or more
D - 50% but less than 75% F - Other (general partner, trustee, or elected manager)
7. (a) In the *Control Person* column, enter "Yes" if the *person* has *control* as defined in the Glossary of Terms to Form ADV, and enter "No" if the *person* does not have *control*. Note that under this definition, most executive officers and all 25% owners, general partners, elected managers, and trustees are *control persons*.
(b) In the PR column, enter "PR" if the owner is a public reporting company under Sections 12 or 15(d) of the Exchange Act.
(c) Complete each column.

Schedule D - Miscellaneous

You may use the space below to explain a response to an Item or to provide any other information.

Chandler's soft dollar policy prohibits us from entering into third party soft dollar arrangements, please see our Part 2A for additional disclosures. On December 3, 2021, Chandler Asset Management's Employee Stock Ownership Plan ("ESOP") closed on its purchase of the remaining interest held in the firm owned by the firm's Chair of the Board and Founder, Kay Chandler. As a result of this purchase, the firm's ESOP now owns 68% of Chandler Asset Management Inc. The firm's Chief Executive Officer, Martin Cassell, continues to hold a 25% interest in the firm, and remaining 7% of the company continues to be held by senior level employees. Kay Chandler will continue as the firm's Chair of the Board. As the firm has continued to grow, Chandler's Board of Directors made the decision to outsource the responsibility of Trustee of the company's ESOP to an independent third party, Prudent Fiduciary Services ("Prudent"). Prudent's sole responsibility is to oversee the ESOP trust on behalf of Chandler employee participants. Prudent serves at the discretion of the Board of Directors who retains all authority over the day-to-day management of the firm. On December 31, 2021, Martin Cassell relinquished his title of Chandler's Chief Investment Officer. He does, however, maintain his title of CEO. Jayson Schmitt, William Dennehy, and Scott Prickett have been promoted from their Deputy CIO positions to Co-Chief Investment Officers of Chandler Asset Management Inc. Chandler has issued a press release pertaining to these promotions, which can be found on Chandler's website, www.chandlerasset.com.

Part 2**Exemption from brochure delivery requirements for SEC-registered advisers**

SEC rules exempt SEC-registered advisers from delivering a firm brochure to some kinds of clients. If these exemptions excuse you from delivering a brochure to *all* of your advisory clients, you do not have to prepare a brochure.

Yes No

Are you exempt from delivering a brochure to all of your clients under these rules?

If no, complete the ADV Part 2 filing below.

Execution Pages

DOMESTIC INVESTMENT ADVISER EXECUTION PAGE

You must complete the following Execution Page to Form ADV. This execution page must be signed and attached to your initial submission of Form ADV to the SEC and all amendments.

Appointment of Agent for Service of Process

By signing this Form ADV Execution Page, you, the undersigned adviser, irrevocably appoint the Secretary of State or other legally designated officer, of the state in which you maintain your *principal office and place of business* and any other state in which you are submitting a *notice filing*, as your agents to receive service, and agree that such *persons* may accept service on your behalf, of any notice, subpoena, summons, *order* instituting *proceedings*, demand for arbitration, or other process or papers, and you further agree that such service may be made by registered or certified mail, in any federal or state action, administrative *proceeding* or arbitration brought against you in any place subject to the jurisdiction of the United States, if the action, *proceeding*, or arbitration (a) arises out of any activity in connection with your investment advisory business that is subject to the jurisdiction of the United States, and (b) is *founded*, directly or indirectly, upon the provisions of: (i) the Securities Act of 1933, the Securities Exchange Act of 1934, the Trust Indenture Act of 1939, the Investment Company Act of 1940, or the Investment Advisers Act of 1940, or any rule or regulation under any of these acts, or (ii) the laws of the state in which you maintain your *principal office and place of business* or of any state in which you are submitting a *notice filing*.

Signature

I, the undersigned, sign this Form ADV on behalf of, and with the authority of, the investment adviser. The investment adviser and I both certify, under penalty of perjury under the laws of the United States of America, that the information and statements made in this ADV, including exhibits and any other information submitted, are true and correct, and that I am signing this Form ADV Execution Page as a free and voluntary act.

I certify that the adviser's books and records will be preserved and available for inspection as required by law. Finally, I authorize any *person* having *custody* or possession of these books and records to make them available to federal and state regulatory representatives.

NON-RESIDENT INVESTMENT ADVISER EXECUTION PAGE

You must complete the following Execution Page to Form ADV. This execution page must be signed and attached to your initial submission of Form ADV to the SEC and all amendments.

1. Appointment of Agent for Service of Process

By signing this Form ADV Execution Page, you, the undersigned adviser, irrevocably appoint each of the Secretary of the SEC, and the Secretary of State or other legally designated officer, of any other state in which you are submitting a *notice filing*, as your agents to receive service, and agree that such persons may accept service on your behalf, of any notice, subpoena, summons, *order* instituting *proceedings*, demand for arbitration, or other process or papers, and you further agree that such service may be made by registered or certified mail, in any federal or state action, administrative *proceeding* or arbitration brought against you in any place subject to the jurisdiction of the United States, if the action, *proceeding* or arbitration (a) arises out of any activity in connection with your investment advisory business that is subject to the jurisdiction of the United States, and (b) is *founded*, directly or indirectly, upon the provisions of: (i) the Securities Act of 1933, the Securities Exchange Act of 1934, the Trust Indenture Act of 1939, the Investment Company Act of 1940, or the Investment Advisers Act of 1940, or any rule or regulation under any of these acts, or (ii) the laws of any state in which you are submitting a *notice filing*.

2. Appointment and Consent: Effect on Partnerships

If you are organized as a partnership, this irrevocable power of attorney and consent to service of process will continue in effect if any partner withdraws from or is admitted to the partnership, provided that the admission or withdrawal does not create a new partnership. If the partnership dissolves, this irrevocable power of attorney and consent shall be in effect for any action brought against you or any of your former partners.

3. *Non-Resident* Investment Adviser Undertaking Regarding Books and Records

By signing this Form ADV, you also agree to provide, at your own expense, to the U.S. Securities and Exchange Commission at its principal office in Washington D.C., at any Regional or District Office of the Commission, or at any one of its offices in the United States, as specified by the Commission, correct, current, and complete copies of any or all records that you are required to maintain under Rule 204-2 under the Investment Advisers Act of 1940. This undertaking shall be binding upon you, your heirs, successors and assigns, and any *person* subject to your written irrevocable consents or powers of attorney or any of your general partners and *managing agents*.

Signature

I, the undersigned, sign this Form ADV on behalf of, and with the authority of, the *non-resident* investment adviser. The investment adviser and I both certify, under penalty of perjury under the laws of the United States of America, that the information and statements made in this ADV, including exhibits and any other information submitted, are true and correct, and that I am signing this Form ADV Execution Page as a free and voluntary act.

I certify that the adviser's books and records will be preserved and available for inspection as required by law. Finally, I authorize any *person* having *custody* or possession of these books and records to make them available to federal and state regulatory representatives.

Part 2A of Form ADV: Firm Brochure

Chandler Asset Management, Inc.

6225 Lusk Boulevard
San Diego, CA 92121

Telephone: 858-546-3737
Email: Compliance@chandlerasset.com
Web Address: www.chandlerasset.com

December 30, 2021

This disclosure brochure (the "Brochure") provides information about the qualifications and business practices of Chandler Asset Management, Inc. ("Chandler"). If you have any questions about the contents of this Brochure, please contact us at 858-546-3737 or Compliance@chandlerasset.com. The information in this Brochure has not been approved or verified by the United States Securities and Exchange Commission ("SEC") or by any state securities authority. Registration with the Securities and Exchange Commission does not imply any level of skill or training.

Additional information about Chandler and its investment adviser representatives is also available on the SEC's website at www.adviserinfo.sec.gov. You can search this site by name or by a unique identifying number, known as a CRD number. Our firm's CRD number is 107287.

ITEM 2 MATERIAL CHANGES

This Firm Brochure, dated 12/30/2021, provides you with a summary of Chandler's advisory services and fees, professionals, certain business practices and policies, as well as actual or potential conflicts of interest, among other things. This item (Item 2) is used to provide our clients with a summary of new and/or updated information; we will inform you of the revision(s) based on the nature of the information as follows.

1. *Annual Update*: We are required to update certain information at least annually, within 90 days of our firm's fiscal year end ("FYE") of December 31. We will provide you with either a summary of the revised information with an offer to deliver the full revised Brochure within 120 days of our FYE or we will provide you with our revised Brochure that will include a summary of those changes in this Item.
2. *Material Changes*: Should a material change in our operations occur, depending on its nature we will promptly communicate this change to clients (and it will be summarized in this Item). "Material changes" requiring prompt notification will include changes of ownership or control; location or disciplinary proceedings. We may also advise you of other changes based on the nature of the updated information.

The following summarizes an other than annual amendment, and new or revised disclosures based on information previously provided in our Firm Brochure dated 3/30/2021.

Item 4a – *Firm Overview* – Revised Item 4a to reflect the increase of ownership represented by our firm's Employee Stock Ownership Program "ESOP" as a result of the ESOP purchasing shares from the firm's Chair of the Board. Item 4a was also revised to reflect the promotion of three Deputy Chief Investment Officers to the titles of Co-CIOs as of January 1, 2022.

Clients and prospective clients are strongly encouraged to review this Brochure very carefully.

ITEM 4A: FIRM OVERVIEW

Chandler Asset Management, Inc. (“Chandler”) is an SEC-registered investment adviser and employee-owned business enterprise with its principal place of business located in San Diego, California. Since 1988, Chandler has provided fixed income investment management services to the public sector, as well as to hospitals, foundations, endowments, individuals and corporations.

Listed below are the firm’s principal shareholders (i.e., those individuals and/or entities controlling 25% or more of this company).

- Chandler Asset Management, Inc. Employee Stock Ownership Plan (“ESOP”)
- Martin Dayle Cassell, CEO

On December 3, 2021, Chandler Asset Management’s Employee Stock Ownership Plan (“ESOP”) closed on its purchase of the remaining interest held in the firm owned by the firm’s Chair of the Board and Founder, Kay Chandler. As a result of this purchase, the firm’s ESOP now owns 68% of Chandler Asset Management Inc. The firm’s Chief Executive Officer, Martin Cassell, continues to hold a 25% interest in the firm, and remaining 7% of the company continues to be held by senior level employees. Kay Chandler will continue as the firm’s Chair of the Board.

As the firm has continued to grow, Chandler’s Board of Directors made the decision to outsource the responsibility of Trustee of the company’s ESOP to an independent third party, Prudent Fiduciary Services (“Prudent”). Prudent’s sole responsibility is to oversee the ESOP trust on behalf of Chandler employee participants. Prudent serves at the discretion of the Board of Directors who retains all authority over the day-to-day management of the firm.

On December 31, 2021, Martin Cassell relinquished his title of Chandler’s Chief Investment Officer. He does, however, maintain his title of CEO. Jayson Schmitt, William Dennehy, and Scott Prickett have been promoted from their Deputy CIO positions to Co-Chief Investment Officers of Chandler Asset Management Inc. Chandler has issued a press release pertaining to these promotions, which can be found on Chandler’s website, www.chandlerasset.com.

ITEM 4B: TYPES OF ADVISORY SERVICES

Chandler offers the following advisory services, where appropriate, to certain institutional clients such as public agencies, hospitals and healthcare institutions, corporations or other business entities, foundations and endowments, pension and profit-sharing plans, higher education institutions, and non-institutional clients, such as individuals, high net worth individuals, trusts, estates and charitable organizations. The portfolio management services are offered to clients directly, and through wrap fee programs, sub-advisory relationships, and dual contract sponsored programs.

FIXED INCOME PORTFOLIO MANAGEMENT

Chandler specializes in fixed income portfolio management, utilizing a variety of investments, such as corporate debt securities (notes and bonds), municipal bonds, U.S. Government Treasury bonds, Government Sponsored Enterprise debt securities (agencies), mortgage-backed securities, asset-backed securities and money market securities, i.e., commercial paper. Please refer to Item 8 for further information on our method of analysis and risks associated with this strategy.

MULTI ASSET CLASS PORTFOLIO MANAGEMENT

Chandler also offers a Multi Asset Class strategy to clients seeking to attain exposure to a variety of global equity, fixed income and other asset classes through investment in indexed or actively managed mutual funds and exchange-traded funds (ETFs). Please refer to Item 8 for further information on our method of analysis and risks associated with this strategy.

CONSULTING SERVICES

Chandler also provides more focused investment advice to clients. This advice can pertain to areas that clients consider a concern, such as analysis of a client's existing portfolio, delivery of a report or periodic reports of performance and recommended rebalancing of assets, or a review of the client's investment policy. We also provide specific consultation and administrative services regarding investment and financial concerns of the client.

Consulting recommendations are not limited to any specific product or service offered by a broker-dealer.

ITEM 4C: TAILORING ADVISORY SERVICES OFFERED DIRECTLY TO CLIENTS

At the beginning of the client relationship, we have discussions with clients to determine their overall investment goals to develop a specific investment policy for each client and confirm that the selected strategy meets their current needs. During our information gathering process, we review the client's individual objectives, time horizons, risk tolerance, liquidity needs and any investment restrictions they may want to place on the assets in their account. As appropriate, we also review and discuss a client's prior investment history, and any other relevant issues. Once these reviews and discussions take place, the client enters into a written agreement directly with Chandler for the management of certain assets.

Clients are responsible for informing us of any changes to their guidelines, individual needs and/or restrictions and should do so promptly upon such change. We do not assume any responsibility for the accuracy of the information provided by the client.

Generally, we manage clients' advisory accounts on a discretionary basis, but will manage a client's account on a non-discretionary basis, if requested by a client. Please refer to Item 16 for further information on our discretionary authority of client accounts.

In addition to the types of securities utilized by Chandler for its Fixed Income and Multi Asset Class advisory services outlined above, we also provide advice on or manage other investments for clients, particularly when a client already has securities in his/her portfolio at the time the client opens an account with Chandler. These generally include, but are not limited to:

- Exchange-listed securities
- Securities traded over-the-counter
- Certificates of deposit

Some types of investments involve certain additional degrees of risk; therefore, they will only be implemented or recommended when consistent with the client's stated investment goals, tolerance for risk, liquidity and suitability requirements. Please refer to Item 8 for further information on the risks associated with investments made in clients' accounts.

Clients will always retain individual ownership of all securities through their selected custodian.

GUIDED PORTFOLIO STRATEGIES ("GPS")

The GPS program provides fixed income portfolio management for public agency clients who cannot meet the institutional minimum required for Chandler's full-service customized portfolio management. GPS is a streamlined service model whereby the client receives fixed income portfolio management in a separate account custodied at a qualified third-party custodian. Clients may choose between two of Chandler's established, short duration investment strategies developed to meet the investment needs of municipal investors. Chandler will manage the portfolios in compliance with State or Government code sections related to permitted investments for municipalities and will not accommodate additional client restrictions or requests for customizations to the portfolio or our standard reporting packages. Services are limited to the scope defined in the client Agreement.

To be eligible for this program, the client must have a minimum of \$2 million in investable assets. Please refer to Item 5 for program fees.

ITEM 4D: SERVICES OFFERED THROUGH WRAP FEE PROGRAMS, SUB-ADVISORY ARRANGEMENTS AND

DUAL CONTRACT SPONSORED PROGRAMS

Chandler participates as an investment manager in selected wrap fee programs (“Wrap Programs”). Generally, under these programs a client enters into an agreement with the wrap program sponsor to provide the following services to such clients (“Wrap Clients”): a) assisting the Wrap Client in determining which investment strategy and investment manager best meet their goals and objectives, b) on-going monitoring of account performance, c) custodial services, and d) execution of account transactions. These services and the services provided by the investment manager are generally provided for one all-inclusive fee (“Wrap Fee”). From the Wrap Fee, the wrap program sponsor pays the investment manager (for example Chandler) for their services.

Currently, Chandler participates as an investment manager in the following Wrap Programs:

- Managed Accounts Select Program sponsored by Charles Schwab Corporation (“Schwab”)
- Separately Managed Accounts (“SMA”) Program sponsored by Envestnet Asset Management, Inc. (“Envestnet”)
- Unified Managed Accounts (“UMA”) Program sponsored by Envestnet.

For more details on these specific programs, clients should review the respective sponsor’s Wrap Fee Program Brochure prior to investing.

In each of these programs, a representative of the program sponsor or an independent financial advisor will work with the Wrap Client to complete an investment questionnaire or other investment objective documentation and determine the appropriate investment strategy and manager. While Chandler is not responsible for client suitability for the Wrap Program, we will perform a general review of the Wrap Client’s investment objective documentation, if provided by the wrap sponsor, to help us ensure that our strategy selected by the Wrap Client appears suitable. Participation in these wrap programs is subject to account minimums specified in the respective Wrap Fee Program Brochure. Depending on the selected program, these minimums range from \$150,000 to \$500,000.

Chandler also enters into selected sub-advisory arrangements or participates as a manager in selected dual contract sponsored programs. In such instances, Chandler typically provides advisory services to a client under a sub-advisory arrangement with an unaffiliated registered investment adviser (“RIA”), or under an investment management agreement with an advisory client who also has an advisory agreement with an unaffiliated RIA or financial consultant intermediary. Chandler may or may not have a service agreement with the sponsor of a dual-contract program. With the exception of certain pre-existing fixed income portfolio management clients, typically Chandler is granted full investment discretion (subject to limitations on the firm’s discretion to select broker-dealers for portfolio transactions, as discussed below) and manages a client’s portfolio based on the individual needs of that client, as communicated through the sponsor, the RIA or other designated intermediary. The relevant information is submitted to Chandler and a determination is made as to whether participation in this program is appropriate for the client. On an ongoing basis, the participating client’s financial consultant is responsible for obtaining and communicating to us any changes in the client’s financial circumstances and/or objectives, including modifications to any client-imposed restrictions, if applicable.

Currently Chandler provides investment management services as an investment manager in the following dual-contract or sub-advisory sponsored programs:

- Charles Schwab Corporation (“Schwab”) Market Place
- Fidelity Investments (“Fidelity”) Separate Account Network
- TD Ameritrade Institutional (“TDAI”) Separate Account Exchange
- Merrill Lynch (“ML”) Managed Account Services
- FDx Advisors Inc. (“FDxA”) Folio Dynamix Advisory Services Program (“Folio Dynamix Program”)
- Wells Fargo Advisors (“WFA”) Private Advisor Network (“PAN”)

ITEM 4E: ASSETS UNDER MANAGEMENT

**Assets Under Management
As of December 31, 2020**

	Discretionary	Non-Discretionary	Total
Assets Managed	\$19,144,505,152	\$3,135,941,060	\$22,280,446,212

ITEM 5 FEES AND COMPENSATION

ITEM 5A: FEE SCHEDULES

The annual fee for non-wrap fee client accounts is charged as a percentage of assets under management, according to the following schedules:

Fixed Income Portfolio Management for Institutional Accounts	
Assets Under Management	Annual Asset Management Fee
All Assets	0.15 of 1% (15 basis points)

A minimum of \$20 million in assets under management is required for this service. Chandler reserves the right to negotiate alternative minimum account size and fees on a case-by-case basis. Chandler will aggregate certain related client accounts for the purposes of achieving the minimum account size and determining the annualized fee.

Guided Portfolio Strategies "GPS" Portfolio Management for Institutional Accounts	
Assets Under Management	Annual Asset Management Fee
All Assets	0.35 of 1% (35 basis points)

A minimum of \$2 million in assets under management is required for this service. Chandler reserves the right to negotiate alternative minimum account size and advisory fees on a case-by-case basis. Chandler will aggregate certain related client accounts for the purposes of achieving the minimum account size and determining the annualized fee.

Multi Asset Class Portfolio Management for All Accounts	
Assets Under Management	Annual Asset Management Fee
All Assets	0.25 of 1% (25 basis points)

A minimum of \$1 million in assets under management is required for this service. Chandler reserves the right to negotiate alternative minimum account size and advisory fees on a case-by-case basis. Chandler will aggregate certain related client accounts for the purposes of achieving the minimum account size and determining the annualized fee.

FIXED INCOME PORTFOLIO MANAGEMENT FOR NON-INSTITUTIONAL ACCOUNTS; DUAL CONTRACT SPONSORED PROGRAMS OR SUB-ADVISORY ARRANGEMENTS

Chandler's fees will vary with a maximum of 0.35 of 1% depending upon the program and strategy in which the client is participating. Chandler's fees for non-institutional clients are typically paid monthly, in arrears, but can vary based on the terms of the governing agreements. Chandler's fees earned pursuant to dual contract programs or sub-advisory arrangements will be paid in accordance with the terms of each such program.

For non-institutional accounts (e.g., high net worth), a minimum of \$1 million in assets under management is required for this service. For dual contract and sub-advisory relationships, account minimums range from \$150,000 to \$500,000 depending on the program and the composition of the assets being managed. Account size may be negotiable under certain circumstances. Chandler groups certain related client accounts for the purposes of achieving the minimum account size and determining the annualized fee.

FIXED INCOME PORTFOLIO MANAGEMENT FOR WRAP FEE PROGRAMS

Chandler will be compensated through a portion of the total wrap fee charged by the program sponsor (with Chandler's fees ranging up to a maximum of 0.35 of 1%. The all-inclusive wrap fee collected by a wrap sponsor includes Chandler's advisory fee. Chandler does not control the fees or the billing arrangements in any Wrap Program.

Chandler is paid its fees for Schwab's Managed Accounts Select Program monthly, in arrears, while our fees for Envestnet's SMA and UMA Programs are paid quarterly, in arrears. Fees paid for ML's Managed Account Services Program are paid quarterly in advance. The wrap or UMA sponsor pays Chandler its advisory fee on behalf of the Wrap or UMA Client. For a complete description of the fee arrangement, including billing practices, minimum account requirements and account termination provisions, clients should review the respective sponsors' Wrap Fee Program Brochure. Clients participating in these programs should also review important disclosures about Chandler's brokerage practices described in Item 12 below.

CONSULTING SERVICES FEES

Chandler's Consulting Services fees will be determined based on the nature of the services being provided and the complexity of each client's circumstances. All fees are agreed upon prior to entering into a contract with any client.

Chandler's Consulting Services fees are calculated in one or both of two ways:

1. On a fixed fee basis, subject to the specific arrangement reached with the client; and/or
2. On an hourly basis, ranging up to \$500.00 per hour. An estimate for the total hours is determined at the start of the advisory relationship.

The length of time it will take to complete Consulting Services will depend on the scope and terms of the engagement. Fees are due and payable upon completion of the Consulting Service or on an agreed upon payment schedule. A retainer may be requested upon completion of Chandler's fact-finding session with the client; however, advance payment will never exceed \$1,200 for work that will not be completed within six months. There is no minimum fee for Chandler's Consulting Services.

GENERAL FEE INFORMATION PERTAINING TO INSTITUTIONAL AND NON-INSTITUTIONAL ACCOUNTS, DUAL CONTRACT SPONSORED PROGRAMS AND SUB-ADVISORY ARRANGEMENTS

Grandfathering of Minimum Account Requirements: Pre-existing advisory clients are subject to Chandler's minimum account requirements and advisory fees in effect at the time the client entered into the advisory relationship. Therefore, our firm's minimum account requirements and advisory fees differ among clients.

Advisory Fees in General: Clients should note that similar advisory services may or may not be available from other registered investment advisers for similar or lower fees. Chandler's clients are not required to pay any start-up or closing fees; there are no penalty fees.

Termination of the Advisory Relationship: A client agreement between a client and Chandler may be canceled at any time, by either party, for any reason upon receipt of written notice. As disclosed in Item 5D below, certain fees may be paid in advance of services provided. Upon termination of any account, any prepaid,

unearned fees will be promptly refunded to the client. In calculating a client's reimbursement of fees, we will pro rate to the effective date of termination on the basis of actual days elapsed.

Fee Calculation: Chandler's annual advisory fee is billed monthly or in some instances quarterly, in arrears, and is calculated based on the average market value of a client's account for the billing period, including accrued interest unless indicated otherwise in the client agreement. Cash and cash equivalent balances are included in the total market value calculation unless noted otherwise in the client agreement. We will value securities or investments in the portfolio in a manner determined in good faith to reflect fair market value. Chandler uses an independent third-party pricing source to value client securities.

Limited Negotiability of Advisory Fees: Although Chandler has established the aforementioned fee schedule(s), we retain the discretion to negotiate alternative fees on a case-by-case basis. Client facts, circumstances and needs will be considered in determining the fee schedule. These include the complexity of the client, the assets to be placed under management, the anticipated future additional assets; the existence of any related accounts; portfolio style, account composition, reports, among other factors. The specific annual fee schedule will be identified in the written agreement between Chandler and each client.

We group certain related client accounts for the purposes of achieving the minimum account size requirements and determining the annual advisory fee.

Chandler reserves the right to reduce or waive advisory fees for services provided to related persons of the firm and their immediate family members. Such rates are not available to all of Chandler's advisory clients.

GENERAL FEE INFORMATION PERTAINING TO WRAP FEE CLIENT ACCOUNTS

Fee Calculation: Chandler's annual advisory fees charged to wrap fee program clients are calculated and billed by the respective program sponsor. As Chandler does not control the billing arrangements in these programs, clients should review the applicable disclosure documents for a comprehensive understanding of the fees charged and the billing practices of the program.

What services are covered by the Wrap Program fees? Wrap Program fees typically pay for our firm's advisory services to participating clients, administrative expenses, custody charges for clients' assets custodied at the Wrap Program's designated custodian and brokerage services for participating client accounts to the extent trades are conducted through the Wrap Program's designated broker-dealer.

What services are not covered by the Wrap Program fees? Wrap Program fees do not cover brokerage to the extent trades are conducted through brokers or dealers other than the designated broker or dealer and custody charges if client assets are custodied anywhere other than the designated custodian. The program fees do not include expenses of mutual funds and electronically traded funds such as fund management fees charged to each fund's investors. Chandler's fixed income transactions are generally executed by the broker-dealer on a net basis, which means the execution costs (e.g., commissions) are included in the purchase or sale price of the security.

WRAP FEE PROGRAMS FEES: CLIENTS PARTICIPATING IN WRAP FEE PROGRAMS WILL BE CHARGED VARIOUS PROGRAM FEES IN ADDITION TO THE ADVISORY FEE CHARGED BY OUR FIRM. CLIENTS SHOULD CAREFULLY EVALUATE SUCH AN ARRANGEMENT TO DETERMINE IF THE WRAP FEE PAID FOR THE SERVICES PROVIDED MAY OR MAY NOT EXCEED THE AGGREGATE COST OF SUCH SERVICES IF THEY WERE TO BE PROVIDED SEPARATELY.

ITEM 5B: FEE PAYMENT

Generally, each non-wrap client's custodian debits Chandler's advisory fees from the client's account and pays such fee directly to us upon receipt of an invoice, unless otherwise arranged by the client. Clients entering into written agreements with Chandler have discretion over whether or not Chandler may directly debit fees from the client's account. Clients who do not permit direct debiting will be invoiced directly with payment due upon receipt of the invoice.

Sub-advisory and dual contract client agreements require the client to authorize the custodian to pay Chandler its advisory fees directly from the client's account, which will be paid in arrears in accordance with the terms of each such program.

Fees for Schwab's Managed Accounts Select Program are paid monthly, in arrears, while our fees for

Envestnet's SMA and UMA's Programs are paid quarterly, in arrears. ML's Managed Account Services Program are paid quarterly in advance. All of these programs require a client to authorize the sponsor to deduct the fees directly from the client's account to pay Chandler. For a complete description of the fee arrangement including billing practices and account termination provisions for wrap fee programs, clients should review the respective sponsors' Wrap Fee Program Brochure.

ITEM 5C: OTHER FEES AND EXPENSES AND VALUATION POLICY

Mutual Fund Fees: All fees paid to Chandler for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. The fees and expenses charged by mutual funds and ETFs are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, 12b-1 fees and possible distribution or redemption fees. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives.

Importantly, clients should review both the fees charged by mutual funds and ETFs and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided. Chandler is not affiliated with any mutual funds or ETFs, does not share in the fees charged by mutual funds and ETFs, does not participate in the investment decisions regarding the portfolios of mutual funds and ETFs and is not liable regarding such investments.

The fees and related expenses charged by mutual funds and ETFs can be found in the respective fund's prospectus and statement of additional information, which should be read carefully before investing.

Short Term Idle Cash Investment: Chandler can move some or all of the non-invested cash in a client's account to a money market mutual fund that may generate an interest return. If the cash is invested through a mutual fund, there may be times when an affiliate of the client's custodian may be the manager of such fund and would receive separate management fees from the mutual fund. Chandler is not affiliated with any such custodian, does not share in that fee, does not participate in the investment decisions of the mutual fund portfolio and is not liable regarding such investments.

Custodian and Broker Fees and Expenses: In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians and imposed by broker-dealers, including, but not limited to, any transaction charges imposed by a broker-dealer that effects transactions for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Brochure for additional information.

From time to time, Chandler recommends a custodian to clients who do not have an existing custodial relationship established. Among others, Chandler generally recommends Union Bank, Bank of New York/Mellon, US Bank, Wells Fargo, Bank of America, or Charles Schwab & Co. Some of these custodians offer special pricing for institutional clients of Chandler. Chandler does not receive any compensation from the custodians we refer to our clients. The rates offered will depend on the size of the assets or type of account. Clients retain full discretionary authority over the selection of the custodian to be used.

Valuation Policy: For all publicly traded securities held in clients' accounts, Chandler receives daily prices electronically from a third-party provider, which are reviewed internally monthly by designated investment personnel. When it is believed that the price provided is not correct or for times when the third party does not provide a price, Chandler will obtain pricing from a different third-party pricing source. This creates a conflict of interest since this practice could incentivize the designated investment personnel to select a pricing source that reflects a higher price per share for the security. To address this conflict, Chandler maintains detailed written policies and procedures regarding valuation of clients' securities, which includes among other things, a list of approved third-party pricing vendors used by Chandler and reviews of price changes by the CIO and CCO.

ITEM 5D: PREPAID FEES

Limited Prepayment of Fees: Under no circumstances do we require or solicit payment of fees in excess of \$1,200 more than six months in advance of services rendered.

Fees for ML's Manager Account Services Program are billed quarterly in advance. For a complete description of the fee arrangement, including billing practices and account termination provisions, clients should

review the respective sponsors' Wrap Fee Program Brochure or other applicable disclosure document(s).

ITEM 5E: COMPENSATION FOR THE SALE OF SECURITIES OR INVESTMENT PRODUCTS

Chandler is not affiliated with any broker-dealers or mutual fund companies, and therefore we do not receive any compensation for the purchase or sale of securities or investment products used in client accounts.

ITEM 6 PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT

Chandler does not charge performance-based fees (*i.e.*, fees calculated based on a share of capital gains on or capital appreciation of the client's assets or any portion of the client's assets).

Consequently, we do not engage in side-by-side management of accounts that are charged a performance-based fee with accounts that are charged another type of fee (such as assets under management).

ITEM 7 TYPES OF CLIENTS

Chandler provides advisory services to the following types of clients:

- State, local or other municipal government entities
- Healthcare institutions
- Higher education institutions
- Charitable organizations
- Pension and profit-sharing plans (other than plan participants)
- Individuals (other than high net worth individuals) only through Wrap and Dual Contract programs
- High net worth individuals
- Corporations or other business entities not listed above
- Retirement Accounts

As disclosed above in Item 5A of this Brochure, we have established certain initial minimum account asset requirements to maintain an account, based on the nature of the service(s) being provided. For a more detailed understanding of those requirements, please review the disclosures provided in each applicable service.

ITEM 8 METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

ITEM 8A: METHODS OF ANALYSIS & INVESTMENT STRATEGIES

METHODS OF ANALYSIS

Chandler uses all or any combination of the following methods of analysis in formulating our investment advice and/or managing client assets:

- ***Fundamental Analysis.*** We attempt to measure the intrinsic value of a security or a market sector by looking at broad economic and financial factors (including the overall economy, industry conditions, and the market's valuation of the security or market sector) to identify securities or market sectors that we believe are fairly valued or undervalued.

Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the security.

- ***Technical Analysis.*** We analyze past market movements and may occasionally apply that analysis to choose the price at which we wish to purchase or sell a given security. While we may seek a specific

price for a security, technical analysis is never the main determinant of our purchase or sell process.

A risk in using technical analysis is that the methods or models we use may not result in the best price of a given day.

- **Quantitative Analysis.** We use a proprietary quantitative model (Horizon Analysis Model) that utilizes mathematical analysis to estimate the impact of interest rate changes on individual securities and portfolios of securities. The results of our quantitative analysis are taken into consideration in the decision to buy or sell securities and in the management of portfolio characteristics.

A risk in using quantitative analysis is that the methods or models used may be based on assumptions that prove to be incorrect.

- **Qualitative Analysis.** We use qualitative analysis to evaluate individual securities, focusing on other non-quantifiable factors, such as quality of management, not readily subject to measurement, and incorporate that analysis into our security selection process.

A risk in using qualitative analysis is that our subjective judgment may prove incorrect.

- **Asset Allocation.** We generally focus on identifying an appropriate allocation of securities, maturities, market sectors and yield curve positioning suitable for the client's investment goals and risk tolerance.

A risk of asset allocation is that the client may not participate in sharp increases in a particular security, industry or market sector. Another risk is that the allocation will change over time due to market movements in the various sectors, which, if not corrected, may no longer be appropriate for the client's goals.

- **Mutual Fund and/or ETF Analysis.** In selecting mutual funds and ETFs for Multi Asset Class portfolios, we look at the experience and track record of the manager of the mutual fund or ETF in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We also look at the underlying assets in a mutual fund or ETF to determine if there is significant overlap in the underlying investments held in other fund(s) in the client's portfolio. We monitor the funds and ETFs to determine if they continue to follow their stated investment strategy.

A risk of mutual fund and/or ETF analysis is that, as in all securities investments, past performance does not guarantee future results. A manager who has been successful may not be able to replicate that success in the future. In addition, as we do not control the underlying investments in a fund or ETF, managers of different funds held by the client may purchase the same security, potentially increasing the risk to the client if that security were to fall in value. There is also a risk that a manager may deviate from the stated investment mandate or strategy of the fund or ETF, which could make the holding(s) less suitable for the client's portfolio.

Risks for all forms of analysis

Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell as well as other purchased or publicly available sources of information about these securities are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

FIXED INCOME PORTFOLIO MANAGEMENT INVESTMENT STRATEGIES

We believe that a conservative, risk-controlled approach to fixed income management will provide both steady incremental outperformance, and low relative volatility.

The disciplined process we employ in an effort to realize this philosophy is generally grounded in four key decisions:

- Constraint of portfolio duration within a narrow range relative to the benchmark in order to limit exposure to market risk
- Strategic allocations to key sectors to add value relative to the benchmark

- Active management of term structure to add value in different yield curve environments
- Security selection based on rigorous credit and relative value analysis and broad diversification of non-government issuers.

Within our fixed income strategy, we use the following sub-strategies in managing client accounts, provided that such sub-strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

- **Duration Constraints.** We adhere to a discipline of generally maintaining duration within a narrow band around benchmark duration in order to limit exposure to market risk. Our portfolio management team rebalances client portfolios to their current duration targets on a periodic basis.

The risk of constraining duration is that the client may underperform a neutral duration portfolio as bond prices move up or down.

- **Sector Allocation.** We allocate client assets to various sectors of the fixed income market, including US Treasury obligations, federal agency securities, corporate notes, mortgage-backed securities and others, based on our quantitative and qualitative analysis in order to manage client exposure to a given sector and to provide exposure to sectors we believe have good value.

The risk of sector allocation is that clients may underperform depending on the allocation to any particular sector as those prices rise or fall.

- **Security Selection.** A proprietary credit evaluation process drives our security selection process. The system uses both internally and externally generated credit research to evaluate securities we are considering for purchase. Based on research we conduct internally; our Credit Committee selects securities for our Approved list. The ultimate decision to purchase or sell a security is based on the firm's evaluation of the current price for the security.

The risk of security selection is that the methods of analysis employed will not provide accurate measurement of the risk association with each individual security.

- **Long-term purchases.** We purchase securities with the idea of holding them in the client's account for a year or longer. Typically, we employ this sub-strategy when:

- we believe the securities to be well valued, and/or
- we want exposure to a particular asset class over time, regardless of the current projection for this class.

A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantage of short-term gains that could be profitable to a client. Moreover, if our analysis is incorrect, a security may decline sharply in value before we make the decision to sell.

MULTI ASSET CLASS PORTFOLIO MANAGEMENT INVESTMENT STRATEGIES

We invest in Multi Asset Class portfolios for clients with certain objectives and risk tolerances. This strategy begins with assumptions that the firm develops about the expected long-term performance of various asset classes including domestic and foreign stocks and bonds, real estate, commodities, cash, and others. Based on the expected returns and risk characteristics of these asset classes, we prepare an asset allocation suitable for the individual client's objectives and risk tolerances. The investment vehicles that we currently employ for this strategy are mutual funds or exchange-traded funds (ETFs) that are designed to track market returns and volatilities.

The mutual funds or ETFs will be selected based on any or all of the following criteria: the fund's performance history; the industry sector in which the fund invests; the track record of the fund's manager; the fund's investment objectives; the fund's management style and philosophy; and the fund's management fee structure. Portfolio weighting between funds and market sectors will be determined by each client's individual needs and circumstances.

Once the client's portfolio is in place, we rebalance it each quarter to the client's target allocation. On an annual

basis, at a minimum, we review the costs and performance of our selected investment vehicles to ensure the funds or ETFs are performing as we expect.

The risks of this strategy include (1) that our analysis of long-term return expectations will not be correct; (2) that the portfolios will not be properly rebalanced; (3) that the investment vehicles we employ will not track market returns and volatility as we expect. Detailed information on the risks associated with the investments made by the mutual funds or ETFs, will be outlined in each fund's prospectus.

ITEM 8B: MATERIAL RISKS

Risk of Loss. Securities investments are not guaranteed, and a client may lose money on their investments. We ask that each client work with us to help us understand their tolerance for risk. Investors should be aware that investment prices fluctuate as the securities are affected by economic and other factors. As a result, the value of your investment may increase or decrease. Bonds held to maturity will return the full par or face value amount to the bondholder at maturity (absent a default); however, those sold prior to maturity are subject to gain or loss depending on the market price at the time of sale.

For risks specific to a particular method of analysis or investment strategy, please see Item 8A above.

For risks specific to a particular type of security, please see Item 8C below.

ITEM 8C: RISKS ASSOCIATED WITH PARTICULAR TYPES OF SECURITIES USED

RISKS ASSOCIATED WITH FIXED INCOME SECURITIES

Chandler specializes in investment grade fixed income portfolio management. Despite the generally conservative nature of many fixed income investments, there are a variety of risks associated with fixed income investing.

Fixed income securities represent monies lent by investors to corporate and government institutions. Risks vary according to the type of fixed income investment purchased along with the general level of interest rates in the economy.

The risks commonly associated with fixed income securities are:

- **Market Risk:** The price of the security may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security's particular underlying circumstances.
- **Interest Rate Risk:** The risk that the value of an interest-bearing investment will change due to changes in the general level of interest rates in the market. The market value of a bond fluctuates inversely to the change in interest rates; that is, as interest rates rise, bond prices fall and vice versa.

Interest rate risk is commonly measured by a bond's duration; the greater a bond's duration, the greater the impact on price of a change in interest rates. Investors may incur a gain or loss from bonds sold prior to the final maturity date.
- **Credit Risk:** The risk that principal and/or interest on a fixed income investment will not be paid in a timely manner or in full due to changes in the financial condition of the issuer. Generally, the higher the perceived credit risk, the higher the rate of interest investors will receive on their investment.

Many bonds are rated by a third party Nationally Recognized Statistical Rating Organization (NRSRO), for example, Moody's Investor Services or Standard & Poor's Inc. While ratings may assist investors to determine the creditworthiness of the issuer, they are not a guarantee of performance.
- **Reinvestment Risk:** The risk that interest and principal payments from a bond will be reinvested at a lower yield than that received on the original bond. During periods of declining interest rates, bond payments may be invested at lower rates; during periods of rising rates, bond payments may be invested at higher rates.
- **Call Risk:** The risk that a bond will be called by its issuer. A callable bond has a provision which allows the issuer to purchase the bond back from the bondholders at a predetermined price. Generally, issuers

call bonds when prevailing rates are lower than the cost of the outstanding bond. Call provisions allow an issuer to retire high-rate bonds on a predefined call schedule.

- **Prepayment Risk:** Some types of bonds are subject to prepayment risk. Similar to call risk, prepayment risk is the risk that the issuer of a security will repay principal prior to the bond's maturity date, thereby changing the expected payment schedule of the bonds.

Prepayment risk is particularly prevalent in the mortgage-backed bond market, where a decline in interest rates can trigger loan holders to pre-pay their mortgages. When investors in a bond comprised of the underlying pool of mortgages receives his or her principal back sooner than expected, they may be forced to reinvest at prevailing, lower rates.

- **Liquidity Risk:** The risk stemming from the lack of marketability of an investment that cannot be bought or sold quickly enough to prevent or minimize a loss. Liquidity risk is typically reflected in a wide bid-ask spread or large price movements.
- **Inflation Risk:** When any type of inflation is present, a dollar today will not buy as much as a dollar next year, because purchasing power is eroding at the rate of inflation.
- **Opportunity Cost Risk:** The risk that an investor may forego profits or returns from other investments.

RISKS ASSOCIATED WITH MUTUAL FUNDS AND ETFs

As discussed in further detail in Item 4B above, Chandler also offers a Multi Asset Class strategy to clients seeking to attain balanced returns. This strategy provides exposure to various equity, fixed income and other asset classes through investments in indexed or actively managed mutual funds and exchange traded funds ("ETFs").

Chandler is not affiliated with any such mutual fund or ETF company, does not share in any fees charged by a mutual fund or ETF and does not participate in any investment decisions relating to the management of a mutual fund or ETF portfolio.

Mutual Funds

A mutual fund is a company that pools money from many investors and invests the money in different securities or assets based on the investment strategy or goals of the particular fund. Each share of a mutual fund represents an investor's proportionate ownership of the fund's holdings and the income those holdings generate.

The risks most commonly associated with mutual funds are:

- **Market Volatility:** Investment returns will fluctuate and are subject to market volatility, so that a client's shares, when redeemed or sold, may be worth more or less than their original cost. Past performance is no guarantee of future results.
- **Tracking Error for Index Funds:** Index mutual funds seek to track the returns of a market benchmark such as the S&P 500 index, by holding the same securities or a representative sample. A risk of using index mutual funds is that the fund may not be able to track its benchmark closely creating the potential for lower returns than the benchmark.
- **Lack of Control/Transparency:** Clients typically are not given the exact make-up of a fund's portfolio at any given time, nor can they directly influence which securities the fund manager buys and sells or the timing of those trades.
- **Price Uncertainty:** With an individual stock, a client can obtain real-time pricing information with relative ease by either checking financial websites or by calling a broker. With a mutual fund, the price at which a client purchases or redeems shares will typically depend on the fund's NAV, which the fund might not calculate until many hours after a client has placed their order. Mutual funds generally calculate their NAV at least once per business day.
- **International Risk:** Chandler invests in Mutual Funds offered by US based fund companies that invest in non-US companies and markets, which entail additional risks. Non-US markets may be more volatile due to a variety of factors including, less liquidity, transparency and oversight of companies or assets.

Values of non-US investments may fluctuate due to changes in currency exchange rates. Non-US companies are also subject to risks that come with political and economic stability that may affect their respective countries. These risks may be greater in emerging market countries.

Exchange-Traded Funds (ETFs)

ETFs are investment funds that trade on stock exchanges much like stocks and will fluctuate in market value. ETFs also may trade at prices above or below the ETFs net asset value. Brokerage commissions and ETF expenses will reduce returns. Additionally, frequent trading of ETFs could significantly increase commissions and other costs such that they may offset any savings from low fees or costs.

Equity based ETFs are subject to risks similar to those of stocks and fixed income ETFs are subject to risks similar to those of bonds.

The risks most commonly associated with ETF securities are:

- **Market Volatility:** Investment returns will fluctuate and are subject to market volatility, so that a client's shares, when redeemed or sold, may be worth more or less than their original cost. Past performance is no guarantee of future results.
- **Tracking Error for Index ETFs:** Index ETFs seek to track the returns of a market benchmark such as S&P 500 index, by holding the same securities or a representative sample. A risk of using index ETFs is that the fund may not be able to track its benchmark closely creating the potential for lower returns than the benchmark.
- **Lack of Control/Transparency:** Clients typically are not given the exact make-up of a fund's portfolio at any given time, nor can they directly influence which securities the fund manager buys and sells or the timing of those trades.
- **Liquidity Risk:** The risk stemming from the lack of marketability of an investment that cannot be bought or sold quickly enough to prevent or minimize a loss. Liquidity risk is typically reflected in a wide bid-ask spread or large price movements.
- **International Risk:** Chandler invests in ETFs offered by US based fund companies that invest in non-US companies and markets, which entail additional risks. Non-US markets may be more volatile due to a variety of factors including, less liquidity, transparency and oversight of companies and assets. Values of non-US investments may fluctuate due to changes in currency exchange rates. Non-US companies are also subject to risks that come with political and economic stability that may affect their respective countries. These risks may be greater in emerging market countries.

Chandler does not represent, guarantee or imply that the services or methods of analysis employed by us can or will predict future results, successfully identify market tops or bottoms, or insulate clients from losses due to market corrections or declines.

ITEM 9 DISCIPLINARY INFORMATION

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management. Neither our firm nor our Management Persons have any reportable disciplinary events to disclose.

ITEM 10 OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

Our firm and our related persons are not engaged in other financial industry activities and have no other industry affiliations.

ITEM 11 CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

ITEM 11A: CODE OF ETHICS

Our firm maintains a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

Chandler and our personnel owe a duty of loyalty, fairness, and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement), an initial public offering and certain other securities. Our Code also provides for oversight, enforcement, and recordkeeping provisions.

Chandler's Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any access to non-public information, all employees are periodically reminded that such information may not be used in a personal or professional capacity.

Our Code of Ethics is distributed to all supervised persons of Chandler whenever revisions are made or no less frequently than annually, at which time all employees are required to provide a written acknowledgement and attestation of their intent to abide by Chandler's Code provisions. In addition, firm-wide annual training regarding Chandler's Code of Ethics is provided by Compliance.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to Compliance@chandlerasset.com, or by calling us at 858-546-3737.

ITEM 11B: PRINCIPAL TRADING AND AGENCY CROSS TRADING

Chandler and individuals associated with our firm are prohibited from engaging in principal transactions. Chandler and individuals associated with our firm are prohibited from engaging in agency cross transactions.

ITEM 11C: PERSONAL TRADING

Chandler and/or individuals associated with our firm can from time to time, buy or sell for their personal accounts, securities identical to or different from those recommended to our clients. In addition, any related person(s) could potentially have an interest or position in a security(ies) which may also be recommended to a client.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients, and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts. It is also designed to help prevent employees from benefiting from transactions placed on behalf of advisory clients.

For additional information on how we address the conflicts of interest that arise in connection with personal trading, please see Item 11D below.

ITEM 11D: PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS

From time to time, Chandler will aggregate trades for our self or our employees with client transactions where possible and when compliant with our duty to seek best execution for our clients. In these instances, participating clients will receive an average share price and transaction costs will be shared equally and on a pro-rata basis. In the instances where there is a partial fill of a particular aggregated order, we will allocate all purchases pro-rata, with each account paying the average price. Our employee accounts will be excluded in such a pro-rata allocation.

Because the situations outlined above represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure

of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
3. No principal or employee may benefit from transactions placed on behalf of advisory accounts.
4. Our firm requires prior approval for any IPO, private placement investments and certain other securities by related persons of the firm.
5. We maintain a list of all reportable securities holdings for our firm, and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer or designee.
6. We have established procedures for the maintenance of all required books and records.
7. Clients may decline to implement any advice rendered, except in situations where our firm is granted discretionary authority.
8. All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
9. We require delivery and acknowledgement of the Code of Ethics by each supervised person (as defined by the Code) of our firm.
10. We have established policies requiring the reporting of Code of Ethics violations to our senior management.
11. Any individual who violates any of the above restrictions may be subject to sanctions, which may include termination of employment.

ITEM 12 BROKERAGE PRACTICES

ITEM 12A: BROKER-DEALER SELECTION, COMPENSATION & TRADE AGGREGATION

FIXED INCOME & MULTI ASSET CLASS PORTFOLIO MANAGEMENT

Chandler requires discretionary clients to provide us with written authority to determine broker-dealer selection and commission costs that will be charged to these clients for transactions placed in their account(s).

Broker-dealers are selected by Chandler based on best execution, a combination of most favorable price and the quality of execution. In selecting a broker to execute a transaction for a client, Chandler considers a variety of other factors, including (but not limited to) the following:

- the broker-dealer's capital depth;
- the broker-dealer's market access;
- the nature of the security or instrument being traded;
- the size and type of transaction;
- the nature and character of the markets for the security or instrument to be purchased or sold;
- the desired timing of the transaction;
- the execution, clearance and settlement capabilities of the broker-dealer selected, and others considered;
- the reputation and perceived soundness of the broker-dealer and others considered.
- Chandler's knowledge of any actual or apparent operational problems with the broker-dealer; and
- the reasonableness of the commission for specific transactions.

While Chandler generally seeks competitive commission rates and dealer spreads, it may not necessarily pay the lowest commission. Transactions may involve specialized services on the part of the broker-dealer and thereby justify higher commissions than would be the case with other transactions requiring more routine services.

Regarding commission rates paid, Chandler's fixed income transactions are generally executed by the broker-dealer on a net basis, which means the execution costs (e.g., commissions) are included in the purchase or sale price of the security. Equity and ETF transactions will be charged commissions.

FIXED INCOME PORTFOLIO MANAGEMENT IN WRAP FEE OR SUB-ADVISORY PROGRAMS

Managed Accounts Select Program

Chandler participates in the Schwab Institutional ("SI") services program offered to independent investment advisers by Charles Schwab & Company, Inc. (Schwab), a FINRA registered broker-dealer unaffiliated with Chandler. Wrap fee clients participating in this program are required to utilize Schwab as the custodian for their assets managed within the program. As part of the SI program, Chandler receives benefits that it would not receive if it did not offer investment advice (See the disclosure under Item 12A.1 of this Brochure).

Chandler arranges for all securities transactions in wrap program accounts to be executed through the sponsoring party, subject to best execution considerations described above. If Chandler determines that best execution considerations require trading with brokers other than the sponsoring party, clients can incur additional trading costs. These costs are a factor in Chandler's best execution analysis.

Chandler has established a prime brokerage account relationship with Schwab through which it can purchase fixed income products directly from third parties for clients and maintain custody at Schwab. In this situation, Chandler will select those brokers or dealers which will provide the best services at the lowest commission rates possible. The reasonableness of brokerage costs, commissions and mark-up/mark-downs is based on the broker-dealer's ability to provide professional services, competitive execution, and other services that will help Chandler in providing investment management services to clients. Thus, for fixed income transactions, Chandler may request that it be provided with written authority to determine the broker-dealer to use for client fixed income transactions and the costs that will be incurred by clients for these transactions. Any limitations on this discretionary authority shall be included in this written authority statement. Clients may change/amend these limitations as required. Such amendments shall be submitted in writing.

There are times when client trades in fixed income securities are aggregated with transactions for other advisory clients to achieve better pricing and commission costs. Fixed income trades will be allocated on a pro-rata basis in the best interest of the client as set forth in Chandler's policy and procedures manual.

Investnet Separately Managed and Unified Managed Accounts Programs

Chandler participates as a separate account manager in Investnet's Separately Managed Accounts (SMA) and Unified Managed Accounts (UMA) Programs offered to independent investment advisers by Investnet Asset Management, Inc., an SEC registered investment adviser unaffiliated with Chandler. SMA and UMA Program clients are required to utilize Charles Schwab & Company, JP Morgan, Pershing Advisor Solutions, or Fidelity as the custodian for their assets managed within the program.

Chandler arranges for all securities transactions in SMA and UMA program accounts through the sponsoring party subject to best execution considerations described above. If Chandler determines that best execution considerations require trading with brokers other than the sponsoring party or client custodian, clients could incur additional trading costs. These costs are a factor in Chandler's best execution analysis.

Folio Dynamix Advisory Services Program

Chandler participates as a separate account manager in the Folio Dynamix Advisory Services Program ("Folio Dynamix Program") offered to independent advisers by FDx Advisors Inc. ("FDxA"), an SEC registered investment adviser unaffiliated with Chandler. Clients participating in this program typically will be required to custody their assets managed within the program with a designated custodian.

For example, clients participating in the Folio Dynamix Program through Cetera Investment Management LLC and/or certain other affiliated investment adviser entities under common control (individually referred to as a Cetera Adviser and collectively as Cetera Advisers) are required to custody their program assets with Cetera Investment Services LLC as clearing broker or with a third-party clearing broker mutually acceptable to Cetera Adviser, FDxA and Chandler.

Generally, Chandler arranges for all securities transactions in Folio Dynamix Program accounts through the sponsoring party subject to best execution considerations described above. If Chandler determines that best execution considerations require trading with brokers other than the sponsoring party or client custodian, clients could incur additional trading costs. These costs are a factor in Chandler's best execution analysis.

ITEM 12A.1: RESEARCH AND OTHER SOFT DOLLAR BENEFITS

Chandler's soft dollar policy prohibits us from entering into third party soft dollar arrangements.

We are providing these additional disclosures as we believe clients should understand related issues surrounding soft dollars. The term soft dollars generally refers to arrangements whereby a discretionary investment adviser is allowed to pay for and receive research, research-related or execution services from a broker-dealer or third-party provider, in addition to the execution of transactions, in exchange for the brokerage commissions from transactions for client accounts.

As disclosed in Item 4D of this Brochure, clients participating in the Schwab Managed Account Select wrap fee program are required to utilize Schwab as the custodian of their assets being managed within that program. Schwab Institutional provides Chandler with access to its institutional trading and operations services, which are typically not available to Schwab retail investors. These services generally are available to independent investment advisors at no charge to them so long as a specified minimum, generally \$10 million, of the advisor's clients' account assets are maintained at Schwab Institutional.

These services are not contingent upon our firm committing to Schwab any specific amount of business (assets in custody or trading commissions). Schwab's brokerage services include the execution of securities transactions, custody, research, and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment.

For our client accounts maintained in its custody, Schwab generally does not charge separately for custody services but is compensated by account holders through commissions and other transaction-related or asset-based fees for securities trades that are executed through Schwab or that settle into Schwab accounts.

Schwab Institutional also makes available to our firm other products and services that create a benefit to Chandler but not a direct benefit to our clients' accounts. Many of these products and services are used to service all or some substantial number of our client accounts, including accounts not maintained at Schwab.

Schwab's products and services that assist us in managing and administering our clients' accounts include software and other technology that:

- provide access to client account data (such as trade confirmations and account statements);
- facilitate trade execution and allocate aggregated trade orders for multiple client accounts;
- provide research, pricing, and other market data;
- facilitate payment of our fees from clients' accounts; and
- assist with back-office functions, recordkeeping, and client reporting.

Schwab Institutional also offers other services intended to help us manage and further develop our business enterprise. These services include:

- compliance, legal and business consulting;
- publications and conferences on practice management and business succession; and
- access to employee benefits providers, human capital consultants and insurance providers.

Although Chandler does not utilize such services, Schwab can also make available, arrange and/or pay third-party vendors for the types of services rendered to Chandler. Schwab Institutional may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to our firm.

Schwab Institutional may also provide other benefits such as educational events or occasional business entertainment of our personnel. In evaluating whether to recommend clients custody their assets at Schwab, we consider the availability of some of the foregoing products and services and other arrangements as part of the total mix of factors we consider and not solely on the nature, cost or quality of custody and brokerage services provided by Schwab, which creates a potential conflict of interest. However, Chandler has a fiduciary

responsibility to always place client interests before our own and we will only recommend Schwab to clients where we believe it would be beneficial to those clients.

Additionally, when placing trades with brokers, there are times when Chandler places certain trades with a third-party approved broker that is providing brokerage and research services to us ("Approved Broker"). Brokerage and research services provided by Approved Brokers can include, among other things, effecting securities transactions and performing services incidental thereto (such as clearance, settlement, and custody) and providing proprietary research (i.e., created by the Research Broker). The research can pertain to the economy, industries, sectors of securities, individual companies, statistical information, political and/or developments, credit, and risk measurement, and/or performance analysis. In selecting a broker for trade placement, Chandler can place transactions with Research Brokers that charge commissions, transaction costs or mark-ups that are more than that which another broker might have charged for effecting the same transaction, in recognition of the value of the brokerage and/or research services provided by the broker. This practice is commonly referred to as "soft dollars" and is permissible under Section 28(e) of the Securities Exchange Act of 1934, so long as certain conditions are met. In some cases, the research provided by Research Brokers is not utilized by Chandler and in other cases, it can be used in servicing any or all of our clients. In other words, there can be certain client accounts that benefit from the research services, which did not make the payment of commissions, transaction costs or mark-ups to the Approved Broker providing the services. This is allowed under Section 28(e); however, the receipt of brokerage and research services from any broker executing transactions for our clients will not result in a reduction of our customary and normal research activities. Also, the receipt of this type of research can be deemed to be the receipt of an economic benefit by us, and although customary, creates a conflict of interest between Chandler and our clients. Therefore, we are providing these disclosures as we believe clients should understand the issues surrounding soft dollars. In addition, we only place trades where we feel best execution can be obtained, taking into consideration all factors surrounding the transaction and not just research received.

ITEM 12A.2: BROKERAGE FOR CLIENT REFERRALS

Chandler does not direct brokerage in exchange for client referrals.

ITEM 12A.3: DIRECTED BROKERAGE

Chandler's policy and practice is not to accept advisory clients' instructions for directing client's brokerage transactions, however from time to time, Chandler accepts written direction from a client regarding the use of a particular broker-dealer to execute some or all transactions for the client's account(s). In these circumstances, clients should understand that: (1) we do not negotiate specific brokerage commission rates with the broker on client's behalf, or may not seek better execution services or prices from other broker/dealers and, as a result, the client may pay higher commissions and/or receive less favorable net prices on transactions for their account than might otherwise be the case; (2) transactions for that account generally will be effected independently unless we decide to purchase or sell the same security for several clients at approximately the same time (block trade), in which case we may be able to include such client's transaction with that of other clients for execution if at the same broker; and (3) conflicts may arise between the client's interest in receiving best execution with respect to transactions effected for the account and Chandler's interest in receiving future client referrals from that broker. Therefore, prior to directing us to use a specific broker-dealer, clients should consider whether, under that restriction, execution, clearance and settlement capabilities, commission expenses and whatever amount is allocated to custodian fees, if applicable, would be comparable to those otherwise obtainable. Clients should understand that they might not obtain commissions rates as low as might otherwise be obtain if we had discretion to select other broker-dealers.

ITEM 12B: AGGREGATING CLIENT TRADES

Order aggregation is the process of adding together or "blocking" orders to purchase and sell the same security as one large order. Chandler will aggregate or "block" trades where possible and when advantageous to clients. This blocking of trades permits the trading of aggregate blocks of securities composed of assets from multiple client accounts and in some cases, employees, and other proprietary accounts so long as transaction costs are shared equally and on a pro-rata (or other fair and reasonable) basis between all accounts included in any such block.

Block trading may allow us to execute trades in a timelier, more equitable manner, at a better overall price.

Chandler will aggregate trades for itself or for its associated persons with client trades, providing that the following conditions are met:

- 1) Chandler's policies for the aggregation of transactions shall be fully disclosed in this Form ADV Part 2A and separately to Chandler's existing clients (if any) and the broker-dealer(s) through which such transactions will be placed;
- 2) We will not aggregate transactions unless aggregation is consistent with our duty to seek best execution and the terms of Chandler's investment advisory agreement with each client for which trades are being aggregated;
- 3) No participating account will be favored over any other account; each account that participates in an aggregated order will participate at the average price for all the aggregated order, with transaction costs shared pro-rata, when applicable, on each account's participation in the transaction;
- 4) Chandler will enter aggregated orders into our Order Management System ("OMS"), specifying the participating accounts and how we intend to allocate the order among those accounts;
- 5) If the aggregated order is filled in its entirety, it will be allocated among participating accounts in accordance with the allocations entered into the OMS; if the order is partially filled, it will be allocated pro-rata based on the allocations entered into the OMS;
- 6) If the security is purchased from multiple dealers at different prices and is to be allocated among multiple accounts, it will be allocated using a weighted average method;
- 7) Allocations for an aggregated order should constitute no less than 0.50 of 1% (50 basis points) of a selected portfolio. If a proposed allocation would amount to less than 0.50 of 1% (50 basis points) of the selected portfolio, it may be allocated to a more appropriate account different from that specified in the OMS as long as all client accounts receive fair and equitable treatment and the reason for the different allocation is explained in a manner consistent with the procedures listed in number 8 herein;
- 8) Notwithstanding the foregoing, the order may be allocated on a basis different from that specified in the OMS if all client accounts receive fair and equitable treatment and the reason for the different allocation is explained in writing and is approved in writing by appropriate supervisory personnel no later than one hour after the opening of the markets on the trading day following the day the order was executed;
- 9) Chandler will receive no additional compensation of any kind as a result of the proposed aggregation;
- 10) Individual investment advice and treatment will be accorded to each advisory client.
- 11) Chandler's books and records will separately reflect, for each client account, the orders of which are aggregated, the securities held by, and bought and sold for that account.
- 12) Funds and securities for aggregated orders are clearly identified on Chandler's records and to the broker-dealers or other intermediaries handling the transactions, by the appropriate account numbers for each participating client.

There are times when Chandler does not aggregate trades when we have an opportunity to do so. Portfolio managers choose not to aggregate trades in the following situations:

- **Non-discretionary clients:** An advisory client electing not to grant investment discretionary authority to Chandler is advised that trades done in his/her account may be executed after trades effected in discretionary accounts due to the additional time involved in obtaining the required client approval prior to executing any trade in such non-discretionary client accounts. Consequently, we may not be able to aggregate these trades with other discretionary trades which may result in a difference in the price per share/bond of a given security and the commission rates paid.
- **Client direction:** While rare, an advisory client may choose not to have their trades aggregated or may have cash flow needs that prevent Chandler from aggregating a trade with other pending orders. Consequently, we may not be able to aggregate these client trades with other client trades which may result in a difference in the price per share/bond of a given security and the commission rates paid.
- **Portfolio Manager's discretion:** Portfolio managers may choose to trade certain strategies at the same time while waiting to trade others. The timing of the trades and determination of which strategy to

trade is dependent on market conditions.

Additionally, not all portfolio managers will trade their client accounts at the same time and there may be timing differences for trades executed by different portfolio managers. Accordingly, we may not be able to aggregate all trades executed independently by our different portfolio managers, which may result in a difference in the price per share/bond of a given security and the commission rates paid.

ITEM 13 ACCOUNT REVIEWS

ITEM 13A: PERIODIC ACCOUNT REVIEWS

FIXED INCOME & MULTI ASSET CLASS PORTFOLIO MANAGEMENT

The underlying securities within client accounts are continually monitored and reviewed daily in our Order Management and Portfolio Compliance System (OMS) in the context of each client's stated investment objectives and guidelines. Additional reviews may be triggered by material changes in variables such as the client's individual circumstances, liquidity requirements, credit analysis or the market, political or economic environment.

These accounts are reviewed by our Chief Investment Officer, Deputy Chief Investment Officers, Portfolio Managers and our compliance department.

WRAP FEE PROGRAMS

Program clients should refer to the selected Sponsor's Wrap Fee Program Brochure and, if applicable, the independent advisor's disclosure document for information regarding reviews performed by the sponsor or independent advisor and the frequency of reviews conducted on the client's Program account(s).

CONSULTING SERVICES

While reviews may occur at different stages depending on the nature and terms of the specific engagement, typically no formal reviews will be conducted for Consulting Services clients unless otherwise contracted for. Such reviews will be conducted by the client's account representative.

ITEM 13B: OTHER REVIEWS

Chandler reviews accounts on a periodic basis as described above in Item 13A of this brochure.

ITEM 13C: REPORTING

FIXED INCOME & MULTI ASSET CLASS PORTFOLIO MANAGEMENT

In addition to the monthly account statements that non-wrap clients receive from their custodian and confirmations of transactions that they receive from the executing broker-dealer, we provide written monthly reports summarizing account performance, balances and holdings, transactions, income earned, and cash flow expected for the next 365 days.

WRAP FEE PROGRAMS

Program clients should refer to the selected Sponsor's Wrap Fee Program Brochure and, if applicable, the independent advisor's disclosure document for information regarding the content and frequency of reports provided by the sponsor or independent advisor to the client, if any. Chandler does not send any reports or account statements to wrap fee program clients.

CONSULTING SERVICES

These client accounts will receive written reports as contracted for at the inception of the advisory engagement.

ITEM 14 CLIENT REFERRALS AND OTHER COMPENSATION

ITEM 14A: OTHER COMPENSATION

As outlined in Item 12A of this Brochure, certain indirect economic benefits are received by Chandler for clients that custody their assets with Schwab. While Chandler and its employees always endeavor to put the interest of our clients first, clients participating in the Schwab wrap programs should be aware that receipt of this indirect additional compensation creates a potential conflict of interest. However, Chandler has a fiduciary responsibility to always place client interests before our own and will only recommend Schwab to clients where we believe it would be beneficial to those clients.

ITEM 14B: CLIENT REFERRALS

Chandler's policy and practice is not to enter into arrangements to pay referral fees to independent persons or firms ("Solicitors") for introducing clients to us. Compensation paid to certain related persons of Chandler takes into consideration an overall assessment of predetermined objectives in addition to other defined criteria. Notably, this firm practice does not impact the advisory fees paid to Chandler by any client.

ITEM 15 CUSTODY

Chandler does not take custody or possession of the funds or securities that a client has placed under our management. Each client shall appoint a Qualified Custodian ("custodian") to take and have possession of their assets. The fees expressed in the "Fees and Compensation" section (Item 5A) of this Brochure do not include fees a client will incur for custodial services.

From time to time, Chandler recommends a custodian to clients who do not have an existing custodian relationship established. Among others, Chandler generally recommends (in alphabetical order) Bank of America, Bank of New York/Mellon, Charles Schwab & Co., Union Bank, US Bank or Wells Fargo. Some of the above-mentioned custodians offer special pricing for institutional or municipal clients of Chandler. Chandler does not receive any compensation or referrals from the custodians we refer our clients to. The rates offered by the custodian can be based on the size of the portfolio or type of account opened. Client retains full discretionary authority over the selection of the custodian to be used.

Direct Debiting of Fees

Although Chandler does not take custody or possession of the funds or securities that a client has placed under its management, Chandler is deemed by the SEC to have custody of those accounts where fees are debited directly from the client's custodian bank account. We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is required to send to the client a statement showing all transactions and holdings within the account during the reporting period, in addition to any advisory fees paid.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

In addition to the periodic statements that clients receive directly from their custodians, we also send account statements directly to our clients monthly. While Chandler makes every effort to provide accurate statements, we urge our clients to carefully compare the information provided on our statements to statements provided by their custodian in order to ensure that all account transactions, holdings and values are correct and current.

ITEM 16 INVESTMENT DISCRETION

Generally, clients hire us to provide discretionary asset management services; however, we do provide our

services on a non-discretionary basis, if requested by a client.

Our discretionary authority includes the ability to do the following without first obtaining approval from the client:

- Determine the security to buy or sell;
- Determine the amount of the security to buy or sell; and
- Determine the price at which to buy or sell the security;

Clients give us discretionary authority when they sign a discretionary client agreement with our firm and may limit this authority by giving us written instructions. Such limitations are typically outlined in a client's investment policy statement and may include restrictions on maturity or ratings, issuer or sector concentration limitations, among others. Clients may also change/amend such limitations by once again providing us with written instructions. Chandler reserves the right to decline acceptance of any client account.

ITEM 17 VOTING CLIENT SECURITIES

ITEM 17A: PROXY VOTING

We vote proxies for the securities held in client accounts where the client has given us authorization to do so. All clients retain the right to vote their own proxies should they choose to do so. Clients can exercise this right by instructing us in writing to not vote proxies in their account and instructing their custodian to send proxies directly to their attention.

We will vote proxies in the best interests of our clients and in accordance with our established policies and procedures. Our firm will retain all proxy voting books and records for the requisite period of time, including a copy of each proxy statement received, a record of each vote cast, a copy of any document created by us that was material to making a decision how to vote proxies, and a copy of each written client request for information on how the adviser voted proxies. If our firm has a conflict of interest in voting a particular action, we will notify the client of the conflict and retain an independent third-party to cast a vote.

Clients may obtain a copy of our complete proxy voting policies and procedures by contacting Nicole Dragoo, our Chief Compliance Officer, by telephone, email, or in writing. Clients may request, in writing, information on how proxies for their shares were voted. If any client requests a copy of our complete proxy policies and procedures or how we voted proxies for their account(s), we will promptly provide such information to the client.

We will neither advise nor act on behalf of the client in legal proceedings involving companies whose securities are held in the client's account(s), including, but not limited to, the filing of "Proofs of Claim" in class action settlements. If desired, clients may direct us to transmit copies of class action notices to the client or a third party. Upon such direction, we will make commercially reasonable efforts to forward such notices in a timely manner.

With respect to ERISA accounts, we will vote proxies unless the plan documents specifically reserve the plan sponsor's right to vote proxies. To direct us to vote a proxy in a particular manner, clients should contact Nicole Dragoo by telephone, email, or in writing.

You can instruct us to vote proxies according to criteria (for example, to always vote with management, or to vote for or against a proposal to allow a so-called "poison pill" defense against a possible takeover). You can also instruct us on how to cast your vote in a particular proxy contest by contacting Nicole Dragoo by mail at 6225 Lusk Boulevard, San Diego, CA 92121 or by email at Compliance@chandlerasset.com. These requests must be made in writing.

ITEM 17B: WHERE CLIENT RETAINS RIGHT TO VOTE PROXIES

For accounts where we do not vote proxies, Chandler may provide investment advisory services relative to client investment assets. Clients maintain exclusive responsibility for:

- 1) Directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and

- 2) Making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets; and
- 3) Instructing each custodian of the assets to forward to the client copies of all proxies and shareholder communications relating to the client's investment assets.

We may provide clients with consulting assistance regarding proxy issues if they contact us with questions at our principal place of business.

ITEM 18	FINANCIAL INFORMATION
----------------	------------------------------

ITEM 18A: FINANCIAL STATEMENT REQUIREMENT

Under no circumstances do we require or solicit payment of fees in excess of \$1200 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

ITEM 18B: FINANCIAL CONDITION

Chandler has no financial conditions to disclose that would impair its ability to meet contractual and fiduciary obligations to clients.

ITEM 18C: BANKRUPTCY DISCLOSURE

Chandler has never been the subject of a bankruptcy petition.

FACTS

WHAT DOES CHANDLER ASSET MANAGEMENT, INC. DO WITH YOUR PERSONAL INFORMATION?

Why?	Financial companies choose how they share your personal information. Federal law gives consumers the right to limit some but not all sharing. Federal law also requires us to tell you how we collect, share, and protect your personal information. Please read this notice carefully to understand what we do.
What?	The types of personal information we collect and share depend on the product or service you have with us. This information can include: ■ Social Security number and investment experience ■ Account balances and transaction history ■ Assets and income When you are <i>no longer</i> our customer, we continue to share your information as described in this notice.
How?	All financial companies need to share customers' personal information to run their everyday business. In the section below, we list the reasons financial companies can share their customers' personal information; the reasons Chandler chooses to share; and whether you can limit this sharing.

Reasons we can share your personal information	Does Chandler share?	Can you limit this sharing?
For our everyday business purposes— such as to process your transactions, maintain your account(s), respond to court orders and legal investigations, or report to credit bureaus	Yes	No
For our marketing purposes— to offer our products and services to you	Yes	No
For joint marketing with other financial companies	No	We do not share
For our affiliates' everyday business purposes— information about your transactions and experiences	No	We do not share
For our affiliates' everyday business purposes— information about your creditworthiness	No	We do not share
For our affiliates to market to you	No	We do not share
For non-affiliates to market to you	No	We do not share

Questions?	Call (858) 546-3737 or go to www.chandlerasset.com
-------------------	---

What we do

How does Chandler protect my personal information?	To protect your personal information from unauthorized access and use, we use security measures that comply with federal law. These measures include computer safeguards and secured files and buildings.
How does Chandler collect my personal information?	We collect your personal information, for example, when you ■ Open an account or enter into an investment advisory agreement ■ Give us your income information and your contact information ■ Tell us about your investment or retirement portfolio We also collect your personal information from other companies
Why can't I limit all sharing?	Federal law gives you the right to limit only ■ sharing for affiliates' everyday business purposes—information about your creditworthiness ■ affiliates from using your information to market to you ■ sharing for non-affiliates to market to you State laws and individual companies may give you additional rights to limit sharing. [See below for more on your rights under state law.]

Definitions

Affiliates	Companies related by common ownership or control. They can be financial and nonfinancial companies. ■ <i>Chandler Asset Management, Inc. has no affiliates.</i>
Non-affiliates	Companies not related by common ownership or control. They can be financial and nonfinancial companies. ■ <i>Chandler Asset Management, Inc. does not share with non-affiliates so they can market to you</i>
Joint marketing	A formal agreement between nonaffiliated financial companies that together market financial products or services to you. ■ <i>Chandler Asset Management, Inc. doesn't jointly market.</i>

Other important information

Information for Vermont, California and Nevada Customers

In response to a Vermont regulation, if we disclose personal information about you to non-affiliated third parties with whom we have joint marketing agreements, we will only disclose your name, address, other contact information, and information about our transactions or experiences with you.

In response to a California law, we automatically treat accounts with California billing addresses as if you do not want to disclose personal information about you to non-affiliated third parties except as permitted by the applicable California law. We will also limit the sharing of personal information about you with affiliates to comply with all California privacy laws that apply to us.

Nevada law requires us to disclose that you may request to be placed on our "do not call" list at any time by calling 1-831-759-6300. To obtain further information, contact the Bureau of Consumer Protection, Office of the Nevada Attorney General at 555 E. Washington Ave., Suite 3900, Las Vegas, NV 88101; phone 1-702-486-3132; email BCPINFO@ag.state.nv.us

Part 2B of Form ADV: *Brochure Supplement*

Effective Date: December 30, 2021

ITEM 1: COVER PAGE

Martin Cassell, CFA

CEO

Chandler Asset Management, Inc.
 6225 Lusk Boulevard
 San Diego, CA 92121
 (800) 317-4747

This brochure supplement provides information about Martin Cassell that supplements the Chandler Asset Management (Chandler) brochure. You should have received a copy of that brochure. Please contact Joseph Kolinsky if you did not receive Chandler's brochure or if you have any questions about the contents of this supplement.

Additional information about Martin Cassell is available on the SEC's website www.adviserinfo.sec.gov.

ITEM 2: EDUCATIONAL BACKGROUND & BUSINESS EXPERIENCE

Full Legal Name:	Martin Dayle Cassell
Year of Birth:	1959

Explanations of Professional Designations Held

CFA Charter

The Chartered Financial Analyst (CFA) charter is a globally respected, graduate-level investment credential established in 1962 and awarded by CFA Institute — the largest global association of investment professionals. There are currently more than 100,000 CFA charterholders working throughout the world. To earn the CFA charter, candidates must: 1) pass three sequential, six-hour examinations; 2) have at least four years of qualified professional investment experience; 3) join CFA Institute as members; and 4) commit to abide by, and annually reaffirm, their adherence to the CFA Institute Code of Ethics and Standards of Professional Conduct.

High Ethical Standards

The CFA Institute Code of Ethics and Standards of Professional Conduct, enforced through an active professional conduct program, require CFA charterholders to:

- Place their clients' interests ahead of their own
- Maintain independence and objectivity
- Act with integrity
- Maintain and improve their professional competence
- Disclose conflicts of interest and legal matters

Global Recognition

Passing the three CFA exams is a difficult feat that requires extensive study (successful candidates report spending an average of 300 hours of study per level). Earning the CFA charter demonstrates mastery of many of the advanced skills needed for investment analysis and decision making in today's quickly evolving global financial industry. As a result, employers and clients are increasingly seeking CFA charterholders—often making the charter a prerequisite for employment.

Additionally, regulatory bodies in 19 countries recognize the CFA charter as a proxy for meeting certain licensing requirements, and more than 125 colleges and universities around the world have incorporated a majority of the CFA Program curriculum into their own finance courses.

Comprehensive and Current Knowledge

The CFA Program curriculum provides a comprehensive framework of knowledge for investment decision making and is firmly grounded in the knowledge and skills used every day in the investment profession. The three levels of the CFA Program test a proficiency with a wide range of fundamental and advanced investment topics, including ethical and professional standards, fixed-income and equity analysis, alternative and derivative investments, economics, financial reporting standards, portfolio management, and wealth planning.

The CFA Program curriculum is updated every year by experts from around the world to ensure that candidates learn the most relevant and practical new tools, ideas, and investment and wealth management skills to reflect the dynamic and complex nature of the profession.

To learn more about the CFA charter, visit www.cfainstitute.org.

Certified Treasury Professional (CTP)

The Certified Treasury Professional® (CTP) designation is evidence that an individual is certified in corporate treasury and cash management. The credential is awarded based upon experience and passing of a rigorous examination that provides an objective measure of an individual's broad-based knowledge and competency in treasury management. Ongoing professional development is required in order to maintain the credential. The CTP is administered by the Association for Financial Professionals, the leading association for treasury and financial management professionals, with more than 29,000 members worldwide.

Accredited Investment Fiduciary (AIF®)

The Accredited Investment Fiduciary (AIF®) Designation is a professional certification that demonstrates an advisor or other person serving as an investment fiduciary has met certain requirements to earn and maintain the credential. The purpose of the Accredited Investment Fiduciary (AIF®) Designation is to assure that those responsible for managing or advising on investor assets have a fundamental understanding of the principles of fiduciary duty, the standards of conduct for acting as a fiduciary, and a process for carrying out fiduciary responsibility.

Initial certification requires completion of AIF® training, passing of the AIF® examination, meeting the education and industry experience requirements, and satisfaction of the Code of Ethics and Conduct Standards. To maintain the designation, designees must complete six (6) hours of continuing education and satisfy the Code of Ethics and Conduct Standards annually. The AIF® is administered by the Center for Fiduciary Studies.

Global Investment Performance Standards (GIPS®) and Verification Letter

Verification Report

Chandler Asset Management, Inc.

We have verified whether Chandler Asset Management, Inc. (the “Firm”) has, for the periods from July 1, 1997 through March 31, 2021, established policies and procedures for complying with the Global Investment Performance Standards (GIPS®) related to composite and pooled fund maintenance and the calculation, presentation, and distribution of performance that are designed in compliance with the GIPS standards, as well as whether these policies and procedures have been implemented on a firm-wide basis. GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

The Firm’s management is responsible for its claim of compliance with the GIPS standards and the design and implementation of its policies and procedures. Our responsibilities are to be independent from the Firm and to express an opinion based on our verification. We conducted this verification in accordance with the required verification procedures of the GIPS standards, which includes testing performance on a sample basis. We also conducted such other procedures as we considered necessary in the circumstances.

In our opinion, for the periods from July 1, 1997 through March 31, 2021, the Firm’s policies and procedures for complying with the GIPS standards related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been, in all material respects:

- Designed in compliance with the GIPS standards, and
- Implemented on a firm-wide basis.

This report does not relate to or provide assurance on any specific performance report of the Firm or on the operating effectiveness of the Firm’s controls or policies and procedures for complying with the GIPS standards.

Chandler Asset Management claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards.

Chandler Asset Management has been independently verified by ACA Performance Services for the period of July 1, 1997 through March 31, 2021. The verification report is available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report.

- Chandler Asset Management is an independent investment adviser registered as such with the Securities and Exchange Commission under the Investment Adviser's Act of 1940. Registration with the SEC does not imply a certain level of skill or training. Since 1988, Chandler Asset Management has provided fixed income investment management services to the public sector, as well as to foundations, endowments, individuals and corporations. A complete list and description of all of the firm's composites is available upon request.
- The Ultra Short Bond Composite is a composite of individually managed accounts with an average modified duration approximately equal to the modified duration of the ICE BofA Blended 0-3 year Treasury index and a maximum final stated maturity of individual securities of three years. The minimum account size required to be included in this composite is \$2 million. This composite was created in November 1988. The name of this composite was changed from Principal Preservation effective June 30, 2009.
- The ICE BofA Blended 0-3 Year US Treasury Index is a static, internally maintained benchmark comprised of US dollar denominated sovereign debt publicly issued by the US government in its domestic market. Effective 1/1/2001, it consists of the following indices: (30%) ICE BofA US 3-Month Treasury Bill Index, (30%) ICE BofA US 6-Month Treasury Bill Index, (40%) ICE BofA 1-3 Year US Treasury Index. Qualifying securities will include 3 and 6-month Treasury Bills and US Treasury securities that must have at least one year remaining term to final maturity and less than three years remaining term to final maturity, a fixed coupon schedule, and a minimum amount outstanding of \$1 billion. Qualifying securities must have at least 18 months to final maturity at the time of issuance.*Prior to 1/1/2001 it consisted of (100%) ICE BofA US 1-Year Treasury Bill Index, G003. Indexes are referred to for comparative purposes only and are not intended to parallel the risk or investment style of the portfolios in the Composite. Indexes do not utilize leverage. Index calculations do not reflect fees, brokerage commissions or other expenses of investing. Investors may not make direct investments into any index. Index data contained herein (and all trademarks related thereto) are owned by the indicated index provider, and may not be redistributed. The information herein has not been approved by the index provider.
- Valuations are computed and performance reported in U.S. Dollars.
- Performance is calculated using a time-weighted total rate of return, which links performance monthly, and is reported gross of investment management fees and custodial fees, but after all trading expenses. Results reflect the reinvestment of income, dividends and other earnings, and include realized and unrealized gains and losses and interest accrued through the last day of each month. Results do not reflect the potential impact of taxes. Past performance is not indicative of future results. Fees charged by Chandler Asset Management will reduce performance.
- Net-of-fees performance returns are calculated by reducing the monthly gross performance by one-twelfth (1/12) of the actual maximum applicable fee of 0.25%, which is representative of our current fee schedule for this composite. These monthly returns are then geometrically linked to produce annual returns which are presented before custodial fees but after management fees and all trading expenses. Fees are negotiable and additional information regarding Chandler's fees is included in our Part 2A of Form ADV.
- Dispersion is calculated using the asset weighted standard deviation of annual gross returns of those portfolios that were included in the composite for the entire year. For years when less than six portfolios were included in the composite for the full year, no dispersion measure is presented. The three-year annualized standard deviation measures the variability of the composite gross returns and the benchmark returns over the preceding 36-month period. Policies for valuing investments, calculating performance, and preparing GIPS reports are available upon request.

Chandler Asset Management claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards.

Chandler Asset Management has been independently verified by ACA Performance Services for the period of July 1, 1997 through March 31, 2021. The verification report is available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report.

1. Chandler Asset Management is an independent investment adviser registered as such with the Securities and Exchange Commission under the Investment Adviser's Act of 1940. Registration with the SEC does not imply a certain level of skill or training. Since 1988, Chandler Asset Management has provided fixed income investment management services to the public sector, as well as to foundations, endowments, individuals and corporations. A complete list and description of all of the firm's composites is available upon request.
2. The Limited Maturity Composite is a composite of individually managed accounts with an average modified duration approximately equal to the modified duration of the ICE BofA 1-3 Year US Treasury Index and a final stated maturity of individual securities of five years. The minimum account size required to be included in this composite is \$2 million. This composite was created September 1988. The name of this composite was changed from Short-Term Fixed Income effective June 30, 2009.
3. The ICE BofA 1-3 Year US Treasury Index tracks the performance of US dollar-denominated sovereign debt publicly issued by the US government in its domestic market. Qualifying securities must have at least one year remaining term to final maturity and less than three years remaining term to final maturity, a fixed coupon schedule, and a minimum amount outstanding of \$1 billion. Qualifying securities must have at least 18 months to final maturity at the time of issuance. Indexes are referred to for comparative purposes only and are not intended to parallel the risk or investment style of the portfolios in the Composite. Indexes do not utilize leverage. Index calculations do not reflect fees, brokerage commissions or other expenses of investing. Investors may not make direct investments into any index. Index data contained herein (and all trademarks related thereto) are owned by the indicated index provider, and may not be redistributed. The information herein has not been approved by the index provider.
4. Valuations are computed and performance reported in U.S. Dollars.
5. Performance is calculated using a time-weighted total rate of return, which links performance monthly, and is reported gross of investment management fees and custodial fees, but after all trading expenses. Results reflect the reinvestment of income, dividends and other earnings, and include realized and unrealized gains and losses and interest accrued through the last day of each month. Results do not reflect the potential impact of taxes. Past performance is not indicative of future results. Fees charged by Chandler Asset Management will reduce performance.
6. Net-of-fees performance returns are calculated by reducing the monthly gross performance by one-twelfth (1/12) of the actual maximum applicable fee of 0.25%, which is representative of our current fee schedule for this composite. These monthly returns are then geometrically linked to produce annual returns which are presented before custodial fees but after management fees and all trading expenses. Fees are negotiable and additional information regarding Chandler's fees is included in our Part 2A of Form ADV.
7. Dispersion is calculated using the asset weighted standard deviation of annual gross returns of those portfolios that were included in the composite for the entire year. For years when less than six portfolios were included in the composite for the full year, no dispersion measure is presented. The three-year annualized standard deviation measures the variability of the composite gross returns and the benchmark returns over the preceding 36-month period. Policies for valuing investments, calculating performance, and preparing GIPS reports are available upon request.

1. Chandler Asset Management is an independent investment adviser registered as such with the Securities and Exchange Commission under the Investment Adviser's Act of 1940. Registration with the SEC does not imply a certain level of skill or training. Since 1988, Chandler Asset Management has provided fixed income investment management services to the public sector, as well as to foundations, endowments, individuals and corporations. A complete list and description of all of the firm's composites is available upon request.
2. The Short Term Bond Composite is a composite of individually managed accounts with an average modified duration approximately equal to the modified duration of the ICE BofA 1-5 Year US Treasury & Agency Index and a maximum final stated maturity of individual securities of five years. The minimum account size required to be included in this composite is \$2 million. This composite was created in September 1995. The name of this composite was changed from 1-5 Year Government Fixed Income effective June 30, 2009.
3. The ICE BofA 1-5 Year US Treasury & Agency Index tracks the performance of US dollar denominated US Treasury and nonsubordinated US agency debt issued in the US domestic market. Qualifying securities must have an investment grade rating (based on an average of Moody's, S&P and Fitch). Qualifying securities must have at least one year remaining term to final maturity and less than five years remaining term to final maturity, at least 18 months to maturity at time of issuance, a fixed coupon schedule, and a minimum amount outstanding of \$1 billion for sovereigns and \$250 million for agencies. Indexes are referred to for comparative purposes only and are not intended to parallel the risk or investment style of the portfolios in the Composite. Indexes do not utilize leverage. Index calculations do not reflect fees, brokerage commissions or other expenses of investing. Investors may not make direct investments into any index. Index data contained herein (and all trademarks related thereto) are owned by the indicated index provider, and may not be redistributed. The information herein has not been approved by the index provider.
4. Valuations are computed and performance reported in U.S. Dollars.
5. Performance is calculated using a time-weighted total rate of return, which links performance monthly, and is reported gross of investment management fees and custodial fees, but after all trading expenses. Results reflect the reinvestment of income, dividends and other earnings, and include realized and unrealized gains and losses and interest accrued through the last day of each month. Results do not reflect the potential impact of taxes. Past performance is not indicative of future results. Fees charged by Chandler Asset Management will reduce performance.
6. Net-of-fees performance returns are calculated by reducing the monthly gross performance by one-twelfth (1/12) of the actual maximum applicable fee of 0.25%, which is reflective of our current fee schedule for this composite. These monthly returns are then geometrically linked to produce annual returns which are presented before custodial fees but after management fees and all trading expenses. Fees are negotiable and additional information regarding Chandler's fees is included in our Part 2A of Form ADV.

Appendix G

Important Disclosures

IMPORTANT DISCLOSURES

Local Agency Investment Fund (LAIF)

The *California State Local Agency Investment Fund (LAIF)* is an investment portfolio managed by the State Treasurer. All securities are purchased under the authority of Government Code Section 16430 and 16480.4 and include securities issued by entities of the US Government, including the US Treasury and Agencies, Corporate debt, Certificates of Deposit, Mortgage Backed Securities and certain loans to the State and state agencies. The average maturity of the Fund will be between 120 days and 18 months.

ICE BofA Blended 0-3 Year US Treasury Index

The *ICE BofA Blended 0-3 Year US Treasury Index* is a static, internally maintained benchmark comprised of US dollar denominated sovereign debt publicly issued by the US government in its domestic market. Effective 1/1/2001, it consists of the following indices: (30%) ICE BofA US 3-Month Treasury Bill Index, (30%) ICE BofA US 6-Month Treasury Bill Index, (40%) ICE BofA 1-3 Year US Treasury Index. Qualifying securities will include 3 and 6-month Treasury Bills and US Treasury securities that must have at least one year remaining term to final maturity and less than three years remaining term to final maturity, a fixed coupon schedule, and a minimum amount outstanding of \$1 billion. Qualifying securities must have at least 18 months to final maturity at the time of issuance. *Prior to 1/1/2001 it consisted of (100%) ICE BofA US 1-Year Treasury Bill Index, G003.

ICE BofA 1-3 Year US Treasury Index

The *ICE BofA 1-3 Year US Treasury Index* tracks the performance of US dollar-denominated sovereign debt publicly issued by the US government in its domestic market. Qualifying securities must have at least one year remaining term to final maturity and less than three years remaining term to final maturity, a fixed coupon schedule, and a minimum amount outstanding of \$1 billion. Qualifying securities must have at least 18 months to final maturity at the time of issuance.

ICE BofA 1-5 Year US Treasury & Agency Index

The *ICE BofA 1-5 Year US Treasury & Agency Index* tracks the performance of US dollar denominated US Treasury and nonsubordinated US agency debt issued in the US domestic market. Qualifying securities must have an investment grade rating (based on an average of Moody's, S&P and Fitch). Qualifying securities must have at least one year remaining term to final maturity and less than five years remaining term to final maturity, at least 18 months to maturity at time of issuance, a fixed coupon schedule, and a minimum amount outstanding of \$1 billion for sovereigns and \$250 million for agencies.

Source ICE Data Indices, LLC ("ICE"), used with permission. ICE permits use of ICE indices and related data on an "as is" basis; ICE, its affiliates and their respective third-party suppliers disclaim any and all warranties and representations, express and/or implied, including any warranties of merchantability or fitness for a particular purpose or use, including the indices, index data and any data included in, related to, or derived therefrom. Neither ICE Data, its affiliates or their respective third-party providers guarantee the quality, adequacy, accuracy, timeliness or completeness of the indices or the index data or any component thereof, and the indices and index data and all components thereof are provided on an "as is" basis and licensee's use is at licensee's own risk. This report is being provided for informational purposes only. No investment decision should be made based solely on the information provided herein. All investments involve risk, including loss of principal invested. The strategies referenced may not be suitable for all investors. The information contained herein is based on internal research derived from various sources and does not purport to be statements of all material facts relating to the strategies. While not guaranteed as to accuracy or completeness, some of the information has been obtained from sources we believe to be reliable. Third-party source information is provided by independent sources deemed to be reliable but is not guaranteed. Opinions expressed herein are subject to change without notice.

There can be no assurance that an account or specific investment product will be able to achieve its investment objective. No guarantee of investment performance is being provided and no inference to the contrary should be made.

Any forecasts, forward-looking statements and assumptions are inherently limited and should not be relied upon as an indicator of future results. Any opinions or views constitute judgments made by the author at the date of this presentation and may become outdated or superseded at any time without notice. Any statements concerning financial market trends are based on current market conditions, which will fluctuate.

Where listed, certain performance shown is hypothetical and does not represent actual trading in a client's account. HYPOTHETICAL OR SIMULATED PERFORMANCE RESULTS HAVE CERTAIN LIMITATIONS. UNLIKE AN ACTUAL PERFORMANCE RECORD, SIMULATED RESULTS DO NOT REPRESENT ACTUAL TRADING. NO REPRESENTATION IS BEING MADE THAT ANY ACCOUNT WILL OR IS LIKELY TO ACHIEVE PROFIT OR LOSSES SIMILAR TO THOSE SHOWN. THERE ARE FREQUENTLY SHARP DIFFERENCES BETWEEN HYPOTHETICAL PERFORMANCE RESULTS AND THE ACTUAL RESULTS SUBSEQUENTLY ACHIEVED BY ANY PARTICULAR TRADING PROGRAM. ONE OF THE LIMITATIONS OF HYPOTHETICAL PERFORMANCE RESULTS IS THAT THEY ARE GENERALLY PREPARED WITH THE BENEFIT OF HINDSIGHT. IN ADDITION, HYPOTHETICAL TRADING DOES NOT INVOLVE FINANCIAL RISK AND DOES NOT TAKE INTO ACCOUNT THAT MATERIAL AND MARKET FACTORS MAY HAVE IMPACTED THE ADVISER'S DECISION-MAKING IF THE ADVISER WERE ACTUALLY MANAGING CLIENT'S MONEY. NO HYPOTHETICAL TRADING RECORD CAN COMPLETELY ACCOUNT FOR THE IMPACT OF FINANCIAL RISK IN ACTUAL TRADING. FOR EXAMPLE, THE ABILITY TO WITHSTAND LOSSES OR ADHERE TO A PARTICULAR TRADING PROGRAM IN SPITE OF TRADING LOSSES ARE MATERIAL POINTS WHICH CAN ALSO ADVERSELY AFFECT ACTUAL TRADING RESULTS. THERE ARE NUMEROUS OTHER FACTORS RELATED TO THE MARKETS IN GENERAL OR TO THE IMPLEMENTATION OF ANY SPECIFIC TRADING PROGRAM WHICH CANNOT BE FULLY ACCOUNTED FOR IN THE PREPARATION OF HYPOTHETICAL PERFORMANCE RESULTS, ALL OF WHICH CAN ADVERSELY AFFECT ACTUAL TRADING RESULTS. It should not be assumed that investors who invest in Chandler Asset Management's Portfolios will be profitable or achieve the hypothetical performance results reflected or any corresponding index presented. Actual performance of and holdings and investment implementation in Chandler Asset Management's client accounts can materially differ from that of the hypothetical models presented herein and performance can be higher or lower than the results shown. Investors may have experienced investment results during the corresponding time periods that were materially different from those portrayed. Back-tested performance does not represent actual performance and should not be interpreted as an indication of such performance. The opinions referenced are as of the date of publication and are subject to change. Chandler Asset Management has discretion in the timing of trade execution and selection of securities traded and utilized in any client account, which can and will materially differ from the hypothetical simulated performance based upon a variety of factors, including the adviser's discretion to not follow any trading signal generated and to determine the timing and implementation of a trade (which can include securities other than those listed).

Index returns assume reinvestment of all distributions. Historical performance results for investment indexes generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. It is not possible to invest directly in an index.

Fixed income investments are subject to interest, credit, and market risk. Interest rate risk: the value of fixed income investments will decline as interest rates rise. Credit risk: the possibility that the borrower may not be able to repay interest and principal. Low rated bonds generally have to pay higher interest rates to attract investors willing to take on greater risk. Market risk: the bond market in general could decline due to economic conditions, especially during periods of rising interest rates.

Chandler Asset Management, Inc. ("Chandler") is an SEC registered investment adviser. For additional information about our firm, please see our current disclosures (Form ADV). To obtain a copy of our current disclosures, you may contact your client service representative by calling the number on the front of this statement or you may visit our website at www.chandlerasset.com.

Information contained in this monthly statement is confidential and is provided for informational purposes only and should not be construed as specific investment or legal advice. The information contained herein was obtained from sources believed to be reliable as of the date of this statement, but may become outdated or superseded at any time without notice.

Custody: Your qualified custodian bank maintains control of all assets reflected in this statement and we urge you to compare this statement to the one you receive from your qualified custodian. Chandler does not have any authority to withdraw or deposit funds from/to the custodian account.

Valuation: Prices are provided by IDC, an independent pricing source. In the event IDC does not provide a price or if the price provided is not reflective of fair market value, Chandler will obtain pricing from an alternative approved third party pricing source in accordance with our written valuation policy and procedures. Our valuation procedures are also disclosed in Item 5 of our Form ADV Part 2A.

Performance: Performance results are presented gross-of-advisory fees and represent the client's Total Return. The deduction of advisory fees lowers performance results. These results include the reinvestment of dividends and other earnings. Past performance may not be indicative of future results. Therefore, clients should not assume that future performance of any specific investment or investment strategy will be profitable or equal to past performance levels. All investment strategies have the potential for profit or loss. Economic factors, market conditions or changes in investment strategies, contributions or withdrawals may materially alter the performance and results of your portfolio.

Source ice Data Indices, LLC ("ICE"), used with permission. ICE PERMITS USE OF THE ICE INDICES AND RELATED DATA ON AN "AS IS" BASIS; ICE, ITS AFFILIATES AND THEIR RESPECTIVE THIRD PARTY SUPPLIERS DISCLAIM ANY AND ALL WARRANTIES AND REPRESENTATIONS, EXPRESS AND/OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE, INCLUDING THE INDICES, INDEX DATA AND ANY DATA INCLUDED IN, RELATED TO, OR DERIVED THEREFROM. NEITHER ICE DATA, ITS AFFILIATES OR THEIR RESPECTIVE THIRD PARTY PROVIDERS GUARANTEE THE QUALITY, ADEQUACY, ACCURACY, TIMELINESS OR COMPLETENESS OF THE INDICES OR THE INDEX DATA OR ANY COMPONENT THEREOF, AND THE INDICES AND INDEX DATA AND ALL COMPONENTS THEREOF ARE PROVIDED ON AN "AS IS" BASIS AND LICENSEE'S USE IS AT LICENSEE'S OWN RISK. ICE DATA, ITS AFFILIATES AND THEIR RESPECTIVE THIRD PARTY DO NOT SPONSOR, ENDORSE, OR RECOMMEND CHANDLER, OR ANY OF ITS PRODUCTS OR SERVICES.

Index returns assume reinvestment of all distributions. Historical performance results for investment indexes generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. It is not possible to invest directly in an index.

Ratings: Ratings information have been provided by Moody's, S&P and Fitch through data feeds we believe to be reliable as of the date of this statement, however we cannot guarantee its accuracy.

Sample Client Quarterly Report

Period Ending September 30, 2018

Please note: This sample client service report is being provided for illustrative purposes to demonstrate Chandler Asset Management's reporting capabilities. References to specific securities and their characteristics are examples of securities held in the portfolio and are not intended to be, and should not be interpreted as an offer, solicitation or recommendation to purchase or sell any financial instrument, an indication that the purchase of such securities was or will be profitable, or representative of the composition or performance of the portfolio. The information contained in this sample presentation was obtained from sources we believe to be reliable as of the date of publication, but we do not guarantee its accuracy. This presentation contains the current opinions of the author, which are subject to change without notice. Any statements concerning financial market trends or future forecasts are based on current market conditions, which will fluctuate. Past performance is not indicative of future success. Fixed income investments are subject to interest, credit and market risk. Interest rate risk: the value of fixed income investments will decline as interest rates rise. Credit risk: the possibility that the borrower may not be able to repay interest and principal. Low rated bonds generally have to pay higher interest rates to attract investors willing to take on greater risk. Market risk: the bond market in general could decline due to economic conditions, especially during periods of rising interest rates.

Section 1 | Economic Update

Economic Update

- As expected, the Federal Open Market Committee (FOMC) voted to raise the fed funds target rate by 25 basis points to a range of 2.00%-2.25% at the September 26th meeting. The vote was unanimous, including a vote from the new Board of Governors Vice Chair, Richard Clarida. The Fed raised its median forecast for GDP growth in 2018 and 2019 and left its forecasts for unemployment and inflation relatively unchanged. The Fed also kept its fed funds rate forecasts unchanged with the exception of the longer-run target which increased slightly to 3.0%. The Fed's forecast points to one more fed funds rate hike this year and three more hikes next year. Once again, in its policy statement, the FOMC noted that economic activity has been rising at a "strong rate" and policymakers expect that further gradual increases in the fed funds rate will be appropriate. The FOMC continues to believe risks to the economic outlook are roughly balanced. Market participants believe there is a very high probability that there will be another rate hike in December.
- Economic data remains favorable but predictive economic indicators suggest that economic growth is unlikely to accelerate. Although the labor market is strong and consumer confidence is high, we do not believe the economy is close to overheating. The Core PCE Index suggests that inflation is in line with the Fed's 2.0% target. Market participants are forecasting annualized GDP growth of about 3.0% in the third quarter, 2.8% in the fourth quarter, and 2.5% next year.
- Treasury yields increased in September. At month-end, the 2-year Treasury yield was up 19 basis points to 2.82%, while the 10-year Treasury yield was up 20 basis points to 3.06%. The spread between 2- and 10-year Treasury yields remained narrow at just 24 basis points at month-end. Over the past 20 years, the average spread between 2- and 10-year Treasuries has been about 140 basis points. We foresee an upward bias to rates across the Treasury yield curve but believe that the yield curve will remain quite flat over the intermediate-term.

Employment

Source: US Department of Labor

Source: US Department of Labor

U.S. payrolls rose by 201,000 in August, above the consensus forecast of 190,000. June and July payrolls were revised down by a total of 50,000. On a trailing 3-month and 6-month basis payrolls increased by an average of 185,000 and 192,000 per month, respectively, more than enough to absorb new entrants into the labor market. The unemployment rate was unchanged from the prior month at 3.9%. The labor participation rate declined to 62.7% in August from 62.9% in July. A broader measure of unemployment called the U-6, which includes those who are marginally attached to the labor force and employed part time for economic reasons, declined to 7.4% in August from 7.5% in July. Wages rose 0.4% in August on a month-over-month basis, slightly higher than expectations. Wages were up 2.9% on a year-over-year basis in August, versus up 2.7% year-over-year in July. The average workweek was unchanged at 34.5 hours.

**Please see the disclosures on front page of this presentation.*

Inflation

Consumer Price Index (CPI)

Source: US Department of Labor

Personal Consumption Expenditures (PCE)

Source: US Department of Commerce

The Consumer Price Index (CPI) was up 2.7% year-over-year in August, versus up 2.9% year-over-year in July. Core CPI (CPI less food and energy) was up 2.2% year-over-year in August, down from 2.4% year-over-year in July. The Personal Consumption Expenditures (PCE) index was up 2.2% year-over-year in August, down slightly from 2.3% year-over-year in July. Core PCE (excluding food and energy) was up 2.0% on a year-over-year basis in August, unchanged from 2.0% in July. Core PCE inflation, which is the Fed's primary inflation gauge, remains in line with the Fed's 2.0% target.

*Please see the disclosures on front page of this presentation.

Consumer

Source: US Department of Commerce

Source: The Conference Board

On a year-over-year basis, retail sales were up 6.6% in August, versus up 6.7% year-over-year in July. On a month-over-month basis, retail sales increased just 0.1% in August, following an upwardly revised increase of 0.7% in July. Strong sales in July were somewhat offset by softer trends in August, but the overall pace of consumer spending in the third quarter appears solid. The Consumer Confidence Index remains very strong at 138.4 in September, up from 134.7 in August. Ongoing strength in the labor market continues to support consumer confidence and spending trends.

Chicago Fed National Activity Index (CFNAI)

Source: Federal Reserve Bank of Chicago

The Index of Leading Economic Indicators (LEI) rose 0.4% month-over-month in August, following a 0.7% increase in July. According to the Conference Board, the index points to solid US economic growth for the remainder of the year. However, the Conference Board also warns that industrial companies that are more sensitive to business cycles should prepare for a possible moderation in economic growth next year. The Chicago Fed National Activity Index (CFNAI) was unchanged month-over-month in August at 0.18, suggesting that economic activity remains steady. On a 3-month moving average basis, the index increased to 0.24 in August from 0.02 in July.

**Please see the disclosures on front page of this presentation.*

Housing

Source: US Department of Commerce

Source: S&P; Please see the disclosures at the end of this presentation.

Total housing starts increased 9.2% in August. Single-family starts increased 1.9% in August while multi-family starts surged 29%. However, permits fell 5.7% in August. According to the Case-Shiller 20-City home price index, home prices were up 5.9% year-over-year in July, versus 6.4% in June. Housing data tends to be volatile on a month-over-month basis. Broadly speaking, the housing sector is facing a few different headwinds including supply constraints, rising mortgage interest rates, and a shortage of skilled labor, and housing trends have softened.

**Please see the disclosures on front page of this presentation.*

Manufacturing

Source: Institute for Supply Management

Source: Federal Reserve

The Institute for Supply Management (ISM) manufacturing index edged down to 59.8 in September from 61.3 in August (the highest level since May 2004). A reading above 50.0 suggests the manufacturing sector is expanding. The Industrial Production index was up 4.9% year-over-year in August versus up 4.0% year-over-year in July. On a month-over-month basis, the manufacturing component of the index edged up just 0.2% in August, following a 0.3% increase in July, pointing to modest growth in the sector. Capacity Utilization increased to 78.1% in August from 77.9% in July, but remains below the long-run average of 79.8% indicating there is still excess capacity for growth.

Source: US Department of Commerce

Gross Domestic Product (GDP)

Source: US Department of Commerce

Annualized second quarter GDP grew at an annualized pace of 4.2%, according to the third estimate, following growth of 2.2% in the first quarter. Consumer spending and exports were particularly strong in the second quarter. Market participants estimate the economy grew 3.0% in the third quarter. GDP growth is expected to ease back toward the 2.5%-3.0% range in the fourth quarter.

**Please see the disclosures on front page of this presentation.*

Bond Yields

Source: Bloomberg

Source: Bloomberg

On a year-over-year basis, Treasury yields have increased and the Treasury yield curve has flattened. The spread between 2-Year and 10-year Treasury yields has narrowed from 85 basis points to 24 basis points, year-over-year as of September month-end. Rate hikes by the Federal Reserve have put upward pressure on rates, while supply and demand imbalances, technical factors, and subdued inflation expectations have contributed to the curve flattening.

Section 2 | Account Profile

Investment Objectives

The investment objectives of the Client are first, to provide safety of principal to ensure the preservation of capital in the overall portfolio; second, to provide adequate liquidity to meet all requirements that may be reasonably anticipated; and third, to earn a commensurate rate of return.

Chandler Asset Management Performance Objective

The performance objective for the Client is to earn a return that equals or exceeds the return on an index of 1-3 Year Treasury notes.

Strategy

In order to achieve these objectives, we invest in high quality fixed income securities consistent with the Client's investment policy and state legal requirements.

Sample Client

City of Newport Beach, California Consolidated

Assets managed by Chandler Asset Management are in full compliance with State law and the Client's investment policy.
Assets managed by Chandler Asset Management are in full compliance with state law and the Client's investment policy.

Category	Standard	Comment
Treasury Issues	No Limit	<i>Complies</i>
Agency Issues	No Limit	<i>Complies</i>
Supranationals	"AA" rated or better by a NRSRO; 20% maximum; 10% max per issuer; Issued by IBRD, IFC or IADB only	<i>Complies</i>
Municipal Issues	"A" rated or equivalent by a NRSRO; 30% maximum; 5% max per issuer	<i>Complies</i>
Banker's Acceptances	"A-1" rated or equivalent by a NRSRO; "A" rated issuer or equivalent by a NRSRO, if the bank has senior debt outstanding; 40% maximum; 5% max per issuer; 180 days max maturity	<i>Complies</i>
Commercial Paper	"A-1" rated or equivalent by a NRSRO; "A" rated issuer or equivalent by a NRSRO, if any long-term debt; 25% maximum; 5% max per issuer; 270 days max maturity; Entity organized and operating in the U.S. and has total assets >\$500 million	<i>Complies</i>
Negotiable CDs	"A-1" short-term rated or "A" long-term rated issuer or equivalent by a NRSRO and having assets in excess of \$10 billion; 30% maximum (combined NCDs, CDs); 5% max per issuer; 2 years max maturity	<i>Complies</i>
Non-Negotiable CDs	30% maximum (combined NCDs, CDs); 5% max per issuer; Collateralized or FDIC Insured; 2 years max maturity	<i>Complies</i>
Medium Term Notes	"A" rated or equivalent by a NRSRO; 30% maximum; 5% max per issuer; Issued by corporations organized and operating within the U.S. or by depository institutions licensed by the U.S.	<i>Complies</i>
Asset-Backed (ABS), Mortgage-Backed Securities; Pass-Throughs; CMOs	"AAA" rated or equiv by a NRSRO; "A" rated issuer by a NRSRO; 20% max (combined mortgage-backed and asset-backed, MPTs, CMOs); 5% max per issuer	<i>Complies</i>
Money Market Mutual Funds and Mutual Funds	Highest rating or "AAA" rated by two NRSROs; SEC registered adviser with AUM >\$500 million and experience greater than 5 years; 10% per one Mutual Fund; 20% maximum in Money Market Mutual Funds; 20% maximum combined of total portfolio in these securities	<i>Complies</i>
Repurchase Agreements	"A-1" or equivalent short term rating; "A" rated long term issuer or equivalent; 30 days max maturity; Not used by IA	<i>Complies</i>
Rev. Repo Agreements	10% maximum; 30 days max maturity; Not used by IA	<i>Complies</i>

Section 6 | Disclosures

Important Disclosures

As of September 30, 2018

2020 Chandler Asset Management, Inc, An Independent Registered Investment Adviser.

Information contained herein is confidential. Prices are provided by IDC, an independent pricing source. In the event IDC does not provide a price or if the price provided is not reflective of fair market value, Chandler will obtain pricing from an alternative approved third party pricing source in accordance with our written valuation policy and procedures. Our valuation procedures are also disclosed in Item 5 of our Form ADV Part 2A.

Performance results are presented gross-of-advisory fees and represent the client's Total Return. The deduction of advisory fees lowers performance results. These results include the reinvestment of dividends and other earnings. Past performance may not be indicative of future results. Therefore, clients should not assume that future performance of any specific investment or investment strategy will be profitable or equal to past performance levels. All investment strategies have the potential for profit or loss. Economic factors, market conditions or changes in investment strategies, contributions or withdrawals may materially alter the performance and results of your portfolio.

Index returns assume reinvestment of all distributions. Historical performance results for investment indexes generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. It is not possible to invest directly in an index.

Source ice Data Indices, LLC ("ICE"), used with permission. ICE permits use of the ICE indices and related data on an "as is" basis; ICE, its affiliates and their respective third party suppliers disclaim any and all warranties and representations, express and/or implied, including any warranties of merchantability or fitness for a particular purpose or use, including the indices, index data and any data included in, related to, or derived therefrom. Neither ICE data, its affiliates or their respective third party providers guarantee the quality, adequacy, accuracy, timeliness or completeness of the indices or the index data or any component thereof, and the indices and index data and all components thereof are provided on an "as is" basis and licensee's use it at licensee's own risk. ICE data, its affiliates and their respective third party do not sponsor, endorse, or recommend chandler asset management, or any of its products or services.

This report is provided for informational purposes only and should not be construed as a specific investment or legal advice. The information contained herein was obtained from sources believed to be reliable as of the date of publication, but may become outdated or superseded at any time without notice. Any opinions or views expressed are based on current market conditions and are subject to change. This report may contain forecasts and forward-looking statements which are inherently limited and should not be relied upon as indicator of future results. Past performance is not indicative of future results. This report is not intended to constitute an offer, solicitation, recommendation or advice regarding any securities or investment strategy and should not be regarded by recipients as a substitute for the exercise of their own judgment.

Fixed income investments are subject to interest, credit and market risk. Interest rate risk: the value of fixed income investments will decline as interest rates rise. Credit risk: the possibility that the borrower may not be able to repay interest and principal. Low rated bonds generally have to pay higher interest rates to attract investors willing to take on greater risk. Market risk: the bond market in general could decline due to economic conditions, especially during periods of rising interest rates.

Ratings information have been provided by Moody's, S&P and Fitch through data feeds we believe to be reliable as of the date of this statement, however we cannot guarantee its accuracy.

Security level ratings for U.S. Agency issued mortgage-backed securities ("MBS") reflect the issuer rating because the securities themselves are not rated. The issuing U.S. Agency guarantees the full and timely payment of both principal and interest and carries a AA+/Aaa/AAA by S&P, Moody's and Fitch respectively.

S&P/Case Shiller U.S. National Home Price Index tracks the value of single-family housing within the United States. The S&P Case Shiller 20 City Composite Home Price Index is a value-weighted average of the 20 metro area indices. These metro areas include: Boston, Chicago, Denver, Las Vegas, Los Angeles, Miami, New York City, San Diego, San Francisco, Washington, DC, Atlanta, Charlotte, Cleveland, Dallas, Detroit, Minneapolis, Phoenix, Portland, Seattle and Tampa.

**Please see the disclosures on front page of this presentation.*

ICE BAML 1-3 Yr US Treasury Index

The ICE BAML 1-3 Year US Treasury Index tracks the performance of US dollar denominated sovereign debt publicly issued by the US government in its domestic market. Qualifying securities must have at least one year remaining term to final maturity and less than three years remaining term to final maturity, a fixed coupon schedule and a minimum amount outstanding of \$1 billion. Qualifying securities must have at least 18 months to final maturity at the time of issuance. (Index: G1O2. Please visit www.mlindex.ml.com for more information)

ICE BAML 1-3 Yr US Corp/Govt Rated AAA-A Index

The ICE BAML 1-3 AAA-A Year US Corporate & Government Index tracks the performance of US dollar denominated investment grade debt publicly issued in the US domestic market, including US Treasury, US agency, foreign government, supranational and corporate securities. Qualifying securities must be rated AAA through A3 (based on an average of Moody's, S&P and Fitch). In addition, qualifying securities must have at least one year remaining term to final maturity and less than three years remaining term to final maturity, at least 18 months to final maturity at point of issuance, a fixed coupon schedule and a minimum amount outstanding of \$1 billion for US Treasuries and \$250 million for all other securities. (Index: GVPB. Please visit www.mlindex.ml.com for more information)

Appendix I

Proposed Additional Terms to Investment Management Relationship

**PROPOSED ADDITIONAL TERMS
SPECIFIC TO INVESTMENT MANAGEMENT RELATIONSHIP**

1. Client Representative. In its capacity as investment manager, Chandler shall receive all instructions, directions and other communications on Client's behalf respecting Client's account from _____ (Representative). Chandler is hereby authorized to rely and act upon all such instructions, directions and communications from such Representative or any agent of such Representative.
2. Investment Policy. In investing and reinvesting Client's assets, Chandler shall comply with Client's Investment Policy, which is attached hereto as Exhibit A.
3. Authority of Chandler. Chandler is hereby granted full discretion to invest and reinvest all assets under its management in any type of security it deems appropriate, subject to the instructions given or guidelines set by Representative.
4. Notices. All reports and other communications required hereunder to be in writing shall be delivered in person, or sent by first-class mail postage prepaid, by overnight courier, by confirmed facsimile with original to follow or by confirmed electronic mail with proof of receipt to the addresses set forth below. Either party to this Agreement may, by written notice given at any time, designate a different address for the receipt of reports and other communications due hereunder.

Chandler Asset Management
Attn: Operations Dept.
6225 Lusk Boulevard
San Diego, CA 92121

Client Representative

5. Electronic Delivery. From time to time, Chandler may be required to deliver certain documents to Client such as account information, notices and required disclosures. Client hereby consents to Chandler's use of electronic means, such as email, to make such delivery. This delivery may include notification of the availability of such document(s) on a website, and Client agrees that such notification will constitute "delivery". Client further agrees to provide Chandler with Client's email address(s) and to keep this information current at all times by promptly notifying Chandler of any change in email address(s).

Client email address(s): _____

6. Proxy Voting. Chandler will vote proxies on behalf of Client unless otherwise instructed. Chandler has adopted and implemented written policies and procedures and will provide Client with a description of the proxy voting procedures upon request. Chandler will provide information regarding how Clients' proxies were voted upon request. To request proxy policies or other information, please contact us by mail at the address provided, by calling 800-317-4747 or by emailing your request to info@chandlerasset.com.

7. Custody of Securities and Funds. Chandler shall not have custody or possession of the funds or securities that Client has placed under its management. Client shall appoint a custodian to take and have possession of its assets. Client recognizes the importance of comparing statements received from the appointed custodian to statements received from Chandler. Client recognizes that the fees expressed above do not include fees Client will incur for custodial services.
8. Valuation. Chandler will value securities held in portfolios managed by Chandler no less than monthly. Securities or investments in the portfolio will be valued in a manner determined in good faith by Chandler to reflect fair market value.
9. Investment Advice. Client recognizes that the opinions, recommendations and actions of Chandler will be based on information deemed by it to be reliable, but not guaranteed to or by it. Provided that Chandler acts in good faith, Client agrees that Chandler will not in any way be liable for any error in judgment or for any act or omission, except as may otherwise be provided for under the Federal Securities laws or other applicable laws.
10. Payment of Commissions. Chandler may place buy and sell orders with or through such brokers or dealers as it may select. It is the policy and practice of Chandler to strive for the best price and execution and for commission and discounts which are competitive in relation to the value of the transaction and which comply with Section 28(e) of the Securities and Exchange Act. Nevertheless, it is understood that Chandler may pay a commission on transactions in excess of the amount another broker or dealer may charge, and that Chandler makes no warranty or representation regarding commissions paid on transactions hereunder.
11. Other Clients. It is further understood that Chandler may be acting in a similar capacity for other institutional and individual clients, and that investments and reinvestments for Client's portfolio may differ from those made or recommended with respect to other accounts and clients even though the investment objectives may be the same or similar. Accordingly, it is agreed that Chandler will have no obligation to purchase or sell for Client's account any securities which it may purchase or sell for other clients.
12. Confidential Relationship. The terms and conditions of this Agreement, and all information and advice furnished by either party to the other shall be treated as confidential and shall not be disclosed to third parties except (i) as required by law, rule, or regulation, (ii) as requested by a regulatory authority, (iii) for disclosures by either party of information that has become public by means other than wrongful conduct by such party or its officers, employees, or other personnel, (iv) for disclosures by either party to its legal counsel, accountants, or other professional advisers, (v) as necessary for Chandler to carry out its responsibilities hereunder, or (vi) as otherwise expressly agreed by the parties.
13. Receipt of Brochure and Privacy Policy. Client has received the disclosure statement or "brochure" and "brochure supplement" also known as Part 2A and Part 2B of Form ADV, required to be delivered pursuant to Rule 204-3 of the Investment Advisers Act of 1940 (Brochure). Client has received a copy of Chandler's Privacy Policy.

Western Riverside Council of Governments Technical Advisory Committee

Staff Report

Subject: Cal Cities Activities Update
Contact: Erin Sasse, Regional Public Affairs Manager, Cal Cities, esasse@cacities.org, (951) 321-0771
Date: May 19, 2022

Requested Action(s):

1. Receive and file.

Purpose:

The purpose of this item is to provide an update of activities undertaken by Cal Cities.

WRCOG 2022-2027 Strategic Plan Goal:

Goal #1- Serve as an advocate at the regional, state, and federal level for the Western Riverside region.

Background:

The League of California Cities has been shaping the Golden State's political landscape since the association was founded in 1898. It defends and expands local control through advocacy efforts in the Legislature, at the ballot box, in the courts, and through strategic outreach that informs and educates the public, policymakers, and opinion leaders. Cal Cities also offers education and training programs designed to teach city officials about new developments in their field and exchange solutions to common challenges facing their cities.

This item is reserved for a presentation by Erin Sasse, Regional Public Affairs Manager, Cal Cities. Additional information regarding legislation of interest to Cal Cities members is provided as Attachment 1.

Prior Action(s):

April 4, 2022: The Executive Committee received and filed.

Fiscal Impact:

This item is for informational purposes only; therefore, there is no fiscal impact.

Attachment(s):

[Attachment 1 - Cal Cities Legislative Update](#)

[Attachment 2 - 2022 Coalition Organic Waste Development and Implementation Budget Request](#)

[Attachment 3 - Support Letter Template - 2022 Organic Waste Development and Implementation Budget Request](#)

2022 May Legislative Meeting Priority Highlights

1. **2022-23 State Budget Request:** Cal Cities is calling on lawmakers to draw on the state's estimated \$68 billion surplus and allocate \$1.6 billion for programs that achieve shared city and state goals, as well as reimburse cities for state unfunded mandates.
 - **\$500 million for the creation of the Housing and Economic Development Program.**
 - What California needs now is a funding commitment to housing that matches the scale of this crisis. Cities urge the Governor and lawmakers to allocate \$500 million to create a state-local partnership to help finance housing projects, incentivize development, and kick start real progress toward housing production goals.
 - This program would encourage partnerships between state and local agencies by providing matching funds to cities that adopt local tax increment financing tools to support affordable housing, upgrade essential infrastructure, and spur economic development.
 - Existing tax increment financing tools help stimulate housing production and address important infrastructure needs, however they lack sufficient financial capacity — due in part to the absence of state participation — and are underutilized.
 - **\$933.5 million for unfunded state mandates.**
 - The state owes more than \$933.5 million to cities, counties, and special districts for costs related to state mandates incurred after 2004. Of that amount, \$466.6 million — not counting interest — is owed to cities.
 - The pandemic demonstrated the vital role that cities play in California's economy and the important services they provide to the public.
 - A strong city budget creates strong, resilient communities and this allocation would help ensure that cities can continue to meet shared local and state priorities.
 - **\$180 million for organic waste recycling.**
 - As a key player in the state's ability to achieve its solid waste management and recycling roles, cities are urging the state include \$180 million in the 2022-23 State Budget to help cities develop and implement SB 1383 (Lara, 2016) organic waste recycling programs.
 - This funding will help local governments implement collection, education, outreach, edible food recovery, procurement activities, and capacity planning, and minimize the financial burden the cost of implementing these regulations could have on taxpayers.
2. **Housing:** Cal Cities is calling on lawmakers to oppose SB 897 (Wieckowski), AB 2011 (Wicks), and AB 2097 (Friedman). These bills disregard local zoning and development standards, restrict local decision-making, and eliminate community input.
3. **Infrastructure:** Cal Cities is urging lawmakers to support AB 2120 (Ward), which would ensure 55% of the bridge funds headed to California through the federal infrastructure package are allocated to local projects through a needs-based allocation. This change would nearly double federal funding available to local bridges to an estimated \$800 million annually.

4. **Homelessness:** Cal Cities is calling on lawmakers to support AB 2547 (Nazarian), SB 929 (Eggman), and SB 1154 (Eggman), which would increase data to improve access to behavioral health services — especially for unhoused residents — and provide housing subsidies for vulnerable populations who are either experiencing homelessness or at imminent risk of experiencing homelessness.
5. **Climate Resiliency:** Cal Cities is a proud co-sponsor of AB 1985 (R. Rivas), which would create an online database of organic waste products on the market so local governments can connect with local farmers and community members seeking their organic waste products and continue to explore needed changes to the procurement requirement in the SB 1383 (Lara, 2016) regulations.

2022 Cal Cities Action Agenda priority

Secure funding to increase the supply and affordability of housing and reform state housing laws to retain local authority.

Housing supply and affordability are two of the most critical issues facing Californians today. Cities are currently making significant investments to update housing plans to accommodate millions of new units of housing. By the end of 2022, hundreds of cities will have identified and planned for more than two million units of additional housing statewide. Those two million units are on top of the millions of homes that cities have already planned, zoned, and approved previously. Despite this progress, many of the proposed housing bills in recent years include policies that override constitutionally recognized local decision-making, disregard community input, and do little to spur much-needed housing construction.

Priority housing bills

\$500 million State Budget request: Creation of the Housing and Economic Development Program. SUPPORT

Cal Cities is calling on the Governor and lawmakers to allocate \$500 million in the budget for a new Housing and Economic Development Program. This program would encourage partnerships between state and local agencies by providing matching funds to cities that adopt local tax increment financing tools to support affordable housing, upgrade essential infrastructure, and stimulate economic development.

SB 897 (Wieckowski) Accessory Dwelling Units. OPPOSE

This measure would significantly amend the statewide standards that apply to locally adopted ordinances concerning the construction of accessory dwelling units (ADUs), even though the law has been substantially amended nearly every year since 2016. SB 897 would require cities to allow ADUs to be constructed with a height of up to 25 feet and permit constructed ADUs that are in violation of state building standards and in violation of local zoning requirements.

AB 2011 (Wicks) Affordable Housing and High Road Jobs Act of 2022. OPPOSE

This measure would require nearly all cities to ministerially approve, without condition or discretion, certain affordable and mixed-use housing developments in areas of a city where office, retail, or parking are principally allowed regardless of any inconsistency with a local government's general plan, specific plan, zoning ordinance, or regulation.

AB 2097 (Friedman) Residential and Commercial Development. Parking Requirements. OPPOSE

This measure would prohibit a local government from imposing or enforcing a minimum automobile parking requirement on residential, commercial, or other developments, without regard to the development size, if the development is located on a parcel within one-half mile of public transit.

Why these bills matter to cities

- A major obstacle for cities to effectively plan and zone for more housing is the state's unrelenting push to legislate how we get that done, especially when much of recent legislation disregards local decision-making and community involvement. New, unproven, one-size-fits-all policies are not what is needed.

Housing

- What California needs now is a funding commitment to housing that matches the scale of this crisis. Cities urge the Governor and lawmakers to create a state-local partnership to help finance housing projects, incentivize development, and kick start real progress toward housing production goals.
- ADU standards have been substantially amended nearly every year since 2016, forcing city staff to expend limited resources to constantly update their locally adopted ordinances and with no demonstratable impact on increasing housing supply. SB 897 would once again amend the statewide standards, and cause disruption to already established communities.
- Cal Cities embraces mixed-use infill development as part of the solution to the housing crisis, however AB 2011 disregards local planning and zoning and fails to take into account the role local land use and zoning rules play in generating tax revenues, creating job centers, and providing local services.
- AB 2097 would give developers — who are unaccountable to local voters — the power to determine parking requirements for new buildings near public transit routes. This bill could in fact negatively impact the State's Density Bonus Law by no longer requiring developers to include affordable housing units in the project in exchange for a reduction in parking requirements. A one-size-fits-all approach to a one-size-fits-none issue will not work, as parking requirements are most successfully established at the local level based on community input and needs.

2022 Cal Cities Action Agenda priority

Attain investments to strengthen and sustain critical infrastructure.

Construction, maintenance, and operation of the state's infrastructure network is a major economic driver that all Californians depend on. Whether traveling by foot, bicycle, bus, rail, truck, or family automobile, Californians need a reliable and well-maintained local streets, roads, and bridges system.

With insufficient funding streams, it has long been a challenge for cities to maintain California's vast network of streets, roads, and bridges with. The local transportation funds that cities receive through SB 1 (Beall, 2017) help address this issue, however significant funding gaps for local infrastructure projects remain.

The local bridge repair and replacement needs are acute in California. California has over 12,000 locally-owned bridges — more than 4,300 of which are in need of serious and costly repairs. Despite many of these bridges being designed with a life expectancy of 75 to 100 years, nearly one-fifth of local bridges in California are at least 80 years old.

The recently passed federal infrastructure package will provide much-needed funding for road and bridge repairs that are desperately needed in communities throughout the state. California cities are eager to put these investments to work so they can invest in maintaining their infrastructure to prevent further deterioration of streets, roads, and bridges that are in poor condition.

Priority infrastructure bill

AB 2120 (Ward) Federal funding for local bridges. SUPPORT

This measure would ensure 55% of the bridge funds headed to California through the federal infrastructure package are allocated to local projects through a needs-based allocation. These changes would more than double federal funding available to local bridges annually to an estimated \$800 million.

Why this bill matters to cities

The federal infrastructure package provides transformative investments for critical road and bridge repair. AB 2120 would invest billions of dollars over the next few years in repairing and replacing local bridges in communities across the state to address critical safety issues and deferred maintenance.

2022 Cal Cities Action Agenda priority

Secure increased funding and resources to prevent homelessness and assist individuals experiencing homelessness.

California has experienced an alarming spike in homelessness over the past decade, with a significant increase in the number of unsheltered people in cities. Cities throughout the state are at the forefront of responding to this crisis, providing temporary and emergency housing and partnering with counties to help connect individuals with behavioral health services. However, additional funding is needed to provide navigation assistance, emergency shelters, permanent supportive housing, and services.

Cal Cities supports the efforts of the Legislature and Governor to provide additional resources to unhoused residents, and will continue to engage on legislation related to behavioral health services, conservatorship reform, and data collection to improve service outcomes.

Priority homelessness bills

AB 2547 (Nazarian) Housing Stabilization to Prevent and End Homelessness Among Older Adults and People with Disabilities Act. SUPPORT

This measure would require the Department of Aging to create and administer a competitive grant program to provide housing subsidies to older adults and individuals with disabilities who are either experiencing homelessness or at imminent risk of experiencing homelessness.

SB 929 (Eggman) Community mental health services: data collection. SUPPORT

This measure would expand the type of data the State Department of Health Care Services would be required to collect and publish related to conservatorship in California.

SB 1154 (Eggman) Facilities for mental health or substance use disorder crisis: database. SUPPORT

This measure would establish a real-time bed registry to collect, aggregate, and display information to help providers quickly find treatment for clients, thereby reducing delays or extended stays in emergency rooms.

Why these bills matter to cities

- Homelessness is a humanitarian crisis. Cities throughout the state have been focused on assisting those experiencing homelessness, however no single municipality has the resources to solve the crisis on its own.
- Increasing access to data illustrating effective behavioral health services is essential to understanding which local, regional, and state programs are creating real results and how state resources can be directed to those programs. That is why Cal Cities supports SB 929 (Eggman) and SB 1154 (Eggman), which would improve outcomes for these critical services.
- City officials are working hard to support California's unhoused population, particularly those within our aging community and those with disabilities. AB 2547 (Nazarian) is a step in the right direction, focusing on preventing homelessness for those at risk by keeping individuals in their homes.

2022 Cal Cities Action Agenda priority

Strengthen disaster preparedness, resiliency, and recovery from climate change impacts through improved collaboration and resources.

The impacts of climate change on our state and in our communities are undeniable. In cities throughout California, local officials are responding to hotter summers, more devastating fire seasons, extreme drought, and rising sea levels that threaten coastal communities.

Climate change is causing varied and real impacts, and one of the contributing factors to the climate crisis is greenhouse gases, such as methane, that are released from landfilled food and yard waste. City leaders are developing innovative solutions to implement the state's new organic waste recycling and food recovery regulations (SB 1383, Lara, 2016). However, the significant cost to create, implement, and operate this new program is forcing some cities to divert existing resources from essential city services and is increasing the financial burden on taxpayers.

Cities greatly appreciate funding from the Legislature and Governor to help cities implement the organic waste diversion regulations in last year's budget. However, the funding provided is a drop in the bucket when compared to the magnitude of resources cities need to implement these regulations. As local jurisdictions ramp up their organic waste collection programs, many cities are also struggling to meet the organic waste procurement requirements, due to a limited amount of organic waste infrastructure throughout the state.

Priority climate resiliency bills

\$180 million State Budget request: Local Assistance for Organic Waste Recycling Program Development and Implementation. SUPPORT

Cal Cities is spearheading a coalition budget ask for \$180 million to help cities and counties implement the state's organic waste diversion regulations. This funding will help cities implement an important greenhouse gas emission reduction law without a significant cost increase for taxpayers.

AB 1985 (R. Rivas) Organic waste: list: available products. SUPPORT

Cal Cities is a proud co-sponsor of AB 1985, which would create an online database of organic waste products on the market so local governments can connect with local farmers and community members seeking their organic waste products and continue to the conversation around needed tweaks to the procurement requirements in the SB 1383 regulations.

Why these bills matter to cities

- Local governments are the backbone for achieving California's solid waste management and recycling goals. While we greatly appreciate the implementation funding for cities in previous budget cycles, cities need additional funding and resources to help implement this important greenhouse gas emission reduction program and keep solid waste and recycling rates from increasing for ratepayers.
- Organic waste infrastructure throughout the state is severely lacking, and many cities are struggling to procure their required organic waste products. With cities and counties required to procure large amounts of compost and mulch per year, AB 1985 will help send these products where they are needed, while also maximizing the benefits to local communities.

RE: Budget Request – \$180 million (General Fund): Local Assistance for Organic Waste Recycling Program Development and Implementation

On behalf of the undersigned organizations, we respectfully request a one-time \$180 million increase (General Fund) in local assistance to continue helping cities and counties develop and implement organic waste recycling programs, as required by the Department of Resource Recovery's (CalRecycle) Organic Waste Reduction Regulations (SB 1383). This budget request builds on the \$60 million down payment approved by the Legislature last year, and will further help local governments implement this important greenhouse gas emission reducing program and lower the cost to ratepayers.

Cities and counties greatly appreciate the Legislature's funding for SB 1383 local assistance in the FY 2021-22 budget and for CalRecycle's quick establishment of the grant program. However, additional funding is greatly needed. At a recent Senate Budget Committee Subcommittee hearing, CalRecycle Director Machi Wagoner indicated that CalRecycle received 470 applications for the initial round of funding, which is insufficient to support local government projects seeking resources.

Local governments are the backbone for achieving California's solid waste management and recycling goals. CalRecycle's SB 1383 Regulations adopted in November 2020 require local governments to reduce landfill disposal of organic waste 75% by 2025 and to increase edible food waste recovery 20%. SB 1383 is the farthest-reaching solid waste management change since AB 939 (Sher, 1989) and CalRecycle has estimated statewide implementation will cost \$20-\$40 billion over the next decade, including the addition of 50-100 new organic waste recycling facilities.

Compliance obligations for local governments began in early 2022 and local governments continue to develop a comprehensive suite of local collection, enforcement, and funding programs. These activities include hiring new staff and consultants, adopting ordinances, arranging for appropriate collection services, establishing inspection and enforcement programs, procuring recovered organic waste

products, providing education and outreach, developing edible food recovery programs, and reporting to CalRecycle.

In order to fund all these activities, local governments must raise their rates to cover the additional costs of administering the program. At a time when inflation is at its highest rate in decades, our residents are already feeling the negative impacts on their personal budgets. This is the right time for the state to continue to fund the implementation of this program to help keep solid waste and recycling rates from increasing dramatically.

The undersigned organizations jointly request a one-time \$180 million increase (General Fund) for local assistance to cities and counties for local organic waste recycling program development and initial implementation activities in the same manner as the current SB 1383 local assistance grants administered by CalRecycle.

Given that CalRecycle has already created this grant program, we urge the Legislature to add more funding to this program to help meet local government needs.

This funding request alone is not sufficient to achieve the state's organic waste recycling targets, especially considering the estimated \$20-\$40 billion anticipated total implementation cost; however, it will go a long way to help local governments and accelerate the develop the programs necessary to achieve those goals and to carry out early implementation activities.

California must significantly increase the number of organic waste recycling facilities to achieve the state's goals. As we advocated for last year, we continue to need dedicated funding for infrastructure development. We believe there is merit to supplementing this budget request with an infusion of state funding into CalRecycle's Greenhouse Gas Reduction Grant and Loan Programs to provide financial assistance to develop additional organic waste recycling infrastructure.

Additional funding should be focused to regional organic waste recycling and procurement solutions and to rapidly scale up edible food recovery programs. Finally, we again suggest allocating funding to CalRecycle to develop a statewide program environmental impact report for the siting and construction of organic waste composting facilities, as this could significantly reduce the time and cost to local governments necessary to construct new composting facilities.

Developing suitable programs for organics diversion, obtaining the necessary approvals of programs and costs to rate payers through elected bodies, awarding contracts, and then implementing these programs will take time and resources. This \$180 million allocation will go a long way to help local governments develop and implement effective organic waste recycling programs; however, we note that further statutory and regulatory changes may be necessary to maximize program effectiveness and efficiency, and address challenges that may arise in program implementation.

We respectfully request the Legislature appropriate \$180 million (General Fund) for local assistance as outlined above. If you should have any questions, please do not hesitate to contact Derek Dolfie of Cal Cities at ddolfie@calcities.org; John Kennedy of RCRC at jkennedy@rcrcnet.org; or Catherine Freeman of CSAC at cfreeman@counties.org.

RE: Budget Request – \$180 million (General Fund): Local Assistance for Organic Waste Recycling Program Development and Implementation

Dear Assembly Member Ting and Senator Skinner:

The City/Town of _____ supports the League of California Cities (Cal Cities) request for \$180 million (General Fund) in local assistance to continue helping cities develop and implement organic waste recycling programs, as required by the Department of Resources Recycling and Recovery's (CalRecycle) Organic Waste Reduction Regulations (SB 1383). This budget request builds on the \$60 million down payment approved by the Legislature last year and will further help local governments implement this important greenhouse gas emission reducing program and lower the cost to ratepayers.

Cities greatly appreciate the Legislature's funding for SB 1383 local assistance in the FY 2021-22 budget and CalRecycle's quick establishment of the grant program. However, additional funding is greatly needed. At a recent Senate Budget Committee Subcommittee hearing, CalRecycle Director Rachel Machi Wagoner indicated that CalRecycle received 470 applications for the initial round of funding, which is insufficient to support local government projects seeking resources.

PLEASE INDICATE IF YOUR CITY APPLIED AND DID NOT RECEIVE FUNDING FOR YOUR SB 1383 GRANT OR DID NOT APPLY BUT WOULD LIKE TO IN THE FUTURE.

Local governments are the backbone for achieving California's solid waste management and recycling goals. CalRecycle's SB 1383 Regulations adopted in November 2020 require local governments to reduce landfill disposal of organic waste 75% by 2025 and to increase edible food waste recovery 20%. SB 1383 is the farthest-reaching solid waste management change since AB 939 (Sher, 1989) and CalRecycle has estimated statewide implementation will cost \$20 to \$40 billion over the next decade, including the addition of 50-100 new organic waste recycling facilities.

Compliance obligations for local governments began in early 2022 and local governments continue to develop a comprehensive suite of local collection, enforcement, and funding programs. These activities include hiring new staff and consultants, adopting ordinances, arranging for appropriate collection services, establishing inspection and enforcement programs, procuring recovered organic waste products, providing education and outreach, developing edible food recovery programs, and reporting to CalRecycle.

PLEASE CITE HOW YOUR CITY WILL BE AFFECTED BY AND BENEFIT FROM THIS BUDGET PROPOSAL HERE

This funding request alone is not sufficient to achieve the state's organic waste recycling targets, especially in light of the estimated \$20 to \$40 billion anticipated total implementation cost; however, it will go a long way to help local governments and accelerate the development of the programs necessary to achieve those goals and to carry out early implementation activities.

In addition to this request for local program development assistance, the **City/Town of** _____ recognizes that there remains additional need to dedicate funding for infrastructure development. California must significantly increase the number of organic waste recycling facilities to achieve the state's goals. We believe there is merit to supplementing this request with an infusion of state funding into CalRecycle's Greenhouse Gas Reduction Grant and Loan Programs to provide financial assistance to develop additional organic waste recycling infrastructure. We believe that some portion of those funds should be targeted to regional organic waste recycling and procurement solutions and to rapidly scale up edible food recovery programs.

Finally, we suggest allocating funding to CalRecycle to develop a statewide program environmental impact report for the siting and construction of organic waste composting facilities, as such a document could significantly reduce the time necessary to construct new composting facilities.

Developing suitable programs for organics diversion, obtaining the necessary approvals of programs and costs to rate payers through elected bodies, awarding contracts, and then implementing these programs will take time and resources. This \$180 million allocation will help local governments develop and implement effective organic waste recycling programs; however, we note that further statutory and regulatory changes may be necessary to maximize program effectiveness and efficiency, and address challenges that may arise in program implementation.

For these reasons, the **City/Town of** _____ respectfully requests the Legislature appropriate \$180 million (General Fund) for local assistance as outlined above.

Sincerely,

NAME

Western Riverside Council of Governments Technical Advisory Committee

Staff Report

Subject: Appointment to the Riverside County Emergency Medical Care Committee
Contact: Dr. Kurt Wilson, Executive Director, kwilson@wrcog.us, (951) 405-6701
Date: May 19, 2022

Requested Action(s):

1. Recommend one representative and one alternate member of the Technical Advisory Committee as the WRCOG representatives to the Riverside County Emergency Medical Care Committee.

Purpose:

The purpose of this item is to request appointments to the Riverside County Emergency Medical Care Committee (EMCC).

WRCOG 2022-2027 Strategic Plan Goal:

Goal #4 - Communicate proactively about the role and activities of the Council of Governments.

Background:

Membership on the EMCC is determined by the Riverside County Board of Supervisors. Consistent with previous years, the EMCC has requested that the WRCOG's Technical Advisory Committee (TAC) recommend a TAC member to serve as an ex-officio member of the EMCC. If approved by the Board of Supervisors, that member will represent WRCOG on the EMCC.

The EMCC was established on October 15, 1985. Article 3, Sections 1797.270 , 272, 274 and 276 of Division 2.5 of the Health and Safety Code sets forth the responsibilities for the establishment and function of the County's EMCC. The composition of the EMCC is established by the attached County Board Resolution 2001-358, dated December 18, 2001, and includes members appointed by the Board of Supervisors. The membership includes a representative nominated by WRCOG.

The function of EMCC is to advise the Riverside County Board of Supervisors on all aspects of emergency medical care within the County, to report on observations, and to provide recommendations concerning the feasibility and content of emergency medical care programs within the County. The EMCC is comprised of 15 ex-officio members, one of which is a City Manager appointed from WRCOG. WRCOG is required to appoint one representative and one alternate to the EMCC.

The regular length of term is for a period of three years and members may serve a maximum of three consecutive terms; the current term expires June 30, 2022. Meetings are held four times a year at the Towers at Riverwalk Building located at 4210 Riverwalk Parkway from 9:00 a.m. to 10:30 a.m. (currently being held virtually).

Remaining meetings for the calendar year are scheduled as follows:

1. June 29, 2022
2. September 28, 2022
3. December 7, 2022

Prior Action(s):

May 16, 2019: The Technical Advisory Committee appointed Gary Nordquist, City of Wildomar, as the representative and Chris Mann, City of Canyon Lake, as the alternate member as the WRCOG representatives to the Riverside County Emergency Medical Care Committee.

Fiscal Impact:

This action is for an appointment to an outside committee and has no fiscal impact to WRCOG.

Attachment(s):

[Attachment 1 - EMCC membership composition](#)

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

FROM: Community Health Agency/EMS
SUBMITTAL DATE:
SUBJECT: Emergency Medical Care Committee (EMCC) Resolution

RECOMMENDED MOTION: That the Board of Supervisors: 1) Adopt the attached Resolution No. 2001-358 regarding membership composition of the Emergency Medical Care Committee; 2) Authorize the Clerk of the Board to sign this form to enact Resolution No. 2001-358; and 3) Direct the Clerk of the Board to return a signed copy of this form and the attached resolution to the Community Health Agency for further processing.

BACKGROUND: The Emergency Medical Care Committee membership Composition Resolution was last changed in 1996. Since that time, representing organizations have changed their structure. The proposed Resolution designates membership that reflects those entities that should be on the committee as a consequence of their involvement in the County's Emergency Medical Services system. The EMCC approved the proposed Resolution at their October 2001 meeting.

2 RESOLUTION NO. 2001-358

3 RESOLUTION OF THE BOARD OF SUPERVISORS OF THE
4 COUNTY OF RIVERSIDE PROVIDING FOR AN EMERGENCY MEDICAL CARE
5 COMMITTEE FOR THE COUNTY OF RIVERSIDE
6

7 WHEREAS, the Board of Supervisors of the County of Riverside established the Emergency
8 Medical Care Committee (EMCC) on October 15, 1985.

9 BE IT RESOLVED AND ORDERED by the Board of Supervisors of the County of
10 Riverside, State of California, in regular session assembled on _____, 2001, that
11 effective _____, 2001, an Emergency Medical Care Committee is now
12 established within and for the County of Riverside as follows:

- 13 1. The Riverside County Emergency Medical Care Committee shall consist of fifteen (15)
14 members, all non ex-officio members are appointed by the Board of Supervisors and the
15 composition of this committee is as follows:
- 16 a. One Emergency Department Physician, practicing in a hospital located within Riverside
17 County nominated by the Emergency Department Directors' Advisory Committee;
 - 18 b. One ex-officio representative from the Healthcare Association of Southern California to
19 be the Vice President of the Inland Regional Office;
 - 20 c. One Physician representative of the Riverside County Medical Association nominated by
21 that organization;
- 22

- d. One representative from the Riverside County Ambulance Association nominated by that organization;
 - e. One Fire Chief representing the Riverside County Fire Chiefs' Association nominated by that organization;
 - f. One City Manager from Coachella Valley Association of Governments (CVAG) nominated by that organization;
 - g. One City Manager from Western Riverside Council of Governments (WRCOG) nominated by that organization;
 - h. One representative of the Riverside County Law Enforcement Agency Administrators' Association nominated by that organization;
 - i. One representative of the Riverside County Prehospital Care Advisory Committee nominated by that committee;
 - j. One ex-officio representative of the Riverside County Fire Department appointed by the Riverside County Fire Chief; and
 - k. One member-at-large from each Riverside County Supervisorial District.
2. Non ex-officio members shall serve a three (3) year term with staggered expiration dates so that no more than one-third of the membership shall require replacement or reappointment at any one time. Members may serve a maximum of three (3) consecutive terms.
 3. The Committee shall choose its chairperson and vice-chairperson annually, and shall determine the time and place for regular meetings of the Committee.

- 1 4. A quorum shall consist of one more than half the number of filled committee positions.
2 Action taken shall require the affirmative vote of a majority of those present. The Chairman
3 votes only in case of a tie.
- 4 5. The Committee shall perform the functions of an Emergency Medical Care Committee
5 defined by Article 3, Chapter 4 of Division 2.5 of the California Health and Safety Code.
- 6 6. The Committee shall serve in an advisory capacity for the Board of Supervisors concerning
7 all aspects of emergency medical care within the County and report to the Board in
8 conjunction with its review of the various aspects of the emergency medical care within the
9 County, the Committee shall report to the Board of Supervisors, its observations and
10 recommendations concerning the feasibility and content of emergency medical care programs
11 within the County in conjunction with cities within the County, other counties, the State and
12 the United States.
- 13 7. Except for Supervisorial appointees, each organization may designate an alternate to serve in
14 the event of an absence by that organization's primary member.
- 15 8. The EMCC shall prepare an annual report to the Board of Supervisors on the current and
16 anticipated condition of Emergency Medical Services (EMS) and EMS system operation
17 within the County.

18 BE IT FURTHER RESOLVED AND ORDERED by the Board of Supervisors of the County
19 of Riverside, State of California, that effective immediately on the adoption of this resolution that all
20 prior resolutions concerning the establishment of the Emergency Medical Committee, including but
21 not limited to, Resolution No. 96-132 are hereby superceded and rescinded.

Western Riverside Council of Governments Technical Advisory Committee

Staff Report

Subject: Community Economic Resilience Fund (CERF) Introduction
Contact: Casey Dailey, Director of Energy & Environmental Programs, cdailey@wrcog.us, (951) 405-6720
Date: May 19, 2022

Requested Action(s):

1. Receive and file.

Purpose:

The purpose of this item is to provide an introduction on the State's Community Economic Resilience Fund (CERF).

WRCOG 2022-2027 Strategic Plan Goal:

Goal #5 - Develop projects and programs that improve infrastructure and sustainable development in our subregion.

Background:

This item is reserved for an introduction on CERF by Jackie Melendez, Executive Director of Inland Economic Growth & Opportunity (IEGO) collaborative.

CERF Background

The CERF was created to promote a sustainable and equitable recovery from the economic distress of COVID-19 by supporting new plans and strategies to diversify local economies and develop sustainable industries that create high-quality, broadly accessible jobs for all Californians.

Specifically, CERF would support communities and regional groups in producing regional roadmaps for economic recovery and transition that prioritize the creation of accessible, high-quality jobs in sustainable industries.

Initially, CERF's Program funding of \$600M was appropriated from the American Rescue Plan Act Coronavirus Fiscal Recovery Fund of 2021, but was later revised in the 2022 Budget to source the funds from the State General Fund per SB 115 (2022). Regardless of the final funding source, the same goal remains: To build an equitable and sustainable economy across California's diverse regions and foster long-term economic resilience in the overall transition to a carbon-neutral economy.

CERF Regions: There are 13 CERF regions across California. The Inland Empire Region includes all of

Riverside and San Bernardino Counties.

Funding - Phase 1: During Phase 1, one \$5 million grant will be award to each CERF region to support the development of smart, targeted regional economic roadmaps that can create high-quality jobs and build a more equitable economy that works for all.

Additional CERF information can be found at <https://opr.ca.gov/economic-development/just-transition/cerf.html>.

Prior Action(s):

None.

Fiscal Impact:

This item is for informational purposes only; therefore, there is no fiscal impact.

Attachment(s):

[Attachment 1 - CERF Fact Sheet](#)

COMMUNITY ECONOMIC RESILIENCE FUND (CERF)

OVERVIEW: CERF's planning phase will establish regional, inclusive planning tables to develop blueprints and align resources for each region's economic future. These regional tables will result in recommended investments throughout the region that will build economic resilience, bolster equity outcomes, and facilitate the transition to carbon neutrality.

PROGRAM VISION: Deliver a sustainable and equitable economic future that meets communities and regions where they are by supporting new regional plans and investing in strategies and projects that help diversify regional economies and develop or expand environmentally sustainable industries that create high-quality, broadly accessible jobs for all Californians.

Program Objectives

- Support the development of meaningfully inclusive regional planning processes that produce regional roadmaps for economic development efforts that prioritize the creation of accessible, high-quality jobs in sustainable industries.
- Invest in projects proposed by regional planning tables that align with regional strategies and meet criteria for equity, job quality, and sustainability, among others.
- Align and leverage state investments (e.g., High Road Training Partnerships, community capacity building programs), federal investments (e.g., Infrastructure Investment and Jobs Act), and philanthropic and private-sector investments in regions to maximize economic development efforts.

What Does Success Look Like?

- **Planning phase.** Inclusive, diverse, transparent, and accountable regional planning that results in a holistic strategy and recommended series of investments to grow sustainable industries, diversify regional economies, and increase access to high quality jobs.
- **Implementation phase.** Projects throughout the region that advance globally competitive and sustainable industries and high-quality jobs with clear employment pathways for underserved and incumbent workers, and bolster equity, climate, and health outcomes for all Californians.

Program Detail

1. **Phase 1—Regional Planning Grants:**
 - a. Create 13 Regional Collaboratives that will receive ~\$5M each.

- b. Establish new, inclusive regional planning tables starting in summer 2022. Much like a “team of teams,” they will incorporate existing local efforts to address planning on a broader regional scale.
- c. Develop tailored economic transition plans that meet regions where they are. Plans will include analysis of industry sectors and labor markets, with actionable research and consultation from expert institutions. Strategies should complement, incorporate, or expand on existing plans such as Comprehensive Economic Development Strategies (CEDs), as applicable and relevant.
- d. Embed locally-hired coordinators to facilitate ongoing engagement, partnership, and relationship-building activities with business, labor, community, government, education, economic development, federally and non-federally recognized tribes, and other key stakeholder groups.
- e. Support participants to increase access and broaden participation in the planning process.
- f. Provide technical assistance to guide convening, evaluation, research priorities, and other needs during the planning phase.
- g. Recommend investments that diversify the economy, and develop or grow sustainable industries that create accessible, well-paying jobs, especially for disinvested communities.

2. Phase 2—Implementation Grants:

- a. Provide approximately \$500M in rolling, competitive grants from fall/winter 2022 to October 2026. Includes reserve funding for each region for competitive bidding.
- b. Fund projects in localities across the regions based on regional plans developed and criteria outlined.
- c. Ensure projects support economic resilience and transition for regions, while promoting economic diversification, sustainability, and equity. Outcomes will drive the growth of globally competitive, sustainable industries with well-paying, accessible jobs and bolster equity outcomes by race, ethnicity, gender, and geography.

Best-Case Scenario Timelines

Month	Program Progress
February/March 2022	- Continue to develop guidelines with stakeholder input - Conduct focused listening sessions
April 2022	- Release Planning Phase Draft Guidelines for Round 2 Public Comment - Host Regional Guidelines Workshops
May/June 2022	- Incorporate comments from Round 2 Public Comment Period - Release Planning Phase Solicitation - Bidder's Conference
Summer 2022	Planning Phase Solicitation Awards and Initiate Contracting Process
Fall 2022	- Release Implementation Phase Draft Guidelines for Public Comment - Incorporate comments on Implementation Phase Guidelines - Host Guidelines Workshops
Winter 2023	- Release Implementation Phase Solicitation - Bidder's Conference
October 2026	Encumbrance deadline

Western Riverside Council of Governments Technical Advisory Committee

Staff Report

Subject: Santa Ana Municipal Separate Storm Sewer System (MS4) Permit Compliance Program Activities Update

Contact: Darcy Kuenzi, Government Affairs Officer, Riverside County Flood Control and Water Conservation District, dkuenzi@rivco.org, (951) 955-1688

Date: May 19, 2022

Requested Action(s):

1. Receive and file.
-

Purpose:

The purpose of this item is to provide a presentation regarding the status of National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System Programs.

WRCOG 2022-2027 Strategic Plan Goal:

Goal #5 - Develop projects and programs that improve infrastructure and sustainable development in our subregion.

Background:

The Cities and County of Riverside, as well as the Riverside County Flood Control and Water Conservation District and the Coachella Valley Water District (Permittees), are jointly regulated by National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) Permits issued by the Santa Ana, Colorado, and San Diego Regional Water Quality Control Boards. These permits, issued pursuant to the federal Clean Water Act, are designed to protect local lakes, rivers, and streams from pollution associated with urban runoff. The NPDES MS4 Permits require Permittees to take action to regulate business and new developments, as well as residential areas and Permittee facilities in order to minimize the potential for pollutants to be mobilized by runoff and conveyed through the storm drain system to local lakes, rivers, and streams. Enhanced programs are required to address waterbodies that may be impaired by pollutants in urban runoff.

Currently, Santa Ana Water Board staff are proposing that the Santa Ana Regional Water Quality Control Board adopt a region-wide MS4 Permit. This Permit would be adopted to replace the three MS4 Permits for Orange, Riverside, and San Bernardino Counties. The Orange County Permit was adopted in 2009 and the Permits for Riverside and San Bernardino Counties were adopted in 2010. The Permits were administratively extended in 2014 and 2015 and remain in effect until a new Permit is adopted by the Santa Ana Water Board.

The presentation will address:

1. Tri-County MS4 Permit renewal process to date for the Santa Ana River Watershed
2. Santa Ana River Stormwater Resource Plan
3. Stormwater Legislative Updates
4. Other Program Updates

Purpose:

The purpose of this item is to present the Agency's budget for Fiscal Year (FY) 2022/2023.

WRCOG 2022-2027 Strategic Plan Goal:

Goal #3 - Ensure fiscal solvency and stability of the Western Riverside Council of Governments.

Background:

Attached, please find the proposed WRCOG budget in draft form. In its new format, the document provides greater visibility into the programs and finances of the Agency.

The key highlights in terms of changes are:

1. Elimination of three positions associated with and funded by Western Community Energy.
2. Addition of two positions tied to long-term funding sources.
3. Maintenance of the Fellowship Program at current funding levels.
4. Maintenance of the Grant Program at current funding levels.
5. Closure of four programs from the current fiscal year.
6. Creation of a HERO reserve fund.
7. Sets aside funds to assist with the implementation of the upcoming Classification and Compensation Study.

After being reviewed by the Administration & Finance Committee on May 11, 2022, the budget will now be considered by the Executive Committee on June 6, 2022. It will then be presented to the General Assembly for adoption on June 23, 2022.

Prior Action(s):

May 11, 2022: The Administration & Finance Committee recommended that the Executive Committee and General Assembly approve the draft Fiscal Year 2022/20223 Agency Budget.

May 2, 2022: The Executive Committee received and filed.

April 28, 2022: The Finance Directors Committee received and filed.

April 21, 2022: The Technical Advisory Committee received and filed.

April 13, 2022: The Administration & Finance Committee received and filed.

Fiscal Impact:

All known and expected revenues and expenditures impacting the Agency have been budgeted for Fiscal Year 2022/2023 but will be continually updated throughout the budget process.

WESTERN RIVERSIDE COUNCIL OF GOVERNMENTS

Mission, Vision, and Core Values

MISSION

The Mission of the Western Riverside Council of Governments is to facilitate, plan, and identify funding opportunities for critical infrastructure projects and programs that benefit its member agencies and the communities they serve.

VISION

The Western Riverside Council of Governments provides a strong regional voice representing the interests of its member agencies, securing funding, and facilitating investments in transportation and infrastructure to ensure a sustainable, safe, and economically strong region.

CORE VALUES

Integrity
Transparency
Collaboration
Innovation

Diversity
Accountability
Sustainability
Inclusion

Hon. Members of the WRCOG General Assembly:

On behalf of a dedicated team who has worked tirelessly to assemble this document, I'm pleased to present the proposed WRCOG budget for Fiscal Year 2022/2023 (FY23). It represents a balanced budget that is inspired by the newly adopted Mission and Vision Statements, reflective of the Strategic Plan Goals adopted by the Executive Committee and propelled by the work of a committed team of employees.

Externally, the continued uncertainty and endless adaptations in response to a global pandemic continue to complicate the forecasting process. Similarly, current issues of labor and housing, war, and threats to economic markets have impacted our subregion's economic outlook. The impacts have been particularly difficult for some of WRCOG's member agencies and, since it's central to the Mission, these issues of regional concern provide additional opportunities for WRCOG to convene or support its member agencies as they navigate obstacles to serving our communities.

Internally, the Agency is still recovering from the disruptions of two recent major financial events: the abrupt end to the process of issuing new assessments for the HERO residential PACE-financing Program and the anticipated bankruptcy-related financial losses resulting from WRCOG's investments in Western Community Energy. Even though these two events represent only a blip in terms of the Agency's three-decade track record of strength and value, they are major events that provide a grave reminder of the collective responsibility in governing the Agency. The understandable frustration and resulting scrutiny provided an opportunity to recalibrate aspects of the Agency and engage in a purposeful period of transition. Every organization can evolve through self-assessment but it's sometimes difficult to get past the fear of changing the way things are done. Challenges bring opportunities to elevate former practices and overcome the resistance of organizational inertia.

The Executive Committee responded by setting a clear course for the organization. It established a Mission and Vision Statement and a set of Strategic Goals to guide the Agency's future. In addition to the direction, the Committee members provided me with the latitude and tools to carry out their vision. This budget supports the fulfillment of these obligations by building on the success, blunting known risks, and scrubbing existing practices to mitigate future risk.

The following Goals were adopted at the joint Executive and Technical Advisory Committee meeting on January 12, 2022:

1. Serve as an advocate at the regional, state, and federal level for the Western Riverside County subregion.

BUDGET MESSAGE

2. Identify and help secure grants and other potential funding opportunities for projects and programs that benefit member agencies.
3. Ensure fiscal solvency and stability of the Western Riverside Council of Governments.
4. Communicate proactively about the role and activities of the Council of Governments.
5. Develop projects and programs that improve infrastructure and sustainable development in our subregion.
6. Develop and implement programs that support resilience for our subregion.
7. Provide a safe, inclusive environment that values employees.

SUMMARY

Despite the dramatic revenue losses associated with the wind down of the HERO residential PACE-financing Program, the Agency remains in a healthy financial position with a diversity of revenues that protects current programs and plans for the future. In furtherance of the Executive Committee's direction to maximize transparency, communication, and fiscal sustainability, the budget has been completely redesigned in a more data-rich and user-friendly format. In a recalibration that aligns the document more closely with that of the member agencies, we are now budgeting at the fund level rather than the program level. This, along with greater budget detail and narrative descriptions, is intended to provide a more user-friendly document that meets the mandates of transparency, communication, and fiscal sustainability in a way that will allow even the most casual observer to understand WRCOG's programs and money flow.

LOOKING FORWARD

Throughout the budget year, continued efforts will be required in order to maximize the value WRCOG provides to its member agencies and strike the appropriate balance between innovation and risk tolerance. A Classification and Compensation Study is expected to be completed during the fiscal year and, depending on the results, new fiscal pressures and options will need to be evaluated mid-year.

Additionally, in order to further the mandate of fiscal sustainability, we anticipate the completion of financial modeling or long-range financial planning during the upcoming fiscal year. It will consider potential impacts of a decline in new home construction or a recession, for example. It will also consider the long-term viability of existing programs, including the Fellowship and Grant programs.

CONCLUSION

I'm proud that this balanced budget is mindful of the Executive Committee's mandates around fiscal best practices and incorporates principles of sustainability, efficiency, transparency, and predictability. It contemplates the closure of four programs from FY22 and the launch of a new partnership program (I-REN). It reflects the loss of three positions associated with Western Community Energy that were eliminated earlier this

BUDGET MESSAGE

fiscal year and adds two new positions for which funding sources are secured for the long-term. It creates a reserve fund for the HERO Program, raises options to slow the depletion of funds supporting the Fellowship Program, and continues the Grant Program for member agencies. This budget also identifies partial funding to support the implementation of recommendations from the upcoming Classification and Compensation study.

I'd like to thank members of the Executive Committee for their attentiveness to the Agency's finances. I'd like to thank our internal finance team and department leadership for their adaptability in reformatting this entire process. I'd also like to thank Laurie Montes, Andy Green, and Bob Leland for their willingness to provide support during this process.

Respectfully submitted,

Dr. Kurt O. Wilson
Executive Director

(1) New Inland-Regional Energy Network (I-REN) Position.

(2) New Clean Cities Coalition position.

(3) RCHCA is a separate joint powers authority (JPA). Staffing services for RCHCA are provided by WRCOG through a management services agreement with the JPA.

(4) WCE is a separate JPA. Staffing services for WCE were provided by WRCOG through a management services agreement with the JPA. Business operations are winding down and all positions have been eliminated.

BUDGET NARRATIVE SUMMARY

DRAFT

BUDGET NARRATIVE SUMMARY

DISCUSSION OF BUDGET POLICIES AND PROCESSES

WRCOG is a joint powers authority, consisting of the County of Riverside, 18 cities, two regional water districts and the Riverside County Superintendent of Schools. Its actions and activities are guided by its members. Recognizing that issues related to growth are not constrained by city or county boundaries, WRCOG focuses on a number of regional matters important to the future of Western Riverside County. By working together through its committee structure and utilizing existing resources, WRCOG is cost-effective by reducing duplication of effort, sharing information, enabling strong advocacy, and strengthening Western Riverside County's standing in southern California and the state. WRCOG's program areas are varied and range from transportation to air quality, solid waste, environment, energy, resiliency, sustainability, and growth.

The joint powers agreement (JPA) (originally established April 1, 1991; as amended November 1, 2021) establishes the form of the Agency and calls for the Executive Director to annually prepare and present a proposed budget to the Executive Committee and General Assembly. This Agreement sets the fiscal year as July 1 through June 30. Prior to the beginning of each fiscal year, the General Assembly is required to adopt a final budget for the expenditures of WRCOG during the following fiscal year.

WRCOG Bylaws (Resolution Number 25-21, approved November 1, 2021) provide further details regarding the annual budget. The Administration & Finance Committee provides budget and finance overview for WRCOG. The Bylaws authorize this Committee to increase the WRCOG budget in any category up to fifteen percent (15%).

Consistent with the JPA agreement, the Bylaws require the Executive Director to annually prepare and present a proposed budget to the Executive Committee and General Assembly. Further, the Executive Director is authorized to contract and execute on behalf of WRCOG contracts that are related to purposes contained in the approved annual budget and subject to established expenditure authority.

Budget control levels establish the parameters for administrative budget transfers and amendments. Upon adoption of the resolution for the Fiscal Year 2022/2023, budget control levels will be by department within the General Fund and by Fund within all other funds.

BUDGET NARRATIVE BY FUND

OVERVIEW

The WRCOG Budget (exclusive of the Riverside County Habitat Conservation Agency) includes expenditures of \$46 million and revenues of \$75 million, with the discrepancy attributed to the Transportation Uniform Mitigation Fee (TUMF) Program which accrues revenues over multiple years for large transportation projects and is not expected to spend all revenues in the same fiscal year. The General Fund reserve is approximately \$5 million (50%). The Unfunded Accrued

BUDGET NARRATIVE SUMMARY

Liability (UAL) is \$3.4 million, the OPEB balance is \$1.2 million, and the balance in WRCOG's Section 115 Trust is \$350,000. In lieu of the traditional inclusion of a COLA and in anticipation of the results from the upcoming Classification and Compensation Study, labor costs are budgeted to increase by 4.5% as reflected in a to-be-allocated formula to be determined upon completion of the Study.

Four programs from FY22 will end and not be included in the FY23 budget: Smart Climate Grant (Caltrans), Western Riverside Energy Partnership (SoCal Gas), Household Hazardous Waste (CalRecycle), and the General Assembly & Leadership Address (shifting to the WRCOG Supporting Foundation).

One new revenue source includes Measure A funds from the City of Beaumont as part of a settlement agreement that includes the transfer of \$9.4 million over a period of several years.

The Inland Regional Energy Network (I-REN) is a new program in partnership with the Coachella Valley Association of Governments (CVAG) and the San Bernardino Council of Governments (SBCOG). WRCOG serves as the lead administrative agency and SoCal Gas serves as the fiscal agent. The I-REN focuses on the energy sector with an emphasis on energy efficiency through efforts related to Codes and Standards, Public Sector, and Workforce, Education and Training. The Program is authorized and fully funded by the California Public Utilities Commission (CPUC) using the statewide public goods surcharge. The combined budget for the three agencies over 6 years is \$65 million.

ELIMINATED POSITIONS

Three positions associated with, and funded by, Western Community Energy were eliminated in the current fiscal year. These include one Senior Analyst, one Program Manager, and one Deputy Executive Director.

NEW POSITIONS

The CPUC-approved I-REN budget includes several positions. The FY23 budget includes the creation of one of those positions: Senior Analyst. The total budgeted annual cost for the position is \$144,000.

The Clean Cities Program is currently funded by the U.S. Department of Energy, West Virginia University, and member dues. Due to the popularity of programs related to alternative fueled vehicles, electric vehicle charging infrastructure, energy efficiency, and resiliency, several grant funding opportunities that could benefit WRCOG's subregion are not being captured. The Clean Cities Program Manager position will provide dedicated in-house management of the Program and reduce reliance on consultants. The incumbent will also focus on increasing the level of related grant funds throughout the subregion. The total annual cost of the position is budgeted at \$175,000 and is offset with contributions from the Local Transportation Fund (LTF) in the amount of \$70,000 in addition to any grant funding offsets that materialize. The total cost increase to the Clean Cities fund is \$105,000. This cost will be reduced by a reduction of consulting expenses and the acquisition of potential grant funds.

BUDGET NARRATIVE SUMMARY

MEMBER DUES

No changes are proposed to the current member dues structure. They will continue to represent a revenue of approximately \$300,000.

TRANSPORTATION UNIFORM MITIGATION FEE (TUMF)

The TUMF Program continues to benefit from high levels of development throughout the subregion. Revenue estimates are increasing from \$48 million to \$55.1 million. The upcoming year will see the implementation of state law changes related to the collection of the fee, the inclusion of vehicle miles travelled (VMT) as an analytical consideration, and a new fee nexus study. The 4% WRCOG Administration Fee remains unchanged.

STREETLIGHT PROGRAM

The member-based revenues are declining from \$146,000 to \$135,000 to reflect the withdrawal of the City of Temecula from the Maintenance and Operations Program.

SOLID WASTE

Revenues and expenditures remain static with the \$0.17 per occupied dwelling unit rate remaining unchanged for more than a decade and generating \$126,000.

LOVE YOUR NEIGHBORHOOD

Revenues from the Riverside County Flood Control and Water Conservation District remain the only source of funding for this Program and are increasing from \$35,000 to \$50,000.

USED MOTOR OIL

Gas Tax revenues received from CalRecycle remain the only source of funding for this Program and are increasing from \$168,000 to \$198,000.

INLAND REGIONAL ENERGY NETWORK (I-REN)

This new Program is a partnership with CVAG and SBCOG with SoCal Gas as the fiscal agent. The Program is completely funded by the CPUC via the public goods charge affixed to statewide utility bills. The combined three-agency, six-year budget is \$65 million. The current budget includes one new Senior Analyst position that was also included in the CPUC-approved budget.

LOCAL TRANSPORTATION FUNDS (LTF)

These state funds are allocated to WRCOG through an agreement whose share is expected to increase from \$866,000 to \$1 million in revenue. An additional \$70,000 is partially funding the Clean Cities Program Manager position that will, among other things, seek to bring additional transportation-related grant funds to the subregion. As of the start of FY22 the LTF fund balance is \$2.6 million.

RIVERSIDE COUNTY MODELING (RIVCOM)

Revenues from software licensing fees and extraordinary service requests from members is expected to decline from \$50,000 to \$25,000.

BUDGET NARRATIVE SUMMARY

REGIONAL EARLY ACTION PLANNING GRANT (REAP)

This non-recurring state revenue comes via the Southern California Association of Governments (SCAG) and ends at the end of FY23. Approximately \$1 million of the total \$1.76 million will be spent in FY23 with six member agencies expected to seek services from the on-call planning consultants retained by WRCOG as part of this project.

CALIFORNIA RESILIENCY CHALLENGE

This non-recurring \$200,000 grant from the Bay Area Council ends at the end of calendar year 2022. The deliverable is an Energy Resilience Plan and the remaining funds at the end of FY22 total approximately \$132,000.

FELLOWSHIP PROGRAM

Operating primarily from a non-recurring funding source, the fund balance for this Program has dwindled from \$1.38 million from FY 2014/2015 to \$193,000 at the end of FY22. With annual WRCOG costs of approximately \$100,000, the Program will deplete funding by the end of FY24 at its current pace. Prolonging the Program life would require a new funding source or decreased costs, but no changes are proposed at this time.

COMMERCIAL PROPERTY ASSESSED CLEAN ENERGY (C-PACE)

The C-PACE Program continues a healthy mix of low-volume high-dollar projects delivered through three providers (Greenworks, Clean Fund, and Twain). Funding is dependent on projects being delivered and are estimated to include expenditures of \$168k against revenues of \$200k.

HERO RESIDENTIAL PACE-FINANCING PROGRAM

The HERO residential PACE-financing Program continues the long wind down period. No new assessments have been issued since implementation of the Executive Committee's December 2020 directive to stop issuing new assessments. Existing assessments will need servicing until they are paid off. The last scheduled payoff date for any HERO residential PACE-financing Program assessments is the year 2046; however, early payoffs are common. Revenues from annual administration fees, prepayment fees, and delinquencies are estimated at \$2.7 million. Expenses for legal costs (\$900,000), settlements (\$200,000), salaries and overhead (down 30% to \$900,000) are budgeted for the upcoming year. I am proposing the creation of a HERO Reserve fund with an initial level of \$464,000. As the Program winds down, there is no certainty as to the timing of when the final assessments will be paid off. At the same time, there is no certainty as to the amount or timing for resolving legal issues. The Reserve fund is intended to provide a buffer in the event the timing of both events requires additional money.

GRANT WRITING

Grant writing assistance was identified as a priority during the Strategic Planning session and currently happens for transportation-related projects through a combination of staff and consultant resources. The Program is funded by non-recurring revenues that have dwindled from \$900,000 in 2017 to \$38,000 at the end of FY22. With an annual Program cost of \$20,000 (plus LTF), the Program will deplete all funds by the end of FY24 at the current rate.

BUDGET NARRATIVE SUMMARY

CLEAN CITIES

Program revenues are increasing from \$253,000 to \$270,000. The Program's revenue sources are the U.S. Department of Energy (\$90,000), West Virginia University (\$54,000), and member dues (\$126,000).

BUDGET DETAIL BY DEPARTMENT

DRAFT

TRANSPORTATION & PLANNING DEPARTMENT

Mission

The mission of the Transportation and Planning Department is to assist WRCOG member agencies with addressing key transportation and planning challenges through various programs.

Budget at a glance:	
Total Revenues	\$58,300,000
Total Expenditures	\$29,432,948
Net Revenue	\$28,867,052
Total Staff	6

Department Description

Functions of the Transportation and Planning Department fall into two key areas: the Transportation Uniform Mitigation Fee (TUMF) Program and regional planning activities in concert with the County of Riverside and SCAG. Below is a discussion of these functions.

TUMF

A key WRCOG effort is the TUMF Program. The TUMF Program funds critical transportation infrastructure to accommodate the traffic created by new population growth and commercial development throughout Western Riverside County. Each of WRCOG's member jurisdictions and the March Joint Powers Authority (JPA) participate in the Program. Fee revenues collected from new development are allocated by WRCOG to the Riverside County Transportation Commission (RCTC) and member agencies so they can prioritize TUMF projects to be planned and constructed. TUMF revenues are also distributed to the Riverside Transit Agency (RTA) for transit improvements, and to the Western Riverside County Regional Conservation Authority (RCA) for the acquisition of sensitive environmental habitat. Over the life of the Program, TUMF will provide approximately \$3 billion to improve mobility in Western Riverside County by building critically needed transportation infrastructure. Collectively, these infrastructure improvements and mitigation projects will help to reduce congestion, create safer roadways, improve air quality, provide open space, and keep our communities moving. The project types funded by TUMF are transportation-related, including interchanges, bridges, grade separations, roadways, and transit facilities.

The TUMF Program is funded through fees paid by project applicants. As funds are collected by WRCOG (either directly or through a WRCOG member agency), those funds are pooled by WRCOG and distributed as follows:

- 45.7% to WRCOG member agencies,
- 45.7% to RCTC,
- 3.1% to RTA,
- 1.5% to RCA, and
- 4.0% to WRCOG for Program Administration.

TRANSPORTATION & PLANNING DEPARTMENT

The 45.7% of TUMF is allocated to WRCOG's member agencies through the 5-Year Transportation Improvement Program (TIP) process. The WRCOG subregion is grouped into five TUMF Zones, which are geographic groupings of member agencies. The five current TUMF Zones are as follows:

- Central (Menifee, Moreno Valley, Perris, and the County of Riverside),
- Hemet / San Jacinto (Hemet, San Jacinto, and the County of Riverside),
- Northwest (Corona, Eastvale, Jurupa Valley, Norco, Riverside, March JPA, and the County of Riverside),
- Pass (Banning, Beaumont, Calimesa, and the County of Riverside), and
- Southwest (Canyon Lake, Lake Elsinore, Murrieta, Temecula, Wildomar, and the County of Riverside).

Per the TUMF Administrative Plan, RCTC is responsible for the administration of TUMF funds it receives. RCTC allocates those funds to subregional TUMF Projects, which are identified in the TUMF Nexus Study. Funds are remitted to RCTC monthly. The process to allocate and distribute TUMF funds between WRCOG and RCTC are governed by a Memorandum of Understanding (MOU) between the two agencies.

RTA also receives an allocation of TUMF funds which are used to fund regional transit projects, as identified in the Nexus Study. Funds are remitted to RTA on a quarterly basis. WRCOG and RTA have a MOU which sets forth the various roles and responsibilities of both parties.

RCA's allocation of TUMF funds is also remitted on a quarterly basis and are used by RCA to purchase land in support of the Multi-Species Habitat Conservation Plan (MSHCP). WRCOG and RCA also have a MOU, similar to the other MOUs maintained with WRCOG's partner agencies.

Planning

The Transportation & Planning Department also oversees various land use and transportation planning efforts. Major planning activities include the SCAG Regional Early Action Program (REAP) Subregional Partnership Program, Grant Writing Assistance Program, Riverside County Transportation Model (RIVCOM), SB 743 Support and Mitigation, regional agency outreach and coordination, housing-related outreach, other land use / transportation studies, and coordination with WRCOG Planning Directors and Public Works Committees.

The REAP Subregional Partnership Program is funding by SCAG to assist WRCOG member agencies with various implementation activities related to State housing-related legislation. WRCOG entered into an MOU with SCAG in 2021 which allows WRCOG to spend the funds based on a SCAG-approved work plan. Key elements of the work plan include development of a Geographic Information System (GIS) database for use in member agency housing elements, Objective Design Standards for adoption by WRCOG member agencies, and direct support to member agency Planning Departments in the form of contract planners.

TRANSPORTATION & PLANNING DEPARTMENT

The Grant Writing Assistance Program was established by the Executive Committee in 2017. The primary focus of this Program is two-fold. First, WRCOG prepares a bi-weekly summary of potential grants which are then distributed to WRCOG member agencies. WRCOG then engages one of WRCOG's on-call grant writing consultants to prepare the grant application for the WRCOG member agency. If successful, the implementation of the Grant is then the responsibility of the WRCOG member agency.

The Transportation & Planning Department administers and distributes the RIVCOM funds. Agencies and independent consultants can access the RIVCOM model either through executing a user agreement and user fee, or WRCOG can, upon request, provide RIVCOM analysis on a per use basis. The RIVCOM model is a complex system that analyzes road networks, socio-economic data, driver behavior, and goods movement to predict where traffic flow will occur as the population grows and changes. While the RIVCOM model covers the entire SCAG region, the County of Riverside is the focus of analysis, and the model data is more disaggregated within the County as opposed to other areas of the region.

WRCOG Planning staff are also assisting WRCOG member agencies with the Implementation of SB 743. This assistance was initially funded by a grant from SCAG, which was received in 2018 and completed in 2020. WRCOG maintains a website and provides various online tools for Vehicle Miles Traveled (VMT) calculation. This website also includes a link to a process to determine if a VMT analysis is required, based on specific information regarding a project's location and description. Additionally, WRCOG has been evaluating a Regional VMT Mitigation Program in collaboration with RCTC and RTA.

WRCOG also coordinates on a regular basis with other regional agencies such as SCAG. WRCOG provides updates on SCAG activities through a regular review of upcoming SCAG meetings. This update is distributed to elected officials in the WRCOG subregion and other key regional stakeholders. WRCOG staff also attend SCAG meetings and coordinates with SCAG to provide updates at WRCOG meetings.

Over the past several years, WRCOG has actively worked to promote a greater understanding of recent housing-related legislation. As part of this process, WRCOG regularly monitors pending legislation and prepares summaries for WRCOG's Committees. Additionally, WRCOG serves as a resource for member agency staff who may have questions regarding legislation and conducts additional research as necessary to determine the potential impacts of legislation.

Another planning-related activity is the special studies which WRCOG conducts for the benefit of its members, including the Fee Comparison Study, the AB 602 Trip Generation Study and the regional travel survey. These studies support the TUMF Program and other fee programs within the WRCOG subregion.

Local Transportation Fund (LTF) revenue is distributed by RCTC based on funds provided by the State of California under the 1971 Transit Development Act (TDA). The TDA allocates a portion of sales tax funds back to the region in which they were generated for regional planning

TRANSPORTATION & PLANNING DEPARTMENT

activities. A portion of these funds are made available to WRCOG through RCTC. To receive these funds, the Planning Department prepares and submits a work plan outlining how these funds will be spent in the forthcoming fiscal year.

The Transportation & Planning Department regularly applies for and receives grants from a variety of regional and State agencies.

Prior Year Accomplishments

During the 2021/2022 Fiscal Year, the Transportation & Planning Department accomplishments include the following activities as broken down by the Transportation and Planning Work Groups in the Department:

TUMF

Through March of Fiscal Year 2021/2022, WRCOG has collected nearly \$50 million in TUMF from developers throughout the WRCOG subregion. Current projections are that the Program will collect nearly \$70 million by the end of the current fiscal year.

WRCOG's key role within the Program is to serve as the Program Administrator, ensuring that funds are collected and distributed to WRCOG member agencies as they complete work on projects. The TUMF Program funds both pre-construction (planning, design, and environmental work) and construction activities. Currently, the TUMF Program is funding:

- 6 bridge construction projects
- 1 grade separation
- 22 interchanges
- 38 roadway projects
- 9 transit projects

Notable projects which are currently underway include:

- Hamner Avenue Bridge (Norco / Eastvale)
- I-25 Holland Overcrossing (Menifee)
- SR-60 / Moreno Beach Interchange (Moreno Valley)
- I-15 / French Valley Parkway Overcrossing & Interchange (Temecula)
- Temescal Canyon Road (Riverside County)
- SR-60 / Potrero Boulevard Interchange (Beaumont)
- Vine Street Mobility Hub (Riverside)

The TUMF Program also implemented a Construction Cost Index (CCI) during Fiscal Year 2021/2022 as approved by the Executive Committee. This CCI included an increase of 3% for TUMF fees. WRCOG implemented this increase in conjunction with its member agencies

TRANSPORTATION & PLANNING DEPARTMENT

through updates to the individual member fee resolutions. WRCOG also implemented updates in its automated fee collection processing system to seamlessly incorporate this change.

The Executive Committee also authorized staff to commence work on a Nexus Study update in Fall 2021. Key work completed to date for the Nexus Study includes a review of the existing TUMF Network and review of socio-economic data. WRCOG also met with each member agency to determine if that agency wanted to recommend any projects for addition to the TUMF Network.

Planning

The Planning activities included the Regional Early Action Program (REAP), Regional Grant Writing, RIVCOM, Climate Adaptation Study, SB 743 implementation, and other transportation or planning related efforts.

WRCOG was awarded \$1.7M through the REAP Subregional Partnership Program. These funds were used to establish new efforts to assist jurisdictions with housing planning and increase housing production. These efforts, which will continue through June 2023, are entirely funded by REAP funds. Specific accomplishments include:

- Development of a regional GIS / Mapping System for Housing Opportunity Sites to support the development of jurisdictional Housing Elements,
- Held monthly educational legislative sessions on proposed housing bills, including presentations to the Planning Directors Committee (PDC) and the Executive Committee, and
- Assisted nine jurisdictions that received funding to support the development of their Housing Elements or other related planning activities.

During the 2021/2022 Fiscal Year, WRCOG's Grant Writing Program assisted with the development of more than three applications for the Statewide Active Transportation Program. In addition, WRCOG updated the Program Guidelines to provide more financial stability to the Grant Writing Assistance Program by ensuring that WRCOG assistance was provided for grant application development with the highest possibility of success. The revisions to the Program Guidelines were approved by the WRCOG Committees in 2022.

WRCOG completed work on the RIVCOM for use by jurisdictions and implemented a process for users to access the model. This process includes finalizing a user agreement and incorporating a fee collection via the TUMF portal site. During the 2021/2022 Fiscal Year, six consultants executed user agreements for full use of the model. Three additional consultants have requested access to the model on behalf of jurisdictions.

WRCOG completed the Resilient Inland Empire (IE) Phase II, a study funded by Caltrans. Resilient IE works to support regional and local efforts to prepare for and mitigate risks associated with climate adaptation on the region's transportation infrastructure. Phase II of this

project focused on quantifying the community-wide costs of transportation asset outages under projected future climate-related hazard scenarios.

The web based VMT Screening Tool was updated in Fiscal Year 2021/2022. WRCOG also prepared a VMT Calculator Tool that allows projects to estimate its VMT for use in environmental analysis. WRCOG also commenced exploration of a VMT Mitigation Program for Western Riverside County. As part of this effort, WRCOG completed due diligence on Program frameworks, considerations, and potential mitigation actions for a potential Regional VMT Mitigation Program.

A regional travel survey was completed that analyzes where trips in the subregion originate and end. Analysis was conducted for each jurisdiction, and the March Joint Powers Authority, and was presented to WRCOG Committees. The primary purpose of this analysis was to demonstrate that the TUMF Program was meeting its goal to accommodate for regional travel in the WRCOG subregion.

Finally, WRCOG provided monthly updates to the Planning Directors and Executive Committees regarding recently passed and proposed State legislation that impacts housing such as SB 9, SB 10, SB 330, and AB 602.

Department Strategic Work Plan

On January 12, 2022, the Executive Committee adopted a new Strategic Plan with specific Transportation & Planning Department goals and strategies.

Transportation and Planning staff will work toward achieving Goal 1: Serve as an advocate at the regional, state, and federal level for the Western Riverside County subregion. Within this goal there are four specific strategies. Below is a discussion of the efforts that will be made during Fiscal Year 2022/2023:

Goal 1, Strategy 1.1: Provide consistent updates regarding legislative actions that impact WRCOG member agencies to Committee members and member agency staff members.

- WRCOG's action related to legislation such as SB 743 and the various housing-related legislative item clearly aligns with this Strategic Plan goal. One of the Departmental actions is the preparation of a report that is provided to the Executive Committee and the PDC on a regular basis regarding State legislation related to housing.

The Department will also work on Goal 2: Identify and help secure grants and other funding opportunities for projects and programs that benefit member agencies.

Goal 2, Strategy 2.1: Track and provide updates on regional, state, and federal grant opportunities of interest to WRCOG and its member agencies.

TRANSPORTATION & PLANNING DEPARTMENT

- WRCOG staff provide bi-weekly updates regarding grants opportunities for WRCOG member agencies.
- The REAP grant (\$1.8M) was obtained by WRCOG to implement a variety of programs to assist its member agencies with responding to new State housing mandates. WRCOG provides bi-weekly updates on grant opportunities to our member agencies, thereby meeting both this Goal and Strategy.

Goal 2, Strategy 2.2: Provide staff support and/or access to consultants for grant research and application preparation.

- WRCOG's Grant Writing Assistance Program is directly responsive to this strategy since WRCOG provides on-call consultants to assist its member agencies with grant preparation.

Goal 5 will also be addressed by the Transportation & Planning Department. Goal 5: Develop projects and programs that improve infrastructure and sustainable development in the region.

Goal 5, Strategy 5.1: Support investment in projects, infrastructure and programs in the region including, transportation infrastructure, water and wastewater infrastructure, and broadband / Smart Cities infrastructure.

- All of the Department efforts related to the TUMF Program are in alignment with this goal since the focus is the successful implementation of all aspects of the TUMF Program. This includes both routine efforts related to the management and oversight of the Program as well as the completion of key technical studies such as the Nexus Study, VMT Mitigation, the Fee Analysis Study, and the AB 602 Residential Trip Generation study.
- The updated TUMF Nexus Study is a major Departmental-wide effort. WRCOG regularly prepares updates to the TUMF Nexus Study, which are currently required to be completed following completion of the SCAG Regional Transportation Plan/Sustainable Communities Strategy (RTP/SCS). The last update was completed in 2016 and adopted in 2017. The TUMF Nexus Study will update the list of TUMF-eligible facilities and also update the fee levels based on the standard TUMF land use categories.
- The VMT Mitigation effort is a collaborative effort with partner agencies such as RCTC and RTA along with several of member agencies (the Cities of Jurupa Valley, Moreno Valley, and Riverside). The purpose of the VMT Mitigation effort is to identify ways to mitigate VMT impacts of development and transportation projects to ensure that these projects can meet CEQA-compliance requirements under SB 743. Creating a pathway for VMT mitigation ensures that land use projects can continue to be built (allowing payment of TUMF) and transportation projects can be implemented (allowing expenditure of TUMF).
- The Fee Analysis Study is a key study that complements the TUMF Nexus Study. The first Fee Analysis Study was completed in 2016 in response to questions from

stakeholders who questioned the impact of a TUMF fee increase on new development. The updated Study will provide a comprehensive look at impact fees across the subregion, allowing WRCOG member agencies to fully evaluate the effect of any changes in TUMF.

- Another key effort is an evaluation of residential trip generation related to AB 602. AB 602 requires that impact fees for residential projects be evaluated on a per square foot instead of a per unit basis. WRCOG will be completing a data collection effort and a statistical analysis to determine the impact of different home sizes on travel demand, thereby allowing WRCOG to determine how TUMF should be calculated per the requirements of AB 602.

Additional activities that further the Agency's Strategic Plan include the following:

- Ensure timely processing of TUMF payments, reimbursement agreements, and jurisdiction reimbursement requests.
- Compile monthly TUMF revenue reports.
- Complete all programmatic TUMF documents such as the 5-year TIPs.
- Provide member agencies with regular updates regarding grant opportunities and prepare grant applications that comply with the Grant Writing Assistance Program Guidelines.
- Provide regular updates regarding housing-related legislation to member agencies.
- Complete the REAP Work Plan.
- Complete and submit the LTF Work Plan.
- Complete the TUMF Annual Report and the jurisdictional TUMF Annual Reviews.
- Provide regular updates on SB 743 to member agencies.

ENERGY & ENVIRONMENTAL DEPARTMENT

Mission

The mission of the Energy & Environmental Department is to assist member agencies and regional partners in the pursuit of clean, consistent, and efficient energy resources and to implement programs that support California's greenhouse gas reduction and decarbonization goals.

Budget at a glance:	
Total Revenues	\$13,942,677
Total Expenditures	\$13,449,997
Net Revenue	\$492,680
Total Staff	13

Department Description

The Energy & Environmental Department has two divisions. The key programs overseen by the Energy Division include: the Inland Regional Energy Network (I-REN), the Commercial Property Assessed Clean Energy Program (C-PACE), Regional Streetlights, and Energy Resilience. The Environmental Department assists member agencies with addressing state mandates requiring education and outreach programs to reduce greenhouse gas (GHG) emissions. The Environmental Division has three key programs to meet California's goals: the Solid Waste and Recycling Program, the Western Riverside County Clean Cities Coalition, and the Used Oil Recycling Program.

Energy

Inland Regional Energy Network (I-REN) - The I-REN is a collaboration between WRCOG, CVAG, and the San Bernardino Council of Governments (SBCOG). It is the mission of I-REN to actively participate in California's Clean Energy initiatives and build a stronger clean energy economy and community. I-REN has a vision to connect residents, businesses, and local governments to a wide range of energy efficiency resources to increase energy savings and equitable access throughout San Bernadino and Riverside Counties. I-REN programs and services include three sectors: Public sector, Codes and Standards sector, and Workforce Education and Training sector.

I-REN's goals for these sectors are: 1) build capacity and knowledge to enable local governments to effectively leverage energy efficiency services and demonstrate best practices (Public sector), 2) work closely with local building departments and the building industry to support, train, and enable long-term streamlining of energy code compliance (Codes and Standards sector), and 3) ensure there is a trained workforce to support and realize energy efficiency savings goals across sectors (Workforce Education and Training sector).

Commercial Property Assessed Clean Energy (C-PACE) - WRCOG administers a C-PACE Program throughout California. The C-PACE Program provides financing to commercial property owners to implement energy saving, renewable energy, water conservation, and seismic strengthening improvements to their businesses.

Regional Streetlights - The Regional Streetlight Program has assisted 10 member agencies and a Community Service District to purchase approximately 50,000 streetlights within their jurisdictional boundaries, which were previously owned and operated by Southern California Edison (SCE), and retrofit to light-emitting diode (LED) technology to provide more economic operations (i.e., lower maintenance costs and reduced energy use). Local control of the streetlight system provides agencies with opportunities for future revenue generation such as digital-ready networks and telecommunications and information technology strategies. WRCOG is currently completing development of a Smart Streetlights Implementation Plan and Broadband Assessment to determine how best to utilize the streetlights for additional use and benefit to all WRCOG member agencies.

Energy Resiliency Plan - WRCOG is completing the Western Riverside County Energy Resiliency Plan to address local energy resiliency against power outage impacts on the subregion's power supply for critical facilities maintained and operated by member agencies. The Plan is expected to be completed in FY 2022/2023.

Environmental

Solid Waste and Recycling Program - The Solid Waste and Recycling Program assists in developing regional strategies to address waste diversion goals and reduce short-lived climate pollutants. The Solid Waste Committee meets quarterly to discuss current and upcoming legislation related to recycling laws, hosts speakers and staff from CalRecycle to provide updates, and supports members with compliance-related activities, including preparing annual reports on their behalf.

Western Riverside County Clean Cities Coalition - The Clean Cities Coalition aims to cut petroleum use in the transportation sector through the integration of advanced alternative technologies including zero-emission vehicles (ZEV) and alternative fuel infrastructure deployment. The Clean Cities Coalition does this through promotion of technologies, outreach, and education to the public.

Used Oil Recycling Program - The Used Oil Recycling Program is designed to promote the proper recycling and disposal of used motor oil, filters, and other household hazardous wastes (HHW). WRCOG staff host events across the subregion, promoting the proper use of contaminated used oil, and to provide a venue for community members to recycle their used oil properly. WRCOG staff also supports members with compliance-related activities including preparing annual reports on their behalf.

Prior Year Accomplishments

Energy

1. In November 2021, the CPUC authorized the formation of the I-REN and approved its business plan and budget for \$65 million through program years 2022-2027.
2. In November 2021, staff worked with the recently formed ERP Advisory Group to develop the Facility Prioritization Matrix. The top three facilities selected are as follows:
 - Banning Wastewater Treatment Plant
 - Jurupa Valley Fire Station 16
 - Kay Cenicerros Senior Center, Menifee
3. Provided over \$54 million in financing for nine C-PACE projects.

Environmental

1. Developed AB 939 Annual Reports on behalf of 13 member agencies.
2. Hosted multiple workshops on solid waste management best practices, lessons learned, and upcoming reporting requirements modification with dozens of participants from cities and stakeholders across the subregion.
3. Hosted the Love Your Neighborhood multi-city clean-up event picking up over 2,000 pounds of trash.
4. Doubled capacity (3,285 gallons) for collection of used oil and contaminated household hazardous waste at nine locations across the subregion.
5. Hosted 27 virtual Used Oil events and exchanged a total of 1,443 used oil filters across Western Riverside County.
6. Reached over 350,000 social media users with the Used Oil Recycling Program advertising campaign.
7. Conducted 85 visits to Certified Collection Centers throughout Western Riverside County.

Department Strategic Work Plan

On January 12, 2022, the Executive Committee adopted a new Strategic Plan. The Energy & Environmental Department will assist with efforts to address Goal 5: Develop projects and programs that improve infrastructure and sustainable development in our subregion. Within this goal, the Department plans to address the strategies discussed below:

Goal 5, Strategy 5.1: Support investment in projects, infrastructure and programs in the region including: (1) Transportation infrastructure, (2) Water and wastewater infrastructure, and (3) Broadband/Smart Cities infrastructure.

- Complete Smart Streetlights/Broadband Feasibility Assessment.
- Prepare monthly C-PACE closed project reports.

ENERGY & ENVIRONMENTAL DEPARTMENT

Goal 5, Strategy 5.3: Continue collaboration with regional agencies to address pollution control, stormwater runoff and other environmental concerns.

- Secure multi-year partnership for Love Your Neighborhood Initiatives.

The Department will also assist in efforts to meet Goal 6: Develop and implement programs that support resilience for our region. Within this goal, the Department plans to address the strategies discussed below:

Goal 6, Strategy 6.1: Incentivize programs for saving electricity, water, and other essential resources through the I-REN.

- Complete Western Riverside County Energy Resiliency Plan.
- Launch I-REN website.
- Select I-REN third party implementors.
- Develop I-REN program manuals for Public Sector and Workforce, Education & Training Programs.

Goal 6, Strategy 6.2: Supporting efforts to promote the Clean Cities Coalition.

- Host Alt Car Live Event.
- Submit annual Clean Cities Program Report to Department of Energy.
- Recruit and hire Clean Cities Program Manager.

Goal 6, Strategy 6.3: Continuing to support the Solid Waste and Recycling Program.

- Submittal of annual Used Oil compliance report.
- Conduct Annual solid waste rate survey.
- Prepare and submit AB 939 compliance reports on behalf of member agencies.
- Host a minimum of 30 used oil events throughout Western Riverside County.

ADMINISTRATION DEPARTMENT

Mission

The mission of the Administration Department is to carry out the policies established by the Executive Committee; provide executive leadership, financial, administrative, and technical support to the WRCOG organization and member agencies; and to safeguard and facilitate the use of resources for strategic financial planning.

Budget at a glance:	
Total Revenues	\$2,876,257
Total Expenditures	\$3,136,490
Net Cost	\$260,233
Total Staff	10

Department Description

The Administration Department consists of three functional areas: Executive Leadership, Administrative Services, and Finance. Executive Leadership provides direction to and oversight of all operations of the Agency under the policy direction of the Executive Committee. The Administrative Services Division (ASD) is responsible for planning, organizing, directing, and coordinating WRCOG's operations. The operations include human resources, information technology, compliance, safety, procurement, facilities management, and coordination of legislative committee's activities. The Finance Division oversees and administers the financial affairs of WRCOG and provides effective and efficient management of the Agency's financial affairs. The Finance Division manages revenues, expenditures, accounting, budgeting, and the investment functions of the Agency. The Division also provides financial information to its various stakeholders to support departments and other decision-makers.

Prior Year Accomplishments

Executive Leadership

1. Successful transition of Executive Directors.
2. Conducted an Agency-wide assessment of the organization's strengths and vulnerabilities.
3. Implemented the first phase of process improvements to mitigate organizational risk and maximize progress toward Strategic Goals.

Administrative Services

1. Developed standardized processes for general operations in human resources, facilities management, procurement, information technology, and training.
2. Implemented a new electronic payroll system to accurately manage employee data and streamline the onboarding process.
3. Championed the first annual benefit campaign which provided comprehensive information for staff to make informed benefits selections.

ADMINISTRATION DEPARTMENT

4. Developed and implemented a contracts database to centralize the management of agreements and improve internal controls.
5. Created a new training portal for staff to provide standardized training, offering a multi-faceted approach including career and professional development opportunities.
6. Implemented a new electronic agenda preparation and management system.

Finance

1. Released a Request for Proposal for Financial Auditing Services and selected a new financial auditor for the Agency.
2. Received an unmodified opinion in the Fiscal Year 2020/2021 annual audit and the 8th consecutive GFOA award for the Annual Comprehensive Financial Report.
3. Released a Request for Proposal and selected a contractor for Investment Management and Advisory Services.
4. Completed multiple business process improvements, including streamlining of the accounts payable process, that resulted in operational efficiencies Agency-wide.
5. Conducted an internal control risk assessment.

Department Strategic Work Plan

On January 12, 2022, the Executive Committee adopted a new Strategic Plan with specific Administration Department goals and strategies.

Executive Leadership

The Executive Leadership function is ultimately responsible for the Executive Committee's entire Strategic Plan. Each department is tasked with specific areas of the Plan, and Executive Leadership directs, monitors, and reports on these activities. Certain areas of the Plan will be carried out directly by the staff in the Executive Leadership Department, such as Goal 4: Communicate proactively about the role and activities of the Council of Governments. Within this goal there are three specific strategies that are included in the work plan for next fiscal year:

Goal 4, Strategy 4.1: Develop a Communications Strategic Plan.

- After further assessment of the Agency's communication needs and capacity, a Request for Proposal will be issued to hire a communications consultant to prepare a plan.

Goal 4 Strategy 4.2: Use social media to disseminate positive news, milestones, and accomplishments throughout the region.

- Staff will develop their social media skills through training and research and incorporate components of the Communications Strategic Plan to capture and share information on a routine basis.

Goal 4 Strategy 4.3: Promote regional interaction and coordination with surrounding communities and service providers including schools, economic development interests, transportation, and non-profit agencies.

- This Strategy will be built into the Communications Strategic Plan set and as a priority for expanded social media efforts. The Plan will use coordination to leverage the existing communications efforts of member agencies by regularly sharing or promoting their content where appropriate.

Administrative Services

The ASD is tasked with addressing Goal 7: Provide a safe, inclusive environment that values employees. Within this goal, there are four specific strategies discussed below.

Goal 7, Strategy 7.1: Develop and implement organization-wide succession planning.

- Succession planning is key in preparing for the loss of critical personnel. Government agencies are particularly impacted in this area because of the institutional knowledge that is lost when an employee separates from service. The Classification and Compensation Study will play an integral role in establishing a clear understanding of essential duties and responsibilities for staff. It will support the ability to identify development opportunities and prepare employees for the next level.

Goal 7, Strategy 7.2: Support employee training, enrichment, and recognition, including team-building opportunities.

- WRCOG is establishing an employee-led Good Vibes Team. The Team will assist in the development of enriched teambuilding strategies that will foster well-being and improve morale.
- Training programs are essential to improve the culture of WRCOG and enhance employee performance. WRCOG will work to implement training programs that will enable employees to be prepared for technological changes and facilitate career development.

Goal 7, Strategy 7.3: Establish clear performance standards for the workforce and provide annual employee reviews.

- The ASD will implement a performance review process that will include setting clear and specific performance expectations for each employee while providing periodic informal and/or formal feedback about employee performance relative to the goals of the Strategic Plan. The enhanced program will shift from the process of managing tasks to providing coaching opportunities that foster employee commitment to the overall goals of WRCOG.

ADMINISTRATION DEPARTMENT

Goal 7, Strategy 7.4: Promote diversity, equity, and inclusion in all hiring practices.

Additional activities that further the Strategic Plan include the following:

1. Classification and Compensation Study. This Study will assist WRCOG in enhancing employee engagement and satisfaction and attracting and retaining a diverse workforce.
2. Improve cyber security defenses for WRCOG by updating the existing information technology structure.
3. Implement a secure electronic platform for WRCOG documents.
4. Develop a performance evaluation system based on the Strategic Plan.
5. Work to implement process improvements to strengthen internal control areas.
6. Update WRCOG's policies and procedures manual.
7. Develop onboarding and orientation program for new staff.

Finance

The Finance Division is tasked with addressing Goal 3: Ensure fiscal solvency and stability of the Western Riverside Council of Governments. Within this goal, there are three specific strategies discussed below.

Goal 3, Strategy 3.1: Maintain sound, responsible fiscal policies.

- In order to maintain sound and responsible fiscal policies, staff will review and revise its existing policies (accounting, investment, purchasing, etc.), and also explore / create new fiscal policies, such as a reserve, pension funding, and budget policy.

Goal 3, Strategy 3.2: Develop a process to vet fiscal impact(s) and potential risk(s) for all new programs and projects.

- The Finance Division will collaborate with leadership on establishing a vetting process, continue to review and scrutinize fiscal impacts on staff reports, and also seek external input regarding creation of a vetting process to ensure past mistakes aren't repeated.

Goal 3, Strategy 3.3: Provide detailed financial statements for public review online.

- Staff will work to provide detailed financials to its website, seek input from stakeholders regarding reporting, and expand and revise its current reporting format.

ADMINISTRATION DEPARTMENT

Additional activities that further the Strategic Plan include the following:

1. Streamline month-end close process. Explore opportunities to ensure the Agency's books are closed in a timely manner on a monthly basis and reporting to departments are delivered timely.
2. Review accounting System. Review the Agency's existing financial software solutions and explore potentially upgrading / consolidating all systems into one.
3. Update Policies. Review and update accounting, investment, reserve, and budget policies.
4. Update internal control assessment to ensure proper financial controls are implemented.
